INDEPENDENT AUDITOR'S REPORT

To the Fiduciary Committee
Haws Corporation Retirement Plan
Sparks, Nevada

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Haws Corporation Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Haws Corporation Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Haws Corporation Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Haws Corporation Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Haws Corporation Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Haws Corporation Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of Haws Corporation Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan sponsored by Haws Corporation (the "Company" or "Employer"), is intended to qualify under Section 401(a) and related provisions of the Internal Revenue Code (IRC). The Plan was established on March 1, 1961, and restated effective January 1, 2022, and is designed to provide eligible participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination, or financial hardship. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reports and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first Plan year beginning on or after January 1, 2025, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Cares (CARES) Act, related to participant loans and distributions. The Organization has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of December 31, 2022.

Plan administration

The Company has designated the Fiduciary Committee (the "Committee") as the administrator of the Plan and, as such, the Committee carries out the duties imposed by ERISA. The Committee has delegated certain responsibilities for the operation and administration of the Plan. Empower Annuity Insurance Company of America (formerly Great-West Life & Annuity Insurance Company) and Empower Trust Company, LLC (formerly Great-West Trust Company, LLC) (collectively the "Custodians") are responsible for the custody and management of the Plan's assets. An affiliate of the Custodians is responsible for maintaining participant accounts and transactions related to participant initiated activity.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

All employees of the Company are immediately eligible to begin participating in the Plan upon hire with the exception of nonresident aliens who do not receive any earned income from the Company which constitutes United States-sourced income, employees covered by a collective bargaining agreement, employees classified as flex employees, and employees classified as either short-term, interns, or part-time.

Participant and employer contributions

Participants are allowed to contribute their eligible pre-tax or after-tax (as Roth contributions) compensation, as defined in the plan document, up to the annual contribution limit as defined in the IRC. The Plan also permits the automatic enrollment of newly eligible employees into the Plan with an initial pre-tax contribution rate of 3% which increases by 2% on the anniversary of the participant's date of hire up to a maximum of 10%, unless affirmatively elected otherwise. Participants may also make pre-tax and after-tax (as Roth) rollover contributions to the Plan from other qualified retirement plans.

Plan participants who have attained age 50 before the end of a calendar year may make additional contributions called "catch-up contributions" to the Plan, up to the annual contribution limit as defined in the IRC.

The Plan allows the Company to make discretionary matching contributions and discretionary nonelective contributions to the Plan. All participants are eligible to participate in the Company's discretionary matching contributions. During the year ended December 31, 2022, the Company made discretionary matching contributions equal to 100% of up to the first 3% plus 50% of up to the next 2% of eligible compensation deferred to the Plan by participants on a quarterly basis. Participants must both be credited with 1,000 hours of service, as defined in the plan document, and employed as of the last day of the Plan year to participate in the Company's discretionary nonelective contributions to the Plan. The Company did not make discretionary nonelective contributions to the Plan for the year ended December 31, 2022.

Participant accounts

Each participant's account is credited with the participant's contributions, rollovers, allocations of the Company's discretionary matching contributions and discretionary nonelective contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses, if any. Participants may direct their account balances into any of the investment options offered by the Plan. Allocations of investment earnings are based strictly on the participant's selection of investments and timing of purchase. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately 100% vested in their contributions, plus actual earnings thereon. Participants vest into the Company's discretionary matching contributions and discretionary nonelective contributions, if any, ratably over a period of five years of service, with 0% vested in the first year, then 20% per year thereafter, as defined in the plan document. Participants are fully vested after five years of service.

The vesting schedule for the Employer discretionary contributions is as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	- %
More than 1, less than 2	20 %
More than 2, less than 3	40 %
More than 3, less than 4	60 %
More than 4, less than 5	80 %
More than 5	100 %

Forfeitures

The Plan allows forfeited, nonvested account balances of terminated participants to be used to either offset future Employer contributions to the Plan or to pay administrative expenses. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$108,994 and \$29,415, respectively. During the year ended December 31, 2022, total forfeitures of \$2,216 were used to pay administrative expenses.

