Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the accompanying financial statements of Hamline University 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of Hamline University 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements referred to above of Hamline University 403(b) Retirement Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Hamline University 403(b) Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements referred to above may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hamline University 403(b) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Hamline University 403(b) Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Hamline University 403(b) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

HAMLIN UNIVERSITY 403(B) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 DESCRIPTION OF PLAN

The following description of Hamline University 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Hamline University (the Employer and Plan administrator). The Plan excludes students as defined by the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Salary Deferrals

Employees are eligible to participate in the Plan for salary deferrals upon hire and will enter the Plan as soon as administratively feasible.

Employer Contributions

Employees who are temporary, seasonal, or professor of practice, as defined by the Plan, and who have not completed one year of service are not eligible to receive any Employer contributions. Employees are eligible to participate in the Employer discretionary contributions in the Plan on the first day of the month immediately following the date of hire, upon meeting the eligibility conditions. Employer discretionary matching contributions are calculated as a fixed 2.5% up to 100% of eligible deferrals and the discretionary nonelective contribution is a stated 5% of a participant's eligible compensation for the Plan year.

Any faculty or staff classified or deemed as visiting, union, or adjunct are excluded from all Employer contributions.

Contributions

Eligible participants are permitted to elect to have a percentage or flat amount, limited by Plan provisions, of their compensation contributed as pre-tax or Roth contributions to the Plan. Eligible participants are also allowed to contribute age 50 catch-up contributions.

The Employer contributes a nonelective discretionary and fixed contribution based on an employee's base salary and a discretionary match and fixed contribution based on an employee's elective deferral contributions. Employer contributions for the years ended December 31, 2022 and 2021 were \$1,407,477 and \$1,696,897, respectively.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans or conduit IRAs. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's discretionary matching contribution, an allocation of the Employer's discretionary contributions, and an allocation of Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account. The Plan currently offers various investment options for participants including pooled separate accounts, mutual funds, and the general account investment. If participants chose to participate in a loan program that operates outside of the Plan provisions, the participant is then required to maintain an amount equal to 110% of the outstanding loan balance in the Traditional Annuity account.

Vesting

Participants are immediately 100% vested in the value of their salary deferrals and rollover contributions. The Employer discretionary matching contribution and Employer discretionary contribution portion of participant accounts, plus earnings thereon, vest on a five-year graded vesting schedule. Participants are immediately 100% vested upon retirement, death, or disability. Participants hired on or before October 31, 2009 are immediately vested in salary deferral contributions and Employer contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their deferral fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note transactions are treated as a transfer to (from) the investment fund (to) from the participant note. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably directly to Teachers Insurance and Annuity Association (TIAA).

Plan Loans

Participants may borrow amounts from TIAA, the Plan insurance company. The loan amount cannot be less than \$1,000, or more than the excess of 90% of the traditional annuity accumulated over the outstanding loan balance for any other loans. In no event can the amount of the loan, when added to the outstanding balance of all other loans from any of the Employer's plans, exceed the least of the following:

- (A) \$50,000 reduced by the excess (if any) of:
 - a. The highest outstanding balance of loans from any of the Employer's plans during the one-year period ending on the day before the date on which the loan is to be made; over
 - b. The outstanding balance of loans from any of the Employer's plans on the date on which the loan is to be made;
- (B) 50% of the present value of the vested accrued benefit under any of the Employer's plans;
- (C) 5% of the value of the accumulation under the Group Supplemental Retirement Annuity Certificate (GSRA) and any companion GSRA issued by TIAA.

**HAMLIN UNIVERSITY 403(B) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Plan Loans (Continued)

The loans are secured by the balance in the participant's account and bear interest at a rate which is the greater of (a) the "published monthly average" for the calendar month ending two months before the date on which the loan interest rate is determined; and (b) the interest rate to be credited before the annuity starting date or the participant's prior death, as stated in the applicable rate schedule, plus 1% per year. The "published monthly average" is the monthly average corporate yield shown in Moody's Corporate Bond Yield Averages published by Moody's Investor Services, Inc. or any successor thereto. The loan interest rate is adjustable and can be adjusted by TIAA not more than quarterly, nor less frequent than annually. Interest is paid directly to TIAA outside of the Plan.

Loan terms are up to five years, except for loans to fund the purchase of a principal residence, for which the loan may be repaid over a reasonable period that may not exceed 10 years. Active employees are limited to a maximum of three outstanding loans at any given time. Upon establishment of the loan, the amount of the loan is transferred to the participant's traditional annuity account, if the amount in the traditional annuity account is not adequate to cover the collateral requirements of the loan. As principal is repaid, the collateral becomes available once again for participant use. The amount of outstanding Plan loans with TIAA at December 31, 2022 and 2021 totaled \$215,023 and \$395,377, respectively.

