FINANCIAL STATEMENTS
DECEMBER 31, 2022

TOGETHER WITH
INDEPENDENT AUDITOR'S REPORT

INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Silvaco 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Silvaco 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Silvaco 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Silvaco 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Silvaco 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Silvaco 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Silvaco 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The Supplemental Schedule, "Schedule H, Line 4i – Schedule of Assets (Held at End of Year)" as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SILVACO 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

1. Description of Plan

The following description of the Silvaco 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General -- Silvaco, Inc. (the "Company") established the Plan on January 1, 1995. The Plan is a defined contribution plan covering all full-time employees of the Company who are not union employees, nonresident aliens or leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions -- Each year, participants may contribute up to 100 percent of pretax annual compensation. Contributions are subject to IRS limitations and not to exceed \$20,500 in 2022. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to \$6,500 during the year ended December 31, 2022. Participants may also rollover amounts representing distributions from other qualified retirement plans. The annual base salary for purposes of the Plan is limited by the Internal Revenue Code (the "Code") to \$305,000 during the year ended December 31, 2022. Participants direct the investments of their contributions into various investment options offered by the Plan. The Company may make discretionary tiered matching contributions equal to a discretionary percentage of a participant's elective deferrals of each tier, to be determined by the Employer. The tiers may be based on the rate of a participant's elective deferrals or years of service. The Company accrued matching contributions of \$149,096 for the year ended December 31, 2022. The Company may also make discretionary profit-sharing contributions. The Company did not make any profit-sharing contributions during the year ended December 31, 2022.

Participant Accounts -- Each participant's account is credited with the participant's contribution and an allocation of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The participant may designate the way in which contributions and employer contributions are invested and may change investment designations at any time.

Participants may elect to have all salary deferral contributions invested in a single investment fund or in any combination of available investment funds. The Company has no authority over the management of these participants' accounts.

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of the participant's account balance is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	33 1/3%
2	66 2/3%
3	100%

Forfeitures -- Non-vested portions of a participant's account balance will be forfeited when the participant receives a distribution of the entire vested benefits. The forfeited amounts are transferred to a forfeiture account until they are used to reduce plan expenses and/or future employer non-elective contributions for the following plan year, otherwise they will be available for future allocation to participants. Forfeiture of \$1,173 were used to pay plan expenses during the year ended December 31, 2022. There were no forfeitures available to reduce plan expenses and/or future employer contributions as of December 31, 2022 and 2021.

Payment of Benefits -- On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a certain period as defined by the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable from Participants -- Participants may borrow from their fund accounts a minimum amount of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The Plan allows one (1) loan for purchase of a participant's primary residence and one (1) loan for any other purpose. The loans, if any, are secured by the balance in the participant's account and bear interest at a rate of 4.5% to 8.0%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through automatic payroll deductions. The outstanding loans will mature from January to October 2024.

2. Summary of Significant Accounting Policies

Basis of Accounting -- The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates -- The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition -- Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and the custodian. See Note 5 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants -- Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022, and there was no notes receivable from participants as of December 31, 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits -- Benefit payments to participants are recorded when paid.

Expenses -- Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

4. Transamerica Stable Value Core Option (Stable Value Option)

The Stable Value Option is an investment contract and is considered fully benefit-responsive meeting all the following criteria:

1. The Stable Value Option investment choice is a non-tradable obligation of Transamerica. The investment's contract or proceeds cannot nor will not be assigned or sold to another party without the consent of Transamerica;

2. The repayment of principal and interest credited to participants holding the investment is a financial obligation of Transamerica. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, for example, a significant decline in creditworthiness of Transamerica, the Stable Value Option investment choice may no longer be considered fully benefit-responsive;
3. The terms of Transamerica's Group Annuity Contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans or transfers to other investment choices within the plan;
4. Since the Stable Value Option investment choice is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not probable;
5. The Stable Value Option investment choice allows a participant reasonable access to their assets.

Further, there are no unfunded commitments in the Stable Value Option. The redemption frequency is daily and the redemption notice period is daily.

Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There is no stated minimum or maximum interest rate for the Stable Value Option investment choice.

The Transamerica Stable Value Option investment choice is backed by the general account of Transamerica Life Insurance Company ("TLIC"). While TLIC declares rates periodically and backs the principal and interest of this investment choice, any guarantees are subject to the claims paying ability of the insurance company.

The Stable Value Option investment choice is not considered a Guaranteed Interest Contract (GIC) or Common Collective Trust (CCT) that relies upon underlying investment contracts for specific return guarantees or specific maturities. The stable value investment is more similarly looked at like a bank CD with a revolving interest guarantee – though, no specific underlying investments that would be reviewable for investment return information. In addition, there is no stated minimum or maximum interest rate and cannot be compared to a GIC with underlying 5 and 10 year maturities.

This investment is not guaranteed by the FDIC or any other government agency. Although plan participants generally may withdraw assets from the Stable Value Option investment choice without restrictions, TLIC or TFLIC may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

The Stable Value Option, as a deposit liability of Transamerica with no underlying assets, would have no direct investments on behalf of the plan. The assets are based on the general unallocated account of Transamerica and the risk of investment is based on our insurance ratings. The investment is fairly valued at contract value.

Since contract value is fair value, the average yield earned by the plan is equal to the average yield earned by the plan adjusted to reflect the actual interest rate credited to plan participants. Average yield equals credited rate which is 0.83% in 2022.

5. Fair Value Measurements

The framework measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and other inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Option – Valued using the guarantee by Transamerica as a going concern. Regardless of the activity of the general fund, Transamerica pays the stated interest rate and backs the capital deposit where the “risk” is measured by the insurance credit rating. This is a depository liability with no formal underlying maturities.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2022 and 2021, respectively.

Assets at Fair Value as of December 31, 2022

6. Related Party Transactions and Party-in-Interest Transactions

Reliance Trust Company (“RTC”) has entered into a service agent agreement with TLIC to perform certain services on behalf of RTC in connection with its custodial responsibility. Certain plan investments are managed by TLIC. Transamerica Retirement Solutions (“TRS”), a business unit of TLIC, is the recordkeeper of the Plan, and the Plan paid TRS \$32,468. These transactions qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to ERISA. In the event of the Plan termination, participants would become 100% vested in their employer contributions.

8. Summary of Information Certified By Custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held in a separate custodial account at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company.

9. Income Tax Status

The Internal Revenue Service stated in an advisory letter dated June 30, 2020 that the Prototype Standardized Profit-Sharing Plan (the prototype plan of Transamerica Retirement Solutions LLC upon which the Plan is based) qualifies under Section 401 (a) of the Code and the related trust is, therefore, not subject to tax under present income tax law. Although the Plan has been amended since receiving the advisory letter, the plan administrator believes that the Plan is currently operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or any other taxing agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes there are no uncertain tax positions relating to the Plan as of December 31, 2022.

10. Subsequent Events

The Plan has evaluated subsequent events through August 24, 2023, the date the financial statements were available to be issued, and noted no subsequent events which would have an impact on the Statements of Net Assets Available for Benefits and the related Statement of Changes in Net Assets Available for Benefits or require disclosure in the notes to financial statements.
