### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Riebes Auto Parts, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of August 24, 2022 and December 31, 2021, in liquidation, and the related statement of changes in net assets available for benefits for the period of January 1, 2022 to August 24, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution for the period ended August 24, 2022 and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Emphasis of Matter**

As described in Note 3 to the financial statements, Riebes Auto Parts, LLC 401(k) approved to terminate the Plan effective December 31, 2021. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis to the liquidation basis as of and for the period ended August 24, 2022 and year ended December 31, 2021. Our opinion is not modified with respect to that matter.

## NOTES TO FINANCIAL STATEMENTS AUGUST 24, 2022

---

### 1. DESCRIPTION OF THE PLAN

The following description of Riebes Auto Parts, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan's document for a complete description of the Plan's provisions.

**General** – The Plan was a defined contribution plan with a 401(k) feature covering all employees of Riebes Auto Parts, LLC (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2021, the Company terminated the Plan (see Note 3).

**Administration** – The Company was the administrator of the Plan and, as such, carried out the duties imposed under ERISA. The Company delegated certain responsibilities for the operation and administration of the Plan. Administrative and recordkeeping services were provided by Fidelity Management Trust Company (the Trustee).

**Eligibility** – Prior to Plan termination, an employee who had completed one year of service, was not part of a union and was age twenty-one or older was eligible to begin participating in the Plan in the year in which these requirements are satisfied.

**Contributions** – Prior to Plan termination, eligible participants were able to elect to make pre-tax contributions up to 75% of their compensation, subject to the annual cap on elective deferrals set by the Internal Revenue Code. The Company, at its discretion, was able to make an employer matching contribution. For 2021, the employer's matching contribution was 25% of each participant's elective contribution.

**Participant accounts** – Prior to Plan termination, each participant's account was credited with the participant's contributions, the employer's matching contribution, if any, as well as an allocation of the Plan's earnings or losses by investment fund, based on the ratio of the participant's account balance to all participants' account balances in each investment fund. The benefit to which a participant was entitled was that which could be provided from the participant's vested account.

**Vesting** – Prior to Plan termination, participants were immediately vested in their contributions plus actual earnings thereon. Prior to Plan termination, participants were vested in Company contributions and earnings thereon based on years of service. A participant vested 25% per year beginning in their second year of service and was fully vested in Company contributions and earnings thereon after five years of service. Upon termination of the Plan, any participant who was not fully vested at the time of termination became 100% vested regardless of their years of service.

**Investment options** – Prior to Plan termination, the Plan provided for investments to be directed by participants into a number of investment funds held by Fidelity Management Trust Company (the Trustee and Custodian).

**Costs of administration** – The Company absorbs substantially all of the cost of the Plan administration.

# RIEBES AUTO PARTS, LLC 401(k) PLAN

## NOTES TO FINANCIAL STATEMENTS AUGUST 24, 2022

---

**Distributions and withdrawals** – Prior to Plan termination, benefits were distributable from Plan assets upon retirement, death, disability, or termination of employment. Additionally, in-service distributions could be made once a participant reaches age 59 1/2 or for financial hardships meeting specific criteria, as noted in the Plan documents.

Upon termination of the Plan, a participant could elect to receive his or her benefits as a lump-sum payment. Such election had to be made by April 21, 2022. On a lump-sum payment, the participant could elect to roll the balance to an individual retirement account or to another qualified plan. Lump sum cash distributions were made to all participants remaining in the plan on April 21, 2022, with balances of \$1,000 or less per the cash-out provision of the plan 1.20(e)(1)(A) of the Adoption Agreement. Participants remaining in the plan after April 21, 2022, with a balance above \$1,000 were deemed to have elected to rollover their account balance to an IRA with Millennium Trust (with exception of QDRO or deceased). Any pending distributions on April 21, 2022, that were not in good order were deleted and processed per the force-out direction.

**Forfeitures** – Prior to Plan termination, upon termination of employment, the unvested portion of a participant's employer contributions account was forfeited. Forfeitures were used to pay Plan administrative expenses or reduce future Company contributions. There were no unallocated forfeitures at August 24, 2022 and December 31, 2021.

**Restatement of beginning net assets available for benefits** – Beginning net assets available for benefits was restated to remove the estimated payments to participants upon liquidation accrual as of December 31, 2021 which resulted in a change in net assets available for benefits as of December 31, 2021 from \$0 to \$5,816,210. Also, the estimated payments to participants upon liquidation accrual was corrected from \$5,816,210 to \$0 as of December 31, 2021.

