Independent Auditor's Report

The Plan Administrator
United Prairie Bank 401(k) Profit Sharing Plan
Mankato, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of United Prairie Bank 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of United Prairie Bank 401(k) Profit Sharing Plan, financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of United Prairie Bank 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about United Prairie Bank 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United Prairie Bank 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about United Prairie Bank 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2022 and 2021

Note 1: Description of Plan

This description of the United Prairie Bank 401(k) Profit Sharing Plan (the Plan) provides only general information. The Plan documents should be referred to for a more complete description of the Plan's provisions. A complete description of the Plan is available at United Prairie Bank (the Company).

General

On January 1, 1988, the Company adopted the defined contribution plan covering substantially all employees that are age 18 and over and who have completed 2 months of service. The Plan excludes from participation employees under a collective bargaining agreement, leased employees, interns, janitorial staff, and non-resident aliens. The Plan provides for benefits for all participants based upon the accumulation of employee and employer contributions and earnings thereon allocated to individual participants' account balances. The Plan allows eligible employees to become participants on the first day of each calendar month of the Plan year coinciding with or following the date on which the employee meets the eligibility requirements. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

Amendments

The Plan's Adoption Agreement was restated as of January 1, 2022, to comply with IRS guidelines. There were no significant changes to the Plan's provisions as a result of this restatement.

Contributions

Participants may elect to contribute up to 100 percent of their eligible compensation, as defined by the Plan and subject to various regulatory limitations, through a salary reduction agreement. These contributions may be made on either a pretax basis or after tax basis (through Roth contributions). The Plan also includes a Qualified Automatic Contribution Arrangement (QACA) for those participants who fail to make a contribution election. Under the QACA, the Company will automatically withhold three percent on behalf of the participants. In addition, participants who are automatically enrolled are also subject to automatic escalation of deferrals of one percent per year up to a maximum of six percent of eligible compensation, if no other election is made by the participant. Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, otherwise known as rollover contributions. Participants direct the investment of all contributions into various investment options offered by the Plan.

Employer matching contributions were made as required by the Plan during the years ended December 31, 2022 and 2021. The matching contribution is equal to 100 percent of the employee's deferrals up to one percent of compensation and 50 percent of the employee's deferrals exceeding one percent but not exceeding six percent of compensation. The employer matching contribution for 2022 and 2021 totaled \$346,521 and \$387,270, respectively. Discretionary year-end profit-sharing contributions can also be made to eligible participants employed at the end of the Plan year who have completed 1,000 hours of service during the plan year. Discretionary year-end profit-sharing contributions were \$105,919 and \$51,543 for the years ended December 31, 2022 and 2021, respectively.

Note 1: Description of Plan (Continued)

Vesting and Forfeitures

Participants are immediately vested in their salary deferrals and rollover contributions, plus earnings thereon. Vesting in the remainder of their accounts plus actual earnings is based on years of continuous service. A participant is vested in Company contributions and related earnings according to the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less Than Two Years	0%
Two or More Years	100%

For participants that left employment prior to January 1, 2012, a six-year graded vesting schedule applied to all employer nonelective and matching contribution balances.

A participant is fully vested upon reaching normal retirement age, as defined by the Plan document, and in the event of the participant's death.

Forfeitures on unvested account balances may be used to pay Plan administrative expenses or may be used to reduce employer matching or nonelective contributions. Total amounts forfeited during 2022 and 2021 were \$1,464 and \$654, respectively. Total forfeitures used to pay Plan expenses during 2022 and 2021 were \$1,966 and \$6,385, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company contribution, (b) investment earnings, (c) changes in market values and (d) certain Plan expenses. Company matching contributions are allocated based on a discretionary percentage of the participant's salary deferral contribution, subject to certain limitations. Company discretionary profit-sharing contributions are allocated using a classification-based formula based upon compensation as defined in the Plan document. Investment earnings and changes in market values are allocated daily based on the investments held in the participant's account. Plan expenses are allocated either directly to a participant's account for certain transactions affecting only the participant or proportionally to all participants for certain administrative expenses charged to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Distributions to terminated, disabled or retired participants (or in the case of death, the participant's beneficiary) are made in the form of a single, lump sum payment or installment payments equal to the value of the participant's vested account balance. Distributions to participants following severance from employment is automatic if the participant's account balance is less than \$5,000, including rollover contributions, and is made in the form of a single lump sum payment. Participants over age 59 ½ may make in service withdrawals from their individual accounts. Participants experiencing financial hardship may withdraw a portion of their account balance as defined by the Plan and in accordance with ERISA rules and regulations.

