Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MXR Imaging, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the financial statements, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MXR Imaging, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MXR Imaging, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### *Supplemental Schedules Required by ERISA*

The supplemental schedule of assets (held at the end of the year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental

schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTE 1 DESCRIPTION OF PLAN**

The following description of MXR Imaging, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan's Sponsor is MXR Imaging, Inc. (the Company, Plan Sponsor, or the Employer).

GENERAL

The Plan, initially effective September 1, 1992, is a single-employer, defined contribution plan covering all employees of the Company who have completed three months of service by the next plan entry date. An eligible employee may enter the Plan on the first day of the month following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Contributions to the Plan are as follows:

- 1) Participant contributions - Participants may contribute 1% to 100% of their eligible pre-tax compensation, as defined by the Plan, up to the Internal Revenue Service (IRS) annual maximum limit of \$20,500 and \$19,500 (\$27,000 and \$26,000 for participants age 50 or older) for 2022 and 2021, respectively.
- 2) Rollover contributions - The Plan allows for the participants in a former employer's qualified plan to contribute direct rollovers to this plan. During the years ended December 31, 2022 and 2021, \$69,488 and \$103,688, respectively, of rollovers were received.
- 3) Matching contributions - The Company is eligible to make discretionary matching contributions that are allocated as a percentage of the participant's elective deferrals. During 2022 and 2021, management elected to match up to 50% of the elective deferral, not exceeding 3% of compensation. Matching contributions were suspended from June 19, 2020 to April 9, 2021.
- 4) Non-elective contributions - The Company may decide to make a non-elective contribution to the Plan, although the Company is not required to do so. The non-elective contribution, if made, will be allocated pro-rata to eligible participants, as defined, based on their compensation to total compensation of all such participants for the plan year. During the years ended December 31, 2022 and 2021, no non-elective contributions were made by the Company.
- 5) Qualified non-elective employer contributions - The Company may make qualified non-elective employer contributions. The Company may contribute on behalf of a select group or groups of non-highly compensated participants eligible for an allocation, a contribution equal to the amount, if any, as necessary to satisfy the actual deferral percentage limitation and/or contribution percentage limitation. Qualified non-elective employer contributions shall be allocated to each member of each select group in either a flat dollar amount, a pro rate percentage of compensation, or a pro rata percentage of elective contributions. The determination of the group and number of non-highly

compensated employees to receive an allocation of qualified non-elective employer contributions and the method of allocation will be determined by the Company each plan year.

**PARTICIPANT ACCOUNTS**

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and the Plan earnings, and charged with any fees related to distributions. Allocations are based on participant earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

**VESTING**

Participants are immediately vested in their elective contributions and qualified non-elective employer contributions plus actual earnings thereon. Vesting in the Company's non-elective employer contributions and matching contributions is based on years of continuous service as follows:

| <u>Years of vesting service</u> | <u>Vesting percentage</u> |
|---------------------------------|---------------------------|
| Less than 3                     | 0%                        |
| 3 or more                       | 100%                      |

**INVESTMENT OPTIONS**

Upon enrollment into the Plan, participants may direct their account balances in any investment alternatives approved by the trustees, including mutual funds, guaranteed income fund, and collective trust funds. All earnings and losses on the directed investments are credited directly to the participants' accounts.

**PAYMENT OF BENEFITS**

Vested benefits are payable in one lump-sum distribution of the entire account balance or in a single sum payment of a portion of the account balance.

For purposes of determining whether or not a withdrawal is being used to provide benefits in accordance with the Plan document, the term "benefits" is limited to amounts becoming payable to the participant due to:

- (A) termination of employment
- (B) retirement
- (C) disability
- (D) death
- (E) hardship as defined in the plan document

Withdrawals for reasons other than those listed above are allowed but may be subject to certain charges and adjustments.

In the event of a mandatory distribution greater than \$1,000, but no more than \$5,000, in accordance with the payment provisions of the Plan, if the Participant does not elect to have such distributions paid directly to an eligible retirement plan specified by the Participant in a direct rollover or to receive the distribution directly under any form of payment allowed under the Plan, then the distribution will be paid in a direct rollover to an individual retirement plan designated by the plan administrator. Mandatory distributions of \$1,000 or less will be paid in cash as directed by the plan administrator, unless the Participant elects a direct rollover or elects to receive the distribution under another form permitted by the Plan.

**NOTES RECEIVABLE FROM PARTICIPANTS**

The participants may borrow money from the Plan provided it is adequately secured. They may use up to 50% of their vested balance as security for the loan. All loans must bear a reasonable rate of interest. Participants can borrow no more than the lesser of \$50,000 or 50% of their vested account balance reduced by their highest outstanding loan balance during the previous 12 months. In addition, no loan in an amount less than \$1,000 will be made.

**FORFEITED ACCOUNTS**

In the event that non vested accounts are forfeited, such accounts are used to pay administrative fees. Any remaining forfeitures are used to reduce matching contributions and non-elective employer contributions. At December 31, 2022 and 2021, the forfeiture account balance totaled \$52,730 and \$32,420, respectively. The amount of forfeitures applied towards contributions totaled \$32,469 and \$0 for the years ended December 31, 2022 and 2021, respectively. The amount of forfeitures applied towards administrative fees totaled \$31,000 and \$17,363 for the years ended December 31, 2022 and 2021, respectively.

