The Plan Administrator
Whitaker Construction Co., Inc. 401(k) Plan
Brigham City, Utah

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Whitaker Construction Co., Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Whitaker Construction Co., Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Whitaker Construction Co., Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Whitaker Construction Co., Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Whitaker Construction Co., Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Whitaker Construction Co., Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year and schedule H, line 4a-schedule of delinquent participant contributions as of or for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A – DESCRIPTION OF PLAN

The following description of the Whitaker Construction Co., Inc. 401(k) Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

- 1) General – The Plan is a defined contribution plan covering all full-time employees. Participating employers include Whitaker Holdings Inc., Whitaker Construction Inc., Whitaker Transportation, LLC, Das-Co of Idaho, Inc. and Bighorn Traffic Services, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). For eligibility purposes, employees who have a minimum of four months of service and are age twenty-one or older are eligible to enter on the first day of the plan year or the first day of the seventh month of the plan year, coincident with or next following satisfaction of the eligibility requirements. Effective July 1, 2022, the age for eligibility was amended to the age of eighteen.

The Plan is administered by a benefits committee (the Committee). The Committee has the power to carry out provisions of the Plan, including the administration of the Plan, and to determine the appropriateness of the Plan's investment offerings, and monitoring performance.

- 2) Contributions – Each plan year, participants may contribute up to the lesser of 100% of compensation or \$20,500 and \$19,500 for the years ending December 31, 2022 and 2021, respectively. In addition, any Participant, age 50 or older is eligible to contribute an additional \$6,500 for the years ending December 31, 2022 and 2021. Contributions are subject to certain limitations. A Participant can designate whether their elective contributions are made as pre-tax Section 401(k) Deferrals, after-tax Roth Deferrals or a combination of both types of contributions. Participants can also contribute amounts representing distributions from other qualified plans (rollover). A

matching and/or profit sharing contribution may also be contributed at the option of the Company's Board of Directors. During 2022, the Company made discretionary matching contributions of 50% of the first 6% of base compensation that a participant contributed to the Plan. The Company's Board of Directors has determined not to make a profit sharing contribution to this Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated age-based fund until changed by the participant.

The Plan includes an automatic increase of 1% per year to the default enrollment deferral rate, for years two through four, up to 6%.

- 3) Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings and (c) charged with allocations of investment and administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- 4) Vesting – Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. Vesting in the Company profit sharing and matching contributions portion of their accounts plus earnings thereon is based on a schedule of 20% each year after 2 years of service. A participant is 100% vested after 6 years of credited service.
- 5) Investment Options – Upon enrollment in the Plan, a participant may direct their deferral and employer contributions into any of the various investment funds offered by the Plan. Participants may change their investment options daily.
- 6) Payment of Benefits – Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death or disability. A terminated employee with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be

automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan document.

- 7) Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. A participant is allowed to have a maximum of three notes. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 7.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions or electronic fund transfers from participant accounts over a period not to exceed five years, unless the proceeds of the note were used to acquire the participant's residence, in which case the Plan administrator may permit a longer repayment term.
- 8) Forfeitures – As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$66,040 and \$43,743, respectively. These amounts will be used to offset future employer contributions or pay plan expenses. During the year ending December 31, 2022, forfeited non-vested amounts of \$47,078 were used to offset employer contributions.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balances plus any accrued interest remaining unpaid. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent notes receivable are reclassified as distributions upon the terms of the Plan document.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant

measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements.

Estimates – The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Administrative Expenses – The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits. In addition, certain investment related expenses are included in net depreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Payment of Benefits – Benefits are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid, at December 31, 2022 and 2021.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2- Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts – Valued at fair value based on the net asset value (NAV) of units as determined by the insurance company. The NAV is based on the observable market prices of the underlying assets within the account less

liabilities. The NAV for the underlying assets of the account is a readily determinable measure of their fair value and is the basis for current transactions.

