Independent Auditors' Report

Plan Administrator
Axway Inc. 401(k) Plan
Scottsdale, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Axway Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Axway Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Axway Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Axway Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Axway Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Axway Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of and for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Axway Inc. 401(k) Plan

Notes to Financial Statements

Year Ended December 31, 2022

1. Description of plan:

The following description of the Axway Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was established in January 1997, and has been amended and restated several times since that date.

General:

The Sponsor of the Plan is Axway, Inc. (Sponsor).

The Plan is a defined contribution retirement plan. Certain employees, including non U.S. residents being paid under an expatriate contract outside of the U.S., leased employees, non-resident aliens who have no income from sources inside the U.S. and union employees whose employment is governed by a collective bargaining agreement, are not eligible for participation in the Plan. Eligible employees of the Sponsor must complete one month of service prior to participating in the Plan. Participants must complete one year of service prior to becoming eligible for the matching provisions of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant contributions:

Under the 401(k) provisions of the Plan, the participants may elect to defer up to 75% of their pretax compensation up to current statutory limits determined annually and prescribed by the Internal Revenue Service (IRS). The Plan also permits participants to make additional voluntary contributions of qualified rollovers from other retirement plans. The Plan allows for in-plan Roth conversions of employee deferrals and employer match contributions and for voluntary after-tax contributions.

Employer contributions:

All employer contributions are at the Sponsor's discretion. Employer contributions are invested in the same funds and increments as directed by the participant for the participant's contributions. Contributions are subject to statutory limitations. For the year ended December 31, 2022, the Sponsor contributed and allocated to each participant's matching account an amount equal to 50% of the participant's deferral up to 6% of the participant's compensation.

Participant accounts:

Each participant's account is credited with the participant's elective deferral, employer and rollover contributions, actual earnings thereon, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their elective deferral, any rollover contributions, and any employer discretionary matching contributions made to the Plan, plus actual earnings thereon.

Axway Inc. 401(k) Plan

Notes to Financial Statements (continued)

Year Ended December 31, 2022

1. Description of plan (continued):

Participant loans:

The Plan allows for participants to obtain loans from the Plan. Loans cannot exceed 50% of the vested portion of the participant's account (or \$50,000 if less), and must be a minimum of \$1,000. The loan must be repaid within five years, unless the entire proceeds are used to purchase the participant's primary residence, in which case the loan may be repaid over a ten year period. All loans will provide for the repayment of interest at rates commensurate with local prevailing rates, as determined by the Plan Administrator, on the date of the loan. The participant's individual account serves as collateral for the loan and, in the event of default or death, the entire outstanding principal and accrued interest shall be immediately due and payable. Because the participant's account collateralizes the loan in its entirety, the credit quality of the participant is not assessed by the Plan Administrator. Unpaid loans will be treated as a taxable distribution from the Plan.

For financial reporting purposes, participant loans are included in the statements of net assets available for benefits as notes receivable from participants.

Investment options:

Upon enrollment in the Plan, a participant may direct contributions in any increments into any of several investment options. Participants may change their investment options inside the platform at any time.

Payment of benefits:

On termination of service due to death, disability, retirement or other reasons, a participant whose vested account balance exceeds \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's account, or a partial withdrawal of the account balance at any time. Participants with account balances less than \$5,000 must take a lump-sum distribution as soon as practicable following termination. Mandatory automatic distributions under the Plan greater than \$1,000 may be automatically rolled over to an IRA established on behalf of participants who do not affirmatively consent to receive their distributions. The Plan also allows participants who have attained the age of 59½ to take in-service distributions from the fully vested portion of their account balance.

Hardship withdrawals:

If approved by the Plan Administrator, a participant may withdraw the vested portion of his/her elective deferral account balance (minimum of \$500) to satisfy any of the following immediate and heavy financial needs: unreimbursed medical expenses for qualified persons, purchase of a principal residence, to prevent eviction from or foreclosure on a principal residence, to pay expenses for the repair of certain damages to a principal residence, to pay for post-secondary education expenses for qualified persons, funeral expenses or for expenses that qualify as a casualty deduction under the Internal Revenue Code (IRC).

