INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Abelson-Taylor, Inc. Profit Sharing Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Abelson-Taylor, Inc. Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021****DESCRIPTION OF PLAN**

The following description of the Abelson-Taylor, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was restated effective October 27, 2021. The Plan is a defined contribution plan covering all employees of the Company. Employees that are twenty-one years of age or older are immediately eligible to make contributions and for employer matching. For other purposes of the Plan, employees must have completed one-year of eligibility service to participate. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: The Plan provides for the following contributions, which are to be maintained in separate accounts for each participant:

- (a) Salary Deferral Contributions – a participant may elect, on a pretax basis, an after-tax basis, or a combination of the two and contribute to the Plan each year amounts not to exceed the lesser of 75 percent of compensation, as defined, or the statutory limits. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation. In addition, unless a different percentage is chosen by the participant, the percentage will automatically increase each year by 1% on January 1st of each year up to a maximum of 10%.
- (b) Employer Matching Contributions - to be made at the discretion of the Company to contribute a set matching percentage that is allocated proportionate to the amount of the participant's deferrals. This matching contribution is limited to a discretionary percentage of participant's eligible compensation as determined by the Company. For the year ended December 31, 2022 the match is to be made in an amount equal to 50% of the participant's first 6% of elective contributions.
- (c) Employer Discretionary Contributions - to be made at the discretion of the Company. These contributions are allocated based on the proportion that the total compensation, as defined, of each participant bears to the total compensation of all participants.
- (d) Rollover and Transfer Contributions - to be made by the employee from amounts distributed or transferred from other qualified plans.

Investment Options: Participants' direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options daily.

Participant Accounts: Each participant's account is credited with the participant's elective contributions and the Company matching contributions as well as an allocation of any Company discretionary contributions and the Plan's earnings and charged with an allocation of plan administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits: Payments of benefits are made to participants or their beneficiaries upon death, retirement, disability or, at the option of the employee, termination of employment. Benefits are payable in a lump sum or by other methods as described in the Plan agreement. The Plan also permits hardship withdrawals from a participant's deferral contribution account, in-service withdrawals at the age of 59-1/2 and when a participant was ordered or called to active duty for a period in excess of 179 days.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021****DESCRIPTION OF PLAN (CONTINUED)**

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance reduced by any outstanding loan balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Vesting: Participants are immediately vested in their Salary Deferral, Rollover and Transfer Contribution accounts plus actual earnings thereon. Vesting of Employer Matching Contribution accounts for each participant is based on years of service, beginning with 33% after one year, increasing to 66% after two years until fully vested after three years. Vesting of Employer Discretionary Contribution accounts for each participant is based on years of service, beginning with 20% after two years, increasing 20% per year until fully vested after six years of service.

Forfeited Accounts: Forfeitures of the non-vested portion of participants' accounts resulting from termination of employment before full vesting may be, 1) used to pay Plan expenses, or 2) used to reduce the Company's matching contribution. At December 31, 2022, forfeited nonvested accounts totaled \$5,310 and will be used to reduce future Company contributions. At December 31, 2021, forfeited nonvested accounts totaled \$396 and were used to reduce Company's matching contributions in 2022. During the year December 31, 2022, the Plan accumulated \$83,955 of forfeitures from participants, \$79,686 of which, were used to reduce employer contributions in 2022.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements are prepared under the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles on the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee.

Purchases and sales of investments are recorded on the trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expenses: Certain expenses related to the Plan are paid directly by the Company and are excluded from these financial statements. Fees associated with notes receivable from participants, distribution fees and other fees associated with participant requested services are allocated directly to the participant. Administrative expenses of maintaining the plan are allocated to the participants based upon a percentage of their account balance. Investment related expenses are included in the net appreciation (depreciation) in fair value of investments.

Subsequent Events: The Plan has evaluated subsequent events through September 12, 2023, the date the financial statements were available to be issued.

FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Units of Common/Collective Fund: The Plan offers common collective trust investments through the Goldman Sachs Stable Value Collective Trust, Putnam Large Capital Value Fund and Core Plus Bond Fund.

Goldman Sachs Stable Value Collective Trust - is composed primarily of fully benefit responsive investment contracts that are valued at the net asset value ("NAV") of the units of the collective trust. The NAV is provided by the administrators of the fund and is reported in the fund's audited financial statements. NAV is the basis for participant transactions (purchases and sales) which may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months' notification in order to ensure that the liquidation will be carried out in an orderly business manner.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021****FAIR VALUE MEASUREMENTS (CONTINUED)**

Putnam Large Capital Value Fund and Core Plus Bond Fund – are valued each day on which the New York Stock Exchange (“NYSE”) is open for trading in accordance with the valuation procedures established by the Trustee. The NAV per unit is calculated as of the close of trading on the NYSE. The NAV per unit is computed by dividing the total fair value of the assets of a fund, less its liabilities by the total number of units outstanding at the time of such computation. If the Plan initiates a redemption of greater than \$1,000,000 five days’ notice is required.

Shares of Registered Investment Companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

All plan investments for both December 31, 2022 and 2021 are considered level 1 in the fair value hierarchy.

INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE OF THE PLAN

The Company, acting in its capacity as the Plan administrator, has elected the method of annual reporting compliance permitted by 20 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. The assets, as listed in the schedule of assets (held at end of year) is a summary of the unaudited information regarding the Plan as of December 31, 2022, and for the year then ended, included in the Plan’s financial statements and supplemental schedules, that was prepared by or derived from information prepared by the Fidelity Management Trust Company (“Fidelity”), the plan trustee, and furnished to the Company. The Company obtained certification from Fidelity as of and for the years ended December 31, 2022 and 2021, that such information is complete and accurate.

PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments in shares of registered investment companies are managed by Fidelity, the plan trustee and, therefore, these transactions qualify as party-in-interest transactions under ERISA regulations. Notes receivable from participants also qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity for the year ended December 31, 2022 were \$120,292. Fees paid by the Plan for investment management services are included in the net appreciation in fair value of investments. Additionally, certain employees of the Company provide various services to the Plan. These employees are not compensated for these services from the Plan.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

TAX STATUS

The Plan has adopted a prototype plan sponsored by Fidelity Management and Research Company. The Internal Revenue Service (“IRS”) has determined and informed the prototype plan sponsor by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