Notes receivable from participants

The Plan allows participants to borrow against their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants ("participant loans") must be repaid within five years, unless the participant loan is used to acquire a primary residence, in which case the repayment term may exceed five years. Participant loans are secured by the respective participant's vested account balance. Participant loans bear interest at the U.S. Prime Treasury Rate plus one percent at the time of issuance. Principal and interest are generally paid ratably through payroll deductions with payments made each pay period. Outstanding participant loans at December 31, 2022, bear interest at annual rates of between 4.25% and 8.00%, and had various maturity dates through January 2030.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability, financial hardship, qualified military service, or death. Upon termination, if a participant's vested account balance is less than or equal to \$1,000, the balance is immediately distributed as a lump-sum payment, unless otherwise elected. Upon termination, if a participant's vested account balance is greater than \$1,000 and less than or equal to \$5,000, their balance shall be automatically rolled over into an individual retirement account designated by the Plan administrator, unless otherwise elected. Upon termination, if a participant's vested account balance is more than \$5,000, the participant (or beneficiary) may elect to receive a distribution of their account balance as a lump-sum payment or postpone payment to a later date and remain in the Plan as described in the plan documents.

Under certain circumstances of financial hardship, the participant is allowed to withdraw funds as a hardship withdrawal.

Administrative expenses

Administrative expenses are generally paid by the Company, but may, at the discretion of the plan administrator, be paid by the Plan. Transaction fees for certain participant initiated activity are individually charged to the specific account of the participant initiating any such transactions. The Plan is not required to reimburse the Company for expenses paid on its behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of estimates

The preparation of financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent liabilities. Actual results could differ from these estimates.

Haws Corporation Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4). Contract value represents contributions made under a contract, plus interest, less participant withdrawals, and administrative expenses (Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when it is earned. If a participant ceases to make repayments and the plan administrator deems the participant loan to be a distribution, the loan balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022.

Contributions and receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. The Company's discretionary matching contributions and discretionary nonelective contributions, if any, are recorded in the year they are earned and to coincide with the year in which the Company records the contribution in its general ledger. The Plan records receivables for contributions based upon contributions recorded in the Plan year but received by the Plan subsequent to year end. Rollover contributions from participants are recorded based on the date the rollover contributions are received by the Custodians.

Payment of benefits

Benefits are recorded when paid.

Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

The Plan administrator has evaluated subsequent events through August 24, 2023, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodians, determined to be qualified institutions by the plan administrator, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2022 ("supplemental schedule").

Accordingly, as requested by the Plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the Plan's financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework for provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Haws Corporation Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENTS (continued)

- *Level 2* - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- *Level 3* - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value on a recurring basis. Assets measured at contract value are not included within the fair value hierarchy. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds: registered investment companies (mutual fund investments) are valued at the net asset value of shares held by the Plan at year-end which are quoted in active markets. Investments are valued using market quotations or prices obtained from independent pricing services. The mutual funds held by the Plan are deemed to have a readily-determinable fair value and are classified within Level 1 of the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Investment contracts that are fully benefit-responsive are stated at contract value and, therefore, are not included in the fair value hierarchy.

Notes to Financial Statements
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 20,151,585</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 20,151,585</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 25,923,743</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 25,923,743</u>

5. INVESTMENT CONTRACTS

The Plan's investment in the Key Guaranteed Portfolio Fund (the "Fund") is a fully benefit-responsive investment contract which is unconditionally guaranteed by Empower Annuity Insurance Company of America ("Empower") and is held in Empower's general account. The Plan's balance in the Fund at December 31, 2022 and 2021, is \$1,612,813 and \$911,608, respectively.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. The Fund is included in the Plan's financial statements at contract value, as reported by Empower. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk for the contract issuer or otherwise. The investment contract provides a guarantee of principal. The average crediting interest rate for the contract at December 31, 2022 and 2021, was 0.93% and 0.90%. The crediting interest rate may change or stay the same each quarter and is determined and reset by Empower, every quarter. Additional interest is not guaranteed for future periods.

Certain events limit the ability of the Plan to transact at contract value with Empower. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value of the Plan or with participants are probable of occurring.

Haws Corporation Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

5. INVESTMENT CONTRACTS (continued)

The contracts above do not permit the respective issuer to terminate the agreement prior to the scheduled maturity date.

6. TAX STATUS

The Plan has adopted the Dataair Employee Benefit Systems, Inc. Non-standardized Pre-Approved Profit Sharing Plan (the "non-standardized plan"). The Internal Revenue Service has issued an opinion letter dated June 30, 2020, stating that the pre-approved plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become fully vested in their accounts.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons. Also, fees and expenses paid by the Company on behalf of the Plan qualify as exempt party-in-interest transactions.

The Custodians may earn credits and/or interest on Plan assets awaiting investment or pending distribution. Any credits or interest earned are aggregated with credits and/or interest earned by affiliates of the Custodians and are used to defray the aggregate expenses for the maintenance of bank accounts. The Custodians and their affiliates will not retain credits and/or interest earned in excess of such maintenance expenses. Earnings of credits and/or interest are at the rate provided to the Custodians by third party financial institutions.