## 2. SIGNIFICANT ACCOUNTING POLICIES

**Basis of accounting** – The accompanying financial statements are presented on the liquidation basis of accounting (see Note 3).

**Use of estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Investment valuation and income recognition** – Investments were stated at quoted market value as reported by the trustee as of August 24, 2022 and December 31, 2021. The market values were based on the fair value of the underlying securities as determined by quoted market prices on the last business day of the Plan year. Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date.

**Income taxes** – The Plan had not received its own determination letter from the Internal Revenue Service; however, the Company adopted a non-standardized prototype document that was approved by the IRS on August 9, 2002. The prototype plan received a favorable determination letter from the Internal Revenue Service for an amendment to the prototype plan on October 9, 2003. The Company believes that the Plan was designed and was operated in compliance with the applicable requirements of the Internal Revenue Code.

**Payment of benefits** – Benefits were recorded when paid.

**Subsequent events** have been evaluated through September 8, 2023, the date the financial statements were available to be issued. Management concluded that no material events occurred since August 24, 2022 that requires disclosure in the financial statements.

### 3. PLAN TERMINATION

In 2021, the Company terminated the Plan as of December 31, 2021, which marks the termination date of the Plan. Participants became fully vested in their account balances at the time of termination, in accordance with the Plan document. As a result of the termination the Plan adopted the liquidation basis of accounting. This basis of accounting is considered appropriate when the liquidation of a Plan is imminent. Under this basis of accounting, assets are valued at the estimated amount of cash the plan expects to collect in settling or disposing of those assets in carrying out its plan for liquidation, and liabilities are stated at their estimated costs expected to be incurred during the liquidation process. The Plan estimated that it would incur administrative costs throughout the liquidation process of \$100 at December 31, 2021. These estimates were based on prior history, known future events, and the estimated time to complete the liquidation. However, the actual costs were only \$75. Plan assets were distributed to participants beginning in January 2022 and concluded in April 2022. The final distributions paid to participants to fully liquidate the Plan were \$5,226,212. The Plan was closed as of August 24, 2022.

### 4. CERTIFIED INFORMATION

Prior to Plan termination, the Plan's investments were held by the Fidelity Management Trust Company. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Interest and dividends as reported by the Trustee for the period ended August 24, 2022 was \$2,803. Net unrealized and realized depreciation as reported by the Trustee for the period ended August 24, 2022 was \$592,867. Lastly, there were not any investments held as of August 24, 2022. The fair value of investments at December 31, 2021, as reported by the Trustee, was \$5,816,310.

### 5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

**Level 1 Inputs** Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

**Level 2 Inputs** Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets.
- b. Quoted prices for identical or similar assets or liabilities in inactive markets.
- c. Inputs other than quoted prices that are observable for the asset or liability.
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for sustainability the full term of the asset or liability.

**Level 3 Inputs** Inputs that are observable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at August 24, 2022 and December 31, 2021.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Money market funds:* Valued using inputs other than quoted prices that are observable for the asset or liability.

The Plan's mutual funds, excluding the money market fund, are classified within Level 1 of the fair value hierarchy because they are measured by pricing on publicly traded markets with reasonable levels of price transparency. The Plan's money market funds are classified as Level 2 of the fair value hierarchy because they are valued using alternative pricing methods using observable information inputs, such as current interest rates.

## NOTES TO FINANCIAL STATEMENTS AUGUST 24, 2022

For period ended August 24, 2022 and year ended December 31, 2021, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3. The Plan's investments balance as of August 24, 2022 was \$0. As noted in Note 1 and Note 3, the Plan terminated as of December 31, 2021 and the Plan assets were disbursed to the participants in 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money Market Funds		\$ 349,997		\$ 349,997
Mutual Funds	\$ 5,466,313			5,466,313
Total	\$ 5,466,313	\$ 349,997		\$ 5,816,310

### 6. RELATED-PARTY TRANSACTIONS

Prior to Plan termination, certain Plan investments were shares of mutual funds managed by the Trustee's affiliate. Consequently, these transactions qualified as party-in-interest transactions. As of August 24, 2022, no party-in-interest transactions were identified due to plan termination.
