INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Goodier Cosmetics LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Goodier Cosmetics LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect plan management's responsibility for the financial statements.

In preparing the financial statements, plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Plan management is responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

GOODIER COSMETICS LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of Goodier Cosmetics LLC (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of the Company and its affiliate Revision LLC who are age 21 or older through the period of October 13, 2022, at which the Plan was amended to remove Revision LLC as a participating employer and transfer the account balances of employees of Revision LLC to their own separate plan, Revision Skincare 401(k) Plan. Beginning October 14, 2022, the Plan only covers the employees of Goodier Cosmetics LLC. Employees are eligible for participation in the Plan on the first day of the coinciding or next following month upon meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Company’s 401(k) Committee is responsible for oversight of the Plan.

Amendments

Effective February 1, 2021, the following compensation types are excluded from the definition of eligible compensation: reimbursements, other allowances, fringe benefits, moving expenses, deferred compensation, welfare benefits, and compensation paid to the participant by an affiliate employer that has not adopted the Plan.

Effective October 14, 2022, the plan was amended to remove Revision LLC as a participating employer of the Plan and transfer the asset balances of Revision LLC employees to the Revision Skincare 401(k) Plan.

Cycle 3 Restatement

The Plan was restated effective January 1, 2022. The restatement was to comply with the requirements of the 2017 Internal Revenue Service (“IRS”) Cumulative List (IRS Notice 2017-37), the American Taxpayer Relief Act of 2012, the Tax Cuts and Jobs Act of 2017 and other applicable guidance referred to as Cycle 3 restatement. The underlying non-standardized prototype plan that the Plan adopted has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the Plan is qualified under Section 401(a) of the IRC and therefore, the related trust is tax-exempt.

Contributions

Each year, participants may contribute up to 100 percent of pre or post tax annual compensation, as defined in the Plan’s document. The Plan has a qualified automatic contribution arrangement (“QACA”) which applies a minimum deferral rate to participants of three percent of compensation when automatically enrolled with annual escalations depending on the number of years they have been participating in the plan, with a maximum rate of six percent. Participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes a QACA average deferral percentage safe harbor contribution consisting of a 100 percent match of the participant’s deferral up to two percent and then fifty percent up to six percent of their compensation. The Company may make a discretionary profit-sharing contribution as well. In 2022, the Company elected not to make a profit-sharing contribution. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their elective deferrals including catch-up contributions, rollover contributions from other plans, and actual earnings thereon. Participants are 100 percent vested in the Company's QACA average deferral percentage safe harbor contribution after two years. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service. A participant becomes 100 percent vested in all their employer contributions if they terminate employment on account of their death or disability.

Notes Receivable from Participants

Participants may borrow against their vested account balances a minimum of \$1,000 up to a maximum amount equal to the lesser of 50 percent of their vested account balance or \$50,000. The loans are secured by the balances in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. A participant whose vested balance is \$1,000 or less is subject to mandatory cash out provisions as defined by the plan document.

Forfeited Accounts

As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$9,023 and \$30,257, respectively. These accounts will be used to reduce future employer contributions or to offset plan expenses. For year ended December 31, 2022, forfeited non-vested accounts of \$11,773 were used to reduce Company contributions and pay administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make scheduled repayments and the Plan administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company on behalf of the Plan are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other specific transaction fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments and administrative expenses.

Concentrations

The following table presents investments that represent 10 percent or more of the Plan's net assets available for benefits as of December 31, 2022 and 2021:

	2022	2021
Vanguard Target Retirement 2030 Inv	\$ 1,109,523	\$ 2,529,108
Vanguard Target Retirement 2035 Inv	\$ 1,037,840	\$ 2,559,356
Vanguard Target Retirement 2045 Inv	**	\$ 1,628,789
Vanguard Target Retirement 2040 Inv	**	\$ 1,377,344

** Value does not represent 10 percent or more of the Plan's net assets as of the respective date.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Minnesota Life Insurance Company, the custodian of the plan, certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate, as of December 31, 2022 and 2021, and for the year ended December 31, 2022.

	2022	2021
Investments at fair value	\$ 4,279,231	\$ 13,255,391
Notes receivable from participants	\$ 90,107	\$ 226,263
Net depreciation in fair value of investments	\$ 2,787,611	
Interest income on notes receivable from participants	\$ 8,424	
Transfers of assets from the plan (See Note 7)	\$ 7,627,818	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Pooled separate account: Valued at the corresponding unit value (UV) of the pooled separate account. The estimated fair value of pooled separate accounts is based on the fair value of the underlying assets owned by the pooled separate account and are generally based on observable inputs. Assets within the pooled separate accounts include: fixed maturity securities, equity securities and cash and cash equivalents.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 4,279,231	\$ -	\$ 4,279,231
Total	\$ -	\$ 4,279,231	\$ -	\$ 4,279,231

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	13,255,391	\$ -	\$ 13,255,391
Total	\$ -	\$ 13,255,391	\$ -	\$ 13,255,391

5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Minnesota Life Insurance Company. Minnesota Life Insurance Company is the trustee and custodian as defined by the plan document and, therefore, these transactions qualify as party in interest transactions which are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in investment income and net depreciation in fair value of investments and administrative expenses.

Plan transactions and records are administered by Securian Financial (“Securian”). Securian is the record-keeper as defined by the plan document and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for administrative services are included in both administrative expenses and net depreciation in fair value of investments.

Securian is also the Plan’s investment advisor and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment advisory services are paid for by the Company and are not reflected in these financial statements.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 vested in their employer contributions.

7. TRANSFER OF ASSETS

As described in Note 2, and effective October 14, 2022, the account balances of employees of Revision Skincare LLC were transferred to another qualified defined contribution plan, the Revision Skincare 401(k) Plan. As of this date, contributions to the Goodier Cosmetics LLC 401(k) Plan from Revision LLC’s employees ceased. The transfer of the account balances resulted in no tax gain or loss to the Plan. The transfer of assets is reflected as a transfer of assets in the accompanying Statement of Changes in Net Assets Available for Benefits.

8. TAX STATUS

The Plan sponsor adopted a prototype non-standardized profit-sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, which states that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, plan management and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financial statements any potential impact to the Plan, and recognize a tax liability at the Company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RECONCILIATION TO FORM 5500

The following is a reconciliation of the financial statements to the Form 5500 as of as of December 31, 2022 and 2021, and for year ended December 31, 2022:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financials	\$ 4,369,338	\$ 13,481,654
Deemed distributed loans	<u>-</u>	<u>(44,799)</u>
Net assets available for benefits per the Form 5500	<u>4,369,338</u>	<u>13,436,855</u>
Decrease in net assets per the financial statements	(1,484,498)	2,999,639
Deemed distributions	<u>44,799</u>	<u>(44,799)</u>
Net income per Form 5500	<u>\$ (1,439,699)</u>	<u>\$ 2,954,840</u>

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

11. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through August 29, 2023, the date the financial statements were available to be issued, and determined there were no other items to disclose.