The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment adviser, custodian, and other third parties.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

2022				
	(Level 1)	(Level 2)	(Level 3)	Total
Pooled separate accounts	-0-	17,962,499	-0-	17,962,499
Total Investments at Fair Value	\$ -0-	\$ 17,962,499	\$ -0-	\$ 17,962,499

2021				
	(Level 1)	(Level 2)	(Level 3)	Total
Pooled separate accounts	-0-	18,898,664	-0-	18,898,664
Total Investments at Fair Value	\$ -0-	\$ 18,898,664	\$ -0-	\$ 18,898,664

NOTE D – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a traditional fully benefit responsive guaranteed investment contract (GIC) with Minnesota Life Insurance Company. Minnesota Life Insurance Company maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is

contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the GIC with Minnesota Life Insurance Company is fully benefit-responsive, contract value is the relevant measure for the GIC, as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value as reported to the Plan by Minnesota Life Insurance Company represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2022 and 2021 was \$1,826,442 and \$1,901,485, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on an annual basis for resetting.

Certain events might limit the ability of the Plan to transact at contract value with the issuer and these events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include the following: (1) discontinuance of the contract by the Plan Administrator (2) the Plan is no longer deemed to be a "qualified plan" under Section 401 of the Internal Revenue Code or other section of the Code allowing similar tax treatment, (3) the Plan is terminated, or (4) there is a change in the Plan or in the benefits to be provided and it is necessary to amend or modify this contract, and the Plan administrator does not assent to the amendment or modification. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

NOTE E – TAX STATUS

The Plan uses a pre-approved plan document provided by Minnesota Life Insurance Company, which received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the pre-approved document satisfies the applicable provisions of the Internal Revenue Code (IRC). The

Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as

complete and accurate by Minnesota Life Insurance company (the custodian of the Plan).

NOTE I – PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments consist of pooled separate accounts and a guaranteed investment contract managed by Minnesota Life Insurance Company, the custodian, as defined by the Plan. As described in Note B, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2022 and 2021, to Form 5500:

NOTE K – TRANSFERS INTO THE PLAN

During the year ended December 31, 2022, the vested portion of certain participants in the Whitaker Construction ESOP were segregated as cash and transferred into the Plan. The amount of these contributions totaled \$475,264 during the year ended December 31, 2022. These contributions are reflected as receivables in the Statement of Net Assets Available for Benefits and were received by the Plan subsequent to the year ended December 31, 2022.

NOTE L – DELINQUENT PARTICIPANT CONTRIBUTIONS

It was noted in 2021 there were delays by the Company in submitting employee contributions to the trustee in the aggregate amount of \$82,724. The Company is in the process of filing Form 5330 and correcting the lost earnings for the 2021 late contributions.

NOTE M – EXCESS CONTRIBUTIONS PAYABLE

During the year-ended December 31, 2021, additional contributions were remitted to the Plan in error which were subsequently corrected during the subsequent year. The amount of these contributions totaled \$28,129 at December 31, 2021. In addition, amounts payable to participants for contributions in excess of nondiscrimination provisions totaled \$8,036 at December 31, 2021. The total amount of excess contributions at December 31, 2021 was \$36,166.

NOTE N – PLAN AMENDMENT

During the year ended December 31, 2022, the Plan was amended to include a participation agreement for Bighorn Traffic Services, LLC. The effective date of the amendment and participation agreement for Bighorn Traffic Services, LLC is January 1, 2022.

NOTE O – SUBSEQUENT EVENTS

Subsequent to the year ended December 31, 2022, the Plan was amended to include a participation agreement for Advanced Cable Technology, LLC and to increase the automatic increase percent of 1% each year from 6% up to 10%. The effective date of the amendment and participation agreement for Advanced Cable Technology, LLC is January 1, 2023.

The Plan Sponsor has evaluated subsequent events through August 29, 2023, the date which the financial statements were available to be issued.
