Independent Auditor's Report

To the Plan Administrator
The MIL Corporation 401(k) Plan
Bowie, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The MIL Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule Schedule H, Line 4i - Schedule of Assets (Held at End of Year)) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The MIL Corporation 401(k) Plan

Notes to the Financial Statements

1. Description of the Plan

The following description of The MIL Corporation (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with 401(k) salary deferral provisions covering all employees of the Company, with the exclusion of union members and temporary and seasonal employees whose regularly scheduled service is less than 1,000 hours of service during the contribution period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and administration of the Plan

The trustee of the Plan is Reliance Trust Company (the Trustee). The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The recordkeeper of the Plan is ADP.

Contributions

Eligible participants may contribute up to the maximum allowed by the Internal Revenue Code (IRC). In addition, the Plan allows for catch up contributions by employees aged 50 years and older. The Plan also allows for Roth deferral contributions. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions. For the year ended December 31, 2022, employee rollover contributions totaled \$340,170, which are included in participant contributions in the accompanying statement of changes in net assets available for benefits. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company will match contributions equal to 50% of participants' elective deferrals up to 4% of eligible participant compensation. For the year ended December 31, 2022, the Company made matching contributions of \$1,158,746. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts

Each participant's account is credited with the participant's contribution, including amounts rolled over from other qualified plans, and allocations of the Company's matching contribution, if any, and Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The MIL Corporation 401(k) Plan

Notes to the Financial Statements

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions, as well as actual earnings and losses thereon. Vesting in the employer contributions is based on years of continuous service. Employer contributions and earnings thereon vest according to a 2-year cliff vesting schedule or in the event of death or total and permanent disability.

Payment of benefits

On termination of service due to death, disability, retirement or any other reason, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's account or an annuity.

Participants may elect to withdraw from their accounts in the event of proven financial hardships. Upon termination of service, if the vested value of a participant's account is less than \$5,000, his or her account will be distributed in a single lump-sum payment. If the vested value of a participant's account exceeds \$5,000, he or she may elect to receive either a lump-sum amount, substantially equal payments for a specified term or elect to have all of the distribution paid in a direct rollover to another qualified plan, or a combination of the above.

Notes receivable from participants

Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to (i) the lesser of \$50,000 reduced by the highest outstanding balance of any prior loans from the plan during the prior one-year period, or (ii) 50% of their vested account balance. In general, loan repayment terms range from one to five years. The notes are secured by the balance in the participant's account and bear interest, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Forfeitures

At December 31, 2022 and 2021, forfeited accounts totaled \$252,732 and \$211,728, respectively. Forfeited accounts are utilized first to reduce Plan expenses and second to reduce employer contributions. Remaining forfeitures are allocated to participants in proportion to each participant's compensation for the year. Forfeitures of \$41,006 were used to reduce employer contributions during the year ended December 31, 2022.

2. Summary of Significant Accounting Policies

Basis of accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

The MIL Corporation 401(k) Plan

Notes to the Financial Statements

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan's Management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 4 for further information regarding fair value measurements.

Purchases and sales of securities are recognized principally on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Administrative expenses of the Plan are paid by the Company, except for certain expenses that are charged to participant accounts, including loan, withdrawal fees, plan administrative fees, investment management fees. Certain investment expenses which are charged within investments are presented net of the depreciation in fair value of investments. All other expenses of the Plan for the year ended December 31, 2022 were paid by the Company and are excluded from these financial statements.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company has certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment loss, net and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

The MIL Corporation 401(k) Plan

Notes to the Financial Statements

- Investment information included in the schedule of assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund (CT): Valued at the NAV of units of a collective trust fund. The NAV, as provided by the trustee of the CT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This

The MIL Corporation 401(k) Plan

Notes to the Financial Statements

practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

Assets at Fair Value as of December 31, 2022				
	Total	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3
Mutual funds	\$ 59,040,299	\$ 59,040,299	\$ -	\$ -
Total assets at fair value level	\$ 59,040,299	\$ 59,040,299	\$ -	\$ -
Total investments measured at net asset value (NAV)*	10,432,094			
Total investments, at fair value	\$ 69,472,393			

Assets at Fair Value as of December 31, 2021				
	Total	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3
Mutual funds	\$ 72,679,027	\$ 72,679,027	\$ -	\$ -
Total assets at fair value level	\$ 72,679,027	\$ 72,679,027	\$ -	\$ -
Total investments measured at net asset value (NAV)*	7,338,304			
Total investments, at fair value	\$ 80,017,331			

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items present in the statements of net assets available for benefits.

The MIL Corporation 401(k) Plan

Notes to the Financial Statements

Investments measured using the net asset value per share practical expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for this investment.

<i>Description</i>	2022 Fair Value	2021 Fair Value	Redemption Frequency	Unfunded Commitments	Redemption Notice Period
Collective trust	\$ 10,432,094	\$ 7,338,304	Immediate	None	None

5. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net depreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment. The Plan Sponsor pays any other fees related to the Plan's operations. Notes receivable from participants are also considered related party transactions.

6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. Income Tax Status

The Plan uses a pre-approved plan document sponsored by ADP. ADP received an opinion letter from the IRS, dated October 6, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

Net assets, per the Form 5500	\$ 70,165,802	\$ 80,775,855

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2022 to the Form 5500:

Net decrease in net assets available for benefits, per the financial statements	\$ (10,397,658)
Less: employee contributions receivable as of December 31, 2022	(173,031)
Less: employer contributions receivable as of December 31, 2022	(39,364)
Net income, per the Form 5500	\$ (10,610,053)

10. Subsequent Events

The Plan Administrator has evaluated subsequent events through September 1, 2023, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
