REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Retirement Plan Committee
Noble Research Institute, LLC 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Noble Research Institute, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Noble Research Institute, LLC 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF PLAN

The following description of the Noble Research Institute, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan provisions.

General and Eligibility

The Plan is a 100% participant-directed 401(k) profit sharing plan, technically known as a defined contribution plan with a salary deferral arrangement covering employees of Noble Research Institute, LLC (the "Institute" or "Employer"), an Oklahoma nonprofit limited liability company. Plan eligibility includes substantially all salaried employees as of the plan restatement in 2021. Employees are eligible for participation at date of hire.

The Plan is administered by the Retirement Plans Committee (the "Committee") appointed by the Board of Directors of the Foundation and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Assets of the Plan are maintained and accounted for by the Plan's trustee. Marquette Associates serves as investment consultant.

Wells Fargo Bank, N.A. was the former trustee ("Former Trustee") through June 16, 2021. Effective June 17, 2021, Principal Trust (the "Trustee") was made trustee of the Plan and Principal Life Insurance Company became the record keeper of the Plan.

Participant Contributions

Under the 401(k) provisions of the Plan, participants may contribute up to 100% of their eligible salary to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Contributions are subject to certain limitations.

The Plan provides an automatic contribution arrangement. This arrangement provides a 3% contribution for all automatically enrolled participants and allows participants who have been automatically enrolled to request a withdrawal of the automatic contributions within 90 days of the first contribution. Additionally, participants will be subject to an automatic escalation of 1% each January 1st until the percentage reaches 10% unless a contrary election is made.

Employer Contributions

The Employer matches 100% of the first 6% of salary deferral contributions for participants who have 10 or more years of service and 70% of the first 6% of salary deferral contributions for participants who have less than 10 years of service. Additional profit-sharing amounts may be contributed at the option of the Employer. During 2022 and 2021, no additional profit-sharing contributions were made.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions, and an allocation of Plan earnings or losses. Allocations are based on provisions of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants can direct their contributions and Employer contributions into various mutual funds and collective trusts. Additionally, participants can elect to participate in a self-directed brokerage account that allows participants to invest in a wide variety of securities.

Vesting

Participants are immediately vested in their contributions and actual earnings or losses thereon.

Employees become 100% vested in the Employer's contributions plus actual earnings or losses thereon after three years of service.

In July 2021, the Plan incurred a partial plan termination whereby affected participants became fully vested in their account balances.

Payment of Benefits

The Plan provides for benefits, which are payable in a single lump sum after termination of employment with the Institute if the participant terminates employment, retires or becomes permanently disabled, or in the event of death.

When a participant retires, the payment would be deferred unless the participant elects immediate distribution. Required minimum distributions cannot be deferred later than April 1 of the year following the year in which an employee attains the age of 72. These required minimum distributions may be taken as a lump sum or in installments.

For participants who have not yet attained the age of 62 and whose balances do not exceed \$5,000, mandatory distributions are required immediately following severance from employment.

Forfeitures

Participants' accounts that are forfeited because of termination prior to vesting are used to reduce future Employer contributions and/or expenses. Forfeitures used to offset Employer contributions were \$2,166 and \$24,097 in 2022 and 2021, respectively. Forfeitures used to offset expenses were \$13,785 and \$34,470 in 2022 and 2021, respectively. Forfeitures of nonvested portions of participants' accounts were \$2,661 and \$2,281 at December 31, 2022 and 2021, respectively.

Plan Termination

The Institute has the right to terminate the Plan subject to the terms set forth in ERISA; although, it has not expressed any intention to do so.

In the event the Plan terminates, participants' accounts would immediately become fully vested. The Plan's assets would be liquidated and, at the Committee's discretion and after deducting expenses for any liquidation, distribution and other costs, the remaining cash proceeds would be distributed to the participants, transferred to individual retirement accounts or transferred to another trust fund at a date to be determined by the Committee.

Notes Receivable from Participants

Each participant may borrow from his or her fund account a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participant's vested account balance or \$50,000, reduced by the participant's highest outstanding note balance during the one-year period immediately preceding the date on which the

note is made. The note is secured by the balance in the participant's account and bears interest at prime plus 1%. Principal and interest are paid through payroll deductions. Loan repayment terms range from one to five years except for loans taken for the purchase of a first home in which case the repayment terms may be extended up to ten years. Participants are permitted to have two outstanding loans at one time.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements is as follows.

Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Investment transactions are recognized as of the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation)/appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Institute and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net (depreciation)/appreciation of fair value of investments.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

NOTE C - INVESTMENTS

In general, the investments held by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan also has a noninterest-bearing cash account. At times, such cash investments may be in excess of federally insured limits.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices of identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trusts - Valued at NAV of units of the collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Self-Directed Brokerage Account - Accounts primarily consist of mutual funds, common stocks, cash and cash equivalents. Common stocks are valued on the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the daily closing price as

Noble Research Institute, LLC 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Cash and cash equivalents are valued by reference to their face value due to the short-term nature of the interest-bearing cash balances and included below within Level 2 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022

NOTE E - TAX STATUS

The Plan is based on a prototype plan, which has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020 stating the Plan is a qualified plan under the applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes the Plan is qualified and the related trust was tax-exempt.

U.S. GAAP requires the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - INFORMATION CERTIFIED BY TRUSTEE

The Plan has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee and the Former Trustee of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment (loss)/income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE G - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments within the self-directed brokerage accounts and cash account are managed by an affiliate of the Trustee and, therefore, these transactions qualify as party-in-interest transactions.

Fees are paid to the Trustee, Former Trustee or an affiliate of the Trustee for their investment management services; these transactions qualify as party-in-interest transactions.

Notes receivable from participants held by the Plan are also considered party-in-interest transactions.

These transactions are exempt from the prohibited transaction rules under ERISA.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of participants' loans per the financial statements to Form 5500 at December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Participant loans per the financial statements	\$ 411,078	\$ 331,366
