Financial Statements and Supplemental Schedule

December 31, 2022 and 2021

WIPFLI

Independent Auditor's Report

Board of Directors of Pioneer Technical Services, Inc.
Pioneer Technical Services, Inc. 401(k) Profit Sharing Plan
Butte, Montana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pioneer Technical Services, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pioneer Technical Services, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pioneer Technical Services, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pioneer Technical Services, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pioneer Technical Services, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pioneer Technical Services, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pioneer Technical Services, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Pioneer Technical Services, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Pioneer Technical Services, Inc. (the "Sponsor") who have six consecutive months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees are eligible to participate in salary deferral contributions and safe harbor matching contributions after six consecutive months of work completing at least one hour of service during that time and having attained the age of 21. If an employee does not complete at least one hour of service during the first six months of employment, they will then have to complete one year of service. Employees are eligible to participate in discretionary profit sharing contribution after one year of service and having attained the age of 21. An employee will have completed one year of service if at the end of their first twelve months of employment they have been credited with at least 1,000 hours of service. If the employee does not complete 1,000 hours of service within the first twelve months of employment, the employee will satisfy the service requirement at the end of any following plan year during which the employee was credited with 1,000 hours of service. Employees are allowed to enter the Plan quarterly on the 1st of January, April, July and October, immediately following the date the eligibility requirements are met. The Plan's trustees are responsible for oversight of the Plan.

Contributions

Each year, participants may contribute a specific percentage or dollar amount of their compensation, as defined in the Plan, as either pre-tax or Roth after-tax contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Sponsor contributes 100% of the first 3% of base compensation plus 50% of the next 2% of base compensation that a participant contributes to the Plan. The Sponsor may also elect to make a discretionary profit sharing contribution to the Plan for a given year. The discretionary contribution may be determined as a uniform percentage of compensation or as a uniform dollar amount. For the Plan year ending December 31, 2022, the Sponsor made safe harbor matching contributions of \$410,777. The Sponsor did not elect to make a discretionary profit sharing contribution for the year ending December 31, 2022. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Pioneer Technical Services, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Sponsor safe harbor matching contributions, and allocations of (a) the Sponsor's discretionary profit sharing contribution and (b) plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and safe harbor match contributions plus actual earnings (losses) thereon. Vesting in the Sponsor's discretionary profit sharing contribution portion of a participant's account is based on the number of years of service.

Sponsor's discretionary contributions vest according to the following schedule:

	Vesting %
Less than 2 years	- %
2 years	20 %
3 years	40 %
4 years	60 %
5 years	80 %
6 or more	100 %

Participants are considered to have completed one year of service for purpose of vesting upon the completion of 1,000 hours of service at any time during 12 consecutive months.

Participants will always be 100% vested upon normal retirement age if still employed with the Sponsor. Normal retirement age is defined as the date the participant has attained age 59 1/2. Participants will also be 100% vested if they die or become disabled while still employed with the Sponsor.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Participants can only have two loans currently outstanding from the Plan. Loan terms may not exceed five years unless for the purchase of a primary residence. The loans must be adequately secured. Generally, a participant must use no more than 50% of their vested interest in the Plan as security but the Plan administrator may request additional collateral. The interest rate charged must be comparable to the interest rates charged by financial institutions for similar loans. The interest rate that will apply will be determined by the plan administrator and ranged from 4.25% - 8.00% for notes outstanding as of December 31, 2022. Principal and interest are to be paid ratably through payroll deductions at least quarterly.

Pioneer Technical Services, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Payment of Benefits

All distributions from the Plan will be made in a single lump-sum payment of cash or installment payments. If an employee's vested benefit in the Plan exceeds \$5,000 the employee must consent to the distribution before it will be made. A distribution is required to be made if the vested benefit under the Plan (excluding amounts attributable to rollovers) does not exceed \$5,000. Minimum distribution rules must be followed. A participant may also elect to rollover all or a portion of their distribution to an Individual Retirement Account or another qualified plan. Benefits are recorded when paid.

In-service distributions are permitted if a participant is at least age 59 1/2 at the time of distribution or for financial hardship if certain conditions are satisfied. Participants should refer to the Plan document for conditions relating to these in-service distributions.

Forfeitures

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$57,211 and \$42,937, respectively. When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents forfeiture. The non-vested portion may be used to reduce the Sponsor's contributions (including qualified matching contributions (QMACs), qualified nonelective contributions (QNECs), safe harbor contributions, and non-elective contributions) or may be used to pay administrative expenses of the Plan. Forfeitures used for the year ending December 31, 2022 were \$0.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant notes receivable is recorded as benefit payments on the basis of the terms of the plan document.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Pioneer Technical Services, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for fully benefit-responsive investment contracts (FBRICs). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FBRICs are reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 and Note 5 for discussion of fair value measurements and FBRICs.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment income or loss.

Note 3: Information Prepared and Certified by Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends and interest from notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (f/k/a Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC), the Custodians of the Plan.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Pioneer Technical Services, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used as of December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 21,597,584	\$ -	\$ -	\$ 21,597,584
Total investment assets at fair value	\$ 21,597,584	\$ -	\$ -	\$ 21,597,584

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 29,082,260	\$ -	\$ -	\$ 29,082,260
Total investment assets at fair value	\$ 29,082,260	\$ -	\$ -	\$ 29,082,260

Pioneer Technical Services, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 5: Fully Benefit-Responsive Investment Contracts (FBRICs)

The Plan has a group fixed deferred annuity contract with Empower Annuity Insurance Company of America ("Empower"). Empower maintains the contributions in a general account. The account is credited with all contributions made by or on behalf of the participant as well as earnings and charged for participant withdrawals and administrative expenses. The contract issuer must repay the principal and a specified interest rate is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all of a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with Empower including plan termination and other events as specified in the FBRIC. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring. The FBRIC does not permit Empower to terminate the agreement prior to the scheduled maturity date.

The average yield earned by the Plan and the average interest rate credited to the participants' accounts for the year December 31, 2022 was 0.93%.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Sponsor discretionary contributions.

Note 8: Tax Status

The Sponsor adopted a volume submitter plan document with an IRS notification letter which states the volume submitter plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Pioneer Technical Services, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 9: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Empower Annuity Insurance Company of America and Empower Trust Company, LLC. Empower Annuity Insurance Company of America and Empower Trust Company, LLC are the Custodians, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan for the investment management services were \$82,400 for the year ended December 31, 2022.

Certain plan investments are managed by Advised Assets Group. Advised Assets Group is the investment manager of the Plan, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan for the investment management services were \$18,719 for the year ended December 31, 2022.

Certain plan investments are managed by Randall and Hurley. Randall and Hurley is the contract administrator of the Plan, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan for the investment management services were \$1,600 for the year ended December 31, 2022.

The trustees are Plan participants. The trustees make contributions and receive benefits in the same manner as all other participants of the Plan.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 10: Subsequent Events

The Plan has evaluated subsequent events through June 23, 2023, which is the date the financial statements were available to be issued and determined no subsequent events require recognition or disclosure in the financial statements.
