Independent Auditors' Report

To the Plan Administrator of the
Business Interiors Profit Sharing and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Business Interiors Profit Sharing and 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude, whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

General

Business Interiors Profit Sharing and 401(k) Plan is a defined contribution plan available to eligible employees of Facilitech, Inc. d/b/a Business Interiors (Company or Employer). The Company is the Plan's sponsor and administrator. The Plan is subject to provisions of section 401(a) of the Internal Revenue Code (IRC). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Fidelity Workplace Services LLC serves as the Plan's recordkeeper. Fidelity Management Trust Company (Trustee) is responsible for the custody and management of the Plan's assets.

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act allows for certain provisions to participants impacted by COVID-19 such as in-service distributions up to $100,000, loan borrowings up to $100,000, and suspension of loan payments and required minimum distributions. In accordance with the CARES Act, the Plan has until December 31, 2025 to formally amend the plan documents.

Eligibility

To be eligible to participate in the Plan, an employee must have attained the age of 21 and have been employed by the Company for at least six months. All classifications of the Company are eligible to participate in the Plan upon completion of the eligibility requirements except for residents of Puerto Rico, leased employees, employees whose benefits are governed by a collective bargaining agreement and nonresident aliens with no income from a U.S. source.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions and allocations of the invested funds' earnings. Allocations of earnings are based on account balances as defined by the Plan. Certain administrative expenses may be charged directly to the participant's accounts incurring those expenses.

Contributions

Participants may contribute a percentage of their pre-tax and after-tax annual compensation, as defined in the Plan, not to exceed the Internal Revenue Service (IRS) limitations each year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 are eligible to make catch-up contributions, subject to the statutory limit. The Company allows discretionary matching contributions, matching 50% of the participant's contribution of up to 5% of the participant's eligible compensation. Participants may also make Roth deferral contributions (post-tax contributions) to the Plan, which are separately accounted for as are the gains and losses attributed to those deferrals. The Company may make discretionary contributions in addition to discretionary matching contributions to the Plan each year, as designated by the board of directors of the Company. Participants who are employed on the last day of the year and worked 1,000 hours during the Plan year share in the employer discretionary contributions. No additional discretionary contributions were made for the year ended December 31, 2022.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in Company matching and discretionary contributions as follows:

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures

Forfeitures of unvested Company matching and discretionary contributions are used to pay Plan expenses and to reduce future Company matching contributions. For the year ended December 31, 2022, forfeitures used to reduce company matching contributions totaled $4,483. For the year ended December 31, 2021, forfeitures used to pay Plan expenses totaled $8,475. Forfeitures available for future use at December 31, 2022 and 2021 totaled $929 and $4,004, respectively.

Payment of Benefits

Distribution of a participant’s vested account is available upon the participant’s retirement, death, disability, termination of employment or attainment of age 59 ½.

Notes Receivable from Participants

Notes receivable from participants represent loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Plan participants may borrow from their accounts an amount generally not to exceed the lesser of $50,000 or 50% of their vested account balance, except for amounts borrowed under the CARES Act. The repayment terms of loans may not exceed five years except for loans used to acquire a principal residence. Each loan bears interest at the *Wall Street Journal* prime rate plus one percent. Principal and interest are paid ratably through automatic payroll deductions. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be a distribution, notes receivable from participants is reduced and a benefit payment is recorded.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Estimates and Assumptions

Management uses estimates and assumptions in preparing financial statements in accordance with GAAP. Those estimates and assumptions affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could vary from the estimates used in preparing the accompanying financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. The Plan presents the net change in fair value of investments, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits to participants are recorded when paid.

Risks and Uncertainties

The Plan provides for investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

Under the Fair Value Measurements and Disclosures topic of the Codification, ASC 820, disclosures are required about how fair value is determined for assets and liabilities and a hierarchy for which these assets and liabilities must be grouped is established, based on significant levels of inputs as follows:

Level 1 quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; and model-derived valuations in which all significant inputs are observable in active markets.

Level 3 valuations derived from valuation techniques in which one or more significant inputs are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying asset owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Collective Trust

The Plan holds an investment in the Fidelity Advisor Stable Value I Fund (Fund), which is managed by the Trustee and invests in assets (typically guaranteed investment contracts and security-backed investment contracts), enters into wrap contracts (Wrap) issued by third parties and invests in fixed income securities and shares of money market funds. A Wrap is a contract with an insurance company or bank, which absorbs any gains or losses caused by market fluctuations. The Wrap allows investors to hold their investments at the original par or book value plus accrued interest, resulting in stable rates of return.

