INDEPENDENT AUDITORS' REPORT

To the Trustees of
DonorsChoose.org 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of DonorsChoose.org 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of DonorsChoose.org 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DonorsChoose.org 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DonorsChoose.org 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DonorsChoose.org 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DonorsChoose.org 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DonorsChoose.org 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

Note 1 - Description of Plan

The following description of the DonorsChoose.org 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a - General and Eligibility

The Plan is a defined contribution plan covering all employees of DonorsChoose.org (the "Employer" or "Sponsor") who have completed three months of service and are at least 21 years of age. Employees enter the Plan as participants in the pay period that next follows the date that an individual satisfies the age and service requirement. Employees are ineligible if they are governed by a collective bargaining agreement in which retirement benefits were the subject of good faith bargaining or if the employee is a temporary employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective March 1, 2021, the Plan changed its trustee to Fidelity Management Trust Company ("Fidelity"), and all of the Plan's assets were transferred to Fidelity as of that date. In addition, the Plan adopted a Volume Submitter Defined Contribution Plan agreement through Fidelity. There were no significant changes to the operation of the Plan as a result of adopting this new agreement.

b - Contributions

Participants may make pre-tax elective contributions up to 100% of their annual compensation up to the maximum allowable under the Internal Revenue Code. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch up contributions, up to the maximum allowable under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Employer may elect to make the following types of contributions to the Plan:

Safe Harbor Contributions

In order to maintain safe harbor status, the Employer may make (1) a basic safe harbor matching contribution equal to 100% of each participant's salary deferrals that do not exceed 3% of the participant's compensation plus 50% of salary deferrals between 3% and 5% of the participant's compensation; (2) an enhanced safe harbor matching contribution equal to 100% of each participant's salary deferrals that do not exceed 5% of his or her compensation; or (3) a non-elective contribution equal to at least 3% of each participant's compensation.

Matching Contributions

Each year, the Employer may make a discretionary matching contribution equal to a uniform percentage of each participant's salary deferrals, not to exceed 5% of his or her compensation.

DonorsChoose.org 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

Note 1 - Description of Plan (continued)

b - Contributions (continued)

Profit Sharing Contributions

Each year, the Employer may make a discretionary profit-sharing contribution to the plan which will be allocated among participants eligible to share in the profit-sharing contribution for the Plan year. Each participant's share of the profit-sharing contribution will depend upon the participant's age and compensation. Participants employed on the last day of the Plan year will share in the profit-sharing contribution regardless of the amount of service completed during the year. Participants who terminate employment during the Plan year must be credited with more than 500 hours of service to be eligible to share in the profit-sharing contribution.

The Employer did not make any matching or profit-sharing contributions during the 2022 plan year.

Participant and Employer contributions are invested into various investment options offered by the Plan in accordance with each participant's direction.

c - Participant Accounts

Each participant account is credited with the participant's contribution, the related Employer's contribution and their proportionate share of plan earnings and administrative expense. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d - Vesting

Participants are immediately vested in their contributions and in the Employer's safe harbor and matching contributions plus actual earnings thereon. Vesting in the Employer's profit-sharing contributions is based upon credited years of service. A participant is vested 20% per year of service and attains 100% vesting after six years of credited service.

e - Payment of Benefits

Benefits may be withdrawn upon retirement, hardship, disability, termination of employment, or upon plan termination. Normal retirement age under the Plan is 65. Benefits may be paid as lump sum or as an annuity form of payment. Benefits due to terminated employees with vested benefits of \$5,000 or less will be distributed in a lump sum amount.

f - Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of their vested account balances, whichever is less. Loans bear interest at the Prime Rate plus 1%, and the interest rate is fixed for the duration of the loan. Generally, loans must be repaid within five years unless the loan is for the purchase of a participant's principal residence.

DonorsChoose.org 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

Note 1 - Description of Plan (continued)

g - Hardship Withdrawals

Participants may take a distribution of up to 100% of the participant's salary deferral account, excluding earnings to pay for a financial hardship. The participant must be employed with the Employer at the time of the hardship distribution and cannot make contributions to the Plan for six months after the hardship distribution. The hardship must meet certain conditions as defined by applicable IRS code.

h - Forfeited Accounts

There were no forfeited non-vested accounts at December 31, 2022 or 2021.

Note 2 - Summary of Accounting Policies

The following accounting policies, which conform with accounting principles generally accepted in the United States of America ("U.S. GAAP"), have been used consistently in the preparation of the Plan's financial statements:

a - Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with U.S. GAAP.

b - Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 4 for discussion of fair value measurements). Money market balances are valued at cost, which equals current value. Purchases and sales of securities are recorded on a trade date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

c - Participant Loans

Participant loans are measured at their unpaid principal balance plus accrued, but unpaid, interest. Delinquent loans are reclassified as distributions based on the terms of the Plan documents.

d - Payment of Benefits

Benefits are recorded when paid.

