INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Shady Side Academy Retirement Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Shady Side Academy Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022 stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SHADY SIDE ACADEMY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

NOTE 1 - PLAN DESCRIPTION

The following description of the Shady Side Academy Retirement Plan (Plan) provides only general information. Plan participants should refer to the Plan document for a complete description of the Plan.

General - The Plan is a defined contribution 403(b) plan sponsored by Shady Side Academy (Academy) covering substantially all employees of the Academy. Employees become eligible to join the Plan the first of the month coinciding with or following their date of hire. Participating employees who have attained at least one year of service are eligible to receive matching contributions.

Contributions - Participants may elect to contribute through after-tax and before-tax payroll deductions based on a percentage or dollar amount of the participant's eligible compensation, subject to Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct their contributions into various investment options offered by the Plan. The Academy's contribution to the Plan for participating employees is based on participants' years of service. The Academy will contribute 6% with three years or less of service and 7% with three years or more of service. The Academy's contribution is made provided the employee remits at least 4% of their base wage to the Plan and has completed one year of service. If from prior employment the employee already has a 403(b) account, the Academy will begin the match in year one.

Participant Accounts - Each participant's account is credited with the participant's contributions and the Academy's matching contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately and always fully vested in their voluntary salary deferral contributions, Academy matching contributions and rollover contributions, plus or minus actual earnings or losses thereon.

Payment of Benefits - Normal retirement age is the last day of the academic year in which age 65 is attained. Upon reaching retirement age, or earlier termination of service at any age, a participant is entitled to and may elect to receive benefits from Teacher's Insurance Annuity Association (TIAA) and/or College Retirement Equity Funds (CREF) under any of the following options: lump sum (with restrictions), lifetime annuity, fixed-period payout, irregular distribution or interest payment retirement option.

Notes Receivable from Participants - Prior to 2018, notes receivable were issued as separate contracts by TIAA and CREF and did not represent Plan assets. Loans to participants were collateralized and were not reflected as a reduction of the participant's account balance; however, the account balance was held as collateral to the loan. Plan loans issued prior to 2018 continue to be classified as Plan loans, and will remain as collateralized loans until they are paid in full. Total Plan loans collateralized by participant balances as of December 31, 2022 and 2021 are \$16,789 and \$27,229, respectively. Should a plan loan become deemed distributed, it then becomes an asset of the Plan because of the aforementioned collateralization. Plan loans deemed distributed were \$15,836 and \$15,212 as of December 31, 2022 and 2021, respectively.

SHADY SIDE ACADEMY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

NOTE 1 - PLAN DESCRIPTION (Continued)

In 2018, the Plan administrator amended the Plan loan policy to allow for retirement plan loans, which are classified as notes receivable from participants. These loans are funded by the participant's account balance and represent Plan assets. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not exceed five years unless the loan qualifies as a home loan. A "home loan" is a loan used to acquire a dwelling unit which, within a reasonable time, the Plan participant will use as a principal residence. The interest rate will be fixed for the term of the loan and will be equal to the Federal Board Bank prime loan rate plus 1% at the time of the loan origination. Loan payments can be made through payroll deductions or direct payment.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying statements of net assets available for benefits and related statement of changes in net assets available for benefits and the related notes to the financial statements (financial statements) follows:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 4 for discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expense and are expensed when incurred. No allowance for credit loss has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the participants unless otherwise paid by the Academy. Expenses paid by the Academy are excluded from these financial statements. Fees related to the administration of notes receivable from participants, distributions and participant direction expenses are charged directly to the participant's account and are included in the administrative expenses. Investment-related expenses are included in net depreciation of fair value of investments.

SHADY SIDE ACADEMY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties - The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events – The Plan has evaluated subsequent events through August 28, 2023, the date that the financial statements were available to be issued.

NOTE 3 - BENEFIT-RESPONSIVE ACCOUNTS

Plan participants have entered into the TIAA Traditional Benefit-Responsive Annuity (TIAA Traditional) and the TIAA Stable Value Fund (Stable Value), both fully benefit-responsive annuity contracts with TIAA, the issuer. TIAA maintains the TIAA Traditional contributions in a general account, and the Stable Value contributions in a non-unitized separate account. Accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. TIAA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

TIAA Traditional is an unallocated fixed annuity contract that is fully and unconditionally guaranteed by TIAA. TIAA Traditional provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some recent contracts between 1% and 3%) and the potential for additional interest if declared by TIAA. The crediting rate is based on a formula established by the contract issuer, but may not be less than 1%. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. Contributions to a participant's account purchase a guaranteed amount of lifetime annuity income. When a participant's account in the TIAA Traditional is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation to the Plan.

