Plan Administrator
Theragenics Corporation Employee Savings Plan
Buford, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Theragenics Corporation Employee Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Theragenics Corporation Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Theragenics Corporation as well as Galt Medical Corp., NeedleTech Products, Inc., CP Medical Corporation, and Concert Medical LLC, which are wholly owned subsidiaries of Theragenics Corporation (the "Employer"). Employees are covered by the Plan on the first of the month after completing 30 days of eligible service for full-time employees and 1,000 hours of service for part-time employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and adopted several of the provisions regarding the expansion of allowed Plan distributions, the repayment of loans and the suspension of required minimum distributions.

Plan administration

Theragenics Corporation serves as Plan Administrator. The Plan's trustee and the record keeper is John Hancock Trust Company LLC (the "Trustee").

Contributions

The Plan allows participants to make contributions from earnings in the form of deferred compensation before income taxes are deducted. Participants may elect to contribute up to 50% of annual eligible compensation as defined in the Plan, subject to certain limitations under applicable federal law. Participants may also make rollover contributions to the Plan. New hires that become eligible to participate are automatically enrolled in the Plan with a default deferral of 1% of salary which increases by 1% each year to a maximum of 6% unless employees subsequently change the contribution rate. The Employer match is discretionary and is based on performance results for the previous year. The Employer may contribute \$0.20, \$0.40, or \$0.60 for every \$1.00 of eligible participant contributions not to exceed 6% of each participant's eligible compensation, which is determined by actual to budgeted results for the Employer. The Employer's matching contribution will be a cash contribution that is invested in accordance with the participant's investment election. The Employer may also elect to make a discretionary contribution to the Plan, which is allocated proportionally based on annual eligible compensation.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, common collective trust funds and pooled separate accounts as options. Participants hired after July 1, 2012 are automatically enrolled at 1% of salary into a managed retirement investment program that invests contributions in a portfolio of investment fund options based on criteria such as age and gender, unless the participant elects other investment options for their contributions.

Participant accounts

Each participant's account is credited with the participant's contribution, a share of the Employer's contribution, and allocations of Plan earnings or losses, and charged with benefit payments and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching and discretionary contributions portion of their accounts, plus actual earnings or losses thereon, is based on years of continuous service. A participant is 100% vested after three years of credited service. One thousand hours of service must be completed in each year to receive credited service.

Administrative expenses

The participants' accounts absorb the costs charged for originating notes receivable from participants. Services provided by the Trustee and investment manager are paid by the participants. The Employer has borne the cost of audit fees, a portion of record keeping fees, and other professional fees incurred on behalf of the Plan.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are allowed to have up to three notes outstanding at any given time. The receivables are secured by the balance in the participant's account.

Each note bears interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator and must be repaid within five years from the date of the note unless proceeds are used to acquire the principal residence of the participant borrower. Interest rates on all notes receivable ranged between 4.25% and 8.50% at December 31, 2022. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Distributions are paid in lump-sum amounts by cash or direct rollover to an individual retirement account/annuity or another qualified plan. On termination of service, death, disability or retirement, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of his or her account, less 20% required payment sent to the Internal Revenue Service ("IRS") as income tax withholding to be credited against taxes, as applicable. Participants who are still employed by the Company may request an in-service distribution of their contributions and earnings due to financial hardship, disability or attainment of age 59.5 or age 65.

Forfeitures

Forfeited nonvested accounts may be used to reduce Employer contributions or pay Plan expenses. As of December 31, 2022 and 2021, there was \$5,612 and \$16,564, respectively, in forfeited nonvested accounts. Forfeitures of \$16,000 were used during the 2022 Plan year to reduce Employer contributions.

Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participant accounts will become fully vested, and the assets will be distributed to participants or their beneficiaries.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities and changes therein. Actual results could differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date. For pooled investments, the allocation of earnings, gains and losses of each participant's account is based on the participant's share of such pooled investments. For investments accounted for as segregated assets, the allocation of earnings, gains and losses are made on a separate and distinct basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions when in default according to the terms of the Plan document or when there is a distributable event. Accordingly, this may result in a reconciling item between the financial statements and the Form 5500.

Payment of benefits

Benefits are recorded when paid.

3. Information Prepared and Certified by Trustee (Unaudited)

The accompanying financial statements include the following unaudited information as of December 31, 2022 and 2021 and for the year ended December 31, 2022 that was obtained from data certified to be complete and accurate by the Plan's Trustee.

	<u>2022</u>	<u>2021</u>
Investments at fair value	\$ 17,930,912	\$ 21,345,009
Notes receivable from participants	276,994	331,222
Net depreciation in fair value of investments	\$ (3,446,466)	
Interest and dividend income	143,017	
Interest income from notes receivable	14,665	

4. Fair Value Measurements

Fair value as defined under U.S. GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used during the year ended December 31, 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Common collective trust funds

These funds are valued at the net asset value ("NAV") of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts

The Plan invests in pooled separate accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV of units, as determined by the Trustee, as the estimated fair value. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics.

Theragenics Corporation Employee Savings Plan
Notes to Financial Statements

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 9,238,399</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV (a)			<u>8,692,513</u>
Investments at fair value			<u>\$ 17,930,912</u>

Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 12,681,935</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV (a)			<u>8,663,074</u>
Investments at fair value			<u>\$ 21,345,009</u>

(a) In accordance with Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2022	Fair Value at December 31, 2021	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Common collective					
trust funds	\$ 5,675,317	\$ 6,146,135	None	Daily	12 months
Pooled separate accounts	\$ 3,017,196	\$ 2,516,939	None	Daily	12 months

The Plan recognizes transfers between the levels as of the actual date of the event or change in circumstances that caused the transfer. There were no gross transfers between the levels for the year ended December 31, 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the “IRS”) stating that the Plan is compliant with the applicable requirements of the IRC. The Plan is relying on the IRS approval of the plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated June 30, 2020 that the prototype plan document was designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan has made corrective distributions to certain active participants to return excess contributions to satisfy the relevant nondiscrimination provisions of the Plan.

6. Exempt Party-In-Interest Transactions

Certain plan investments are managed by the Trustee and certain transactions qualify as exempt party-in-transit transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Total fees paid by the Plan for administrative services, investment advisory services and professional services were \$95,505 for the year ended December 31, 2022.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2022 and 2021 financial statements to Schedule H of Form 5500 as of December 31:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 18,454,642	\$ 21,876,786
Employer receivable	(246,736)	(229,376)
Excess contributions payable	-	28,821
Net assets available for benefits per the Form 5500	<u>\$ 18,207,906</u>	<u>\$ 21,676,231</u>

Theragenics Corporation Employee Savings Plan
Notes to Financial Statements

The following is a reconciliation of the change in net assets per the financial statements for the year ended December 31, 2022 to the Schedule H of Form 5500.

	<u>2022</u>
Net change in net assets available per the financial statements	\$ (3,422,144)
Change in employer receivable	(17,360)
Change in excess contributions payable	<u>(28,821)</u>
Net decrease in net assets available per Form 5500	<u>\$ (3,468,325)</u>

9. Subsequent Events

The Plan has evaluated subsequent events through September 7, 2023, the date the financial statements were available to be issued.

During June 2023, the Plan's Fiduciary Committee approved certain prospective amendments which will become effective on January 1, 2024. Such amendments include: a Roth after-tax deferral option; a reduction in allowable outstanding loans to one; an increase in the automatic enrollment deferral from 1% to 6% with a corresponding change in the escalating increase on each anniversary to a maximum of 12%; and an enhancement to graded vesting over 3 years.