DonorsChoose.org 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

Note 2 - Summary of Accounting Policies (continued)

e - Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

f - Expenses

Certain expenses of maintaining the Plan are paid by the Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

g - Subsequent Events

The Plan has evaluated subsequent events through August 2, 2023, the date that the financial statements are considered available to be issued.

Note 3 - Certified Financial Information

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified as to the completeness and accuracy of the Plan's investments, participant loans, and cash of \$10,623,811 and \$11,209,211 as of December 31, 2022 and 2021, respectively, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022.

Note 4 - Fair Value Measurements

FASB ASC 820, "*Fair Value Measurements and Disclosures*," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

DonorsChoose.org 401(k) Profit Sharing Plan**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2022****Note 4 - Fair Value Measurements (continued)**

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Sponsor is responsible for the determination of fair value. Accordingly, it performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Sponsor has not historically adjusted the prices obtained from the pricing services.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

Note 4 - Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments, all of which are classified within level 1 of the fair value hierarchy consist of the following at December 31:

	<u>2022</u>	<u>2021</u>
Mutual Funds:		
Money Fund	\$ 2,334	\$ 49,311

Total Assets in Fair Value Hierarchy	<u>\$10,528,752</u>	<u>\$11,195,506</u>

Note 5 - Tax Status

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate sections of the Internal Revenue Code ("IRC"), and accordingly, the Trust's net investment income is exempt from income taxes. The Plan has adopted a prototype plan through the Plan's administrator that is qualified by the Internal Revenue Service and a determination letter separately filed is not mandatory by the Plan sponsor. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Management believes that it has appropriate support for any tax positions taken and does not have any uncertain tax positions that are material to the financial statements.

DonorsChoose.org 401(k) Profit Sharing Plan**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2022****Note 6 - Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 - Party-in-Interest Transactions

During 2022 and 2021, the Plans' investments included shares of mutual funds managed by affiliates of Fidelity Management Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Investment transaction and other fees incurred by the Plan are included in net investment income and are not readily determinable.

Note 8 - Plan Termination

Although the intention of the plan is to be permanent, the Sponsor can amend or terminate the plan at any time. If the plan is terminated, all participants will have a 100% vested interest in their accounts as of the termination date.

INDEPENDENT AUDITORS' REPORT

To the Trustees of
DonorsChoose.org 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of DonorsChoose.org 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of DonorsChoose.org 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DonorsChoose.org 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DonorsChoose.org 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DonorsChoose.org 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DonorsChoose.org 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DonorsChoose.org 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

Note 1 - Description of Plan

The following description of the DonorsChoose.org 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a - General and Eligibility

The Plan is a defined contribution plan covering all employees of DonorsChoose.org (the "Employer" or "Sponsor") who have completed three months of service and are at least 21 years of age. Employees enter the Plan as participants in the pay period that next follows the date that an individual satisfies the age and service requirement. Employees are ineligible if they are governed by a collective bargaining agreement in which retirement benefits were the subject of good faith bargaining or if the employee is a temporary employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective March 1, 2021, the Plan changed its trustee to Fidelity Management Trust Company ("Fidelity"), and all of the Plan's assets were transferred to Fidelity as of that date. In addition, the Plan adopted a Volume Submitter Defined Contribution Plan agreement through Fidelity. There were no significant changes to the operation of the Plan as a result of adopting this new agreement.

b - Contributions

Participants may make pre-tax elective contributions up to 100% of their annual compensation up to the maximum allowable under the Internal Revenue Code. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch up contributions, up to the maximum allowable under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Employer may elect to make the following types of contributions to the Plan:

Safe Harbor Contributions

In order to maintain safe harbor status, the Employer may make (1) a basic safe harbor matching contribution equal to 100% of each participant's salary deferrals that do not exceed 3% of the participant's compensation plus 50% of salary deferrals between 3% and 5% of the participant's compensation; (2) an enhanced safe harbor matching contribution equal to 100% of each participant's salary deferrals that do not exceed 5% of his or her compensation; or (3) a non-elective contribution equal to at least 3% of each participant's compensation.

Matching Contributions

Each year, the Employer may make a discretionary matching contribution equal to a uniform percentage of each participant's salary deferrals, not to exceed 5% of his or her compensation.