The investment in the Fund is valued at NAV per unit, as determined by the Trustee. The NAV is used as a practical expedient to estimate fair value. The Fund intends to hold only assets whose fair market is the contract value of the investment. Income is calculated daily and the amount of income is dependent on contract interest rates, contract maturities and new investments in the Fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan also holds other assets not measured at fair value on a recurring basis, including employer and participant contributions receivable. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to the short maturity of the instruments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2022:

	Level 1	Total
Mutual funds	$ 9,722,054	$ 9,722,054
Collective trust measured at NAV*	-	805,208
	$ 9,722,054	$ 10,527,262

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2021:

	Level 1	Total
Mutual funds	$ 11,972,988	$ 11,972,988
Collective trust measured at NAV*	-	746,877
	$ 11,972,988	$ 12,719,865

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Financial Information Certified by the Plan's Trustee (Unaudited)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Trustee and party-in-interest as defined by ERISA, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2022	2021
Mutual funds	$ 9,722,054	$ 11,972,988
Collective trust	805,208	746,877
Notes receivable from participants	107,323	113,121
Total	$ 10,634,585	$ 12,832,986
Interest and dividends	$ 598,692	
Interest income on notes receivable from participants	$ 5,867	
Net depreciation in fair value of investments	$ 2,755,614	

5. Tax Status of the Plan

The Plan has received a determination letter from the IRS dated June 30, 2020, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the IRS for three years from the date of filing.

6. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and a collective trust managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing rather than a direct payment.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2022:

Net assets available for benefits per the financial statements	$ 10,656,316
Less: Participant contributions receivable at end of year	(17,493)
Less: Employer contributions receivable at end of year	(4,238)
Net assets available for benefits per the Form 5500	$ 10,634,585

8. Subsequent Events

Plan management has evaluated subsequent events through the date the financial statements were available to be issued and concluded that no additional disclosures are required.

Independent Auditors' Report

To the Plan Administrator of the
Business Interiors Profit Sharing and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Business Interiors Profit Sharing and 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude, whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

General

Business Interiors Profit Sharing and 401(k) Plan is a defined contribution plan available to eligible employees of Facilitech, Inc. d/b/a Business Interiors (Company or Employer). The Company is the Plan's sponsor and administrator. The Plan is subject to provisions of section 401(a) of the Internal Revenue Code (IRC). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Fidelity Workplace Services LLC serves as the Plan's recordkeeper. Fidelity Management Trust Company (Trustee) is responsible for the custody and management of the Plan's assets.

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act allows for certain provisions to participants impacted by COVID-19 such as in-service distributions up to $100,000, loan borrowings up to $100,000, and suspension of loan payments and required minimum distributions. In accordance with the CARES Act, the Plan has until December 31, 2025 to formally amend the plan documents.

Eligibility

To be eligible to participate in the Plan, an employee must have attained the age of 21 and have been employed by the Company for at least six months. All classifications of the Company are eligible to participate in the Plan upon completion of the eligibility requirements except for residents of Puerto Rico, leased employees, employees whose benefits are governed by a collective bargaining agreement and nonresident aliens with no income from a U.S. source.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions and allocations of the invested funds' earnings. Allocations of earnings are based on account balances as defined by the Plan. Certain administrative expenses may be charged directly to the participant's accounts incurring those expenses.

Contributions

Participants may contribute a percentage of their pre-tax and after-tax annual compensation, as defined in the Plan, not to exceed the Internal Revenue Service (IRS) limitations each year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 are eligible to make catch-up contributions, subject to the statutory limit. The Company allows discretionary matching contributions, matching 50% of the participant's contribution of up to 5% of the participant's eligible compensation. Participants may also make Roth deferral contributions (post-tax contributions) to the Plan, which are separately accounted for as are the gains and losses attributed to those deferrals. The Company may make discretionary contributions in addition to discretionary matching contributions to the Plan each year, as designated by the board of directors of the Company. Participants who are employed on the last day of the year and worked 1,000 hours during the Plan year share in the employer discretionary contributions. No additional discretionary contributions were made for the year ended December 31, 2022.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in Company matching and discretionary contributions as follows:

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures

Forfeitures of unvested Company matching and discretionary contributions are used to pay Plan expenses and to reduce future Company matching contributions. For the year ended December 31, 2022, forfeitures used to reduce company matching contributions totaled $4,483. For the year ended December 31, 2021, forfeitures used to pay Plan expenses totaled $8,475. Forfeitures available for future use at December 31, 2022 and 2021 totaled $929 and $4,004, respectively.