Haws Corporation Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Haws Corporation Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Haws Corporation Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Haws Corporation Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Haws Corporation Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Haws Corporation Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Haws Corporation Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of Haws Corporation Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan sponsored by Haws Corporation (the "Company" or "Employer"), is intended to qualify under Section 401(a) and related provisions of the Internal Revenue Code (IRC). The Plan was established on March 1, 1961, and restated effective January 1, 2022, and is designed to provide eligible participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination, or financial hardship. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reports and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first Plan year beginning on or after January 1, 2025, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Cares (CARES) Act, related to participant loans and distributions. The Organization has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of December 31, 2022.

Plan administration

The Company has designated the Fiduciary Committee (the "Committee") as the administrator of the Plan and, as such, the Committee carries out the duties imposed by ERISA. The Committee has delegated certain responsibilities for the operation and administration of the Plan. Empower Annuity Insurance Company of America (formerly Great-West Life & Annuity Insurance Company) and Empower Trust Company, LLC (formerly Great-West Trust Company, LLC) (collectively the "Custodians") are responsible for the custody and management of the Plan's assets. An affiliate of the Custodians is responsible for maintaining participant accounts and transactions related to participant initiated activity.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

All employees of the Company are immediately eligible to begin participating in the Plan upon hire with the exception of nonresident aliens who do not receive any earned income from the Company which constitutes United States-sourced income, employees covered by a collective bargaining agreement, employees classified as flex employees, and employees classified as either short-term, interns, or part-time.

Participant and employer contributions

Participants are allowed to contribute their eligible pre-tax or after-tax (as Roth contributions) compensation, as defined in the plan document, up to the annual contribution limit as defined in the IRC. The Plan also permits the automatic enrollment of newly eligible employees into the Plan with an initial pre-tax contribution rate of 3% which increases by 2% on the anniversary of the participant's date of hire up to a maximum of 10%, unless affirmatively elected otherwise. Participants may also make pre-tax and after-tax (as Roth) rollover contributions to the Plan from other qualified retirement plans.

Plan participants who have attained age 50 before the end of a calendar year may make additional contributions called "catch-up contributions" to the Plan, up to the annual contribution limit as defined in the IRC.

The Plan allows the Company to make discretionary matching contributions and discretionary nonelective contributions to the Plan. All participants are eligible to participate in the Company's discretionary matching contributions. During the year ended December 31, 2022, the Company made discretionary matching contributions equal to 100% of up to the first 3% plus 50% of up to the next 2% of eligible compensation deferred to the Plan by participants on a quarterly basis. Participants must both be credited with 1,000 hours of service, as defined in the plan document, and employed as of the last day of the Plan year to participate in the Company's discretionary nonelective contributions to the Plan. The Company did not make discretionary nonelective contributions to the Plan for the year ended December 31, 2022.

Participant accounts

Each participant's account is credited with the participant's contributions, rollovers, allocations of the Company's discretionary matching contributions and discretionary nonelective contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses, if any. Participants may direct their account balances into any of the investment options offered by the Plan. Allocations of investment earnings are based strictly on the participant's selection of investments and timing of purchase. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Haws Corporation Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately 100% vested in their contributions, plus actual earnings thereon. Participants vest into the Company's discretionary matching contributions and discretionary nonelective contributions, if any, ratably over a period of five years of service, with 0% vested in the first year, then 20% per year thereafter, as defined in the plan document. Participants are fully vested after five years of service.

The vesting schedule for the Employer discretionary contributions is as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	- %
More than 1, less than 2	20 %
More than 2, less than 3	40 %
More than 3, less than 4	60 %
More than 4, less than 5	80 %
More than 5	100 %

Forfeitures

The Plan allows forfeited, nonvested account balances of terminated participants to be used to either offset future Employer contributions to the Plan or to pay administrative expenses. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$108,994 and \$29,415, respectively. During the year ended December 31, 2022, total forfeitures of \$2,216 were used to pay administrative expenses.

Notes receivable from participants

The Plan allows participants to borrow against their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants ("participant loans") must be repaid within five years, unless the participant loan is used to acquire a primary residence, in which case the repayment term may exceed five years. Participant loans are secured by the respective participant's vested account balance. Participant loans bear interest at the U.S. Prime Treasury Rate plus one percent at the time of issuance. Principal and interest are generally paid ratably through payroll deductions with payments made each pay period. Outstanding participant loans at December 31, 2022, bear interest at annual rates of between 4.25% and 8.00%, and had various maturity dates through January 2030.