DonorsChoose.org 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

Note 1 - Description of Plan (continued)

b - Contributions (continued)

Profit Sharing Contributions

Each year, the Employer may make a discretionary profit-sharing contribution to the plan which will be allocated among participants eligible to share in the profit-sharing contribution for the Plan year. Each participant's share of the profit-sharing contribution will depend upon the participant's age and compensation. Participants employed on the last day of the Plan year will share in the profit-sharing contribution regardless of the amount of service completed during the year. Participants who terminate employment during the Plan year must be credited with more than 500 hours of service to be eligible to share in the profit-sharing contribution.

The Employer did not make any matching or profit-sharing contributions during the 2022 plan year.

Participant and Employer contributions are invested into various investment options offered by the Plan in accordance with each participant's direction.

c - Participant Accounts

Each participant account is credited with the participant's contribution, the related Employer's contribution and their proportionate share of plan earnings and administrative expense. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d - Vesting

Participants are immediately vested in their contributions and in the Employer's safe harbor and matching contributions plus actual earnings thereon. Vesting in the Employer's profit-sharing contributions is based upon credited years of service. A participant is vested 20% per year of service and attains 100% vesting after six years of credited service.

e - Payment of Benefits

Benefits may be withdrawn upon retirement, hardship, disability, termination of employment, or upon plan termination. Normal retirement age under the Plan is 65. Benefits may be paid as lump sum or as an annuity form of payment. Benefits due to terminated employees with vested benefits of \$5,000 or less will be distributed in a lump sum amount.

f - Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of their vested account balances, whichever is less. Loans bear interest at the Prime Rate plus 1%, and the interest rate is fixed for the duration of the loan. Generally, loans must be repaid within five years unless the loan is for the purchase of a participant's principal residence.

DonorsChoose.org 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

Note 1 - Description of Plan (continued)

g - Hardship Withdrawals

Participants may take a distribution of up to 100% of the participant's salary deferral account, excluding earnings to pay for a financial hardship. The participant must be employed with the Employer at the time of the hardship distribution and cannot make contributions to the Plan for six months after the hardship distribution. The hardship must meet certain conditions as defined by applicable IRS code.

h - Forfeited Accounts

There were no forfeited non-vested accounts at December 31, 2022 or 2021.

Note 2 - Summary of Accounting Policies

The following accounting policies, which conform with accounting principles generally accepted in the United States of America ("U.S. GAAP"), have been used consistently in the preparation of the Plan's financial statements:

a - Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with U.S. GAAP.

b - Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 4 for discussion of fair value measurements). Money market balances are valued at cost, which equals current value. Purchases and sales of securities are recorded on a trade date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

c - Participant Loans

Participant loans are measured at their unpaid principal balance plus accrued, but unpaid, interest. Delinquent loans are reclassified as distributions based on the terms of the Plan documents.

d - Payment of Benefits

Benefits are recorded when paid.

DonorsChoose.org 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

Note 2 - Summary of Accounting Policies (continued)

e - Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

f - Expenses

Certain expenses of maintaining the Plan are paid by the Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

g - Subsequent Events

The Plan has evaluated subsequent events through August 2, 2023, the date that the financial statements are considered available to be issued.

Note 3 - Certified Financial Information

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified as to the completeness and accuracy of the Plan's investments, participant loans, and cash of \$10,623,811 and \$11,209,211 as of December 31, 2022 and 2021, respectively, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022.

Note 4 - Fair Value Measurements

FASB ASC 820, "*Fair Value Measurements and Disclosures*," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

DonorsChoose.org 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

Note 4 - Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Sponsor is responsible for the determination of fair value. Accordingly, it performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Sponsor has not historically adjusted the prices obtained from the pricing services.

DonorsChoose.org 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

Note 4 - Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments, all of which are classified within level 1 of the fair value hierarchy consist of the following at December 31:

	<u>2022</u>	<u>2021</u>
Mutual Funds:

Note 5 - Tax Status

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate sections of the Internal Revenue Code ("IRC"), and accordingly, the Trust's net investment income is exempt from income taxes. The Plan has adopted a prototype plan through the Plan's administrator that is qualified by the Internal Revenue Service and a determination letter separately filed is not mandatory by the Plan sponsor. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Management believes that it has appropriate support for any tax positions taken and does not have any uncertain tax positions that are material to the financial statements.

DonorsChoose.org 401(k) Profit Sharing Plan**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2022****Note 6 - Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 - Party-in-Interest Transactions

During 2022 and 2021, the Plans' investments included shares of mutual funds managed by affiliates of Fidelity Management Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Investment transaction and other fees incurred by the Plan are included in net investment income and are not readily determinable.

Note 8 - Plan Termination

Although the intention of the plan is to be permanent, the Sponsor can amend or terminate the plan at any time. If the plan is terminated, all participants will have a 100% vested interest in their accounts as of the termination date.
