INDEPENDENT AUDITOR'S REPORT

Plan Committee
Traffic Management, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Traffic Management, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended December 31, 2021, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated December 17, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Emphasis of Matter

As discussed in Note 11 of the accompanying financial statements, the Plan was amended to approve the merger of Utility Traffic Services, LLC 401(k) Plan into the Plan effective November 29, 2021. All plan assets were transferred to the control of the Plan. Our opinion has not been modified with respect to this matter.

TRAFFIC MANAGEMENT, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Traffic Management, Inc. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. Effective November 29, 2021, Utility Traffic Services, LLC became a participating employer, and prior service and eligibility were carried forward.

General

The Plan is a defined-contribution plan established under the provisions of Section 401(k) of the Internal Revenue Code (IRC). The Plan was established on July 1, 2006 by Traffic Management Inc. and includes the employees of Utility Traffic Services, LLC (collectively, the “Sponsor”). The Plan’s trustee is Transamerica Life Insurance Company, who is responsible for the management and custody of the Plan’s assets. Pentegra Services, Inc. is the third-party administrator, recordkeeper and 3(16) Plan fiduciary. The Plan Committee oversees the Plan.

Eligibility

Employees that are at least eighteen (18) years of age or older are eligible to enroll in the Plan on the first day of the month after the completion of three (3) months of service. Additionally, all employees of the Sponsor are eligible to participate in the Plan, except employees included in a bargaining unit covered by a collective bargaining agreement with the Sponsor in the negotiation of which retirement benefits were subject of good faith bargaining (unless the bargaining agreement provides for participation in the Plan).

Participant Contributions

Unless an eligible employee elects otherwise, the employee’s compensation will be reduced by 3% (automatic enrollment rate) for employee contribution to the Plan on the first day of the next calendar month after three (3) months of employment. Upon the anniversary of the participant’s entry date the percentage will be increased by 1% of compensation up to a maximum of 6% of compensation, unless elected otherwise. Each year, participants may elect to contribute, on a tax-deferred or Roth basis, up to 100% of their eligible compensation, in an amount not in excess of the maximum allowed by the IRC. Participants who have attained the age of fifty (50) before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions representing qualified Plan distributions and individual retirement accounts are permitted.

All contributions made on the participant’s behalf are deposited in the trust and allocated amount the investment funds in accordance with the participant’s investment elections. A participant may elect to transfer investments from any investment fund to any other investment fund on a daily basis.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Sponsor Matching and Discretionary Contributions

The sponsor will make a matching calculation to be equal to 50% of a participant's elected deferral rate up to the first 6% of active participant's eligible compensation (up to \$290,000 of a participant's salary). Contributions are subject to certain Internal Revenue Service ("IRS") limitations. The Sponsor may also decide to make a discretionary profit-sharing contribution allocated to each participant based on the percentage of their total compensation to the total compensation of all participants. No discretionary profit-sharing contributions were made for the year ended December 31, 2021 or 2020, respectively. All Sponsor contributions are invested in the same manner in which a participant directs his or her investments.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participants' contributions, rollovers from qualified plans of the participants' previous employers, rollovers from individual retirement accounts, allocation of the Sponsor's contributions, and allocations of Plan earnings, and charged with any withdrawals, or distributions requested by the participant and allocation of investment losses and administrative expenses. Each participant's account is credited with the participant's contribution and the Sponsor's matching contribution. Allocations of earnings, losses and expenses are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

The investments of the Plan are self-directed by the participants into various investment options offered by the Plan. Investment elections may be changed online or through telephone access on a daily basis.

Vesting

Plan participants are 100% vested in the balance of their contributions and related investment earnings at all times. Participants are fully vested in the event of death, disability, or attaining normal retirement age (age 65). The Sponsor's matching contributions, discretionary profit sharing contributions, and investment gains or losses on these Sponsor contributions thereon vest as follows:

<u>Years of Service</u>	<u>Cumulative Vesting Percentage</u>
Less than 2 years	0%
2	25%
3	50%
4	75%
5 or more	100%

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Benefit Payments

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship, or termination of employment. In-service distributions are also available to those participants who are age 59½ or older. Participants who qualify for retirement benefits and withdrawals will receive their benefits as a lump sum in cash. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. If the total vested account balance under the Plan is between \$1,000 and \$5,000, the vested balance will be automatically rolled over to an individual retirement account selected by the Plan Administrator. For balances of \$1,000 or less, the entire vested account balance will be automatically distributed in a lump-sum payment.

Financial Hardship Distributions

The Plan allows hardship withdrawals in accordance with IRS regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

Notes from Participants

Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or fifty percent (50%) of their account balance, whichever is less. Note terms range from one (1) to five (5) years, except for notes related to the purchase of a primary residence. A participant can only have one (1) outstanding note at any time. The notes are collateralized by the balance in the participant's account and bear interest at the federal prime rate in effect on the date the note is made, plus 2%. Current note interest rates range from 5.25% to 7.81% maturing through October 2026, as of December 31, 2021 and 2020. Principal and interest are paid ratably through biweekly payroll deductions. Defaulted participant notes are reclassified as distributions based upon the terms of the Plan document.

