INDEPENDENT AUDITORS' REPORT

To the Participants, Administrator and Plan Sponsor of
the A.E. Robinson Oil Co., Inc. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of A.E. Robinson Oil Co., Inc. Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS**

NOTE A---PLAN DESCRIPTION

The following description of the A.E. Robinson Oil Co., Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

General

The Plan covers eligible employees of A.E. Robinson Oil Co., Inc. (the "Company"). The purpose of the Plan is to provide retirement income and other benefits to eligible employees of the Company. The Plan is a prototype defined contribution plan sponsored by ADP Retirement Services with a 401(k) salary deferral arrangement. Reliance Trust Company serves as the Plan's trustee.

Eligibility

Employees are eligible to participate in the Plan as well as the employer match when they have completed one year of service, as defined by the Plan documents, and have attained the age of 18. The entry date for employee contributions and the employer safe harbor match is the first day of the plan year quarter coinciding with or following the date the employee satisfies the Plan's eligibility requirements.

For any discretionary profit-sharing contributions, the participation date will be the earlier of the first day of the plan year or the first day of the seventh month of the plan year coinciding with or following the date the employee satisfies the Plan's eligibility requirements.

Contributions

Participants are permitted to make elective deferrals as a pre-tax deferral or as a Roth deferral in any amount up to 90% of their compensation subject to certain Internal Revenue Code limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants deferring to the Plan are eligible for a safe harbor matching contribution equal to 100% of salary deferrals that do not exceed 3% of the employee's compensation plus 50% of salary deferrals between 3% and 5% of an employee's compensation. For purposes of calculating the safe harbor matching contribution, the compensation and deferrals are determined on a payroll period basis.

The Plan also offers an employer discretionary profit-sharing provision applicable to all active employees who have completed at least 1,000 hours of service during the plan year. Profit sharing contributions made to the Plan are allocated in the ratio that a participant's eligible compensation bears to the total eligible compensation paid to all eligible participants. For the years ended December 31, 2022 and 2021, the Company contributed \$300,000 as a discretionary profit sharing amount.

Investments held by the Plan on behalf of participants are participant-directed, meaning that the individual participant selects the investments for his or her individual account.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company safe harbor matching contributions, as well as an allocation of (a) the Company's profit-sharing contributions, (b) plan earnings, and (c) charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Participant loans are not allowed under the Plan.

NOTE A---PLAN DESCRIPTION (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon and the Company's safe harbor matching contributions. Vesting of any employer nonelective or discretionary profit-sharing contributions will vest in equal installments over five years.

Payment of Benefits

On termination of service, a participant with an account balance of more than \$5,000 may elect to receive either a lump-sum distribution of their entire vested account balance, a partial distribution of any portion of their vested account balance, or installments over a period consistent with the terms of the Plan document. Vested terminated balances greater than \$1,000 but less than \$5,000, for which there is no participant direction, are automatically distributed to an individual retirement account for the benefit of the participant. Participants are permitted to elect in-service withdrawals for hardship reasons or if age 59 ½ is attained.

Forfeitures

Forfeited accounts are allocated in the Plan year in which the break in service occurs, to the extent attributable to nonvested nonelective or profit-sharing contributions. For the years ended December 31, 2022 and 2021, forfeitures used to reduce employer safe harbor contributions totaled approximately \$-0- and \$689, respectively. Forfeitures were not used to reduce administrative fees in 2022 or 2021. As of December 31, 2022 and 2021, there was \$623 and \$19, respectively, of unallocated forfeitures.

NOTE B---SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis, except that benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual amounts may differ from those estimates.

Investment Valuations and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisors and custodians. The Plan invests in shares of registered investment companies (e.g. mutual funds) and units of a common collective trust fund. The Plan's investment in the Reliance MetLife Stable Value Fund ("Stable Value Fund"), holds investment contracts that are deemed to be fully benefit responsive investment contracts ("FBRIC"). However, the Plan's investment in the Stable Value Fund is considered to be an indirect FBRIC investment and it is reflected at NAV as a practical expedient which is considered to be fair value. See Note D for disclosure of fair value measurements. The Stable Value Fund is not available for sale or transfer on any securities exchange.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value include the Plan's realized and unrealized gains and losses on investments bought and sold as well as those held during the year.

**A.E. ROBINSON OIL CO., INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE B---SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuations and Income Recognition (Continued)

Certain management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, certain management fees and operating expenses are reflected as a direct reduction of investment return for such investments.

Payment of Benefits

Benefits may be paid upon termination, death, disability, retirement or hardship. Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from the accompanying financial statements.

Date of Management's Review

Management has evaluated subsequent events through September 4, 2023, the date which the financial statements were available to be issued.