Payment of Benefits

Distribution of a participant’s vested account is available upon the participant’s retirement, death, disability, termination of employment or attainment of age 59 ½.

Notes Receivable from Participants

Notes receivable from participants represent loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Plan participants may borrow from their accounts an amount generally not to exceed the lesser of $50,000 or 50% of their vested account balance, except for amounts borrowed under the CARES Act. The repayment terms of loans may not exceed five years except for loans used to acquire a principal residence. Each loan bears interest at the *Wall Street Journal* prime rate plus one percent. Principal and interest are paid ratably through automatic payroll deductions. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be a distribution, notes receivable from participants is reduced and a benefit payment is recorded.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Estimates and Assumptions

Management uses estimates and assumptions in preparing financial statements in accordance with GAAP. Those estimates and assumptions affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could vary from the estimates used in preparing the accompanying financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. The Plan presents the net change in fair value of investments, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits to participants are recorded when paid.

Risks and Uncertainties

The Plan provides for investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

Under the Fair Value Measurements and Disclosures topic of the Codification, ASC 820, disclosures are required about how fair value is determined for assets and liabilities and a hierarchy for which these assets and liabilities must be grouped is established, based on significant levels of inputs as follows:

Level 1 quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; and model-derived valuations in which all significant inputs are observable in active markets.

Level 3 valuations derived from valuation techniques in which one or more significant inputs are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying asset owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Collective Trust

The Plan holds an investment in the Fidelity Advisor Stable Value I Fund (Fund), which is managed by the Trustee and invests in assets (typically guaranteed investment contracts and security-backed investment contracts), enters into wrap contracts (Wrap) issued by third parties and invests in fixed income securities and shares of money market funds. A Wrap is a contract with an insurance company or bank, which absorbs any gains or losses caused by market fluctuations. The Wrap allows investors to hold their investments at the original par or book value plus accrued interest, resulting in stable rates of return.

The investment in the Fund is valued at NAV per unit, as determined by the Trustee. The NAV is used as a practical expedient to estimate fair value. The Fund intends to hold only assets whose fair market is the contract value of the investment. Income is calculated daily and the amount of income is dependent on contract interest rates, contract maturities and new investments in the Fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan also holds other assets not measured at fair value on a recurring basis, including employer and participant contributions receivable. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to the short maturity of the instruments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2022:

	Level 1	Total
Mutual funds	$ 9,722,054	$ 9,722,054
Collective trust measured at NAV*	-	805,208
	$ 9,722,054	$ 10,527,262

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2021:

	Level 1	Total
Mutual funds	$ 11,972,988	$ 11,972,988
Collective trust measured at NAV*	-	746,877
	$ 11,972,988	$ 12,719,865

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Financial Information Certified by the Plan's Trustee (Unaudited)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Trustee and party-in-interest as defined by ERISA, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2022	2021
Mutual funds	$ 9,722,054	$ 11,972,988
Collective trust	805,208	746,877
Notes receivable from participants	107,323	113,121
Total	$ 10,634,585	$ 12,832,986
Interest and dividends	$ 598,692	
Interest income on notes receivable from participants	$ 5,867	
Net depreciation in fair value of investments	$ 2,755,614	

5. Tax Status of the Plan

The Plan has received a determination letter from the IRS dated June 30, 2020, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the IRS for three years from the date of filing.

6. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and a collective trust managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing rather than a direct payment.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2022:

Net assets available for benefits per the financial statements	$ 10,656,316
Less: Participant contributions receivable at end of year	(17,493)
Less: Employer contributions receivable at end of year	(4,238)
Net assets available for benefits per the Form 5500	$ 10,634,585

8. Subsequent Events

Plan management has evaluated subsequent events through the date the financial statements were available to be issued and concluded that no additional disclosures are required.
