INDEPENDENT AUDITOR'S REPORT

To the Administrator of
Aaron & Company, Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Aaron & Company, Inc. Retirement Savings Plan (“Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of November 30, 2022 (in liquidation) and December 31, 2021 (ongoing), and the related statement of changes in net assets available for benefits for the period ended November 30, 2022 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Aaron & Company, Inc. Retirement Savings Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of November 30, 2022 and December 31, 2021, and for the period ended November 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aaron & Company, Inc. Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 6 to the financial statements, effective May 22, 2022, in conjunction with the acquisition of the Company by Ferguson Enterprises, LLC, the Plan was terminated. As a result, the Plan changed its basis of accounting from the going concern basis of accounting used in presenting the 2022 and 2021 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Aaron & Company, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

RETIREMENT SAVINGS PLAN
Notes to Financial Statements
November 30, 2022 (in liquidation) and December 31, 2021 (ongoing)

1. Description of the Plan

The following description of the Aaron & Company, Inc. Retirement Savings Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. See Note 6 regarding the Plan termination.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Employees are automatically enrolled to participate in the Plan the first day of the month following completion of three months of service and attainment of twenty-one years of age. Employees must not be represented for collective bargaining purposes by any bargaining unit. The administrator is responsible for oversight of the Plan.

Contributions

Eligible participants may elect to contribute up to 90% of their eligible compensation to the Plan, subject to the Internal Revenue Code limitations for 401(k) plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation with a 1% increase in the deferral rate on the anniversary of their plan entry date with a maximum of 8%. These contributions are invested in a designated balanced fund until changed by the participant. Aaron & Company, Inc. (“Company”) may choose to make an employer discretionary contribution to the Plan in which all eligible employees will receive a portion of the Company’s contribution. During the period ended November 30, 2022, the Company did not make profit sharing contribution to the Plan. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocation of the Company’s profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s profit sharing contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

AARON & COMPANY, INC.
RETIREMENT SAVINGS PLAN
Notes to Financial Statements (continued)
November 30, 2022 (in liquidation) and December 31, 2021 (ongoing)

1. Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. These notes are secured by the balance in the participant's account and bear an interest rate of 4.25%, which is commensurate with local prevailing rate as determined by the plan administrator. A participant may have two loans outstanding at a time. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or hardship, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a partial or lump-sum distribution.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full vested benefits under the Plan. At November 30, 2022 and December 31, 2021, forfeited nonvested accounts totaled \$0 and \$8,196, respectively. These forfeitures will be reallocated to participants in the same manner as employer profit sharing contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

All investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

RETIREMENT SAVINGS PLAN
Notes to Financial Statements (continued)
November 30, 2022 (in liquidation) and December 31, 2021 (ongoing)

2. Summary of significant accounting policies: (continued)

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of November 30, 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the delinquent participant note receivable is recorded as the benefit payment based on the terms of the Plan document.

Expenses:

Professional fees and certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Benefit payments:

Benefits are recorded when paid.

Subsequent events:

The Plan has evaluated subsequent events through August 30, 2023, the date the financial statements were available to be issued.

3. Investments information certified by Custodian (Unaudited):

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at November 30, 2022 and December 31, 2021, and net (depreciation) in fair value of investments and interest and dividends for the period ended November 30, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements.

4. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- a) quoted prices for similar assets or liabilities in active markets;
- b) quoted prices for identical or similar assets or liabilities in inactive markets;
- c) inputs other than quoted prices that are observable for the assets or liability;
- d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The table below sets forth information about the level within the fair value hierarchy at which the Plan’s assets are measured at December 31, 2021:

Investments, at fair value	Assets at Fair Value as of December 31, 2021	
	Level 1	Total
Mutual funds	\$ 23,186,549	\$ 23,186,549
Total investments	\$ 23,186,549	\$ 23,186,549

There are no investments at November 30, 2022.

5. Party-in-Interest Transactions

Parties-in-interest are defined under the U.S. Department of Labor as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain plan investments are shares of mutual funds managed by Fidelity Investments Institutional Operations Company, Inc. (“FIIOC”) or Fidelity Management and Research Company (“FMRC”), which are affiliates of Fidelity Management Trust Company (“FMTC”). FMTC is the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in “Net depreciation in fair value of investments” as they are paid through revenue sharing, rather than a direct payment. Fees paid to FMRC by the Plan totaled \$2,039 in 2022 and \$2,967 in 2021.

Notes receivable from participants also reflect party-in-interest transactions.

The plan sponsor (the “Company”) provided administrative support to the Plan for which no costs are reflected in these financial statements. The Company pays directly any other fees related to the Plan’s operations.

6. Plan Termination

In conjunction with the acquisition of the Company by Ferguson Enterprises, LLC, the Plan was terminated effective May 22, 2022. No further contributions, including deferral contributions made on behalf of participants, were made to the Plan as of this date, and all participants were treated as having fully vested interests in their total account balances, including employee and employer contributions. Participants were directed to elect a lump sum cash distribution, an eligible rollover to a qualified account such as an IRA, or a combination of a lump sum distribution and an eligible rollover. As of November 30, 2022, all the participant account balances were either distributed to the participants or beneficiaries.

7. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated August 7, 2007, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”).

The Plan has adopted a volume submitter plan in 2009. The plan documents were submitted as a volume submitter and as such are preapproved by the IRS as being in compliance with the requirements of the IRC. The Plan was amended and restated in 2014 to comply with the Pension Protection Act of 2006. Accordingly, the IRS has issued an advisory letter for the preapproved plan.

7. Tax Status (continued)

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of November 30, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In 2019, a novel strain of Coronavirus ("COVID-19") was reported in Wuhan, China. The World Health Organization has declared the outbreak to constitute a "Public Health Emergency of International Concern." The extent of the impact of COVID-19 on the plan sponsor's and the Plan's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on its participants, employees and vendors all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may negatively impact the plan sponsor's and the Plan's financial condition or results of operations is uncertain.
