Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the CCP 401(k) Retirement Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements - Continued

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CCP 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 1 - Description of Plan

The CCP 401(k) Retirement Savings Plan (Plan) was formed effective January 2, 1985. The Plan is sponsored by Community Care Physicians, PLLC (CCP PLLC).

Effective October 1, 2021, the Plan was restated to change the name from the Community Care Physicians, P.C. Profit Sharing Plan to CCP 401(k) Retirement Savings Plan, and to change the plan year from October 1 through September 30 to January 1 through December 31.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a profit-sharing plan with a 401(k) feature, covering all eligible full-time and part-time employees of CCP PLLC and a participating employer affiliated through common management, CCP TASS, Inc. (collectively referred to as the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan assets are held by the Trustee, Principal Trust Company, a member of Principal Financial Group. Company contributions, participant elective deferrals, and participant accounts are held and administered by the Trustee, who invests cash received and income from investments based on written instructions from the Company and participants and makes distributions to participants. The Company's Pension Committee and investment advisor are responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

b. Plan Eligibility

Employees are eligible to participate in the Plan with respect to employee contributions after attainment of age 21 years old with no service requirement. With respect to employer contributions, employees expected to work at least 30 hours per week are required to complete one month of service. Employees expected to work less than 30 hours per week are required to complete 12 months of service in which they were credited with 1,000 hours of service during the eligibility computation period. The "initial eligibility computation period" is defined as the twelve-month period that begins with the date the employee is hired. If the employee does not meet the service requirements during the first year following the date of hire, the eligibility period changes to the Plan year. The requirements could then be met during the Plan year.

c. Contributions

Each year, participants may contribute a percentage or fixed dollar amount of their pre-tax annual compensation to the Plan, subject to certain limitations as defined by the Internal Revenue Code (IRC). The limits are based upon a calendar year and were \$20,500 and \$19,500 for the years ended December 31, 2022 and 2021, respectively.

Once eligibility requirements are met (unless the employee elects otherwise), 6% of a participant's eligible compensation will be automatically deferred into the Plan for the benefit of the participant. Participants may also make Roth contributions into the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make "catch-up" contributions, up to a maximum of \$6,500 for both the years ended December 31, 2022 and 2021. Participants may also contribute rollover amounts representing distributions from other qualified retirement plans.

CCP 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 1 - Description of Plan - Continued

c. Contributions - Continued

Subsequent to the satisfaction of Plan eligibility (Note 1b), active employees share in employer discretionary profit-sharing contributions and employer discretionary non-elective ADP test safe harbor contributions, regardless of hours worked during the year. Terminated employees are eligible for employer discretionary profit-sharing contributions and employer discretionary non-elective ADP test safe harbor contributions during the year of termination when credited with at least 500 hours of service during the year.

Profit-sharing contributions from the Company are based on a class allocation formula, with each physician in a separate class, as well as a class for each of the following groups: (1) senior management, (2) advanced practitioners, and (3) all other employees. Contributions allocated to each class are discretionary and determined annually by the Board of Directors. The contributions were determined to be nondiscriminatory under the Internal Revenue Code for the year ended December 31, 2022.

The Company may make a 3%, nonelective ADP test safe harbor contribution to the Plan based on eligible employee compensation during the period. A nonelective ADP test safe harbor contribution is a minimum contribution made by the Company that allows the Plan to be exempt from certain nondiscrimination tests.

Participants direct their elective deferral amounts and Company contributions, if any, to any of several investment options, which are held and administered by the Trustee of the Plan.

d. Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's profit-sharing contribution (if any), an allocation of forfeitures used to reduce the Company's profit-sharing contribution (Note 1h), the Company's discretionary non-elective ADP test safe harbor contributions (if any) and the Plan's investment earnings/losses, net of investment expenses. Allocations are based on participant earnings/losses or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately vested in their elective deferral amounts, rollover contributions, and the Company's discretionary non-elective ADP test safe harbor contribution, plus actual earnings thereon.

Vesting in the Company's profit-sharing contribution is based on years of continuous service. A participant is 100% vested upon: (1) attaining six years of credited service; (2) disability; (3) death; (4) normal retirement at age 59½; or (5) termination of the Plan. If a participant's employment with the Company is terminated before age 59½ for any reason other than disability or death, the participant shall be entitled to an amount equal to the vested percentage of his or her account balance.

