Independent Auditor's Report

To the Plan Administrator
The Global Companies 401(k) Plan
Indianapolis, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Global Companies 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of year ended December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Global Companies 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Global Companies 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Global Companies 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Global Companies 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Global Companies 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2022 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Global Companies 401(k) Plan

Notes to the financial statements

Note 1: Description of Plan

The following description of the The Global Companies 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective January 1, 2013. The Plan has been amended throughout the years to comply with tax legislation. The Plan was last restated effective January 1, 2015, and last amended effective October 6, 2020. The Plan excludes leased employees, nonresident aliens, and employees covered by a collective bargaining agreement. The Plan covers all eligible employees of Global Plastics, Inc. ("the Company"), Global Forming, LLC ("participating affiliate"), Global Packaging, Inc. ("participating affiliate"), and Global Air, Inc. ("participating affiliate"), collectively "the Companies", who have completed one year of service and are age 18 or older. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for the oversight of the Plan. The Plan administrator appoints a committee to serve as the Plan fiduciary. The committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees of the Companies shall be eligible to participate in the deferral and safe harbor matching components of the Plan after completion of one year of service and obtaining 18 years of age. Employees enter the Plan on the first day of the first or seventh month of the year following the completion of eligibility requirements. Participants are eligible for the discretionary profit sharing contribution if they meet the eligibility requirements above, complete 1,000 hours of service during the plan year, and are employed on the last day of the Plan year.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Companies will make safe harbor matching contributions. For the years ended December 31, 2022 and 2021, the Companies' safe harbor matching contribution was equal to 100% of deferrals on the first 3% of compensation deferred, plus 50% of deferrals between 3% and 5% of compensation deferred. For the years ended December 31, 2022 and 2021, there were no discretionary profit sharing contributions.

Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan.

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Companies' safe harbor matching contribution, an allocation of the Companies' discretionary profit sharing contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Companies' safe harbor matching contributions plus actual earnings thereon. Vesting in the Companies' discretionary profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested in the Companies' discretionary profit sharing contribution after six years of credited service. Notwithstanding the above, a participant is fully vested upon death or permanent disability.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution. The Plan allows for in-service distributions if a participant reaches age 59 1/2 and hardship distributions subject to Plan provisions. Participants may receive a distribution from the rollover contribution portion of their accounts at any time. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name, without the participant's consent.

Forfeited Accounts

Forfeited nonvested accounts are first used to reduce any future Companies' contributions and then are used to pay administrative expenses. Forfeited nonvested accounts totaled \$10 as of December 31, 2022 and 2021. No forfeitures were used to reduce the Companies' contributions or pay administrative expenses during the year ended December 31, 2022.

Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Companies' contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, third-party administrators, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through September 1, 2023, the date the financial statements were available to be issued.

The Global Companies 401(k) Plan

Notes to the financial statements

Note 3: Information Prepared and Certified by the Trustee

At December 31, 2022 and 2021, the Plan's investments were held by the Reliance Trust Company ("Reliance"), the trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the trustee as complete and accurate as of December 31, 2022 and 2021, and for the year ended December 31, 2022:

	2022	2021
Investments:		
Pooled separate account, at fair value	\$ 5,744,270	\$ 5,757,978
Common collective trust, at contract value	140,543	129,875
Total investments	\$ 5,884,813	\$ 5,887,853
Investment income (loss):		
Net depreciation in fair value of investments	\$ (1,187,491)	
Dividend income	192,374	
Interest on common collective trust	3,180	
Total investment loss	\$ (991,937)	

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Considerable judgment may be required in interpreting market data used to develop the estimates of fair value.

The three levels of fair value hierarchy under Financial Accounting Standards Boards Accounting Standards Codification 820 are described as follows:

Level I - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III - Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The Global Companies 401(k) Plan

Notes to the financial statements

Note 4: Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts: Valued at the net asset value (NAV) of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2022			
	Level I	Level II	Level III	Total
Pooled separate accounts	\$ -	\$ 5,744,270	\$ -	\$ 5,744,270
Total investments at fair value	\$ -	\$ 5,744,270	\$ -	\$ 5,744,270

	2021			
	Level I	Level II	Level III	Total
Pooled separate accounts	\$ -	\$ 5,757,978	\$ -	\$ 5,757,978
Total investments at fair value	\$ -	\$ 5,757,978	\$ -	\$ 5,757,978

Note 5: Group Annuity Contract with Insurance Company

The Plan has a traditionally fully benefit-responsive guaranteed investment contract with Putnam Fiduciary Trust Company, LLC ("Putnam"). The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the contract issues or otherwise. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuers. The crediting rate is reviewed on a semi-annual basis for resetting. The guaranteed investment contract does not permit the insurance companies to terminate the agreement prior to the scheduled maturity date. The value of this contract, as of December 31, 2022 and 2021, is recorded as common collective trust, at contract value on the statements of net assets available for benefits.

The Global Companies 401(k) Plan

Notes to the financial statements

Note 5: Group Annuity Contract with Insurance Company (Continued)

The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Reliance, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet its financial obligations. The issuers' ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuers.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Tax Status

The volume submitter plan obtained an opinion letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Global Companies 401(k) Plan

Notes to the financial statements

Note 7: Tax Status (Continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for the three prior plan years.

Note 8: Related Party and Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

All the Plan investments are managed by Reliance. Reliance is the trustee as of December 31, 2022 and 2021, and during the year ended December 31, 2022. Automatic Data Processing (ADP) prepares documentation on behalf of Reliance with respect to assets of the Plan held by Reliance. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These investment transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 9: Nonexempt Transactions

During 2018 and 2017, the Companies failed to remit employee 401(k) deferral contributions for certain payroll periods within the timeframe prescribed by the Department of Labor. This is deemed a prohibited transaction in accordance with ERISA and the IRC. The Companies corrected the prohibited transactions by submitting the required Form 5330s with the IRS and paid the appropriate interest and excise tax for both 2018 and 2017 delinquent contributions during the year ended December 31, 2022. The delinquent contributions were resolved during the year ended December 31, 2022.
