INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Covis Pharma US, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of the Covis Pharma US, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2022 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained a certification from qualified institutions as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section:

- the amounts and disclosures in the 2022 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 Financial Statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report. We are required to be independent of the Covis Pharma US, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Covis Pharma US, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Covis Pharma US, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Covis Pharma US, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2022 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Accountant's Compilation Report on the 2021 Financial Statement

Plan management is responsible for the accompanying 2021 financial statement of the Covis Pharma US, Inc. 401(k) Plan, which comprises the statement of net assets available for benefits as of December 31, 2021 and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the accompanying statement of net assets available for benefits as of December 31, 2021 and the related notes to the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, or provide any assurance on the 2021 financial statement.

Covis Pharma US, Inc. 401(k) Plan
Notes to Financial Statements
As of December 31, 2022 and 2021 and for the Year Ended December 31, 2022

1. Description of Plan

The following description of the Covis Pharma US, Inc. 401(k) Plan (the “Plan”) provides only general information. The Plan was originally effective August 1, 2020, and was most recently amended effective September 1, 2022. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Covis Pharma US, Inc. (the “Company” or the “Plan Sponsor”). AMAG Pharmaceuticals, Inc., an affiliated employer, has also adopted the provisions of the Plan. Employees are eligible for the Plan when they have attained the age of 21. Prior to September 1, 2022, the Plan also had a one month of service requirement with the Company to become eligible for the Plan. Prior to September 1, 2022, the Plan also had monthly entry dates to enter the Plan after the eligibility requirements were met. Certain non-resident aliens with no U.S. source income, leased employees and members of collective bargaining units for which Plan participation was not part of the bargaining agreement, are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute a percentage of their eligible annual compensation, as defined in the Plan document, provided that in no event shall a participant elect to contribute more than the maximum allowed by law. Contributions may be designated as Roth 401(k) contributions. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan provides for discretionary matching contributions equal to a percentage of salary deferrals. For the year ended December 31, 2022, the discretionary matching contribution percentage was 100% of salary deferrals up to 6% compensation, as defined by the Plan. The Company may also choose to provide discretionary profit sharing contributions. The Company did not make a discretionary profit sharing contribution for the year ended December 31, 2022.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and discretionary matching contributions as well as allocations of the Company's profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

A participant, at all times, has a fully vested (100%) interest in their salary deferral contributions and rollover contributions, including actual earnings thereon. Participants are vested in their discretionary matching contributions and discretionary profit sharing contributions based on years of service in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1 year	25%
2 years	50%
3 years	75%
4 years or more	100%

A participant is 100 percent vested upon death or disability, or normal retirement (age 65), as defined in the Plan document.

Covis Pharma US, Inc. 401(k) Plan
Notes to Financial Statements
As of December 31, 2022 and 2021 and for the Year Ended December 31, 2022

Forfeited Accounts

Forfeitures are generally used to pay administrative expenses or to offset any employer contributions. The total unallocated forfeiture account balance was \$28,931 and \$41,474 as of December 31, 2022 and 2021, respectively. During the year ended December 31, 2022, forfeitures of approximately \$0 were used to pay administrative expenses of the Plan and forfeitures of \$77,578 were used to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. A participant may have no more than one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator (the current prime rate plus 1.50%). Principal and interest may be paid ratably through payroll deductions or directly by the participant to the custodian. Loan terms shall not extend beyond five years from the date of the loan, unless the loan is for the purchase of a participant's primary residence.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive a lump sum up to the value of the participant's vested interest in his or her account. Partial payments may also be elected. If a participant's vested account balance is less than \$5,000 upon termination, a distribution of the participant's account may be made automatically in a single lump-sum cash distribution. In the event of a mandatory distribution greater than \$1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator.

In-service withdrawals of all or a portion of a participant's vested account balance may be made by participants who have attained the age of 59-1/2. Participants are also permitted to make hardship withdrawals from the salary deferral portion of their accounts in certain cases of immediate and heavy financial need. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time. In addition, minimum payments must begin subject to Internal Revenue Service ("IRS") guidelines.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contracts and their related activity on a contract value basis (see Note 5).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Covis Pharma US, Inc. 401(k) Plan
Notes to Financial Statements
As of December 31, 2022 and 2021 and for the Year Ended December 31, 2022

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the custodian and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

All reasonable administrative expenses, including custodial and third-party administration fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature elected by that participant, and are included in administrative expenses. Certain investment related expenses are included in the net depreciation in fair value of investments.

