INDEPENDENT AUDITORS' REPORT

To the Plan Trustees
Robberson Ford Sales, Inc. Profit Sharing 401(k) Plan

Opinion

We have audited the accompanying financial statements of Robberson Ford Sales, Inc. Profit Sharing 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of November 17, 2022 (liquidation basis) and December 31, 2021 (liquidation basis) and the related statement of changes in net assets available for benefits for the period ended November 17, 2022 (in liquidation), and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of November 17, 2022 (in liquidation), and the changes in its net assets available for benefits for the period November 17, 2022 (in liquidation), in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Basis of Accounting

As discussed in Note 1 to the financial statements, the governing body of the Plan approved a plan of liquidation in November 2021, and management determined liquidation is imminent. As a result, the Plan's financial statements are presented using the liquidation basis of accounting. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards (GAAS) will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Reportable Transactions for the period ended November 17, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ROBBERSON FORD SALES, INC. PROFIT SHARING 401(K) PLAN

Notes to the Financial Statements

November 17, 2022

Note 1 - Organization and Description of Plan

The following description of the Robberson Ford Sales, Inc. Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution 401(k) plan sponsored by Robberson Ford Sales, Inc. (the Company). All company employees who reach 21 years of age and complete one hour of service are eligible to participate in the Plan. Participants are eligible to begin making contributions to the Plan on the first day of each calendar quarter following their date of eligibility. Eligible participants who have completed one year of service are eligible for employer contributions. Plan entry dates for employer contributions are the first or seventh month of the year following date of eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustees are responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

In October 2021, the Company was acquired by the Kendall Automotive Group and a formal resolution was made to terminate the Plan. As of November 2022, the Plan was officially terminated. All of the Plan's assets were distributed to participants or transferred to the Kendall Automotive Group Employees' Retirement Plan. The following attributes of the Plan were based on the plan agreement prior to liquidation.

Participant Contributions - Each year, participants may elect to defer and contribute a percentage of their compensation up to the Internal Revenue Service (IRS) maximum guidelines. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers).

Employer Contributions - The Company may make discretionary profit-sharing contributions using the guidelines below.

Under the permitted disparity allocation formula, employer contributions are allocated to participants' accounts using a two-step method. The employer contributions are allocated to each participants' account in the ratio that the sum of each participant's plan compensation plus excess compensation bears to the sum of the total plan compensation plus excess compensation of all participants, but not in excess of the Maximum Disparity Rate, defined as the maximum amount that may be allocated with respect to excess compensation. The Plan defines excess compensation as any compensation in excess of social security wages (\$147,000 for the period ended November 17, 2022).

ROBBERSON FORD SALES, INC. PROFIT SHARING 401(K) PLAN

Notes to the Financial Statements

November 17, 2022

Note 1 - Organization and Description of Plan (continued)

Employer Contributions (continued) - The amount allocated as a percentage of plan compensation and excess compensation may not exceed the following percentage:

<u>Integration Level</u> <u>(as a percentage of the Taxable Wage Base)</u>	<u>Maximum</u> <u>Disparity Rate</u>
100%	5.70%
More than 80% but less than 100%	5.40%
More than 20% and not more than 80%	4.30%
20% or less	5.70%

Any employer contribution remaining after the allocation above will be allocated in the ratio that each participants' plan compensation bears to the total plan compensation of all participants. Eligible employees for purposes of a profit-sharing contribution include those who are employed on the last day of the year and have completed 1,000 hours of service. These contributions are invested in a portfolio of investments as directed by the Company.

Participant Accounts - Individual participant accounts were maintained by Capital Bank & Trust Company (Capital Bank), one of the Plan's custodians. Northwest Retirement Plans, Inc. (NW Retirement), the Plan's third-party administrator, maintains individual participant accounts held with Charles Schwab Company, the Plan's other custodian. Each account is credited with the participant's contribution, allocations of the Company's contributions, if any, investment earnings and losses, and administrative expenses, as applicable. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in benefits from company contributions plus actual earnings thereon is based on years of credited service, as defined in the Plan document, with 20% vesting after two years of service and 100% vesting after six years of service. Upon normal retirement (65), death, or disability, participants become fully vested in all benefits.

Payment of Benefits - On termination of service, a participant or their beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or in installments depending on certain factors as described in the Plan document and at the participant's election. Distributions may also be made in installments to comply with minimum distribution rules required by the Internal Revenue Code (the Code). The Plan permits in-service distributions to participants meeting certain requirements, including distributions for financial hardship.

ROBBERSON FORD SALES, INC. PROFIT SHARING 401(K) PLAN

Notes to the Financial Statements

November 17, 2022

Note 1 - Organization and Description of Plan (continued)

Payment of Benefits (continued) - Furthermore, a participant may withdraw the portion of their vested account resulting from rollover contributions at any time.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor, trustee, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of certain participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

Reclassifications - Certain balances and amounts in the 2021 financial statements have been reclassified for comparative purposes to conform to the presentation in the 2022 financial statements.

Subsequent Events - Company management has evaluated subsequent events through September 11, 2023, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

ROBBERSON FORD SALES, INC. PROFIT SHARING 401(K) PLAN

Notes to the Financial Statements

November 17, 2022

Note 3 - Fair Value Measurements (continued)

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 Fair Value Measurements - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements - Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021:

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's investments at fair value consist solely of mutual funds, which are valued as of December 31, 2021 using level 1 measurement.

Note 4 - Related Party and Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by Capital Bank and Charles Schwab, the custodians. Therefore, transactions with Capital Bank, Charles Schwab, and their affiliates qualify as party-in-interest transactions. In addition, expenses paid by the Plan are to parties-in-interest as defined by ERISA.

ROBBERSON FORD SALES, INC. PROFIT SHARING 401(K) PLAN

Notes to the Financial Statements

November 17, 2022

Note 5 - Tax Status

The Plan has adopted a NW Retirement pre-approved profit sharing plan that received an opinion letter dated June 30, 2020, in which the IRS states that the Plan, as designed, complied with the applicable requirements of the Code. The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 6 - Risks and Uncertainties

The Plan allows participants to invest in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
