INDEPENDENT AUDITOR'S REPORT

**To the Plan Administrator and Trustee of
Dinwiddie-Hines Construction, Inc. 401(k) Plan
Sacramento, California**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Dinwiddie-Hines Construction, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 of the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2020 Financial Statements

Plan management is responsible for the accompanying financial statement of the Dinwiddie-Hines Construction, Inc. 401(k) Plan, which comprises the statements of net assets available for benefits as of December 31, 2020. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statements of Dinwiddie-Hines Construction, Inc. 401(k) Plan as of and for the year ended December 31, 2020.

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021

1. DESCRIPTION OF THE PLAN

The following description of the Dinwiddie-Hines Construction, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established by Dinwiddie-Hines Construction, Inc. (the “Sponsor”) on January 1, 2017, and is a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2021, the Sponsor acquired another Company through a merger. New employees were given the option to join the Plan when they became eligible.

Administration – The Sponsor is the administrator of the Plan and, as such, carries out the duties imposed under ERISA. The Sponsor has delegated certain responsibilities for the operation and administration of the Plan. Administrative and compliance services are provided by PASI, LLC. Custodial, recordkeeping and trustee services were provided by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (EMPOWER).

Eligibility – Eligible employees of the Sponsor become eligible to make salary deferrals in the Plan after six months of service following their date of hire or their attainment of age 21, whichever is later. Eligible employees become eligible to receive employer safe harbor match and discretionary match contributions in the Plan at the same time that they become eligible for salary deferrals.

Participant accounts – Employee and matching contributions are credited to participants’ accounts following each pay period. Individual accounts are maintained for each Plan participant to reflect the participant’s contributions and the employer’s contribution. Participating employees direct the allocation of their account balances among investment choices offered by the Plan. Income and loss are allocated to the participant’s account based on the ratio of the account balance of the individual participant to the aggregate of all account balances of all participants in the fund within the Plan. The vested balance in a participant’s account is the benefit to which the participant would be entitled upon termination or retirement.

Elective Deferrals – Participants may contribute up to the maximum amount allowed by IRS limitations through salary deferrals. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers).

Notes receivable from participants – The Plan provides a provision that allows participants to borrow against their vested account balance. Participant loans must be for a minimum of \$1,000 and are capped at the lesser of one-half of the participant’s vested account balance or \$50,000. The loans are secured by the participants’ vested account balances. All loans must bear a reasonable rate of interest as determined by the Plan administrator based on prevailing interest rates. The principal balance plus interest is repaid through employee payroll deductions over a minimum of one year and a maximum of five years except, in the case of a loan made for the purpose of acquiring their primary residence, in which case the loan repayment term may be extended by the Plan Administrator.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

ESOP Plan merger – The Sponsor’s Employee Stock Ownership Plan (ESOP Plan) merged with the Plan. An aggregate of \$1,267,827 was transferred into the Plan during the year ended December 31, 2021, and is included in the statement of changes in net assets available for benefits.

Rollovers – The Plan allows participants to transfer existing benefits into the Plan from other benefits plans. In 2021, rollovers of \$74,482 were received from other eligible plans.

Employer Contributions – For the 2021 plan year, the employer provided 100% match up to 3%, then 50% match of the next 2% of the participant’s compensation contributed to the Plan, not to exceed 4% of compensation, as defined in the Plan agreement. The Sponsor may also make an annual nonelective discretionary match contribution. The Sponsor did not make any nonelective discretionary contributions for the year ended December 31, 2021.

Vesting – Participants are immediately vested in their contributions and safe harbor employer contributions, plus actual earnings thereon. Vesting of nonelective discretionary employer matching contributions is based on years of service in which the participant has completed at least 1,000 hours using the “hours of service” method. The following table is the vesting schedule based on years of service:

<u>Years of Vesting Service</u>	<u>Percentage of Vesting</u>
0-1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeited accounts – Upon termination of employment, nonvested portion of participant accounts are forfeited. Forfeitures from nonelective discretionary employer contributions may be used to offset Plan expenses. At December 31, 2021, the forfeiture balance was \$20,975. During 2021, the Plan used \$2,855 of forfeitures to offset Plan expenses.

