INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Pentel of America, Ltd. Shared Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Pentel of America, Ltd. Shared Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Pentel of America, Ltd. Shared Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined-contribution plan qualifying under Section 401(k) of the Internal Revenue Code (“IRC”). The Plan covers eligible employees of Pentel of America, Ltd. (the “Company”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator controls and manages the operation and administration of the Plan.

OneAmerica Retirement Services LLC (“OneAmerica”) serves as the Plan recordkeeper. During 2021, the Plan’s trustee changed from BMO Harris Bank N.A. (“BMO”) to Matrix Trust Company (“Matrix”). BMO served as the trustee until May 21, 2021 and was succeeded by Matrix.

Eligibility

There is no minimum service requirement for full-time employees. Part-time employees must complete at least 1,000 hours in the first consecutive six months of employment or a year of service.

Participant Contributions

Participants may elect to contribute 1% to 50% of eligible compensation or, as limited by Code Section 402(g) of the IRC, to a maximum contribution of \$20,500 and \$19,500 in 2022 and 2021, respectively. Eligible employees may also rollover distributions from eligible retirement plans pursuant to the terms of the Plan. Participants are also permitted to contribute after-tax dollars as a Roth elective deferral.

The Plan provides that participants who are age 50 or older may also make catch-up contributions of up to \$6,500 in 2022 and 2021; catch-up contribution limits are indexed annually for inflation.

The Plan has an automatic deferral feature to simplify the administrative requirements for making salary deferrals. All employees who become eligible to make salary deferrals, who had not elected an alternative deferral amount (including an election not to defer), will automatically have 2% of their compensation withheld which will be deposited into the Plan as a salary deferral. The automatic deferral amount will increase each year by 2% up to a maximum of 20% of compensation unless otherwise designated by the participant under a salary deferral election. The automatic increase will take effect beginning in the second Plan year following the year in which the automatic deferral election first becomes effective.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions

The Company may make discretionary matching contributions which will be determined on an annual basis. For 2022 and 2021, the Company made a matching contribution to each participant's account in an amount of 50% of the elective contributions of each participant, not to exceed 6% of compensation of such participant in each pay period. The Company made contributions of \$157,802 and \$175,611 for the years ended December 31, 2022 and 2021, respectively.

Participant Accounts

Each participant's account is maintained separately and is credited with the participant's contribution, the Company's matching contribution and allocations of Company discretionary contributions and Plan earnings and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and collective investment trusts ("CIT") as investment options. Participants may change their investment options at any time.

Vesting

Participants in the Plan are fully vested in their contributions plus actual earnings thereon. Participants become vested in the Company's contributions and related Plan earnings/appreciation based on years of service. Company contributions and related earnings/appreciation shall be vested in accordance with the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six	100%

Participants become fully vested in their accounts upon retirement, death, termination of employment due to disability or upon the Plan's termination.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeitures

Upon termination of employment, the non-vested portion of the participant's account will be forfeited. Forfeitures are retained in the Plan and used for payment of certain administrative fees or reduction of future employer contributions. The employer contributions were reduced by \$13,451 and \$10,156 from forfeited accounts in 2022 and 2021, respectively. At December 31, 2022 and 2021, forfeited non-vested accounts were \$16,743 and \$13,459, respectively.

Notes Receivable from Participants

Loans are available in the Plan. The minimum loan amount is \$1,000. The maximum amount is the lesser of one half of the participant's vested account balance or \$50,000, reduced by the highest outstanding loan balance in the account during the prior twelve-month period. The participant may only have one loan outstanding at any time; loans bear interest at the Wall Street Journal Prime rate + 1%. Outstanding notes receivable at December 31, 2022 and 2021 carry interest rates ranging from 4.25% to 8.00% and mature through 2030. Loans are secured by the vested portion of the participant's account. Loan payments are made through payroll deductions and must be repaid within a period not exceeding 60 months. However, if the loan is for the purchase of a participant's principal residence, the administrator may permit a longer repayment term.

Payment of Benefits

Withdrawals are permissible upon the participant's reaching age 59½, termination of employment, death, disability, retirement or certain financial hardships. The Plan's normal retirement age is 55, or the participant's 5th anniversary of joining the Plan, if later.

Generally, upon termination of service or otherwise becoming eligible to receive benefits, a participant may receive the value of the vested interest in his or her own account as a lump-sum distribution or in the form of a series of installment payments. If a participant's vested balance is less than \$5,000, the vested account balance is either distributed in a lump-sum or rolled over into an IRA or another qualified plan pursuant to Plan provisions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, discontinue making contributions to, amend, or modify the Plan at any time. In the event of a termination of the Plan, all participants will become fully vested in their accounts and the Company will arrange for distribution of all participants' accounts to the participants in accordance with the Plan.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are to be recorded at their unpaid principal balance plus any accrued interest. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. In the event of a default, the Plan Administrator will deem the loan balance to be a distribution to the participant based upon the terms of the plan document.

Excess Contributions Payable

The Plan is required to return contributions to participants in the event certain nondiscrimination tests and/or contribution limits defined under the IRC are not satisfied. Contributions that were refundable to a Plan participant at December 31, 2022 totaled \$367 and is included in excess contributions payable in the accompanying statements of net assets available for benefits.

PENTEL OF AMERICA, LTD.
SHARED SAVINGS PLAN

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Plan is charged for certain administrative expenses, including legal, audit and administrative expenses with the exception of certain services, the fees of which are deducted from the respective participants' funds which include:

- Processing normal, hardship and in-service distribution forms
- Processing loan application forms
- Maintaining existing loans
- Calculating required minimum distributions

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEES

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2022 and 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by BMO, the trustee for the period January 1, 2021 through May 21, 2021, and Matrix, trustee as of December 31, 2022 and 2021 and for the period May 21, 2021 through December 31, 2022. The Plan Administrator has obtained certifications from the trustees that information provided to the Plan Administrator by the trustees related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEES (Continued)

Matrix and BMO have also certified to the completeness and accuracy of the information related to the following changes in net assets:

	<u>Year Ended December 31,</u>	
	<u>2022</u>	<u>2021</u>
Net (depreciation) appreciation in fair value of investments	\$ (2,090,493)	\$ 703,924
Interest and dividend income	315,703	1,042,120
Interest income on notes receivable from participants	8,272	8,885
Other income	9,920	2,154

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value valuation hierarchy under the standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as December 31, 2022 and 2021.

<i>Mutual funds:</i>	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
<i>Collective investment trusts – target-date funds:</i>	Valued at NAV per unit held by the Plan at year-end as reported by the fund administrator, which is based on the fair value of the underlying investments held by the fund less its liabilities. For these CITs, NAV is considered a readily determinable fair value and is the basis for current transactions.
<i>Collective investment trust – OneAmerica Stable Value Fund:</i>	Valued based on the NAV of units of the collective investment trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2022 and 2021:

	<u>Investments at Fair Value as of December 31, 2022</u>

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments held by the Plan are managed by Matrix, the trustee, and its affiliates and BMO, the former trustee; therefore, these transactions qualify as party-in-interest transactions. OneAmerica is the recordkeeper of the Plan and provides recordkeeping and information services; therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid directly by the Plan for administrative and management services were \$77,893 and \$53,379 for the years ended December 31, 2022 and 2021, respectively.

NOTE 6 – INCOME TAX STATUS

The Plan has adopted a non-standardized pre-approved plan document with an Internal Revenue Service (IRS) opinion letter dated August 19, 2020 which states the document, as then designed, is in compliance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan's management has not identified any uncertain tax positions that would require recognition of a liability or asset or disclosure as of December 31, 2022 and 2021. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
