INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants
MGS, Inc.
401(k) Plan
Denver, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the MGS, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements

Management, having determined it is permissible in the circumstances, has elected to have the audit of the MGS, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the MGS, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the MGS, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the MGS, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the MGS, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of the Schedule of the Assets Held for Investment Purposes as of December 31, 2022, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and

reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1 – Plan Description

The following description of the MGS, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan, established June 1, 1974, is a defined contribution plan covering all eligible employees of MGS, Inc. (the Company) and provides for retirement, death, and disability benefits. Employees of the Company who have completed 6 months of service and have attained the age of 21 are eligible to participate in the Plan on the first day of the proceeding calendar year quarter after obtaining eligibility. The plan administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan’s offerings and monitors investment performance.

Contributions – Participants may contribute up to 100% of eligible compensation, not to exceed the annual amount permitted by Federal law. Catch-up contributions are permitted for eligible participants age 50 or older by the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make discretionary matching contributions as determined by management. For both years ended December 31, 2022 and 2021, the Company matched 25% of the first 4% of the employee elective deferrals. The Company made matching contributions of \$51,822 and \$48,314 for the years ended December 31, 2022 and 2021, respectively.

The Company may also make a discretionary employer profit sharing contribution at the option of its Board of Directors. Profit-sharing contributions totaled \$300,000 for both the years ended December 31, 2022 and 2021. Additionally, the Company may make a qualified non-elective contribution that is sufficient to satisfy certain required regulations. For the years ended December 31, 2022 and 2021, qualified non-elective contributions totaled \$5,534 and \$0 for the years ended December 31, 2022 and 2021, respectively.

Participant Accounts – Each participant's account is credited with the participant's contribution and the participant's share of the employer contributions, an allocation of plan earnings or losses based on the participant's directed investment accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investments for their account.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are vested in discretionary employer match contributions and profit-sharing contributions plus actual earnings thereon based on years of continuous service as follows:

<u>Years of Vesting Service</u>	
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

Notes to Financial Statements

Note 1 – Plan Description – Continued

A participant is 100% vested after five years of credited service. Special vesting rules apply for participants who die, become disabled or reach the early retirement age (55) prior to becoming fully vested.

Payment of Benefits – Upon termination of service, a participant may elect to receive either a lump-sum distribution equal to the vested value of his or her account or partial distributions. Automatic distributions will be made to terminated participants with vested balances less than \$1,000. If a terminated participant's vested balance is in excess of \$1,000 but not greater than \$5,000, the plan administrator will make the distribution to an individual retirement account (IRA) absent a distribution directive from the participant. If the participant's vested account balance exceeds \$5,000, a request from the participant is required before distribution. A participant may also elect to have the amount rolled into an IRA or another qualified plan. Hardship withdrawals are permitted from fully vested employee deferral accounts and any rollover contributions plus their earnings.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The loans are secured by the balance in the participant's account. The interest rate charged will be a rate reasonable at the time of application, considering the purpose of the loan and the rate being charged by representative commercial banks in the local area for a similar loan (3.24% - 6.49%). Principal and interest are paid ratably through payroll deductions. A loan origination fee and monthly maintenance fee are charged and financed within the loan.

Forfeitures – At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$3,279 and \$1,117, respectively. These amounts can be used to reduce plan administrative expenses or reduce employer contributions. Forfeitures of \$1,223 and \$963 were used to reduce plan administrative expenses for the years ended December 31, 2022 and 2021, respectively.

Note 2 – Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value as determined and certified by the Plan's trustee. Mutual funds are valued at quoted market prices, which represent the net asset value of share held by the Plan at year end. Money market funds are valued at the quoted redemption value at year end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Notes to Financial Statements

Note 2 – Significant Accounting Policies – Continued

Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Investment income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balances. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – All administrative expenses will be paid by the Plan unless paid by the Company. Certain administrative expenses associated with the Plan were paid by the Plan.

Subsequent Events – Events that occurred subsequent to December 31, 2022 have been evaluated by the Plan's management through the date of the independent auditor's report, which is the date the financial statements were available to be issued.

Note 3 – New Accounting Standards

Pronouncements issued by the Financial Accounting Standards Board (FASB) with future effective dates are either not applicable or are not expected to be significant to the Plan's financial statements.

Note 4 – Investments

During the years ended December 31, 2022 and 2021, the Plan's investments, including gains and losses on investments bought, sold, and held during the year, appreciated (depreciated) in value by (\$1,319,945) and \$295,043, respectively.

Note 5 – Fair Value Measurements

Generally accepted accounting principles in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 5 – Fair Value Measurements – Continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money Market Funds: Valued at the quoted redemption price at year end.

Mutual Funds: Valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of difference methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021, respectively:

	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination or partial plan termination, participants will become 100 percent vested in their accounts.

Note 7 – Parties-In-Interest Transactions

Administrative expenses were paid to Fulton Bank, N.A. (Fulton). Fulton is the trustee and record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses, net of rebates paid to Fulton by the Plan totaled \$5,735 and \$4,847 for the years ended December 31, 2022 and 2021, respectively.

Professional fees were paid to Simon Lever, LLC. Simon Lever, LLC is the independent auditor and, therefore, these transactions qualify as party-in-interest transactions. Professional fees paid to Simon Lever, LLC by the Plan totaled \$0 and \$4,950 for the years ended December 31, 2022 and 2021, respectively.

As previously discussed, the Plan may issue notes receivable to participants that are secured by participant account balances. All these transactions qualify as party-in-interest transactions.

Note 8 – Tax Status

The Company adopted a Non-Standardized Prototype Profit Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020. The opinion letter stated that the Prototype Plan, as then designed, is in accordance with applicable sections of the Internal Revenue Code (IRC). The prototype has been amended since receiving the determination letter for various amendments. However, the plan administrator and third-party administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan continues to be tax-exempt as of the financial statement date.

Notes to Financial Statements

Note 8 – Tax Status – Continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Department of Labor. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Fulton Bank, N.A., the trustee.

- Investments, at fair value
- Investment Income
- Accrued Interest and Dividends
- Schedule of Assets Held for Investment Purposes
- Notes Receivable from participants

Note 10 – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11 – Subsequent Events

In June 2023, the Plan was amended and restated as a result of the Plan transitioning its trustee from Fulton Bank, N.A. to John Hancock. There were no significant changes to Plan provisions as part of the restatement.