Haws Corporation Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability, financial hardship, qualified military service, or death. Upon termination, if a participant's vested account balance is less than or equal to \$1,000, the balance is immediately distributed as a lump-sum payment, unless otherwise elected. Upon termination, if a participant's vested account balance is greater than \$1,000 and less than or equal to \$5,000, their balance shall be automatically rolled over into an individual retirement account designated by the Plan administrator, unless otherwise elected. Upon termination, if a participant's vested account balance is more than \$5,000, the participant (or beneficiary) may elect to receive a distribution of their account balance as a lump-sum payment or postpone payment to a later date and remain in the Plan as described in the plan documents.

Under certain circumstances of financial hardship, the participant is allowed to withdraw funds as a hardship withdrawal.

Administrative expenses

Administrative expenses are generally paid by the Company, but may, at the discretion of the plan administrator, be paid by the Plan. Transaction fees for certain participant initiated activity are individually charged to the specific account of the participant initiating any such transactions. The Plan is not required to reimburse the Company for expenses paid on its behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of estimates

The preparation of financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent liabilities. Actual results could differ from these estimates.

Haws Corporation Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4). Contract value represents contributions made under a contract, plus interest, less participant withdrawals, and administrative expenses (Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when it is earned. If a participant ceases to make repayments and the plan administrator deems the participant loan to be a distribution, the loan balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022.

Contributions and receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. The Company's discretionary matching contributions and discretionary nonelective contributions, if any, are recorded in the year they are earned and to coincide with the year in which the Company records the contribution in its general ledger. The Plan records receivables for contributions based upon contributions recorded in the Plan year but received by the Plan subsequent to year end. Rollover contributions from participants are recorded based on the date the rollover contributions are received by the Custodians.

Payment of benefits

Benefits are recorded when paid.

Haws Corporation Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

The Plan administrator has evaluated subsequent events through August 24, 2023, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodians, determined to be qualified institutions by the plan administrator, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2022 ("supplemental schedule").

Accordingly, as requested by the Plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the Plan's financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework for provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Haws Corporation Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENTS (continued)

- *Level 2* - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- *Level 3* - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value on a recurring basis. Assets measured at contract value are not included within the fair value hierarchy. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds: registered investment companies (mutual fund investments) are valued at the net asset value of shares held by the Plan at year-end which are quoted in active markets. Investments are valued using market quotations or prices obtained from independent pricing services. The mutual funds held by the Plan are deemed to have a readily-determinable fair value and are classified within Level 1 of the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Investment contracts that are fully benefit-responsive are stated at contract value and, therefore, are not included in the fair value hierarchy.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 20,151,585</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 20,151,585</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 25,923,743</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 25,923,743</u>

5. INVESTMENT CONTRACTS

The Plan's investment in the Key Guaranteed Portfolio Fund (the "Fund") is a fully benefit-responsive investment contract which is unconditionally guaranteed by Empower Annuity Insurance Company of America ("Empower") and is held in Empower's general account. The Plan's balance in the Fund at December 31, 2022 and 2021, is \$1,612,813 and \$911,608, respectively.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. The Fund is included in the Plan's financial statements at contract value, as reported by Empower. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk for the contract issuer or otherwise. The investment contract provides a guarantee of principal. The average crediting interest rate for the contract at December 31, 2022 and 2021, was 0.93% and 0.90%. The crediting interest rate may change or stay the same each quarter and is determined and reset by Empower, every quarter. Additional interest is not guaranteed for future periods.

Certain events limit the ability of the Plan to transact at contract value with Empower. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value of the Plan or with participants are probable of occurring.

5. INVESTMENT CONTRACTS (continued)

The contracts above do not permit the respective issuer to terminate the agreement prior to the scheduled maturity date.

6. TAX STATUS

The Plan has adopted the Dataair Employee Benefit Systems, Inc. Non-standardized Pre-Approved Profit Sharing Plan (the "non-standardized plan"). The Internal Revenue Service has issued an opinion letter dated June 30, 2020, stating that the pre-approved plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become fully vested in their accounts.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons. Also, fees and expenses paid by the Company on behalf of the Plan qualify as exempt party-in-interest transactions.

The Custodians may earn credits and/or interest on Plan assets awaiting investment or pending distribution. Any credits or interest earned are aggregated with credits and/or interest earned by affiliates of the Custodians and are used to defray the aggregate expenses for the maintenance of bank accounts. The Custodians and their affiliates will not retain credits and/or interest earned in excess of such maintenance expenses. Earnings of credits and/or interest are at the rate provided to the Custodians by third party financial institutions.