Subsequent Events

Management evaluated subsequent events for the Plan through September 1, 2023, the date the financial statements were available to be issued.

3. Information Certified by Qualified Institutions

The Plan administrator having determined that it is permissible in the circumstances elected to have the audit of the Plan performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, qualified institutions, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, fully benefit-responsive investment contracts, at contract value, and notes receivable from participants as shown in the statement of net assets available for benefits as of December 31, 2022.
- Investment activity, including net depreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- The information for the mutual funds (registered investment companies), common collective trust, group annuity contract and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2022 as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the net asset value or equivalent based on units of the common collective trust. The NAV, as provided by the trustee of the common collective trust, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future returns. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total	<u>\$ 9,051,136</u>	<u>\$ 9,021,678</u>	<u>\$ -</u>	<u>\$ -</u>

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) of the Plan as of December 31, 2022 and 2021.

<u>Investment Type</u>	<u>Fair Value</u> <u>December</u> <u>31, 2022</u>	<u>Fair Value</u> <u>December</u> <u>31, 2021</u> <u>(Unaudited)</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Common collective trust	\$ 50,380	\$ 29,458	\$ -	Daily	Daily

The Plan is applying the practical expedient as of December 31, 2022 and 2021 to its investment in the common collective trust. The common collective trust's primary investment objective is to mirror the investment return of the Russell 2000 Value Index. The common collective trust is redeemable at net asset value under agreements with the underlying common collective trust. Net asset values are based on the fair market value of the underlying investments of the common collective trust derived from inputs principally from or corroborated by observable market data by correlation or other means. It is possible that these redemption rights may be restricted by the common collective trust in the future in accordance with underlying common collective trust agreements. Any changes in the redemption rights could materially affect the net asset value of the investments.

5. Fully Benefit-Responsive Investment Contracts

The Plan holds the Empower Annuity Insurance Company of America Fixed Account – Series Class I (the "Fixed Account"), a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus interest credited, less participant withdrawals, and administrative expenses.

Covis Pharma US, Inc. 401(k) Plan
Notes to Financial Statements
As of December 31, 2022 and 2021 and for the Year Ended December 31, 2022

The Fixed Account is a group annuity contract and is backed by the general account of the Empower Annuity Insurance Company. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed minimum interest rate is 0%.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Limitations exist related to excessive trading and for transfers to or from competing funds. Certain events (including but not limited to termination of the contract, divestitures, or mergers) might limit the ability of the Plan to transact at contract value with the contract issuer. In the event the Plan sponsor wishes to terminate the contract, the notice period may range up to sixty calendar days. Upon occurrence of such an event, a market value adjustment or withdrawal restrictions may apply. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with participants.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against the group fixed annuity contract values for credit risk of the contract issuer or otherwise.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions for which they were not already vested.

7. Tax Status

Effective January 23, 2021, through the adoption of a Delaware Valley Retirement, Inc. Non-Standardized Defined Contribution Pre-Approved Plan, the Plan was amended and restated. The IRS issued an opinion letter, dated June 30, 2020, stating that the pre-approved plan document was designed in accordance with applicable Internal Revenue Code ("IRC") requirements as of that date.

The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, management of the Plan believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. As the Plan became effective during 2020, all years remain subject to income tax examination as of December 31, 2022.

8. Related-Party and Party-In-Interest Transactions

Empower Trust Company, LLC and Empower Annuity Insurance Company of America provide custodial services to the Plan. Plan investments include a mutual fund and a group annuity contract managed by Empower. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance. Therefore, these qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. Fees paid by the Plan amount to \$55,935 for the year ended December 31, 2022.

9. Risks and Uncertainties

The Plan provides for various investment options to its participants. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Plan Amendments

Effective September 1, 2022, the Plan was amended in order to remove the 1 month of service requirement for Plan eligibility, to remove the monthly entry date provision and to change the Plan's trustee.
