INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
THE STATEK SMART 401(k) PLAN
Orange, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The Statek SMART (Save Money And Reduce Taxes) 401(k) Plan (the Plan), an employee benefit plan subject to Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibilities for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matter that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements, themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE STATEK SMART 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS, Continued
December 31, 2022 and 2021

Note 1: Description of the Plan

The following description of The Statek SMART (Save Money And Reduce Taxes) 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Statek Corporation (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees who have attained at least 18 years of age are eligible to enroll in the Plan on January 1, April 1, July 1, or October 1 following completion of three months of service.

Administration

The Plan is administered by the Company.

Contributions

Participants may elect to contribute up to 100% of eligible pre-tax or post-tax compensation, not to exceed the limits of the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also rollover amounts representing distributions from other qualified defined contribution plans.

The Company may make matching contributions to the Plan. To receive a matching contribution, employees must be contributing to the Plan. For the years ended December 31, 2022 and 2021, if the participant contributed 1%, 2% or 3% or more, the Company contributed 1%, 2% and 3%, respectively, of an employee's eligible compensation, with the maximum matching amount being 3%. Total matching contributions made for the years ended December 31, 2022 and 2021 were \$344,815 and \$296,841, respectively, net of forfeitures.

Participant Accounts

Each participant's account is credited/debited with the participant's contribution, allocations of (a) the Company's contributions and (b) earnings, losses and administrative fees, based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

THE STATEK SMART 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS, Continued
December 31, 2022 and 2021

Note 1: Description of the Plan, Continued

Vesting

Participants are immediately vested in their contributions plus actual net earnings and/or losses thereon. Vesting in the Company's contributions plus actual net earnings thereon is based on years of service according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Notes receivable from participants represent participant notes receivable that are recorded at their unpaid principal balance plus accrued interest, if any. Participants may borrow from their accounts a minimum of \$1,000, up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Notes receivable from participants range from 6 months to 5 years. The notes receivable are secured by the balance in the participant's account and generally carry interest at the prime rate, fixed at the time the note is funded. Principal and interest are repaid weekly through payroll deductions. Participants can only have one note receivable outstanding from the Plan at any given time.

Payment of Benefits

On termination of service due to retirement, disability or death, a participant or the participant's beneficiaries may elect to receive annual payments or a lump-sum amount equal to the value of the participant's vested interest in his or her account. All account balances not exceeding \$1,000 will be distributed in a lump-sum payment. All account balances exceeding \$1,000, but not exceeding \$5,000, may be rolled into an Individual Retirement Account. Participants with balances exceeding \$5,000 may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. With the plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

NOTES TO THE FINANCIAL STATEMENTS, Continued

Note 1: Description of the Plan, Continued

Forfeitures

The unvested portion of a terminated participant's account will be forfeited and used to reduce future Company contributions. During the years ended December 31, 2022 and 2021, employer contributions were reduced by \$17,230 and \$21,644 respectively, from forfeited nonvested amounts.

Investment Options

The Plan provides participants with several investment options. These options consist of various pooled separate accounts, registered investment companies and the guaranteed interest account. Plan participants may direct the change of these investments in accordance with the Plan guidelines.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reported period. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value in accordance with the provisions of accounting guidance issued by the Financial Accounting Standards Board (FASB) on fair value measurements (Note 4). Fair value is the price that would be received if selling an asset or paid if transferring a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO THE FINANCIAL STATEMENTS, Continued
December 31, 2022 and 2021

Note 2: Summary of Significant Accounting Policies, Continued

Plan Administrative Fees

Certain administrative fees are paid by the Company and are not reflected in the accompanying financial statements of the Plan. Certain transaction processing and administrative fees are charged to the participants and therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative fees.

Notes Receivable from Participants

Notes receivable from participants represent participant notes receivable that are recorded at their unpaid principal balance. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan agreement.

Financial Statement Presentation

Certain amounts in the 2021 financial statements have been reclassified to conform to the 2022 presentation.

Note 3: Financial Information Certified by the Plan's Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Principal Life Insurance Company and Principal Trust Company (collectively referred to as "Principal"), the custodians of the Plan, and was not subjected to any auditing procedures performed by the independent public accountants:

- Investments as shown on the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net appreciation in fair value of investments and interest and dividend income for the years ended December 31, 2022 and 2021, as included on the statements of changes in net assets available for benefits.
- The schedule of assets (held at end of year) as of December 31, 2022, as shown on Schedule H, Part IV, Line 4i.

At the request of the plan administrator, the Plan's independent certified public accountants did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. All other information has been audited in accordance with auditing standards generally accepted in the United States of America.