CCP 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 1 - Description of Plan - Continued

e. Vesting - Continued

A participant shall have a vested and nonforfeitable interest in his or her account balance determined by the number of years of service as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2	0
2 but less than 3	20
3 but less than 4	40
4 but less than 5	60
5 but less than 6	80
6 or more	100

f. Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. In addition, the 50% limit is reduced by the highest outstanding loan balance of any previous loans made in the previous twelve months. Participant notes are secured by the balance in the participants' accounts and bear interest at a rate commensurate with rates of commercial lending institutions for loans which would be made under similar circumstances, as determined by the Plan administrator. Principal and interest are paid ratably through regular payroll deductions. In general, loans must be repaid within five years; however, if the loan is used to purchase a principal residence, the term may be longer.

g. Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant (or beneficiary in the case of death) may elect to receive an amount equal to the value of the participant's vested interest in their account as a lump sum distribution or defer distribution until a later date. However, if the vested portion of a participant's account balance is \$5,000 or less (excluding rollover balances), this amount will be paid as a lump sum distribution as soon as possible following termination, retirement, disability, or to the beneficiary following death.

h. Forfeitures

Forfeitures may be first used to pay administrative expenses under the Plan. Forfeitures not used to pay administrative expenses are used to reduce the employer's discretionary profit-sharing contributions and allocated in the same manner. Forfeitures not used to pay administrative expenses or to reduce the Company's discretionary profit-sharing contributions are allocated to participant accounts in the same manner as the employer's discretionary profit-sharing contribution. The Plan did not use any forfeitures to pay Plan administrative expenses for the year ended December 31, 2022. As of December 31, 2022 and 2021, available forfeitures totaled \$209,330 and \$415,443, respectively, which were used to reduce the employer's discretionary profit-sharing contributions.

CCP 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

b. Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value, which is defined as the price that would be received to sell an asset in an orderly transaction between market participants on the measurement date. The Plan trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Participant Notes Receivable

Participant notes receivable are stated at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. If a participant ceases to make loan repayments, the loan is deemed to be in default. Defaulted loan balances are taxable income to the participant in the year of default. Defaulted loans remain Plan assets until the loan is repaid or the participant has a distributable event. Loans treated as distributions totaled \$215,649 for the year ended December 31, 2022.

e. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants subsequent to the Plan's year-end.

f. Payment of Benefits

Benefits are recorded when paid.

CCP 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 2 - Summary of Significant Accounting Policies - Continued

g. Expenses

Certain Plan fees are paid from Plan assets, and other expenses of the Plan are paid directly by the Company. Recordkeeping fees and fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

h. Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure through September 5, 2023 the date the financial statements were available to be issued.

Note 3 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on participant notes receivable for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee of the Plan.

Note 4 - Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CCP 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 4 - Investments and Fair Value Measurements - Continued

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2022 and 2021. There have been no changes to the methodologies at December 31, 2022.

- Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Collective Investment Trusts: Valued at the NAV of units of a collective trust fund. The NAV, as provided by the Trustee, is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is calculated in a manner consistent with U.S. GAAP for investment companies and is the basis for current transactions (purchases and sales), which may occur daily.
- Pooled Separate Accounts: Valued based upon the units of such pooled separate accounts held by the Plan at year end multiplied by the respective unit value. The unit value is calculated daily based on the net asset value of shares of the underlying fund and includes the underlying investments' daily performance investment income and related administrative and investment fees assessed. The NAV is not a publicly quoted price in an active market and is computed in accordance with investment company measurement principles. The pooled separate accounts can be redeemed at NAV as of the measurement date. The Plan has no unfunded commitments related to the pooled separate accounts and redemptions and subscriptions are permitted daily.
- Corporate Stock and Exchange-Traded Funds: Valued at the closing price reported on the active market on which the securities or funds are traded. Corporate stock and exchange-traded funds are held within the self-directed brokerage accounts.
- Self-Directed Brokerage Accounts: Accounts consist of mutual funds, exchange-traded funds, and corporate stock that are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- (a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5 - Related Party and Party-In-Interest Transactions

The Company paid expenses in connection with the administration of the Plan totaling \$114,300 for the year ended December 31, 2022. In addition, certain administrative functions are performed by employees of the Company who do not receive compensation from the Plan for such functions.

Pooled separate accounts and collective investment trusts offered as investment options are managed by Principal Trust Company, the Trustee of the Plan.

CCP 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, participants will become 100% vested in their accounts, and the remaining net assets of the Plan will be allocated as prescribed by ERISA and its related regulations. Upon termination of the Plan, the Trustee will continue to hold the Plan assets and will make distributions of the Plan benefits in accordance with the instructions of the Plan administrator and the Plan provisions.

Note 7 - Tax Status

The IRS has ruled that the Non-Standardized Defined Contribution Pre-Approved Plan adopted by the Plan on October 1, 2021, constitutes a qualified plan under Section 401(a) of the IRC and is, therefore, exempt from federal income taxes under the provisions of Section 501(a). The plan has received an opinion letter dated June 30, 2020 from the IRS as to the Plan's qualified status. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Market risks include global events which could impact the value of investments, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
