INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Tramontina USA Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Tramontina USA Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits-modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits-modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

As described in Note 2, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets Held at End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of Tramontina USA, Inc. Retirement Savings Plan (the "Plan") provides only general information. Users of these financial statements should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan, established on January 1, 2000, and recently amended and restated on June 23, 2021, is a defined contribution plan covering generally all employees of Tramontina USA, Inc. and Tramontina U.S. Cookware, Inc. (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan trustee

Fidelity Management Trust Company (the "Trustee") is the trustee and recordkeeper of the Plan and holds all Plan assets in a trust account.

Eligibility

All employees of the Company are eligible to participate in the Plan upon the first day of the month coinciding with or following the date of hire. The Company elected the automatic enrollment feature and participants are enrolled at 4% of their eligible compensation.

Contributions

Participants may contribute up to 100% of eligible compensation, as defined in the Plan, on a pre-tax or post-tax ("Roth") basis, subject to certain limitations set forth in the Internal Revenue Code ("IRC"). The Plan has an automatic enrollment feature for all newly eligible employees at 4% of eligible compensation. The Company matches based on a tiered structure. Depending on the tiered employee grouping, the Company matches an amount equal to 50% or 75% of a participant's contribution to the Plan. Participants must make contributions to be eligible to receive the Company matching contributions.

Each plan year, the Company may make a discretionary contribution to the Plan, although the Company is not required to do so. The contribution is allocated on the last day of the plan year and is based on the participant's annual pay for that year. The Company did not make a discretionary contribution for 2022 or 2021.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching and discretionary contribution, if any, and an allocation of Plan earnings/losses and expenses. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Note 1 - Description of the Plan (Continued)Participant accounts (continued)

Participants direct the investment of their account balances in any of several investment options. Participants can change their allocation among the various investment options either through direct transfers from one investment to another or by changing the percentage of future contributions allocated among the investments.

Vesting

Each participant's contributions and actual earnings thereon are fully vested at all times. A participant is vested in the Company's matching and discretionary contributions, if any, and related earnings thereon as follows:

<u>Years of Service</u>	<u>Vested %</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

In addition, the participants shall be fully vested upon the attainment of normal retirement age of 65, early retirement age of 55, disability or death.

Forfeitures

If a participant terminates employment before having a fully vested interest in their account, the non-vested balance of the account will be forfeited.

Forfeitures may first be used to pay plan expenses. Any forfeitures remaining are available to reduce the Company's future matching contributions. Forfeitures of \$11,900 were used to offset the Company's matching contribution for the year ended December 31, 2022. Forfeitures used to pay administrative fees were \$18,283 for the year ended December 31, 2022. Forfeitures of \$22,704 and \$5,075 remained as of December 31, 2022 and 2021, respectively.

Administrative expenses

Certain administrative expenses of the Plan are paid by the Company.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding note balance during the prior twelve-month period. Notes receivable terms range from one to five years unless the note receivable is used to acquire a principal residence, in which case the Plan administrator may permit a longer repayment term. Only one note can be outstanding at any time. A note receivable is secured by the vested balance in a participant's account and bears interest at a rate commensurate with local prevailing rates as determined by the Plan administrator.

Note 1 - Description of the Plan (Continued)Benefit payments

Benefits are payable from participant account balances, subject to certain limitations, upon retirement, early retirement, death, termination, hardship, or permanent disability, according to the form of payment elected by the participant within limitations defined in the Plan. Distributions shall be made in the form of a lump sum or equal annual installments.

If the value of the participant's account balance is less than \$1,000, the payment will be made in cash in a single lump sum. If the participant's account balance is between \$1,000 and \$5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant.

Note 2 - Summary of Significant Accounting PoliciesAccounting method

The financial statements of the Plan have been prepared using the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Under modified cash basis of accounting, revenues and expenses are recorded at the time of cash receipt or disbursement. Assets are stated at fair value. Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Financial instruments and credit risk

Financial instruments, which potentially subject the Plan to credit risk, include investments in mutual funds and a fully benefit-responsive investment contract. Financial instruments are exposed to various risks, such as interest rate, market volatility, and credit risks.

Due to the level of risk associated with certain financial instruments, it is at least reasonably possible that changes in the values of the financial instruments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances. Plan participants bear the risk of any Plan investment losses.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon the terms of the *Plan Document*, upon liquidation of their account balance.

Note 2 - Summary of Significant Accounting Policies (Continued)Valuation of plan assets

The Plan's investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 regarding of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when received.

The Plan's investment in an investment contract with an insurance company is valued at contract value. See Note 4.

Determination of realized and unrealized gain or loss on investments

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost.

Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Benefit payments

Benefit payments are recorded when paid.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated by the Company, all participants will become 100% vested in their accounts. Effective January 19, 2021, the Plan entered into a partial plan termination in which all affected employees became 100% vested regardless of the Plan's vesting schedule and was applied to the 2021 Plan year. Forfeitures of \$40,291 previously accumulated for affected participants were reallocated to their accounts from the Plan's forfeiture account.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds - These investments are valued daily using quoted market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,344,563	\$ -	\$ -	\$ 11,344,563
Investments at fair value	\$ 11,344,563	\$ -	\$ -	\$ 11,344,563
Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,471,504	\$ -	\$ -	\$ 14,471,504
Investments at fair value	\$ 14,471,504	\$ -	\$ -	\$ 14,471,504

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive investment contract (the "Contract") with Lincoln National Life Insurance Company (the "Contract Issuer"). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Contract Issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Contract value, as reported to the Plan by the Contract Issuer, represents contributions made under the contract, plus earnings at guaranteed crediting rates, less participants withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfer all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the Contract Issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates may change from time to time. Any such change by the Contract Issuer shall be declared in advance and shall become effective as of the first day of the quarter immediately following the date notice of such change is given.

There is no event that limits the ability of the Plan to transact at contract value with the Contract Issuer. There are also no events or circumstances that would allow the Contract Issuer to terminate the fully-benefit responsive group annuity contract with the Plan and settle at an amount different from contract value.

Note 5 - Income Tax Status

The prototype plan adopted by the Company received its latest opinion letter, dated June 30, 2020, in which the Internal Revenue Service (the "IRS") stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended and restated since receiving the opinion letter, the Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of December 31, 2022. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) only if the Company has taken an uncertain position that more likely would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held as of December 31, 2022 and 2021, and net depreciation in value of investments for the year ended December 31, 2022, was obtained by the Company and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company.

Note 7 - Parties-In-Interest Transactions

Certain Plan investments are mutual funds managed by the trustee and qualify as party-in-interest transactions.

Note 8 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2022	2021
Net assets available for benefits per the financial statements	\$ 11,857,763	\$ 15,047,115
Deemed distributions	<u>(37,603)</u>	<u>(3,857)</u>
Net assets per Form 5500	<u>\$ 11,820,160</u>	<u>\$ 15,043,258</u>

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to net loss per Form 5500 for the year ended December 31, 2022:

Net decrease in net assets available for benefits per the financial statements	\$ (3,189,352)
Change in deemed distributions	<u>(33,746)</u>
Net loss per Form 5500	<u>\$ (3,223,098)</u>

Note 9 - Subsequent Events

In March 2023, the Plan made corrective distributions totaling \$99,121 due to participant excess contributions.

Management has evaluated subsequent events through August 9, 2023 which was the date that the financial statements were available to be issued, and has determined that there are no other subsequent events to be reported.