Benefit Payments

Participants may receive the value of their elective deferrals upon termination of service, death, or disability. Participants may receive their value of the vested interest in their employer contributions upon termination of service. Distributions may be in the form of a lump sum, partial payment, installment payments, or the participant can use the accumulation to purchase an annuity contract, which is maintained outside of the Plan. The Plan allows for hardship distributions, in-service distributions for elective deferrals upon attainment of age 59 ½, and in-service distributions for employer contributions upon attainment of age 65, subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrator will authorize the benefit payment without the participant's consent.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce future Employer contributions. Forfeited nonvested accounts as of December 31, 2022 and 2021 totaled \$137,963 and \$244,404, respectively. Forfeitures of \$160,000 and \$-0- were used to reduce employer contributions for the years ended December 31, 2022 and 2021, respectively. No forfeitures were used to reinstate participant lost earnings on incorrectly forfeited balances for the years ended December 31, 2022 and 2021.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of participant accounts are charged directly to the participant's accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 30, 2023, the date the financial statements were available to be issued.

HAMLIN UNIVERSITY 403(B) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

TIAA and College Retirement Equities Fund (CREF), the insurance companies of the Plan, and TIAA on behalf of TIAA, FSB (collectively the insurance companies) have supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2022.

NOTE 4 HISTORICAL ADMINISTRATION

Prior to 2009 the Plan's third-party administrator, TIAA and CREF, tracked contributions, investment earnings, distributions, and other activity on a "contract" basis. Each participant was set up as having a separate "contract" and Plan level activity was not captured. This method of administration was utilized prior to January 1, 2009 as the regulations governing 403(b) plans did not require Plan level reporting. The Plan administrator believes a good faith effort was made to obtain all relevant information prior to January 1, 2009. However, as a result of the method of administration and lack of historical Plan level financial reporting, the Plan administrator is unable to obtain Plan level information prior to January 1, 2009.

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

HAMLIN UNIVERSITY 403(B) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The NAV is a readily determinable fair value and is the basis for current transactions. The Level 2 mutual funds are valued using their estimated fair value.

Pooled Separate Account: Valued based on the NAV of units, which are based on market prices of the underlying investments, held by the Plan at year-end. The NAV is a readily determinable fair value and is the basis for current transactions.

Investments in the Nonbenefit-Responsive Fixed Account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. In determining the reasonableness of the methodology, the Retirement Plan Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2022				
	Level 1	Level 2	Level 3	Total

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of value for those inputs as of December 31:

Type	Fair Value as of 2022	Valuation Technique	Significant Observable Inputs	Range

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

HAMLIN UNIVERSITY 403(B) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their employer contributions.

NOTE 8 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter the volume submitter plan received from the Internal Revenue Service (IRS) dated August 7, 2017 which stated the Plan was designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by TIAA and CREF and TIAA on behalf of TIAA, FSB, the insurance companies, as defined by the Plan and, therefore, the investment transactions qualify as exempt party-in-interest transactions.

NOTE 10 INDIVIDUAL ANNUITY CONTRACTS WITH INSURANCE COMPANY

Each participant maintains an individual annuity contract with TIAA and/or CREF. As part of the contracts, TIAA may maintain a portion of the contributions in a "guaranteed account," which is called the TIAA Traditional Fixed Account. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by TIAA. The guaranteed minimum rate of interest is based on a formula established by the TIAA and is between 1% and 3%. Any additional interest is not guaranteed. The Traditional Fixed Account does not permit TIAA to terminate the agreement prior to the scheduled maturity date.

HAMLIN UNIVERSITY 403(B) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 10 INDIVIDUAL ANNUITY CONTRACTS WITH INSURANCE COMPANY (CONTINUED)

Certain Traditional Fixed Account individual annuity contracts are considered to be nonbenefit responsive. These contracts are included in the financial statements at fair value by discounting the related cash flows based on current yields of similar investments with comparable durations considering the credit worthiness of the issuer. The Traditional Fixed Account is subject to a 10-year withdrawal period. Upon termination of the contract, the amount of each transfer payout annuity payment will be determined as of the annuity starting date for the transfer payout annuity by the amount of the TIAA Traditional Fixed Account accumulation and the interest rates in the rate schedules under which any premiums, additional amounts, and internal transfers were applied to the account. There are no reserves against fair value for credit risk of the contract issuer or otherwise.

Certain individual annuity contracts meet the fully benefit-responsive criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Upon termination of the investment contract, the lump sum liquidation value of the guaranteed account portion of the participant's accumulation value shall be equal to the product of (a) the participant's guaranteed account accumulation value on the liquidation date, reduced by the liquidation charge applicable on the liquidation date, and (b) a market value adjustment percentage. There are no reserves against contract value for credit risk of the contract issuer or otherwise.