NOTE C---INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Certain financial information included in the Plan's accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the Trustee, as of and for the years ended December 31, 2022 and 2021. The following is a summary of the information that has been prepared and certified to as complete and accurate by the trustee:

	2022	2021
Investments, at fair value:		
Mutual Funds	\$ 5,406,885	\$ 6,115,118
Common Collective Trust	\$ 883,069	\$ 909,322
 Net Depreciation in Fair Value of Investments	 \$ (1,241,969)	
Interest and Dividends	\$ 172,746	

NOTE D---FAIR VALUE MEASUREMENTS

FASB ASC 820 and subsections, "*Fair Value Measurements and Disclosures*", established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The three levels of the fair value hierarchy under FASB ASC 820 and subsections are described below:

Level 1 Financial assets and liabilities whose values are based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

**A.E. ROBINSON OIL CO., INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE D---FAIR VALUE MEASUREMENTS (Continued)

Level 2 Financial assets and liabilities whose values are based on the following:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in non-active markets;
- c) Pricing models whose inputs are observable for substantially the full term of the asset or liability and;
- d) Pricing models whose inputs are derived principally from or corroborated by observable market data through correlation or other means for substantially the full term of the asset or liability.

Level 3 Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's own assumptions about the assumptions a market participant would use in pricing the asset or liability.

Below are the Plan's financial instruments carried at fair value on a recurring basis by their fair value hierarchy levels, described above:

December 31, 2022	Fair Value Measurements Using:	
	Total	Level 1
Mutual Funds	\$ 5,406,885	\$ 5,406,885
Assets in the Fair Value Hierarchy	5,406,885	5,406,885
Common Collective Trust*	883,069	
Investments, at Fair Value	<u>\$ 6,289,954</u>	
December 31, 2021		
Mutual Funds	\$ 6,115,118	\$ 6,115,118
Assets in the Fair Value Hierarchy	6,115,118	6,115,118
Common Collective Trust*	909,322	
Investments, at Fair Value	<u>\$ 7,024,440</u>	

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Mutual Funds - Investments in mutual funds are valued daily at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Common Collective Trust ("CCT") – The Stable Value Fund invests in a common collective trust and is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is equal to the contract value of the underlying investments and is equal to the accumulated cash contributions and interest credited to the Plan's contract, less any withdrawals or transfers. Participant transactions (purchases and sales) may occur daily. The CCT provides for daily redemptions by the Plan at a reported net asset value per share, with no advance redemption notification requirement.

The Stable Value Fund's one-year total return was 2.48% and 2.03% for 2022 and 2021, respectively. At December 31, 2022 and 2021, thirty-day effective yield, also known as the crediting interest rate, for Reliance MetLife Stable Value Fund was 2.90% and 2.10%, respectively. The one-year total return and the thirty-day effective yield are net of the annual investment management fee of 0.61% and 0.62% for the Stable Value Fund

**A.E. ROBINSON OIL CO., INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE D---FAIR VALUE MEASUREMENTS (Continued)

for the years ended December 31, 2022 and 2021, respectively. The crediting interest rate is calculated on a daily basis. There are no reserves against contract value for credit risk of the contract issuer or otherwise and there are no unfunded commitments.

The existence of certain conditions can limit the Stable Value Fund's ability to transact at contract value. Specifically, any event outside the normal operation of the Stable Value Fund that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to, partial or complete legal termination of the Stable Value Fund or a unitholder, tax disqualification of the Stable Value Fund or a unitholder, and certain Stable Value Fund amendments if issuers' consent is not obtained. As of December 31, 2022 and 2021, the occurrence of an event outside the normal operation of the Stable Value Fund that would cause a withdrawal from an investment contract is not considered to be probable. To the extent a unitholder suffers a tax disqualification or legal termination event, under normal circumstances it is anticipated that liquid assets would be available to satisfy the redemption of such unitholder's interest in the Stable Value Fund without the need to access investment contracts.

The methods described above may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes the valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that cause the transfer. For the years ended December 31, 2022 and 2021, there were no transfers of investment into or out of Level 3.

NOTE E---PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants should refer to the Plan documents for a description of the priorities or distribution of Plan benefits in the event of termination.

NOTE F---TAX STATUS

The Company adopted a prototype non-standardized profit sharing and 401(k) plan which received a favorable opinion letter from the Internal Revenue Service (the "IRS") dated October 6, 2020. The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to audit by various taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan has not recognized any interest or penalties related to uncertain tax positions.

NOTE G---ADMINISTRATIVE EXPENSES

The Company absorbs significant costs associated with administering the Plan. For the years ended December 31, 2022 and 2021, certain fees for fiduciary services and investment advisory services of \$16,288 and \$15,336, respectively, were being charged to the Plan and allocated to the participants.

**A.E. ROBINSON OIL CO., INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE H---RELATED PARTY / PARTY-IN-INTEREST TRANSACTIONS

Reliance Trust Company performed trustee services for the Plan for the years ended December 31, 2022 and 2021. Reliance Trust Company is considered a party-in-interest to the Plan. Accordingly, transactions with the trustee, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

NOTE I---RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits and the statement of changes in net assets available for benefits.

NOTE J---RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
