INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of the
Washington and Lee University Defined Contribution Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Washington and Lee University Defined Contribution Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Respectfully submitted,

WASHINGTON AND LEE UNIVERSITY DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

***Note 1* Description of Plan**

The following brief description of the Washington and Lee University Defined Contribution Plan (the Plan) sponsored by Washington and Lee University (the University) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering substantially all employees of the University, as defined in the Plan. The University, as administrator, is responsible for the control and administration of the Plan. TIAA and Fidelity Workplace Services LLC (Fidelity) serve as recordkeepers for the Plan. TIAA, FSB is the custodian of the Plan assets record kept by TIAA. Fidelity Management Trust Company is the custodian of the Plan assets record kept by Fidelity. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible employees may make contributions into the Plan up to the maximum allowed by the Internal Revenue Code (IRC). After an eligible employee completes two years of service with a minimum of 1,000 hours each year, as defined in the Plan, the University shall make a matching contribution of 100% of each participant's elective deferral up to 5% of eligible compensation. The University also makes a non-elective contribution to the Plan to each eligible employee after completion of two years of service with a minimum of 1,000 hours each year, regardless if the employee is making elective deferrals, equal to 5% of each participant's eligible compensation. In addition, the Plan will accept direct rollovers of eligible rollover distributions from qualified plans.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the University's contribution and Plan earnings (losses), and charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1 Description of Plan - Continued

Plan Loans

Plan loans are issued as separate contracts by TIAA and do not represent plan assets. Loans are collateralized using a participant's TIAA Traditional account balance in an amount equal to 110% of the outstanding loan balance. Participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 45% of the participant's TIAA Traditional account balance subject to annuity contract and plan provisions. Principal and interest is paid ratably by the participant to TIAA and each payment will reduce amounts collateralized by the borrowing participant's TIAA Traditional account balance. Plan loan balances outstanding from participants to TIAA were \$27,442 and \$43,880 as of December 31, 2022 and 2021, respectively. Effective January 1, 2022, TIAA is no longer issuing Plan loans.

Vesting

Participants are immediately vested in their contributions to the Plan as well as any University contributions and any earnings thereon.

Notes Receivable from Participants

Participants may obtain loans of not less than \$1,000 but not more than the lesser of \$50,000 reduced by the highest outstanding loan balance in the previous 12 months or 50% of the participant's individual investment account balance. The period of repayment may not exceed five years, or 10 years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at rates commensurate with those charged by lending institutions. Principal and interest is paid ratably through automatic ACH payments from the participant's bank account. The maximum number of loans outstanding at any one time is one.

Benefit Payments

A distribution of benefits can only be made upon a participant's death, incurring a financial hardship, disability, obtaining age 59 ½ or severance from employment. A participant may elect to receive a lump sum payment, single life annuity, or a joint and 50% survivor annuity.

Revenue Credit Account

The Plan has a Revenue Credit Account which is a suspense account funded with excess revenue generated by the Plan. These funds may be used to pay Plan expenses or be allocated to each participant who is employed on the last day of the Plan year. During 2022, the Plan received revenue credits of \$141,889, which has been recorded as other income on the statement of changes in net assets available for benefits. During 2022, \$103,138 of Plan expenses were paid and \$39,175 was allocated to participants from the Revenue Credit Account. The balance in the account as of December 31, 2022 and 2021, was \$40 and \$206, respectively.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Subsequent Events

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through September 9, 2023, the date that the financial statements were available to be issued.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of the Plan can be paid by the Plan or the University.

Risks and Uncertainties

The Plan invests in investment securities which are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as inflation, a pandemic or international conflict. Due to the level of risk associated with these securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Approximately 42% and 40% of the Plan's investments are held in two accounts at December 31, 2022 and 2021, respectively, as noted below. As such, this is considered to be a concentration of credit risk.

Note 3 Investment Valuation and Income Recognition

Except for certain contracts held by TIAA described in Note 4, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and non-financial assets and liabilities. That guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

WASHINGTON AND LEE UNIVERSITY

DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

***Note 3* Investment Valuation and Income Recognition - Continued**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Fixed Annuity Contracts – Non Fully Benefit Responsive: These contracts are reported at contract value, which approximates fair value (see Note 4). This determination is based on TIAA's credit rating and yield during 2022 and 2021 being comparable to similar alternative investments and the interest rate which re-sets annually being comparable to a ten year treasury bond. In subsequent periods, if market conditions change, such as the insurance company credit rating or interest rate environment, the difference between contract value and fair value could become significant.

Insurance Company Separate Account: The Insurance Company Separate Account is a pooled separate account in which daily unit values are published on NASDAQ. The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the fund.

Variable Annuity Contracts: Valued at the daily unit value published on NASDAQ. The funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the fund. The underlying investments consist principally of equity securities, fixed-income instruments and short-term investments.

Registered Investment Companies: Valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 3 Investment Valuation and Income Recognition - Continued

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 4 Investment Contracts with TIAA

The Plan holds fixed annuity investment contracts with TIAA. Under these contracts are sub-contracts, some of which are fully benefit responsive while others are not. TIAA maintains the contributions into these contracts in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the fixed annuity investment contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

For investment contracts that are fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported to the Plan by TIAA. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than an effective rate of 3.00% and is between 1.00% and 3.00% for some contracts. Such interest rates are reviewed and re-set by the issuer on an annual basis. The crediting interest rate for accumulating Retirement Annuity (RA) was 6.25% as of December 31, 2022. Supplemental Retirement Annuity (SRA) and Group Supplemental Retirement Annuity (GSRA) contracts was 5.50% as of December 31, 2022. The crediting interest rate for accumulating Retirement Choice (RC) contracts was 6.50% as of December 31, 2022.

All RA contracts require withdrawals in the form of either a life annuity or a 10 installment annuity paid evenly over nine years. The RC contracts may be withdrawn in a single lump sum within 120 days of termination, subject to a 2.50% surrender charge. All other withdrawals from RC contracts must be spread over 84 monthly installments.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 4 Investment Contracts with TIAA - Continued

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 5 Income Tax Status

The Plan adopted a volume submitter 403(b) plan document sponsored by The Angell Pension Group, Inc. The volume submitter 403(b) plan has received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2017, as to the volume submitter 403(b) plan's qualified status. The volume submitter 403(b) plan opinion letter has been relied upon by the Plan. The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 Certified Financial Information

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 6 **Certified Financial Information - Continued**

TIAA and CREF and Fidelity Management Trust Company have certified to the completeness and accuracy of the investments and the notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, schedule of assets (held at end of year) as of December 31, 2022, and the related investment activity (including interest and dividends, other income and net depreciation in fair value of investments) for these investments and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022. TIAA and CREF's assets amounted to \$340,342,558 and \$389,791,116 as of December 31, 2022 and 2021, respectively, and the related investment income (loss) and loan interest amounted to (\$43,490,526) for the year ended December 31, 2022. Fidelity's assets amounted to \$24,960,646 and \$31,060,519 as of December 31, 2022 and 2021, respectively, and the related investment income (loss) and loan interest amounted to (\$5,613,501) for the year ended December 31, 2022.

Note 7 **Plan Termination**

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8 **Party-in-Interest Transactions**

Certain Plan investments are managed by entities related to TIAA and CREF and Fidelity and, therefore, transactions involving these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.