Participant Loans

Participant loans are not permitted.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accounting records are maintained on the accrual basis.

Valuation of Investments and Income Recognition

Investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 5 for additional information on the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings (losses) reported in the statements of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payments of Benefits

Benefits payments are recorded when paid.

Note 3: Administrative Fees

Administrative fees are paid from Plan forfeitures. If Plan forfeitures are insufficient to cover all administrative fees, the participant accounts may be charged pro rata based on account balance, per capita to all participants, or assessed against an individual participant's account for expenses which are incurred by that particular participant for the balance of the administrative fees. The administrative fees charged to the Plan were \$7,966 and \$6,385, which are net of forfeitures, and included third party administrative fees and audit fees for the years ended December 31, 2022 and 2021, respectively.

Note 4: Information Prepared and Certified by the Trustee and Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (the custodians of the plan).

	2022	2021
Investments at December 31:		
Registered investment companies - mutual funds	\$ 12,092,037	\$ 14,019,838
Investment contract	1,144,681	1,312,547
Investment Income for the Year Ended December 31:

Dividends on mutual funds	782,399	1,231,127
Interest	12,019	11,576

Note 5: Fair Value Measurements

Accounting standards generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

United Prairie Bank
401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2022 and 2021

Note 5: Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. In determining fair value, the custodians use the market approach which utilizes process and other relevant information generated by market transactions involving identical generated assets or liabilities. Observable inputs reflect the assumptions market participants would use in valuing a financial instrument based on market data obtained from sources independent of the custodians. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies - mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end, which is a publicly quoted price.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2022				
Fair Value Measurement at the End of the Reporting Period Using				
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	December 31, 2022

Note 6: Investment Contract with Insurance Company

The Plan carries a fully benefit-responsive investment contract with Empower Annuity Insurance Company of America (formerly known as Great-West Life & Annuity Insurance Company) for the years ended December 31, 2022 and 2021. Empower Annuity Insurance Company of America maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Participants may ordinarily direct the withdrawal or transfer of a portion of their investment. Certain withdrawal limitations are imposed on participant-initiated transfers between funds occurring within a twelve-month period. If the investment contract with the custodian is discontinued, the value of the accounts in the general account will be paid on the liquidation basis and a liquidation charge may apply. The balance in this investment account at December 31, 2022 and 2021 was \$1,144,681 and \$1,312,547, respectively.

There are no reserves against the contract for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the formula agreed upon with the issuer. Such interest rates are reviewed periodically for resetting. The crediting interest rate used for 2022 and 2021 was 0.94 and 0.90 percent, respectively.

Note 7: Income Tax Status

The Internal Revenue Service (IRS) has issued a favorable Advisory Letter, dated June 30, 2020, related to the volume submitter plan stating that the form of the Plan identified qualifies under section 401(a) of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8: Party in Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under the Pension Reform Act unless a specific exemption exists. Certain Plan investments are units in an investment contract managed by Empower Annuity Insurance Company of America, the custodian, during the years ended December 31, 2022 and 2021. Therefore, these transactions qualify as party-in-interest transactions. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100 percent vested in their accounts.

Note 10: Concentrations

As of December 31, 2022 and 2021, the Plan had 1 mutual fund investment that accounted for 11% of total investments.

Notes to the Financial Statements
December 31, 2022 and 2021

Note 11: Risks and Uncertainties

The Plan invests in various mutual funds and an investment contract with an insurance company. The investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 12: Subsequent Events

The Plan has evaluated subsequent events through August 28, 2023, the date the financial statements were available to be issued.

Effective April 1, 2023, the Plan was amended to comply with hardship provisions of the Bipartisan Budget Act of 2018. Additionally, excluded employees no longer include leased or janitorial employees.