Forfeitures

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$390,855 and \$30,058, respectively. These accounts will be used to reduce future Sponsor contributions or administrative expenses. During the year ended December 31, 2021, \$5,245 of forfeitures were used to reduce administrative expenses.

Administrative Expenses

Administrative expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect reported amounts of net assets available for plan benefits and changes therein and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in the pooled separate accounts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The stable value fund is reported at contract value on the statements of net assets available for plan benefits. Contract value is the relevant measure for that portion of the net assets available for plan benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for discussion of the fully benefit-responsive contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes from Participants

Notes from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent notes from participants are reclassified as distributions based upon the terms of the Plan document. For the year ended December 31, 2021, deemed distribution totaled \$12,895. As of December 31, 2021 and 2020, there were no delinquent participant notes. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of Benefits

Benefits payments are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN’S TRUSTEE

The Plan’s management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Life Insurance Company, the trustee of the Plan, has certified the completeness and accuracy of all investments and notes from participants reflected on the accompanying statement of net assets available for plan benefits as of December 31, 2021 and 2020, the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity and interest income on notes from participants reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2021.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC Topic No. 820, “Fair Value Measurements” (“ASC 820”), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

TRAFFIC MANAGEMENT, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: pooled separate accounts contain observable quoted pricing inputs or quoted prices for similar assets in active or non-active markets. While the underlying assets of pooled separate accounts may have publicly quoted pricing inputs, the account values of separate accounts are not classified in the fair value hierarchy as NAV is being used as a practical expedient. These pooled separate accounts are not publicly quoted, and the investments may be redeemed at their NAV as of the measurement date. The NAV is based on the value of the underlying assets owed by the pooled separate account, minus any liabilities, and then divided by the number of shares outstanding. The pooled separate accounts have daily redemption frequency, no redemption period or restrictions and have no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Total investments in the fair value hierarchy	\$ _____ -	\$ _____ -	\$ _____ -	\$ _____ -
Pooled separate accounts measured at NAV (a)				<u>10,830,478</u>
Total				<u>\$10,830,478</u>

TRAFFIC MANAGEMENT, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Total investments in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Pooled separate accounts measured at NAV (a)				<u>8,441,063</u>
Total				<u>\$ 8,441,063</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for plan benefits.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan maintains an investment in a stable value fund (Transamerica Stable Value Core Account) managed by Transamerica, which is determined to be a fully benefit-responsive investment contract. The stable value fund is invested in the general account of Transamerica with no stated maturity. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The insurance company general account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Although participants generally may withdraw assets from the contract without restrictions, Transamerica may impose a holding period of up to 270 days at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

TRAFFIC MANAGEMENT, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The effective guaranteed credited interest rate is set on a semi-annual basis and announced at least 45 days in advance of the date the new rate becomes effective. There is no guaranteed minimum or maximum interest rate in relation to this general account. The insurance company general account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The crediting interest rate at December 31, 2021 and 2020 was 0.75% and 0.80%, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 – FEDERAL INCOME TAX STATUS

Effective November 1, 2019, the Plan adopted a volume submitter plan sponsored by the Pentegra Services, Inc. The Plan has received an advisory letter from the IRS as to the volume submitter plan's qualified statuses. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator and trustee believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

TRAFFIC MANAGEMENT, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6 – FEDERAL INCOME TAX STATUS (Continued)

U.S. GAAP requires the Plan's management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits

NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are pooled separate accounts and a stable value fund managed by Transamerica Financial Life Insurance Company, an affiliate of the Trustee. These are considered party-in-interest transactions. The recordkeeper and trustee are considered parties-in-interest. Notes from participants and the related interest income are also considered related-party transactions.

NOTE 9 – PLAN TERMINATION

Although it has not expressed such intent, the Sponsor, by action of its Board of Directors, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Net assets available for plan benefits would be distributed to the participants based on each participant's interest in the Plan.

TRAFFIC MANAGEMENT, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 10 – PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the Sponsor is required to segregate participant contributions from its general assets and remit them to the Plan as soon as administratively feasible.

During the Plan year ended December 31, 2020, the Sponsor inadvertently failed to remit certain participant contributions totaling \$22,445 of the participant deferrals and \$1,502 of participant loan repayments within the required timeframe as stated by the DOL. On March 25, 2021, the Sponsor paid lost earnings to the Plan outside of the DOL's Voluntary Fiduciary Correction Program to correct late deferrals made during plan year ended December 31, 2020.

NOTE 11 – PLAN MERGER

Effective November 29, 2021, the Plan committee voted to approve the merger of Utility Traffic Services, LLC 401(k) Plan into the Plan. As a result of the resolution, the Plan assets of Utility Traffic Services, LLC 401(k) Plan, which total \$95,225, were transferred to the control of the Plan.

NOTE 12 – SUBSEQUENT EVENTS

Effective September 15, 2022, the Plan was restated and changed its trustee from Transamerica Life Insurance Company to Fidelity Management Trust Company. The Plan also changed its third-party administrator and recordkeeper from Pentegra Services, Inc. to Fidelity Workplace Services.

The Plan has evaluated all subsequent events through December 30, 2022, the date the financial statements were available to be issued, and concluded that, other than the matters described above, no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
