Independent Auditor's Report

To the Administrator and Participants of the
FlightSafety Employees' 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the FlightSafety Employees' 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the FlightSafety Employees' 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the FlightSafety Employees' 401(k) Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the FlightSafety Employees' 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the FlightSafety Employees' 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for supplementary Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements

or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the FlightSafety Employees' 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 9, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

FLIGHTSAFETY EMPLOYEES' 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. Description of plan

This description of the FlightSafety Employees' 401(k) Retirement Plan (the "Plan") is for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan covers eligible employees of:

- FlightSafety International Inc. ("FSI")
- FlightSafety Textron Aviation Training LLC
- FlightSafety Defense Corporation (previously FlightSafety Services Corporation)

The Plan is a defined contribution plan, which qualifies under Section 401(k) of the Internal Revenue Code, and is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility:

Generally, all employees of these companies become eligible to participate in the Plan when they are hired. Participants are eligible to make voluntary tax deferred and after-tax (Roth) contributions beginning with the first payment of compensation or after the date of which the election was effective.

Contributions:

Participants are allowed to make voluntary contributions of up to 50% of their annual pretax earnings. In addition, participants may rollover amounts representing distributions from other qualified defined contributions plans. Newly hired employees are automatically enrolled at a 3% deferral rate and are automatically increased 1% annually until they reach 10%. Employees may change this deferral percentage at any time. Participants direct the investment of their contributions into various investment options offered by the Plan. Annual contributions by a participant cannot exceed a maximum amount of \$19,500 for 2021 and 2020.

A participant who is age 50 or older was able to make a catch-up deferral contribution of \$6,500 in 2021 and 2020.

The company matching contribution is a safe harbor contribution of 100% of the first 3% of salary a participant contributes to the Plan plus 50% of the next 2% of salary a participant contributes to the Plan. In addition, all employees will be 100% vested in all company matching contributions.

FLIGHTSAFETY EMPLOYEES' 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. Description of plan (continued)

Employee contributions are withheld from the participants' wages by the participating companies and are remitted to the Plan's 2021 recordkeeper: Empower Retirement LLC ("Empower") and the Plan's 2020 custodian: Massachusetts Mutual Life Insurance Company ("MassMutual"), by the participating companies at the end of each payroll period along with employer matching.

Employer contributions are invested as directed by the participants. Contributions and earnings thereon are credited to separate accounts maintained for each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant investment options:

The participating companies have appointed the Plan Benefit Committee as the plan administrator and Empower as the Plan's 2021 recordkeeper and MassMutual as the Plan's 2020 custodian.

Participants may elect to invest employee contributions in any combination of two common collective trusts, four pooled separate accounts, eighteen registered investment companies, and a guaranteed interest account with an insurance company (see Note 3). In addition, participants may change their contribution rate at any time, redesignate the distribution of their contributions, or transfer existing employee-contributed balances between investment funds, subject to the limits set forth in the Plan.

Withdrawals and forfeitures:

Withdrawals from the Plan may be made as follows:

- Upon death, the beneficiary will receive the entire balance in the participant's account. In this case, all funds are considered fully vested.
- Non-retired participants attaining 59-1/2 years of age, may elect to withdraw all or part of their contributions and rollover dollars.
- Terminated participants and retirees are entitled to distributions of their vested account balances in the form of a lump-sum distribution or direct rollover. Balances above \$5,000 may not be distributed without and until the participant requests a distribution, except in the case of a participant meeting the 70-1/2 year minimum distribution requirements. An account balance under \$5,000 will be distributed as a direct rollover to the Plan's designated individual retirement plan. Withdrawals from participant-contributed balances are permitted in certain hardship cases as defined in the Plan.
- Non-vested amounts attributable to Company contributions of a terminated participant are forfeited immediately. However, if a participant is re-employed within five years, the forfeited amount will be restored if the participant repays to the Plan the full amount of any prior distribution.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. Description of plan (continued)

Notes receivable from participants:

The Plan allows participants to obtain loans against their accounts subject to certain restrictions and limitations. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of: (a) \$50,000, reduced by the excess, if any, of the highest outstanding balance during the one-year period ending immediately preceding the date of the loan over the outstanding balance on the date of the loan of all such loans from the Plan or (b) one-half of the participant's vested account balance. The loan term cannot exceed five years, unless the loan is for the purchase of the participant's primary residence. A loan for the purchase of a primary residence may be allowed for 10 years. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed as determined by the Plan administrator. Principal and interest is paid through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Administration and expenses:

The Plan is administered by the Plan Benefit Committee which is comprised of individuals appointed by the participating companies' Boards of Directors. Investment of Plan assets and payment of benefits are managed by Empower/MassMutual in accordance with the terms of a trust agreement with the Plan.