Payment of benefits – On termination of employment due to death, disability, separation of service, or retirement, a participant or their beneficiary may elect to receive a lump-sum distribution equal to the value of the participant’s vested interest in his or her account. Participants with vested account balances greater than \$5,000 may elect to receive the payment directly or roll the balance to an individual retirement account or other eligible retirement plan as soon as administratively feasible. Unless a participant elects to have their vested account balance rolled over into an eligible retirement plan, the Employer will process mandatory distributions, regardless of participant consent, if the vested account balance is less than \$5,000 it will be distributed as a lump-sum distribution in the name of the Participant.

Costs of administration – Plan expenses may be paid for by the Plan unless paid by the Sponsor. The Plan pays all custodial costs as well as some administrative costs for the record-keeper. For 2021 these costs totaled \$41,756.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition – The Plan's investments in collective trust funds, and mutual funds are stated at fair value, while the Plan's investment in the guaranteed group annuity contract is presented at contract value, which approximates fair value, as presented and certified by the Trustee. Purchases and sales of securities are recorded on a trade-date basis. Interest income and gains are recorded on the accrual basis. Net appreciation in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on these investments, is shown in the statement of changes in net assets available for benefits.

The Plan has a fully benefit-responsive guaranteed group annuity investment contract which is reported at contract value. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan. See Note 3 for discussion of the investment contract.

Notes receivable from participants – Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Contributions – Employee contributions are recognized in the period payroll deductions are made. Employer contributions are calculated and recognized based on employee contributions and eligible compensation for the Plan year.

Payments of benefits – Benefits are recorded when paid.

Income taxes – The Plan, which is a Non-Standardized Defined Contribution Prep-Approved Plan, obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the plan is in compliance with the applicable requirements of the Internal Revenue Code.

Subsequent events have been evaluated for recognition and disclosure through September 6, 2023, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2021 that require recognition or disclosure in the financial statements.

3. BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Key Guarantee Portfolio Fund is a guaranteed group annuity contract that guarantees principal and a contractually specified interest rate and is a product of Great-West Annuity Insurance Company of America. It offers the opportunity for higher returns through additional amounts, which may be declared on a year-by-year basis by Great-West Capital Management, LLC. The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the Plan's investment in fully benefit-responsive investment contracts at December 31:

	<u>2021</u>
Traditional investment contract	\$ 431,282

The Key Guarantee Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest credit rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

The average yield earned by the Plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. An interest amount of 0.90 % was credited to the Key Guarantee Portfolio Fund contract for the year ended December 31, 2021.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. No events have been specified in the contract that allows the issuer to terminate the contract with the Plan and settle at an amount different from contract value. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observed for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within a fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common-collective trust funds: The investments underlying the common/collective trust fund investments generally include shares of common stock and fixed income investments whose values are determined on the basis of quoted prices in an active market. The Plan's common/collective trust fund investments are valued based on NAV per share or unit as a practical expedient as reported by the fund house, multiplied by the number of shares or units held as of the measurement date. Accordingly, these NAV-based investments have been excluded from the fair value hierarchy.

DINWIDDIE-HINES CONSTRUCTION, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Fair Value Measurement Level 1	NAV-Based Assets	Total
Total mutual funds	\$ 6,839,764		\$ 6,839,764
Common-collective trust funds	<u> </u>	\$ 325,143	<u>325,143</u>
Total Investments at Fair Value	<u>\$ 6,839,764</u>	<u>\$ 325,143</u>	<u>\$ 7,163,907</u>

The Plan's mutual funds are classified within Level 1 of the fair value hierarchy because the underlying investments are measured by pricing on publicly traded markets with reasonable levels of price transparency and are valued each day.

5. CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021, and net depreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West Trust Company, LLC (the trustee).

6. PARTIES-IN-INTEREST

Parties-in-interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. PASI, LLC is the Plan's third party administrator and EMPOWER is the Trustee, therefore the Plan's payment of fees to PASI, LLC and EMPOWER qualify as party-in-interest transactions.

Plan investments include a benefit-responsive investment contract held by the Trustee. Consequently, these transactions qualify as party-in-interest transactions (see supplemental schedule). Any purchases and sales of the investments are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Notes receivable from participants also reflect party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Sponsor.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

9. RECONCILIATION TO FORM 5500

The following is a reconciliation of the net increase in net assets per the financial statements to the Form 5500 at December 31, 2021:

Net increase in net assets per the financial statements	\$ 2,549,844
Classification difference for ESOP transfer upon merger	<u>(1,267,827)</u>
