INDEPENDENT AUDITORS' REPORT

To the Investment Committee and Management of the
Arlo Technologies, Inc. 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of Arlo Technologies, Inc. 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made based on these financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we: (a) exercise professional judgment and maintain professional skepticism throughout the audit, (b) identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements, (c) obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed, (d) evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, and (e) conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i –schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter - Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARLO TECHNOLOGIES, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022

Note 1 - Description of plan:

The following description of the Arlo Technologies, Inc. (the “Company”) 401(K) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan established on January 1, 2019. The Plan was most recently amended and restated on January 1, 2022 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan provides benefits for all eligible employees of the Company.

The Plan is administered by its sponsor, the Company, who retains the services of third parties to assist in the administration of the Plan. From January 1 through March 31, 2022, the Plan’s custodians and trustees were Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company (collectively, “Prudential”), and the Plan’s third party administrator was Prudential Retirement, the parent of Prudential Bank & Trust, F.S.B. Effective April 1, 2022 Empower Annuity Insurance Company of America (“EAICA”), the parent company of Empower Retirement, LLC acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, EAICA acquired all shares of Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, which are no longer affiliated with Prudential Financial, Inc. Therefore, from April 1, 2022 through December 31, 2022 the Plan's custodians and trustees were Prudential Bank & Trust F.S.B. and EAICA (collectively, "Empower"), and the Plan's third party administrator was Empower.

Eligibility - Except for excluded employees, all employees are eligible to participate in the Plan on the first day of the next month following eligibility. Excluded employees include collectively bargained employees, non-resident aliens, leased employees, Puerto Rican employees, and temporary employees whose regularly scheduled service is less than 1,000 hours. An employee may elect not to participate in the Plan.

Participant contributions - Each year participants may contribute up to 100% of their eligible compensation on a pre-tax or after-tax Roth basis, subject to statutory limits. Participants age 50 or older are allowed to make “catch-up” contributions during the Plan year, subject to any statutory limits. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rates set at 3% of eligible compensation and their contributions are invested in a balanced fund until changed by the participant. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers).

ARLO TECHNOLOGIES, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022

Note 1 - Description of plan (continued):

Employer matching contributions, net - The Company may, at their sole discretion, make employer matching contributions at the option of the Company's Board of Directors. Participants must be employed on the last day of the Plan year to receive employer contributions, if any. The Company made discretionary employer contributions of approximately \$420,000 net of forfeitures for the Plan year ended December 31, 2022.

Vesting - Participants become immediately vested in their contributions, including rollovers of funds from other qualified retirement plans and earnings thereon. Participants become vested in the Company's discretionary contributions upon completed years of service over a two year period at 50% per year.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (1) the Company's contributions, if any and (2) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the custodians. Some Plan investments are units of funds managed by the custodians, therefore, these investments and most investment transactions are party-in-interest transactions. Earnings of each investment fund are allocated to participants' accounts in proportion to each participant's share of that fund.

Notes receivable from participants - Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their non-forfeitable account balance. The notes are secured by the balance in the participant's account and bear interest at the Prime rate plus 1%. Note terms range from one to five years and may not exceed five years except for notes used for the purchase of a primary residence, which may be repaid over a longer period of up to ten years. Principal and interest are paid ratably through payroll deductions.

Forfeited accounts - Forfeitures are retained in the Plan and can be used in any manner at the discretion of the Plan sponsor, such as to reduce future employer contributions. Forfeitures remaining in the Plan as of December 31, 2022 and 2021 were approximately \$3,000 and \$14,000 respectively. For the year ended December 31, 2022, \$13,000 of forfeitures were used to fund employer matching contributions.

Administrative expenses - Substantially all administrative expenses of the Plan are paid by the Plan. Separate fees for loan processing and certain investments as specified in the service agreement, are charged to individual participant's accounts.

ARLO TECHNOLOGIES, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022

Note 1 - Description of plan (continued):

Payment of benefits - The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship (as defined in the Plan), or termination of employment. In service distributions of a participant's vested account balance are permitted providing the participant has attained either the minimum retirement age (59 ½), normal retirement age (65), or if he or she is experiencing an immediate and heavy financial need a participant may apply for a hardship withdrawal. Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount or installments equal to the value of the participant's vested interest in their account. Unless otherwise instructed by the participant, participant's vested account balances of \$1,000 or less upon separation will receive a lump sum cash payout and participants with vested account balances ranging from \$1,000 to \$5,000 will automatically be rolled over to an individual retirement account ("IRA").

Note 2 - Significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

Investment valuation and income recognition - The investments in all of the funds, except the guaranteed income fund, are presented at fair value, based on the quoted market prices of the underlying securities within each fund as of December 31, 2022 and 2021. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guaranteed income fund is fully benefit-responsive and is reported at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

ARLO TECHNOLOGIES, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022

Note 2 - Significant accounting policies (continued):

Net depreciation in fair value of investments - The earnings, expenses, realized gains or losses, and unrealized appreciation (depreciation) in registered investment companies and other investments are recorded in the accompanying financial statements as net depreciation in fair value of investments.

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements were made available to be issued which is the date of the independent auditors' report.

Note 3 - Fair value:

The Plan performs fair value measurement in accordance with ASC 820 which defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ARLO TECHNOLOGIES, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022

Note 3 - Fair value (continued):

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2022 and 2021 and have been determined to be Level 1 by the Plan administrator:

	2022	2021
Mutual funds	\$ 30,998,021	\$ 37,105,414
Total investments measured at fair value	\$ 30,998,021	\$ 37,105,414

The Plan's valuation methodology used to measure the fair value of mutual funds was derived from quoted market prices as substantially all of these instruments have active markets.

Note 4 - Investments:

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Empower, the custodians of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's custodians as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022.

ARLO TECHNOLOGIES, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022

Note 5 - Party-in-interest transactions:

At December 31, 2022 and 2021, the Plan held investments of approximately \$2,035,000 and \$1,996,000 in funds managed by Prudential. Prudential is the Plan's record keeper and has custodial responsibility for investments held in the Prudential accounts.

Note 6 - Insurance contract with insurance company:

In 2019, the Plan entered into a group annuity contract with Prudential Retirement Insurance and Annuity Company ("PRIAC"). Amounts contributed to the contract are deposited into PRIAC's general account, the Guaranteed Income Fund ("GIF"). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIF issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the GIF is a fully benefit-responsive fund, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIF. Contract value, as reported to the Plan by Empower, represents contributions made under the GIF, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

As of December 31, 2022, there were no reserves against the contract value for credit risks of the issuer. The interest rates are based upon a formula agreed with the issuer with the requirement that interest rates may not be less than 1.5%. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for the exception from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 7 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contribution account balances.

ARLO TECHNOLOGIES, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022

Note 8 - Income tax status:

The prototype plan adopted by the Plan sponsor obtained its latest opinion letter on December 4, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not received a separate opinion letter however the Plan administrator believes that the prototype plan, as adopted by the sponsor, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.
