INDEPENDENT AUDITOR'S REPORT

To the Administrator of
Rochester Auto Group 401(k) Profit Sharing Plan
Rochester, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rochester Auto Group 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rochester Auto Group 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rochester Auto Group 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rochester Auto Group 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rochester Auto Group 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rochester Auto Group 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year), as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROCHESTER AUTO GROUP 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 PLAN DESCRIPTION

The following description of the Rochester Auto Group 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Rochester Motor Company, Rochester Motor Cars South, Inc., and Rochester Chevrolet Cadillac. The Plan was restated effective April 1, 2022, due to a change in service providers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Third Party Administrators serve as the providers of the Plan, maintain the records of the participant data and hold the Plan assets. The Plan changed service providers from John Hancock Life Insurance Company to Fidelity Management Trust Company on April 1, 2022.

Eligibility

Employees of the Company are eligible to participate in the Plan upon attainment of 18 years of age and one month of service for employee and employer matching contributions. In order to be eligible for nonelective employer contributions, employees must have completed one year of service (defined as 1,000 hours). Employees can enroll in the Plan on the first day of the month coinciding with the date on which an employee satisfies the eligibility requirements.

Contributions

Each year, participants may contribute up to 100 percent of their eligible compensation, as defined by the Plan and allowed under federal regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to allocate contributions between pretax and after tax (Roth 401(k)) deferrals. Participants may also contribute amounts representing distributions from certain other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The employer contributes 25 percent of the participant's salary reduction contribution for the Plan year not exceeding 4 percent of the participant's salary and not exceeding \$1,500 annually. Additional profit-sharing amounts may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain IRS limitations.

ROCHESTER AUTO GROUP 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022 AND 2021

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's contributions, and an allocation of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan allows for participant-directed investment programs for which separate funds are maintained.

Vesting

Participants are immediately vested in their deferral contributions and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant is 100 percent vested after five years of credited service, as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less Than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants may borrow from the Plan in any amount greater than \$1,000 and less than 50 percent of the participant's vested account balance or \$50,000. Participants may not have more than one loan outstanding at any time. Generally, loans are for a period not to exceed five years. Only loans used to aid in the purchase of a principal residence may be for a period exceeding five years. All loans shall bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid ratably during the year through payroll deductions and credited to the participant's account.

Payment of Benefits

Upon retirement, termination, disability or death, a participant or his or her beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a series of substantially equal periodic installments. Additionally, participants may take an in-service distribution of employee deferrals upon reaching age 59½. Upon termination, automatic distributions are required for balances of less than \$5,000. Any vested account balance exceeding \$1,000 may be distributed to an Individual Retirement Account or Annuity and any amount less than \$1,000 may be directly distributed as a lump-sum. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 72. The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

ROCHESTER AUTO GROUP 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022 AND 2021

Forfeitures

Forfeitures are used to reduce employer contributions of the Plan or pay Plan expenses. As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$13,742 and \$12,682, respectively. For the years ended December 31, 2022 and 2021, \$43,115 and \$2,518 were used to reduce employer contributions. For the years ended December 31, 2022 and 2021, forfeitures used to pay Plan expenses were \$12,939 and \$0, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, ("GAAP"), as codified by the Financial Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the providers of the Plan. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and are reflected in the statements of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions when the participant is terminated from employment, based upon terms of the plan document. No allowance for credit losses has been recorded at December 31, 2022 and 2021.

ROCHESTER AUTO GROUP 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022 AND 2021

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

NOTE 3 FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:
Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ROCHESTER AUTO GROUP 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022 AND 2021

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2022 and 2021.

Pooled Separate Accounts: Valued at net asset value (NAV) of shares held by the Plan at year end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual Funds (including money market mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: A stable value fund that is composed primarily of fully benefit responsive investment contracts and is valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ROCHESTER AUTO GROUP 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022 AND 2021

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 9,565,170	\$ -	\$ -	\$ 9,565,170
Total Assets in the Fair Value Hierarchy	<u>\$ 9,565,170</u>	<u>\$ -</u>	<u>\$ -</u>	9,565,170
Investments Measured at Net Asset Value (a)				<u>161,332</u>
Investments at Fair Value				<u>\$ 9,726,502</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statement of net assets available for benefits.

Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement. At December 31, 2021, the Plan does not have any assets to be classified within the fair value hierarchy table. See investments measured using the net asset value per share practical expedient to reconcile to investments at fair value on the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

	December 31,		Unfunded	Redemption	Redemption
Investment	2022	2021	Commitments	Frequency	Notice Period
	Fair Market Value	Fair Market Value

NOTE 4 AMENDMENT AND TERMINATION OF PLAN

The Board of Directors has the right to amend the Plan if it determines that it is necessary or desirable to do so. Further, although the Company intends to continue the Plan, it reserves the right to terminate it. Any termination of the Plan is subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 5 INCOME TAX STATUS

The Plan is a Pre-Approved Plan sponsored by the provider and adopted by the Company. The Internal Revenue Service informed the provider by an opinion letter dated June 30, 2020, that the Pre-Approved Plan is acceptable under section 401 of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Company and plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 7 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

Through March 31, 2022, the Plan held an investment contract which is a custodial guaranteed investment contract at which time the group annuity contract was terminated. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Guaranteed Investment Account

The Plan investments include the John Hancock Stable Value Guaranteed Income Fund, which is a guaranteed general-account backed group annuity contract that has been issued by John Hancock Life Insurance Company as custodian. The contract is a fixed, deferred group annuity. It provides guaranteed protection of principal with a set rate of return. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets and expected values for the composite crediting rate period, as stated in the contract. Interest crediting rate is reset semi-annually. The average yield earned by the Plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for the years ended 2022 and 2021 was 1.00 percent, respectively. The contract was fully liquidated in March 2022.

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401 (a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501 (a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

NOTE 8 RISKS AND UNCERTAINTIES

Participants direct the investment of their accounts into various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

NOTE 9 EXEMPT TRANSACTIONS WITH PARTIES-IN-INTEREST

John Hancock Retirement Services and Fidelity Investments are the recordkeepers of the plan, as defined by the plan document, for the years ended December 31, 2022 and 2021, respectively. As such, transactions with the recordkeepers qualify as party-in-interest transactions. Total fees paid to John Hancock Retirement Services and Fidelity Investments for the years ended December 31, 2022 and 2021 amounted to \$5,507 and \$59,460, respectively.

Edward Jones and Northwestern Mutual Wealth Management, advisors of the plan, also qualify as a party-in-interest. Total fees paid to Edward Jones and Northwestern Mutual Wealth Management from plan assets for the years ended December 31, 2022 and 2021 totaled \$9,445 and \$7,448, respectively.

DWC ERISA Consultants, LLC and FuturePlan, third-party-administrators of the plan, also qualify as a party-in-interest. Total fees paid to DWC ERISA Consultants, LLC and FuturePlan from plan assets for the years ended December 31, 2022 and 2021 totaled \$61,861 and \$2,890, respectively.

John Hancock Retirement Services and Fidelity Investments receive revenue sharing from mutual fund service providers. This revenue is used to offset certain amounts owed to John Hancock Retirement Services and Fidelity Investments for recordkeeping services provided to the plan. Any revenue sharing generated by the plan in excess of the fees is carried over as a credit to be used following the end of the next calendar quarter.

NOTE 10 SUBSEQUENT EVENTS

No significant events occurred subsequent to the Plan's year end. Subsequent events have been evaluated through August 15, 2023, which is the date these financial statements were available to be issued.
