CERTIFIED PUBLIC ACCOUNTANTS

Independent Auditor's Report

To the Pension Advisory Committee of
Harrison Community Hospital Employees' Pension Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Harrison Community Hospital Employees' Pension Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by American United Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Assets Held at End of Year as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Harrison Community Hospital Employees' Pension Plan
Notes to Financial Statements
December 31, 2020 and 2019

1. Description of the Plan

The following description of the Harrison Community Hospital Employees' Pension Plan (the Plan) provides only general information. Users of these financial statements should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution money purchase plan covering all eligible employees of Harrison Community Hospital (the Hospital). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees who have completed two consecutive years of service, which is defined as completing 1,000 hours of service in a twelve-consecutive-month period beginning on the date of employment, and have reached age 21 are eligible to receive a contribution from this Plan. Entry dates are January 1 and July 1 of each year.

Contributions

The Hospital has historically contributed 2% of a participant's compensation to the Plan. However, in 2020, no employer contribution was made. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Participant Accounts

Under the Plan's provisions, individual accounts are maintained for each participant. Participants direct the investment of their contribution into various options offered by the Plan. Each individual account is credited with the Hospital's contribution (when applicable) and applicable earnings. Allocations of investment earnings are based on account balances. Participant accounts are valued daily and earnings or losses are posted to the accounts on a daily basis.

Vesting

Participants are vested immediately upon entering the plan.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum, a life annuity, a certain and life annuity, a joint and survivor annuity, an installment refund annuity, a fixed period annuity, an installment payment, or a partial withdrawal, as defined. Normal retirement age is 65. Provisions exist for early, deferred, and disability retirements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. In accordance with ASC 965, benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are 100% participant directed and are stated at fair or contract value:

- The pooled separate accounts are stated at fair value as reported to the Plan by American United Life Insurance Company (AUL) based on the quoted market prices of the underlying mutual funds.
- The Plan holds two traditional insurance contracts with AUL. These contracts meet the fully benefit-responsive insurance contract criteria and therefore are reported at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation/appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Hospital and are excluded from these financial statements.

Investment Fees

The Plan's participants invest in various pooled separate accounts which charge between 34 and 138 basis points. The total fees paid by plan participants approximated \$19,637 and \$17,499 for the years ended December 31, 2020 and 2019, respectively.

3. Investments

Investment Composition

The tables below summarize investments for the Plan. There are no *participant* redemption restrictions for these investments; the redemption notice period is applicable only to the *Plan*.

As of December 31, 2020, the Plan's investments consisted of:

	Level 1	Level 2	Level 3	Investments measured at net asset value	Total
Insurance Contracts (1)	\$ -	\$ 1,244,642	\$ -	\$ -	\$ 1,244,642
Pooled Separate Accounts(2)	-	2,802,044	-	-	2,802,044
Total	<u>\$ -</u>	<u>\$ 4,046,686</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,046,686</u>

As of December 31, 2019, the Plan's investments consisted of:

	Level 1	Level 2	Level 3	Investments measured at net asset value	Total
Insurance Contracts (1)	\$ -	\$ 1,892,760	\$ -	\$ -	\$ 1,892,760
Pooled Separate Accounts (2)	-	2,572,150	-	-	2,572,150
Total	<u>\$ -</u>	<u>\$ 4,464,910</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,464,910</u>

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive insurance contracts.

- 1) Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive insurance contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.
- 2) Pooled separate accounts investing in mutual funds or equity securities are measured using quoted prices in active markets for underlying assets.

Fully Benefit-Responsive Insurance Contracts

The Plan holds two traditional insurance contracts with AUL. These contracts meet the fully benefit-responsive insurance contract criteria and therefore are reported at contract value.

The traditional insurance contracts held by the Plan are guaranteed insurance contracts. The contract issuer is contractually obligated to repay the principal and the interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4 percent for each. The crediting rate is reviewed on a quarterly basis for resetting. The contracts cannot be terminated before the scheduled maturity dates.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive insurance contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Harrison Community Hospital Employees' Pension Plan
Notes to Financial Statements
December 31, 2020 and 2019

3. Investments (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

Pooled Separate Accounts

The investment strategies for the pooled separate accounts investing in mutual funds or equity securities vary based on the degree of investment risk chosen by the fund managers and the criteria of the fund or security's investment goals.

4. Fair Value

The framework for measuring fair value provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Harrison Community Hospital Employees' Pension Plan
Notes to Financial Statements
December 31, 2020 and 2019

4. Fair Value (Continued)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets in active markets • Quoted prices for identical or similar assets in inactive markets • Inputs other than quoted prices that are observable for the asset • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
<i>All of the Plan's investments were measured on a recurring basis.</i>	

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

METHODOLOGIES

The following is a description of the methodologies used by this Plan. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts: Value is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account. For separate accounts that invest exclusively in mutual funds, the total value of the assets of the separate account is based on the net asset value (NAV), or price per share, of the underlying mutual funds. The mutual fund calculates its NAV by dividing the mutual fund's net assets by the mutual fund's outstanding number of shares.

Insurance contracts: Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Notes to Financial Statements
December 31, 2020 and 2019

5. Parties-In-Interest

Parties-in-interest is defined by IRC Section 4975(e) (2) and ERISA section 3 (14) (c) to include, among others, any entity who provides services to the Plan. For the years ended December 31, 2020 and 2019, all of the investment products are offered by AUL, who is the trustee of the Plan. Therefore, all of the Plan's investments are described as parties-in-interest transactions.

6. Plan Termination

The Hospital intends to continue the Plan indefinitely but reserves the right to discontinue matching contributions to the Plan or to discontinue the Plan itself at any time, provided it will not be undertaken in such a manner as to constitute a violation of any applicable provision of ERISA. In the event of a termination of the Plan, all distributions shall be made to the exclusive benefit of participants or their beneficiaries.

7. Tax Status of the Plan

The IRS has determined and informed the trustee by a letter dated March 31, that the prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Prototype Plan has been amended since receiving the determination letter, the Plan operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

8. Information Certified by the Plan's Trustee

The following is a summary of the investment information regarding the Plan as of December 31, 2020 and 2019, and for the years then ended, included in the Plan's financial statements and supplemental schedule that was prepared and derived from information prepared by American United Life Insurance Company, the trustee of the Plan, and furnished to the plan administrator. The trustee has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

	<u>December 31, 2020</u>	<u>December 31, 2019</u>
Investments	\$ 4,046,686	\$ 4,464,910
Investment income		
Net realized and unrealized gains	\$ 455,103	\$ 545,503
Interest income	\$ 69,672	\$ 75,702

The Plan's independent certified public accountants *did not* perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

Harrison Community Hospital Employees' Pension Plan
Notes to Financial Statements
December 31, 2020 and 2019

9. Investment Risk

Investments of the Plan are not insured by the FDIC; are not deposits or other obligations of, or guaranteed by any bank or affiliates; and are subject to investment risks, including possible loss of the principal amount invested.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Risks and Uncertainties

On March 11, 2020, the World Health Organization declared the COVID-19 spread of a disease a pandemic. While it is premature to accurately predict the ultimate impact, it is likely that the operations of the Plan will be affected. The impact of the pandemic has the potential to negatively impact investment income.

11. Classification Differences

Form 5500 includes certain assets and liabilities that differ from amounts shown on the accompanying financial statements. These differences relate to classifications only and have no effect upon net assets available for benefits for either the year ended December 31, 2020 or 2019.

12. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were issued, October 15, 2021, and determined that no events occurred that require disclosure. No events occurring after this date have been evaluated for inclusion in the financial statements.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
