INDEPENDENT AUDITORS' REPORT

The Plan Administrator and Participants
Markforged, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Markforged, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

The Plan Administrator and Participants
Markforged, Inc. Retirement Plan

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 and schedule of delinquent participant contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MARKFORGED, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. Description of Plan

The following description of the Markforged, Inc. Retirement Plan (the Plan), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) plan covering substantially all employees of Markforged, Inc. (the Company). It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Effective April 4, 2022, the Plan Sponsor acquired Teton Simulation Software, Inc. and amended the Plan to waive all eligibility requirements for acquired employees and credited such employees for prior years of service under the predecessor company.

Effective September 1, 2022, the Plan Sponsor acquired Digital Metal Inc. and amended the Plan to waive all eligibility requirements for acquired employees in the United States of America and credited such employees for prior years of service under the predecessor company.

Eligibility and Participation

An employee is eligible to participate in the Plan upon attaining age 21. A participant can enter the Plan on the first day of each month upon meeting eligibility requirements and are also eligible to receive matching contributions upon Plan entry.

Contributions

Participant Salary Deferral: Participants in the Plan may contribute to the Plan up to 80% of their annual compensation, as defined, not to exceed the maximum amount allowable under the Internal Revenue Code (IRC) in any calendar year. Participants are also permitted to make Roth elective 401(k) contributions. Employees 50 years or older may elect to defer additional amounts (catch-up contributions, which are subject to Internal Revenue Service (IRS) limitations). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). In addition, the Plan has an automatic enrollment feature whereby participants who have not completed an enrollment or opt-out form are automatically enrolled into the Plan with a 3% deferral once they meet the eligibility requirements. On an annual basis, participants who are automatically enrolled are also subject to auto-escalation features, whereby their deferral will increase by 1% per year up to a maximum of 10% deferral.

Employer's Discretionary Contributions: The Employer may make a discretionary matching contribution equal to a uniform percentage of the participants' salary deferrals. In 2022, a matching contribution was made equal to 100% of the participants deferral up to 4% of compensation (as defined). In 2021, a matching contribution was made equal to 100% of the participants deferral up to 1% of compensation (as defined) plus 50% of the participants' deferral that exceeds 1% of compensation up to 6% of compensation.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. **Description of Plan (Continued)**

Profit Sharing: The Company may make an annual profit sharing contribution in any plan year at the discretion of the Company's Board of Directors. The profit sharing contribution is allocated to each participant's account based on relative compensation, as defined in the Plan Document. Only participants employed by the Company and meeting the eligibility requirements as of the last day of the Plan year are eligible to receive these contributions. There were no profit sharing contributions made in 2022 or 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Plan earnings or losses, net of certain investment and management fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefits

The Plan provides benefits to participants upon death, disability, retirement or termination of employment. Benefits will be paid to the participant in a lump-sum payment or by transfer to another qualifying plan.

Participants are permitted to take in-service distributions upon attaining the age of 59½.

Participants are permitted to take hardship withdrawals from their account provided they meet certain criteria.

Vesting

Participants are immediately 100% vested in their own contributions plus actual earnings thereon. Vesting in the Employer's matching contributions and earnings thereon is based on a rate of 50% after one year of service and 100% after two years of service.

Forfeitures

A participant who terminates employment and is less than 100% vested forfeits the non-vested portion of his/her account. Forfeitures may be first used to pay any administrative expenses and can also subsequently be used to reduce any employer contributions. Forfeitures available for future use were \$103 and \$4,251 at December 31, 2022 and 2021, respectively. Forfeitures used were \$72,010 and \$45 in 2022 and 2021, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate or amend the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their balances.

MARKFORGED, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. **Description of Plan (Continued)**

Notes Receivable from Participants

The Plan allows participants to borrow against their accounts. Such loans shall not exceed the lesser of \$50,000 or 50% of the participants' vested interest in their account. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate. Principal and interest is paid ratably through payroll deductions.

2. **Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investments

The Plan's investments in mutual funds and money market funds are stated at fair value based upon quoted market prices which represent the net asset value of shares held by the Plan. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Administrative expenses are paid by the Plan to the extent they are not paid by the Plan Sponsor.

Contributions

Contributions from participants are recorded when payroll deductions are made. Employer discretionary matching contributions, once approved, are recorded in the period in which they relate to the participant contributions.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, if material.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

2. **Summary of Significant Accounting Policies (Continued)**

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investment options in money market funds and mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

Events occurring after the statement of net assets available for benefits date are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. Management has evaluated subsequent events through August 21, 2023, which is the date the financial statements were available to be issued.

3. **Information Certified by the Custodian**

The Plan's investments, including dividends and interest, net depreciation in fair value of investments and investment transactions, and notes receivable from participants and the interest associated with the notes receivable as of December 31, 2022 and 2021 and for the year ended December 31, 2022 were certified by Ascensus Inc., as agent for Ascensus Trust Company, custodian of the Plan. The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Ascensus Inc., as agent for Ascensus Trust Company, except for comparing such information certified by the custodian, to information included in the Plan's financial statements.

4. **Tax Status**

A qualifying plan is one for which the employer may currently deduct contributions on its income tax return, the employee is not currently taxed on the contribution, and the plan income is not taxable.

December 31, 2022 and 2021

4. **Tax Status (Continued)**

The Plan adopted a pre-approved non-standardized adoption agreement in accordance with the changes set forth in IRS notice 2017-37 and is a qualified plan under Section 401(a) of the IRC. The Plan Administrator believes that the Plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by a plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

5. **Related Party Transactions**

The Plan is responsible for administrative fees to the extent they are not paid by the Plan sponsor. Administrative fees consist of amounts paid to the third-party administrator for various administrative services. These transactions qualify as party-in-interest transactions. Various plan investments are in Vanguard Mutual funds, which qualify as party-in-interest, as Vanguard serves as Plan recordkeeper. Vanguard has retained Ascensus Inc. to provide these services on their behalf. Additionally, fees paid by the Plan for investment management services are paid indirectly by Plan participants as a reduction of the return earned on each fund.

6. **Fair Value Measurements**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). For disclosures, a fair value hierarchy has been established that prioritizes the input to valuation techniques used to measure fair value into three levels:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

6. Fair Value Measurements (Continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 and 2021.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2022</u>				
Money market funds	\$ 301,380	\$ –	\$ –	\$ 301,380
Mutual Funds	11,471,473	–	–	<u>11,471,473</u>
				<u>\$11,772,853</u>
<u>2021</u>				
Money market funds	\$ 188,046	\$ –	\$ –	\$ 188,046
Mutual Funds	8,080,906	–	–	<u>8,080,906</u>
				<u>\$ 8,268,952</u>

Following is a description of the Plan's valuation methodologies for assets measured at fair value:

Mutual funds and money market funds – valued based upon quoted market prices which represent the net asset values of shares held by the Plan.

The methods described above may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. Nonexempt Transactions

During 2022, participant contributions totaling \$5,225, were withheld from participants' pay, but were not remitted to the Plan's trust within the time frame required by the DOL under the Plan asset rules. In 2023, the Plan sponsor reimbursed the Plan for lost earnings under the DOL's Voluntary Fiduciary Correction Program (VFCP). Amounts remitted were not significant.

During 2021, participant contributions totaling \$479 were withheld from participants' pay but were not remitted to the Plan's trust within the timeframe required by the DOL under the Plan asset rules. The Plan Sponsor reimbursed the Plan for lost earnings under the DOL's Voluntary Fiduciary Correction Program (VFCP) in December 2021. Amounts remitted were not significant.