**NOTE 2    SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of accounting - The accompanying financial statements have been prepared using the accrual method in conformity with generally accepted accounting principles (GAAP) in the United States of America.

Use of estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investments valuation and income recognition - Investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in collective trust are valued at net asset value (NAV) as a practical expedient of fair value. The NAV is based on the underlying investments, which are traded on an active market. Fully benefit-responsive investment contracts are reported at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

**DECEMBER 31, 2022 AND 2021**

**Page 11**

Investment contract with insurance company - Investment contracts held by a defined-contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value measurement - The Plan follows accounting standards consistent with the Financial Accounting Standards Board (FASB) Codification which defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements for all financial assets and liabilities.

Classification and measurement of financial instruments - The Plan follows Accounting Standards Update (ASU) 2016-01 "Recognition and Measurement of Financial Assets and Financial Liabilities." This ASU amends certain aspects of current guidance on the recognition, measurement and disclosure of financial instruments. Among other changes, this ASU requires most equity investments to be measured at fair value. Additionally, the ASU eliminates the requirement to disclose the method and significant assumptions used to estimate the fair value for instruments not recognized at fair value in the Plan's financial statements.

Notes receivable from participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Notes receivable from participants are reported net of an allowance of \$0 as of December 31, 2022 and 2021.

Benefits - Benefits are recorded when paid.

Income taxes - The pension plan is tax exempt under the Internal Revenue Code Section 401(a) and consequently pays no income tax.

The Plan obtained its latest determination letter on November 14, 2022, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. The plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

The Plan follows accounting standards for uncertainty in income taxes recognized in the Plan's financial statements and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. It also provides guidance on derecognition and measurement of a tax position taken or to be taken in a tax return. As of December 31, 2022 and 2021, the Plan has not accrued interest or penalties related to uncertain tax positions.

**NOTE 3 ADMINISTRATIVE EXPENSES**

All expenses incident to the administration, termination or protection of the Plan, including, but not limited to, legal, accounting and Custodian fees, shall be paid by the Company or, if not paid by the Company, shall be paid by the administrator from the Plan assets. A participant's account balance will be charged with certain fees and expenses. Certain investment related expenses are included as a reduction of investment return and are not separately reflected. In addition, the Company provides administrative services to the Plan at no cost to the Plan.

**NOTE 4 PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the rights of all employees to account balances accrued to the date of the termination are fully vested and non-forfeitable.

**NOTE 5 INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES**

The Company has obtained certification from Empower Trust Company, LLC and Empower Annuity Insurance Company of America (the Trustees) that all of the information provided to the Company by the Trustees is complete and accurate. The Trustees' certification applies to substantially all of the Plan's investment assets, transactions, and supplemental schedules. The Trustees report such information primarily on a cash basis while the accompanying financial statements and supplemental schedules are presented on an accrual basis. Therefore, certain amounts reflected in the financial statements and supplemental schedules may differ from the information certified by the Trustees.

During 2022 and 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) changed in value by (\$7,091,107) and \$2,698,606, respectively.

**NOTE 6    INVESTMENT CONTRACT WITH INSURANCE COMPANY**

The Plan has a benefit-responsive investment contract with Empower Annuity Insurance Company of America for its fixed annuity contract. The Trustees maintain plan contributions in unallocated accounts which are part of the general assets of the Trustees. The contract is included in the financial statements at contract value as reported to the Plan by the Trustees. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Total contract value at December 31, 2022 and 2021 for the investment contract was \$2,659,621 and \$2,837,048, respectively, and is included in investments in the accompanying statements of net assets available for benefits.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on earnings of the underlying assets in the entire medium-long term new portfolio and prevailing market conditions and may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with the trustees. Such events may include but are not limited to the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of an event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable. The investment contract does not permit Empower Annuity Insurance Company of America to terminate the agreement prior to the scheduled maturity date.

**NOTE 7 COLLECTIVE TRUST FUNDS**

The Plan held an interest in the State Street S&P 500 Index Securities Lending Series Fund Class II fund (the "Fund"). The Fund is a commingled pool of S&P 500 index equity securities and issued and managed by State Street Global Advisors Trust Company. The assets of the funds are invested in common stocks, preferred stocks, depository receipts, other securities convertible into common stock, future contracts, and option contracts. The Fund may also invest in investment contracts offered by insurance companies and other approved financial institutions. The management company's ability to meet these obligations may be affected by economic developments in their respective companies and industries. Although it is the policy of the management company to use its best efforts to maintain a stable NAV, there is no guarantee that the management company will be able to maintain that value. The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative fees.

**NOTE 8 FAIR VALUE MEASUREMENT**

The Company follows the methods of fair value measurement to value its financial assets and liabilities. Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels has been established, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Mutual fund shares are based on the unit value as determined from the daily price traded on an active market, dividends declared, and capital gains and are classified as Level 1 investments.

Collective trust funds that are comprised of the State Street S&P 500 Index Securities Lending Series Fund Class II (the "Fund") are valued at the Net Asset Value (NAV) of units held at year end. The NAV is used as a practical expedient to estimate fair value. The NAV is calculated by the fund based on net assets which includes fully benefit responsive contracts at contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial assets carried at fair value at December 31, 2022 are classified below in one of the three categories described above. The table below presents the balances of assets measured at fair value on a recurring basis:

**NOTE 9    RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for plan benefits.