The Plan sponsor pays all Plan administration costs, and Empower/MassMutual credits back all revenue sharing to participants and invoices the Plan Sponsor. Participant loan fees are paid by the participant's drawing the loans. Brokerage and other investment fees are included in the cost of the related security.

Tax status:

The Plan is designed to be a qualified plan as described in Sections 401(a) and 401(k) of the Internal Revenue Code (the "Code") of 1986, as amended, and is expected to be exempt from federal income taxes under Section 501(a) of the Code.

2. Summary of significant accounting policies

Basis of presentation:

The Plan has prepared its financial statements on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. Contributions are recorded in the period to which they relate. Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded when earned, and dividends are recorded on the ex-dividend date.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes

FLIGHTSAFETY EMPLOYEES' 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

2. Summary of significant accounting policies (continued)

therein. Actual results could differ from those estimates.

Investment Valuation:

The Plan's investments in collective trusts and registered investment companies are valued using quoted market prices from the respective securities' principal active exchange or at net asset value. The fair value of investment contracts with an insurance company are stated at contract value and are calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. The Net appreciation in the fair value of investments for the period is included in the Statements of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Delinquent loans are treated as distributions based upon the terms of the Plan document. These notes have interest rates ranging from 4.25% to 6.5% and have various maturity dates.

Payment of benefits:

Benefits are recorded when paid.

Risks and Uncertainties:

The Plan invests in various mutual funds within pooled separate accounts, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency due to the risks imposed to the international community by a new strain of coronavirus known as COVID-19. In March 2020, the WHO classified the COVID-19 outbreak as a global pandemic. Should the pandemic continue for an extended period of time, it will potentially have a negative impact on the values of the Plan's investment securities, which could materially affect Employer and Participant contributions, Statements of Net Assets Available for Plan Benefits and the Statements of Changes in Net Assets Available for Plan Benefits.

3. Investment contracts with an insurance company

In 2001, the Plan entered into fully-benefit-responsive investment contracts with an insurance company. The insurance company maintains the contributions in a general account that is

FLIGHTSAFETY EMPLOYEES' 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

3. Investment contracts with an insurance company (continued)

credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The guaranteed investment contract is fully-benefit-responsive, and contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the issuer, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are set on a quarterly basis. The crediting interest rates were 2.85% and 3.35% at December 31, 2021 and 2020, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

4. Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

FLIGHTSAFETY EMPLOYEES' 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

4. Fair value measurements (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Investments in common collective trusts: Valued determined by the trustee of the common collective trust based on the underlying assets, which represents the net asset value. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

Investments in pooled separate accounts: Valued at unit value which is calculated based on the observable net asset value of the underlying investment or pool of securities.

Investments in registered investment companies: Valued at unit value which is calculated based on the observable net asset value of the underlying mutual fund investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2021:

<u>Assets at Fair Value at December 31, 2021</u>

⁽¹⁾ In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021, and 2020, respectively.

5. Summary of information furnished by recordkeeper/custodian

In accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator has received certification from the recordkeeper (2021) or custodian (2020) as to the accuracy and completeness of certain financial information of the Plan.

The following items were provided by or were derived from data provided by the recordkeeper/custodian:

- Statements of net assets available for benefits at December 31, 2021 and 2020:
- Participant directed investments, including investment contracts with an insurance company at contract value, common collective trusts, pooled separate accounts and registered investment companies at fair value and notes receivable from participants

FLIGHTSAFETY EMPLOYEES' 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

5. Summary of information furnished by recordkeeper/custodian (continued)

- Statement of changes in net assets available for benefits for the years ended December 31, 2021 and 2020:
 - Net appreciation in fair value of investments of \$32,464,935 and \$64,085,294
 - Dividend and interest income of \$56,862,235 and \$36,122,430
 - Interest income on notes receivable from participants of \$387,820 and \$496,033
- Supplemental schedule Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 – all information included in the schedule.

6. Plan termination

Although they have not expressed any intention to do so, the participating companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan. If the Plan is terminated, all amounts credited to a participant's account at the time of termination become fully vested. Any such amounts would be retained in the trust until a participant's termination of employment and would then be distributed as provided by the Plan.

7. Federal income tax status

The Plan has received a favorable determination letter dated April 10, 2012 from the Internal Revenue Service as to the qualified status of the Plan. The plan has been amended since receiving the determination letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the financial statements contain no provision for federal or state income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent events

The Company has evaluated events subsequent to December 31, 2021 through October 11, 2022, which is the date the financial statements were available to be issued. There have been no material events noted in this period which would impact the results reflected in this report, the Plan's results going forward or require additional disclosure.