NOTES TO THE FINANCIAL STATEMENTS, Continued

Note 4: Fair Value Measurement

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). There are three levels of the fair value hierarchy under FASB ASC 820. Level 1 inputs are quoted market prices in active markets for identical investments that the Plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the Plan's investments, either directly or indirectly. Level 3 inputs are unobservable inputs for the Plan's investments.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled separate accounts - These investments are valued at the Net Asset Value (NAV) of shares held by the Plan at year end. The NAV of pooled separate accounts is based upon the market value of the underlying investments and observable inputs. The NAV of the pooled separate accounts is classified within level 1 of the valuation hierarchy because the NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Registered investment companies - These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Guaranteed interest accounts - The guaranteed interest accounts are stated at contract value, which approximates fair value. These accounts provide for a guarantee of principal and interest. Contributions and transfers allocated to this option will be credited interest at a guaranteed rate, which Principal Life Insurance Company (Principal Life) declares for a set period of time. The guaranteed interest account is classified within level 3 of the valuation hierarchy.

The Guarantee is backed by all the assets in the Principal Life multi-billion dollar General Account, which invests in private market bonds, commercial mortgages and mortgage-backed securities. However, money allocated to a guaranteed interest account does not entitle the participant to share in the investment or performance of the General Account.

THE STATEK SMART 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS, Continued
December 31, 2022 and 2021

Note 4: Fair Value Measurement, Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan has concluded that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurement Using:	
	Fair Value	Quoted Market Price (Level 1)	Significant Unobservable Inputs (Level 3)
<u>December 31, 2022</u>			
Pooled separate accounts	\$ 10,756,282	\$ 10,756,282	\$ -
Registered investment companies	15,676,167	15,676,167	-
Guaranteed interest accounts	917,151	-	917,151
Total assets at fair value	<u>\$ 27,349,600</u>	<u>\$ 26,432,449</u>	<u>\$ 917,151</u>
<u>December 31, 2021</u>			
Pooled separate accounts	\$ 14,144,585	\$ 14,144,585	\$ -
Registered investment companies	19,389,538	19,389,538	-

Total assets at fair value	<u>\$ 34,513,061</u>	<u>\$ 33,534,123</u>	<u>\$ 978,938</u>

In regards to the classification of investment options offered by the Plan, there were no reclassifications between level 1, 2 or 3 during the years ended December 31, 2022 and 2021. The nature, risks and investment objectives of the Level 3 investment category described above can be found in the Plan's enrollment literature. Various investments are subject to minimal restrictions on the frequency and timing of transfers, which can also be found in the Plan's enrollment literature. As of December 31, 2022 and 2021, there were no unfunded commitments associated with any of these investments.

Note 4: Fair Value Measurement, Continued

Fair value measurement using significant unobservable inputs (Level 3) of the Plan's level 3 assets are as follows:

	December 31,	
	2022	2021
Balance, beginning of year	\$ 978,938	\$ 983,811
Gains (losses) related to investments	(53,416)	(2,492)

Instrument	Fair Value at December 31, 2022	Valuation Technique	Significant Unobservable Inputs	Range of Rates
Guaranteed Interest	\$917,151	Market Value Adjustment (A)	Composite Guaranteed Rate	.74% to 2.75% (A)
			Current Rate on 12/31/2022	4.61% to 5.21% (A)

(A) As determined by Principal Life.

Note 5: Investment Contract with Insurance Company

The Plan invests in investment contracts with Principal Life. Principal Life maintains the contributions in guaranteed interest accounts. These accounts are credited with earnings on the underlying investments and charged with Plan withdrawals. The guaranteed interest accounts are reported at contract value by Principal Life. The guaranteed interest accounts should be reported at fair value as they are non-fully benefit responsive. The interest rates are reset upon the maturity of the contracts.

Note 6: Parties-in-interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are mutual funds or pooled separate accounts managed and/or held by Principal, the custodians and record-keepers of the Plan. During 2022, the plan paid investment administration expenses to Principal totaling \$104,109, of which \$76,102 has been recorded as administrative fees and the remaining \$28,007 has been netted against the

investment income on the accompanying statements of changes in net assets available for benefits. During 2021, the plan paid investment administration expenses to Principal totaling \$85,817, of which \$20,290 has been recorded as administrative fees and the remaining \$65,527 has been netted against the investment income on the accompanying statements of changes in net assets available for benefits.

In addition, the Plan incurred fees for investment fiduciary and retirements services with Pensionmark Financial Group, LLC (Pensionmark) and Burnham Gibson Wealth Advisors (BGWA). During 2022 and 2021, the plan incurred \$36,450 and \$9,046, respectively, of expenses with Pensionmark. During 2021, the Plan incurred \$10,519 of expenses with BGWA. In addition, there were no advisor fees for six months in 2021 due to the change in advisors. These costs have been netted against the investment income on the accompanying statements of changes in net assets available for benefits.

The transactions above qualify as party-in-interest transactions for which a statutory exemption exists.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8: Tax Status

During June 2022, the Plan adopted a Non-Standardized Pre-Approved Profit Sharing Plan that the Internal Revenue Service (IRS) approved by a letter dated June 30, 2022. Previously, the Plan adopted a Non-Standardized Prototype Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS), on March 31, 2014. The Plan has been amended since receiving the determination letter. However, the Company believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 9: Risks and Uncertainties

The Plan provides fund opportunities in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through September 7, 2023, the date the Plan financial statements were available to be issued.