Stable Value is a fixed-rate group annuity contract issued by TIAA. The contract provides a guaranteed minimum rate of interest between 1% and 3% before deductions for contract fees with the potential for crediting of additional interest above the guaranteed minimum. Additional interest can be declared by the TIAA Board of Trustees, remains in effect for six-month periods and is not guaranteed for future periods.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA, represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. TIAA Traditional and Stable Value are immediately liquid to participants and do not have participant-level withdrawal restrictions, except that immediate transfers from Stable Value cannot be made to competing investment options pursuant to the contract's "equity wash" provisions.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

NOTE 3 - BENEFIT-RESPONSIVE ACCOUNTS (Continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan; (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The following table represents the Plan's fully benefit-responsive assets at contract value as of December 31:

	<u>2022</u>	<u>2021</u>
TIAA Traditional	\$ 1,476,561	\$ 1,554,899
Stable Value	<u>641,238</u>	<u>1,203,658</u>
	<u>\$ 2,117,799</u>	<u>\$ 2,758,557</u>

NOTE 4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

SHADY SIDE ACADEMY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds and TIAA-CREF Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

TIAA Real Estate - Value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. The daily unit values for the TIAA Real Estate Account are updated overnight for each day that the NASDAQ is open and is listed on the securities exchange.

CREF Accounts - Valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments, including matrix pricing. Participants hold accumulation units in CREF accounts that are registered with the Securities and Exchange Commission. These accounts determine the closing accumulation unit value on any day the NASDAQ is open and are deemed to be readily traded.

TIAA Traditional Annuity Non-Benefit Responsive (NBR) - Reported at fair value that approximates contract value. The valuation of the Plan's investments in the TIAA NBR Annuity requires significant judgment due to the absence of quoted market prices and heavy reliance on Level 3 inputs. There is, however, a liquidity guarantee by TIAA general account. The TIAA NBR Annuity is equal to the cumulative contributions invested plus a guaranteed rate of interest credited over the term based on the rate declared when the contribution is made. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. When the accumulated value is converted to an annuity, it is converted to a present value annuity based upon the participant's life expectancy. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate, which correlates closely with TIAA Traditional Non-Benefit Responsive Annuity's historical credit ratings.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

The preceding methods described might produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 5,647,017	-	-	\$ 5,647,017
TIAA Real Estate	1,172,246	-	-	1,172,246

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments at December 31, significant unobservable inputs and the ranges of values for those inputs.

2022				
Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range (Weighted Average)
TIAA Traditional Annuity - Non-Benefit Responsive Contracts	\$16,799,900	Discounted Cash Flow Theoretical Transfer (exit value)	Risk-adjusted discount rate applied	RA 3.70% - 6.25% GRA 3.70% - 6.25% RC 3.95% - 6.50%

2021				
Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range (Weighted Average)
TIAA Traditional Annuity - Non-Benefit Responsive Contracts	\$16,706,179	Discounted Cash Flow Theoretical Transfer (exit value)	Risk-adjusted discount rate applied	RA 3.00% - 3.80% GRA 3.00% - 3.80% RC 2.75% - 3.90%

RA - Retirement Annuity, GRA - Group Retirement Annuity, RC - Retirement Choice

NOTE 5 - BENEFIT ANNUITIES

Upon retirement, a participant's accumulation units can be converted to annuity units based on the participant's age, his or her elected income option and the current value of the annuity units. The dollar value of the annuity, and therefore the amount of each payment, is adjusted annually based on investment performance, mortality and expense provisions.

SHADY SIDE ACADEMY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

NOTE 6 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, trustee, for TIAA and CREF investment products, or as authorized agent for TIAA, FSB, directed trustee and/or custodian of certain other investments.

NOTE 7 - TAX STATUS

The Plan is a prototype plan of TIAA, which received an opinion letter on August 7, 2017, in which the Internal Revenue Service (IRS) stated that the form of the Plan document was acceptable under the applicable requirements of the IRC. The Plan has been designed to qualify under Section 403(b) of the IRC. Although the Plan has been amended since receiving this opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there are no uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2019.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Academy has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA.

NOTE 9 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by TIAA, CREF and TIAA and CREF; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in the fair value of the investment, since they are paid through revenue sharing rather than a direct payment. In addition, certain administrative functions are performed by officers or employees of the Academy at no cost to the Plan.
