INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Burt Process Equipment, Inc. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Burt Process Equipment, Inc. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Burt Process Equipment, Inc. Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Burt Process Equipment, Inc. Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Burt Process Equipment, Inc. Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Burt Process Equipment, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Burt Process Equipment, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2022 and assets (held at end of year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BURT PROCESS EQUIPMENT, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 2022 AND 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Burt Process Equipment, Inc. Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Burt Process Equipment, Inc. (the Company) who have completed six consecutive months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan’s trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan’s investment offerings and monitoring investment performance.

Plan Amendment

Effective January 1, 2022, the Plan was completely amended and restated under a new prototype plan document. Under the new adoption agreement, substantially all basic plan provisions remain the same.

Contributions

Each year, participants may contribute up to 100% of their compensation, as defined in the Plan and allowed by law. Participants may direct their contributions as either pre-tax deferrals or after-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions).

The Company may make discretionary matching contributions. For the year ended December 31, 2022, the Company did not make any discretionary matching contributions. The Company may also make profit-sharing contributions at the discretion of the Board of Directors. The Company made discretionary profit-sharing contributions in the amount of \$850,000 for the year ended December 31, 2022. In order to share in the discretionary matching and profit-sharing contributions, participants must complete 1,000 hours during the Plan year and be employed on the last day of the Plan year. The hours and last day requirements are waived if the participant terminates employment before the end of the plan year on account of retirement, death or disability.

BURT PROCESS EQUIPMENT, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 2022 AND 2021

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Contributions are subject to certain limitations. Participants direct the investment of their contributions into various investment options offered by the Plan through its contract with John Hancock Life Insurance Company (U.S.A.) (John Hancock). The Plan previously allowed participants to direct their contributions to self-directed brokerage accounts. That option was removed prior to 2022, however certain grandfathered participants are still able direct the investment of their contributions into a variety of money market and mutual funds, exchange-traded funds, and common stocks held in self-directed brokerage accounts with TD Ameritrade.

Participant Accounts

Each participant's account is credited with the participant's contributions and discretionary matching contributions, as well as allocations of the Company's discretionary profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the discretionary matching and profit-sharing portion of their accounts is based on years of continuous service. A participant is 100% vested after 6 years of credited service. Participants will become immediately 100% vested in their accounts on account of death or disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at the prime rate, plus 1%, as defined. Participants may only have one loan outstanding at a time. Loan terms are limited to five years, or longer if the funds are used to acquire a primary residence. Principal and interest are generally paid ratably through payroll deductions over the duration of the loan.

BURT PROCESS EQUIPMENT, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 2022 AND 2021

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

Upon termination of service for any reason, a participant will become entitled to the total value of his or her account. Distributions will be paid in a lump sum. If a participant terminates employment for any reason and his or her vested account balance does not exceed \$1,000, the plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant. If the participant's balance is between \$1,000 and \$5,000, the plan administrator may roll the amount into an individual retirement account on behalf of the participant without the consent of the participant. Participants with a vested balance greater than \$5,000 may defer payment of benefits till a later date. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59.5.

Forfeitures

Forfeited non-vested discretionary matching or profit-sharing accounts may be used to reduce future employer contributions or to pay plan expenses. At December 31, 2022 and 2021 forfeited non-vested accounts totaled \$1,100 and \$980, respectively. These accounts will be used to reduce future employer contributions or to pay plan expenses. During the year ended December 31, 2022, \$10,000 of forfeited non-vested accounts were used to reduce the discretionary profit-sharing contribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

BURT PROCESS EQUIPMENT, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 2022 AND 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants or other participant directed transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net depreciation in fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of the components of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investments. Investments, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net asset available for benefits.

Reclassifications

Certain 2021 amounts have been reclassified to conform with current year presentation.

BURT PROCESS EQUIPMENT, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 2022 AND 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan has evaluated subsequent events for recognition and disclosure through August 29, 2023, the date the financial statements were available to be issued.

NOTE 3 – CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and interest and dividends, net depreciation in fair value of investments, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock.

The Plan's self-directed brokerage accounts held at TD Ameritrade at December 31, 2022 and 2021, and the related interest and dividends and net depreciation in fair value of investments for the year ended December 31, 2022 are not certified. These accounts had a fair value of \$547,920 and \$790,733 at December 31, 2022 and 2021, respectively. The self-directed brokerage accounts had interest and dividends of \$8,122 and net depreciation in fair value of investments of \$254,649 for the year ended December 31, 2022.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

BURT PROCESS EQUIPMENT, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 2022 AND 2021

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts - The fair values of participation units held in pooled separate account subaccounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. The sub-accounts of the pooled separate accounts hold passive investments in a single mutual fund or exchange traded fund with investment strategy identified with the name of the pooled separate account sub-account. The underlying investment composition of the pooled separate accounts as of December 31, 2022 was 46% target date funds, 37% equity funds, 9% balanced funds, and 8% fixed income funds. The underlying investment composition of the pooled separate accounts as of December 31, 2021 was 45% target date funds, 41% equity funds, 9% balanced funds, and 5% fixed income funds. Each pooled separate account sub-account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit.

BURT PROCESS EQUIPMENT, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 2022 AND 2021

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Self-Directed Brokerage Accounts - Self-directed brokerage accounts consist primarily of money market and mutual funds, exchange-traded funds and common stocks which are valued at the closing price reported on the active market in which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Description	December 31, 2022			
	Total	Level 1	Level 2	Level 3

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

BURT PROCESS EQUIPMENT, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 2022 AND 2021

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services. The Plan holds units of a pooled separate account with sub-accounts managed by John Hancock. Therefore, these transactions and the Plan's payments of investment management fees to John Hancock qualify as party-in-interest transactions. Investment and administrative expenses paid by the Plan to John Hancock or its affiliates totaled \$1,436 for the year ended December 31, 2022.

NOTE 7 – TAX STATUS

The Company adopted a prototype plan sponsored by a third-party administrator. The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the volume submitted plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (the Code). The volume submitter's opinion letter is being relied on by the Plan. Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 2022 AND 2021

NOTE 8 – PROHIBITED TRANSACTIONS

During 2022 and 2021, the Company failed to remit to John Hancock certain employee contributions and loan repayments totaling \$56,153 and \$120,004, respectively, within the period prescribed by Department of Labor regulations. Delays in remitting the contributions and loan repayments to John Hancock were due to administrative errors. During 2022, the Company made contributions totaling approximately \$122 to the affected participants' accounts to compensate those participants for the potential lost income due to the 2021 delays. During 2023, the Company will make contributions to the affected participants' accounts to compensate those participants for the potential lost income due to the 2022 delays. The amount of the lost income for the 2022 delays has not yet been determined.
