INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Western States 401(k) Retirement Fund of the OPEIU
PMB #116
5331 S Macadam Avenue, Ste 258
Portland, OR 97239

Opinion

We have audited the accompanying financial statements of Western States 401(k) Retirement Fund of the OPEIU (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date when the financial statements are available to be issued.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of (1) Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) and (2) Schedule H, Part IV, line 4a – Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Portland, OR 97239

Opinion

We have audited the accompanying financial statements of Western States 401(k) Retirement Fund of the OPEIU (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date when the financial statements are available to be issued.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of (1) Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) and (2) Schedule H, Part IV, line 4a – Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WESTERN STATES 401(K) RETIREMENT FUND OF THE OPEIU

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The following brief description of the Western States 401(k) Retirement Fund of the OPEIU (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement and summary plan description for more complete information.

General – The Plan was established in 1959 to provide an individual account retirement plan for participating eligible employees who are: (a) an employee of an employer covered by a collective bargaining agreement which requires or permits contributions to the Plan; (b) an employee of the Union; (c) an Associate Employee of an employer; and (d) an employee of an employer, not covered by a collective bargaining unit, but are in a classification approved by the Plan’s board of Trustees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Employers shall contribute to the Plan for each participant, the applicable amount as set forth in the Employer’s collective bargaining agreement or special agreement. Participants may elect to make voluntary 401(k) contributions equal to the lesser of (a) 100 percent of their earnings or (b) the annual deferral limit applicable under Internal Revenue Code 402(g) which includes a catchup contribution for those participants who are age 50 or older.

Participants Accounts – Each participant’s account is credited with (a) contributions made by the participant’s Employer; (b) contributions made by the participant; and (c) an allocation of Plan earnings and expenses. The allocation of Plan earnings and expenses to each participant’s account is based on the ratio of the participant’s account balance, after reduction for distributions, to the total of all participants’ account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting – Participants are 100% vested in their accounts at all times.

Loans to Participants – The Board of Trustees amended the Plan’s loan provisions to eliminate the availability of new loans to participants as of July 1, 2015. Prior to July 1, 2015, the Plan permitted loans within Internal Revenue Service prescribed limits. Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. At December 31, 2022, all outstanding loans were in default but are secured by the balance in the participant’s account. Upon distribution of benefits, any unpaid loan balance will be deducted from the participant’s account balance. Interest rates on loans outstanding at December 31, 2022 ranged from 4.25% to 9.25%.

Benefits – Benefits can be paid from the Plan upon termination of employment, retirement, death, disability, or upon reaching age 59½. Benefits can be paid in a lump-sum, periodic and non-periodic installments as set forth in the Plan.

Effective January 1, 2019, the Plan was amended to permit participants to receive a distribution of their account, plus earnings thereon, in the case of certain hardships as defined in the Plan. Participants should refer to the Summary of Material Modifications of information contained in the Summary Plan Description for what qualifies as a hardship and other requirements for such a distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Options – The Plan provides participants with a choice from an array of different investment options. The allocation of Employer and participant contributions among the investment options must be in 1% increments. Participants may change their investment allocation for both current assets and future contributions on a daily basis. All investments are participant directed.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value, except for the common collective trust which represents a fully benefit-responsive investment contract and is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Payment of Benefits – Benefits are recorded when paid.

Contributions Receivable – Employer contributions receivable represent the amount that employers are obligated to contribute under the terms of their labor agreements for work that participants performed during the year ended December 31. Participant elective deferrals receivable represent amounts withheld from employees' paychecks during December. These receivables typically are collected within 20 days, and management believes the amounts are fully collectible. Accordingly, there is no allowance for doubtful accounts.

WESTERN STATES 401(K) RETIREMENT FUND OF THE OPEIU

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2022 AND 2021

3. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan may be amended from time to time, however; it is the Trustees' and the Plan's tax counsel's intent to maintain the Plan so that it is designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

4. LOANS IN DEFAULT

Notes receivable from participants includes loans in default aggregating \$227,492 and \$286,022 at December 31, 2022 and 2021, respectively. Loans are classified as loans in default if the participant fails to make payments for a consecutive ninety (90) day period. At December 31, 2022, all outstanding loans were in default. The foreclosure of loans in default shall occur on the account balance only when there is a distributable event at which time the loan balance is charged to distributions.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observed for substantially the full term of the asset or liability.

WESTERN STATES 401(K) RETIREMENT FUND OF THE OPEIU

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2022 AND 2021

5. FAIR VALUE MEASUREMENTS - Continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets in the fair value hierarchy-				
Registered investment companies	<u>\$53,835,726</u>	<u>\$ -</u>	<u>\$ -</u>	\$53,835,726
Pooled separate account at contract value				<u>2,590,224</u>
				<u>\$56,425,950</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets in the fair value hierarchy-				
Registered investment companies	<u>\$68,679,705</u>	<u>\$ -</u>	<u>\$ -</u>	\$68,679,705
Pooled separate account at contract value				<u>2,408,421</u>
				<u>\$71,088,126</u>

Changes in Fair Value Levels – The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported on the actual date of the event or change in circumstances that caused the transfer.

The Plan's management evaluates the significant transfers, if any, between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2022 and 2021, there were no significant transfers in or out of levels 1, 2 or 3.

WESTERN STATES 401(K) RETIREMENT FUND OF THE OPEIU

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2022 AND 2021

6. POOLED SEPARATE ACCOUNT

Pooled separate account (New York Life Insurance Co. Anchor Accounts) – The Plan has entered into an investment contract with the New York Life Insurance Company Stable Value Fund, Anchor Account IV (the “Fund”). The Fund maintains contributions in a pooled account which is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is fully benefit-responsive. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Fund is valued at contract value based on the value of the underlying investments, which consist of U.S. government and agency securities, asset-backed securities, mortgage-backed securities, collateralized mortgage obligations, commercial mortgage-backed securities and corporate bonds. The value of underlying assets are determined based on a model that uses inputs that may include interest-rate yield curves, cross-currency-basis index spreads or country credit-spreads that are similar to the valued bond in terms of issuer, maturity and seniority. Participant transactions (purchases and sales) may occur daily.

Certain market value events may limit the ability of the Fund to transact at contract value with the issuer. Market value events are events or conditions that occur which are outside of the normal operation of the Fund and lead to any Fund disbursements which have or will have a material adverse effect on the operations of the Fund and a financial effect on the investment contract or wrap issuer’s interest thereunder.

Such events may include but are not limited to: Fund administration amendments or changes, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of a Fund, failure to meet certain tax qualifications, transfers to competing options without meeting the equity wash provisions of the Fund, and plan sponsor withdrawals without the appropriate notice to the Fund and/or issuer.

In the normal course of business, such events or conditions would not limit the ability of the Fund to transact at contract value with the participants in the Fund. The Fund is managed to maintain a certain amount of liquidity to provide for the day to day liquidity needs of participants as well as the occasional market value event.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

8. PLAN TERMINATION

Although they have not expressed any intention to do so, the Plan sponsors have the right under the Plan to agree to discontinue contributions and to terminate the Plan subject to the provisions of ERISA.

WESTERN STATES 401(K) RETIREMENT FUND OF THE OPEIU

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2022 AND 2021

9. SUBSEQUENT EVENTS

Management of the Plan has evaluated events and transactions occurring after December 31, 2022 through August 30, 2023, the date the financial statements were available for issuance, for potential recognition or disclosure in the financial statements and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There were no differences between the Form 5500 and the financial statements as of December 31, 2022 and 2021 and for the year ended December 31, 2022.
