NOSTRUM LABORATORIES 401(k) PLAN

FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REPORT
DECEMBER 31, 2022 AND 2021

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of Nostrum Laboratories 401(k) Plan
Kansas City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Nostrum Laboratories 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets as of December 31, 2022 and supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOSTRUM LABORATORIES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The following description of the Nostrum Laboratories 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General – Nostrum Laboratories, Inc. (the “Company”) established the Plan to provide employees with a systematic means of saving and investing for the future. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) for employees of the Company.

Nationwide Trust Company, FSB (“Nationwide”) serves as the trustee and recordkeeper of the Plan.

The Plan adopted the Third Cycle Restatement effective July 1, 2022. The provisions of the Plan remained substantially the same.

Eligibility – The Plan is open to employees (as defined by the Adoption Agreement) of the Company, who are 21 years old, and have completed 6 months of service. Once the eligibility requirements have been met, an employee may enter the Plan on the first day of the following month.

Contributions – Participants may contribute between 1% and 86% of their compensation as pre-tax contributions and/or Roth contributions, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations. In addition, certain eligible employees, as defined by the Plan, are eligible to make catch-up contributions, in accordance with Plan provisions. The Plan has an automatic enrollment feature. New employees are automatically enrolled in the Plan, and contribute 3% of their eligible wages, unless the employee opts out of participation, or chooses a different deferral rate.

The Company makes a safe harbor matching contribution of 100% of an employee’s salary deferrals up to 3% of compensation, plus 50% of salary deferrals over 3% and up to 5% of an employee’s compensation. Participants are immediately eligible to receive the safe harbor contributions. The Company may make a discretionary nonelective contribution to be determined by the Company with respect to each Plan year. Eligible employees must be employed on the last day of the Plan year and complete 1,000 hours of service in order to receive the discretionary nonelective contribution. The Company did not make a discretionary nonelective contribution in 2022.

Participant Accounts – Each participant’s account is credited with the participant’s voluntary contribution, the Company’s contributions, plan earnings, and charged with the participant’s withdrawals and distributions, and an allocation of Plan expenses. Allocations of general expenses are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Investment Options – Participants direct the investment of all contributions into various mutual funds, a money market fund, or a fixed contract.

Vesting – Participants’ contributions and the Company’s safe harbor matching contributions are fully vested at all times. The vesting schedule for the Company’s discretionary nonelective contribution is as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures – At December 31, 2022 and 2021, forfeited, non-vested accounts totaled \$2,459 and \$1,916. Under the Plan provisions, forfeitures are used to reduce future employer contributions or to pay administrative expenses. No forfeitures were used in 2022.

Payment of Benefits – Upon termination of employment, the participant, or in the case of death, the participant’s beneficiary, receives the participant’s account balance in a single lump-sum. If the vested portion of the account balance is less than \$5,000, the participant’s vested account balance will be automatically distributed if the participant does not elect to roll-over the balance to another qualified plan. Balances between \$1,000 and \$5,000 will be automatically rolled over to an IRA account, unless the participant directs otherwise.

In-Service Withdrawals – Certain participants may make withdrawals prior to termination of employment. Hardship withdrawals are allowed in accordance with the Plan document. Participants may also receive a distribution of all or any portion of their vested account balances upon attainment of age 59½, in accordance with the Plan Document. In-service withdrawals are also permitted for participants who incur a disability, in accordance with the Plan Document.

Notes Receivable from Participants – Participants may borrow a minimum of \$1,000 and a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years or up to 15 years for the purchase of a principal residence. The loans are secured by the balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. Participants may have no more than two loans outstanding at any one time.

Administrative Expenses – Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Plan.

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. In the event that the Plan should be terminated, the entire balance of the participant’s account will become fully vested, and all remaining Plan assets shall be allocated to the participants as described in the full text of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully-benefit responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures. Actual results could differ from those estimates.

Contributions – Employer and employee contributions are reported in the year services are rendered to the Company by the Plan participants.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value, except for the fixed contract (see Note 6). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Management fees and operating expenses charged to the Plan for investments in mutual funds and the fixed contract are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for doubtful accounts is considered necessary.

Payment of Benefits – Benefit payments are reported in the year paid.

Date of Management's Review – Management has evaluated subsequent events through August 24, 2023, the date the financial statements were available to be issued, and there were no material events requiring recognition or disclosure.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies at December 31, 2022 and 2021.

Mutual Funds and Money Market Fund – Valued at the published net asset value (“NAV”) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan’s investments are reported at fair value as follows at December 31, 2022 and 2021.

	Fair Value Measurements Using:			Total
	Level 1	Level 2	Level 3	
December 31, 2022:				
Mutual funds	\$ 8,837,271			\$ 8,837,271
Money market fund	2,459			2,459
Investments measured at fair value	<u>\$ 8,839,730</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,839,730</u>
December 31, 2021:				
Mutual funds	\$ 10,757,755			\$ 10,757,755
Money market fund	1,916			1,916
Investments measured at fair value	<u>\$ 10,759,671</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,759,671</u>

4. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by the 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for reporting and Disclosure under ERISA. Accordingly, Nationwide Trust Company, FSB, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2022 and 2021, and for the year ended December 31, 2022:

- Investments, at fair value
- Net depreciation in fair value of investments
- Interest and dividend income
- Notes receivable from participants, and related interest income
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. FIXED CONTRACT

The Plan has a fully benefit-responsive contract with Nationwide. Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and fees.

As the fixed contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed contract. Contract value, as reported to the plan by Nationwide, represents contributions made under the contract, plus credited interest, less participant withdrawals and fees. Participants may ordinarily direct the withdrawal or transfer of all or portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. The crediting interest rate at December 31, 2022 and 2021 is 1.80% and 1.46%, respectively.

The issuer may terminate the fixed contract with the Plan due to failure of the Plan to comply with contractual requirements, failure by the Plan to meet requirements of the IRC, or a termination or partial termination of the Plan. The issuer may terminate at a settlement amount other than contract value.

7. TAX STATUS

The Company adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA which received a favorable opinion letter from the IRS on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Plan investments include a mutual fund and a fixed account managed by Nationwide Trust Company, the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

The Plan pays certain fees to Nationwide to administer the Plan. These transactions qualify as party-in-interest. Notes receivable to participants are party-in-interest transactions.

9. PROHIBITED TRANSACTIONS

During the year ended December 31, 2022, employee deferrals of \$2,860 were withheld from one payroll and not remitted on a timely basis (as defined by the Department of Labor "DOL") by the Plan Sponsor. The Plan Sponsor subsequently remitted the deferrals to the trust, contributed lost earnings to the affected participants, and will file and pay the appropriate excise tax. These transactions were prohibited according to the provisions of the DOL.