Year Ended December 31, 2022

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the trustee to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of the fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net depreciation in the fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payments of benefits:

Benefits paid to participants are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid for by the Sponsor. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events:

The Plan has evaluated the events that have occurred subsequent to December 31, 2022 through August 28, 2023, the date that the financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

Axway Inc. 401(k) Plan

Notes to Financial Statements (continued)

Year Ended December 31, 2022

3. Federal income tax status:

The Sponsor has adopted a non-standardized pre-approved profit sharing plan as published by Fidelity Management and Research Company, who obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan Sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Axway Inc. 401(k) Plan

Notes to Financial Statements (continued)

Year Ended December 31, 2022

4. Fair value measurements (continued):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2022, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments in the fair value hierarchy:				
Registered investment companies	\$ 62,248,540	\$ 62,248,540	\$ -	\$ -
Self-directed brokerage accounts	1,747,780	1,747,780	-	-
Investments measured at net asset value ^(a) :				
Common/collective trust	<u>1,208,277</u>	<u>-</u>	<u>-</u>	<u>-</u>
	<u>\$ 65,204,597</u>	<u>\$ 63,996,320</u>	<u>\$ -</u>	<u>\$ -</u>

At December 31, 2021, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments in the fair value hierarchy:				
Registered investment companies	\$ 74,744,583	\$ 74,744,583	\$ -	\$ -
Self-directed brokerage accounts	1,747,498	1,747,498	-	-
Investments measured at net asset value ^(a) :				
Common/collective trust	<u>809,308</u>	<u>-</u>	<u>-</u>	<u>-</u>
	<u>\$ 77,301,389</u>	<u>\$ 76,492,081</u>	<u>\$ -</u>	<u>\$ -</u>

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The assets in the preceding table were measured primarily using the market approach. Following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies: Valued at the closing price reported in the active market in which the individual securities are traded.

Axway Inc. 401(k) Plan

Notes to Financial Statements (continued)

Year Ended December 31, 2022

4. Fair value measurements (continued):

Self-directed brokerage accounts: These funds are invested in individual securities selected by the participant and valued at the closing price reported in the active market in which the securities are traded.

Common/collective trust: The Plan holds an investment in the Reliance Trust NY Life Anchor Account (the Trust), which invests in the New York Life Group Annuity Contract. The Trust simulates the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments that are owned by New York Life. All of the Trust's assets are fully benefit responsive at contract value for all participant directed transactions. The fund is valued at the net asset value of units of the Trust. The net asset value is used as a practical expedient to estimate fair value. The net asset value of the fund's shares is determined daily and includes adjustments for investment fees. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months written notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured using the NAV per share practical expedient:

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2022	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Reliance Trust NY Life Anchor Account	\$ 1,208,277	-	Daily	12 months

Axway Inc. 401(k) Plan

Notes to Financial Statements (continued)

Year Ended December 31, 2022

5. Investment certification:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

6. Related party and party in interest transactions:

Certain Plan investments are managed by Fidelity Investments Institutional Operations Company (Fidelity). The Plan paid certain expenses to Fidelity and other service providers during 2022 related to plan administration and investment activity. These transactions qualify as exempt party in interest transactions under ERISA.

Expenses that are paid directly by the Sponsor are excluded from these financial statements. Employees of the Sponsor perform certain accounting and administrative functions for the Plan, however, no employee receives compensation from the Plan.

7. Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Reconciliation of financial statements to the Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 65,922,108	\$ 78,131,814
Less: employer contributions receivable per the financial statements	<u>(37,691)</u>	<u>(63,084)</u>
Net assets available for benefits per Form 5500	<u>\$ 65,884,417</u>	<u>\$ 78,068,730</u>

Notes to Financial Statements (continued)

Year Ended December 31, 2022

8. Reconciliation of financial statements to Form 5500 (continued):

Additionally, the financial statements present the Fidelity Institutional Money Market Fund and the cash portion of the Fidelity Brokerage Link fund as components of the registered investment companies and self-directed brokerage accounts. These funds are listed on the Form 5500 as noninterest and interest-bearing cash. Furthermore, the financial statements present the common stock portion of the Fidelity Brokerage Link fund as a component of the self-directed brokerage accounts, while the Form 5500 lists this portion as corporate common stock.

The following is a reconciliation of employer contributions per the financial statements to Form 5500 for the year ended December 31, 2022:

Employer contributions per the financial statements	\$ 1,322,118
Add: employer contributions receivable at the beginning of year	63,084
Less: employer contributions receivable at the end of year	<u>(37,691)</u>
Employer contributions per Form 5500	<u>\$ 1,347,511</u>

9. Risks and uncertainties:

The Plan invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
