The Humane Society of the Pikes Peak Region Profit Sharing 401(k) Plan
Colorado Springs, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Humane Society of the Pikes Peak Region Profit Sharing 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE HUMANE SOCIETY OF THE PIKES PEAK REGION PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of The Humane Society of the Pikes Peak Region Profit Sharing 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General — The Plan, which became effective January 1, 1996, is a defined contribution plan covering all eligible employees of The Humane Society of the Pikes Peak Region (the Organization). Prior to January 1, 2022, employees who are not union employees, leased employees or non-resident aliens, at least 21 years old and have 60 days of service were eligible to participate in the Plan. Employees who are at least 21 and have completed 1,000 hours in a twelve-month period were eligible for Organization contributions. Effective January 1, 2022, employees who are not union employees, leased employees, residents of Puerto Rico, or non-resident aliens, are at least 18 years old and have 1 hour of service are eligible to participate in the Plan. Employees who are at least 18 and have completed twelve months consecutive service are eligible for Organization contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions — Participants may make pretax or Roth contributions. Deferral contributions cannot exceed certain limits as set forth by the Internal Revenue Code (IRC). Participants may change their contribution percentages throughout the year and may cease making contributions at any time. Rollover contributions are accepted, as permitted by the Plan.

The Organization makes safe harbor contributions matching 100% of employee contributions up to the first 3% of compensation, plus 50% of the next 2% of employee contributions. The Organization may make discretionary matching and profit-sharing contributions based on groups defined in the Plan document.

Participant Accounts — Each participant shall have one account and such account will be credited with the participant's contributions, an allocation of the Organization's contributions, and an allocation of the Plan's earnings and losses.

The Plan's earnings or losses, excluding that related to participants' loans, are allocated to the participants' accounts based upon the proportion that each participant's account bears to the total participants' account balances related to that fund. Earnings resulting from loans to participants are credited to the respective participants' accounts.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Notes Receivable from Participants — Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 or (b) 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a rate of interest comparable to the current interest rates charged by financial institutions for similar loans. The term of the loan is a maximum of thirty years. Participants may not have more than two loans outstanding at any time. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Principal and interest are paid through regular payroll deductions.

Payment of Benefits — On termination of service due to death, the distribution of a participant account must be completed by December 31 of the calendar year containing the fifth anniversary of death except if the participant's spouse is the primary beneficiary. The participant's spouse may elect to take distributions over their life or over a period not greater than the life expectancy of the spouse commencing on or before December 31 of the calendar year immediately following the calendar year in which the participant died. The surviving spouse may also elect to defer commencement of distributions until the later of December 31 of the calendar year immediately following the calendar year in which the participant died or December 31 of the calendar year in which the participant would have attained age 70 ½.

For termination of services due to reasons other than death, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution as soon as administratively practicable following the date the participant terminates employment. The participant may also elect to take distributions under a continuous right of withdrawal at times elected.

Participants with a vested balance that exceeds \$5,000 must consent to a distribution. The plan administrator may distribute the vested balance in a lump-sum without consent after the later of the participants normal retirement age or age 62. Participants with a vested account balance that does not exceed \$5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or may rollover the distribution. If the participant has a vested balance greater than \$1,000 and does not indicate distribution preference, the custodian will rollover the distribution to an individual retirement account and invest the funds in a type of investment designed to preserve principal and provide a reasonable rate of return and liquidity.

Vesting — Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested immediately in the Organization's safe harbor contributions. Participants vest in the Organization's discretionary matching and profit-sharing contribution portions of their account as follows:

Years of service	% Vested
1	0%
2	25%
3	50%
4	75%
5	100%

Forfeitures — Forfeitures may be used to reduce future employer contributions or offset administrative costs. At December 31, 2022, forfeited non-vested accounts totaled \$4. The Plan did not hold a forfeiture balance as of December 31, 2021. No forfeitures were used to reduce employer contributions or pay plan expenses in 2022 or 2021.

Administrative Costs — Unless paid by the Organization, all administrative expenses are to be paid by the Plan. The Organization paid certain of the Plan expenses during the years ended December 31, 2022 and 2021.

Plan Termination — Although they have not expressed an intention to do so, the Organization has the right to terminate the Plan at any time. In the event of Plan termination, funds in the participant accounts become 100% vested.

Tax Status — The Plan is a prototype plan of Alerus Financial NA. The Plan obtained its latest prototype determination letter dated June 30, 2020, stating that the prototype plan is qualified under Section 401 of the IRC. The Internal Revenue Service (IRS) stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate income tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition — Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The plan administrator determines the Plan's valuation policies utilizing information provided by investment advisors and the asset custodian. See Note 3 for information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits — Benefits are recorded when paid.

Subsequent Events — The Plan has evaluated subsequent events for recognition or disclosure through the date of the Independent Auditors' Report, which is the date the financial statements were available for issuance.

3. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles require the Plan to use a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Prices determined using significant other observable inputs. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds — Valued at the quoted prices of shares held by the Plan at year-end. The shares are actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
2022:				
Mutual funds	<u>\$ 4,371,828</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 4,371,828</u>
2021:				
Mutual funds	<u>\$ 5,022,216</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 5,022,216</u>

4. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The following is a summary of the information obtained by management and agreed to or derived from information certified as complete and accurate by Nationwide Financial Services, Inc., including its subsidiary Nationwide Trust Company FSB, a division of Nationwide bank (collectively Nationwide), the custodian of the Plan.

- Investments
- Investment income
 - Net appreciation (depreciation) in fair value of investments
 - Interest and dividends on investments
- Supplemental schedule of assets held at end of year

5. PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee associations, or relatives of such persons. One mutual fund is held with Nationwide, which, as custodian of the Plan, is a party-in-interest.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. NON-EXEMPT PROHIBITED TRANSACTIONS — DELINQUENT PARTICIPANT CONTRIBUTIONS

Defined contribution plans are required to remit employee contributions to the plan as soon as they can be reasonably segregated from the employer's general assets. During 2021 contributions of \$50 was not timely remitted. The 2021 contributions and lost earnings were remitted in 2022. There were no late remittances in 2022.
