Independent Auditor's Report

July 26, 2023

To the Plan Administrator of the
Barton & Loguidice, D.P.C. Profit Sharing & 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Barton & Loguidice, D.P.C. Profit Sharing & 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material

misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BARTON & LOGUIDICE, D.P.C. PROFIT SHARING & 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan

The following description of the Barton & Loguidice, D.P.C. (the “Firm”) Profit Sharing & 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code and has a Section 401(k) salary deferral arrangement. The Plan covers all employees who are twenty-one years of age or older with the exception of non-resident aliens, contingent employees and seasonal employees, as defined by the employment practices of the plan sponsor. All assets acquired under the Plan are the result of employer or participant contributions thereto, and all income and other additions or deductions thereto are administered, distributed, forfeited or otherwise governed by the provisions of the Plan and the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendments - Effective January 1, 2021, the Plan was amended to automatically enroll employees in the Plan thirty-five days after their hire date at a deferral rate of 8% with a 1% increase annually up to 15%, as discussed below under Contributions. In addition, in September 2022, the Plan was amended and restated to comply with current required Internal Revenue Service rules and regulations. During the September 2022 restatement, the Plan adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), a law which the Plan had previously implemented certain provisions of, and which allows immediate changes to the Plan to, among others, provide temporary tax relief for Coronavirus related distributions up to \$100,000 and suspends required minimum distributions.

Plan provisions - The Plan has implemented certain required provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), a law which, among others, extends the age for required minimum distributions to age seventy-two. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and Internal Revenue Service guidance.

Contributions - Participants are allowed to make elective salary deferrals up to the maximum amount allowed by the Internal Revenue Code. Once a participant meets the eligibility requirements, the Firm enrolls them under its automatic enrollment feature. Under automatic enrollment, effective January 1, 2021, a participant is automatically enrolled to begin making elective contributions of 8% of their annual compensation to the Plan. This deferral percentage is increased automatically by 1% each year, up to a maximum of 15%, unless the participant elects a different percentage or expressly elects not to participate in the Plan; see Plan amendments above.

The Firm may contribute for each participant a discretionary matching contribution equal to a percentage of the participant’s elective contributions, up to a maximum percentage of the participant’s compensation as determined by the Board of Directors. The Firm’s discretionary matching contributions were \$1,267,001 of which the Firm paid \$1,054,687, the Plan recorded a receivable of \$123,364 and the Firm used \$88,950 of forfeitures for the remainder; see below, for the year ended December 31, 2022. The Firm’s discretionary matching contributions were

\$1,135,442 of which the Firm paid \$974,571, the Plan recorded a receivable of \$85,923 and the Firm used \$74,948 of forfeitures for the remainder; see below, for the year ended December 31, 2021. Additionally, the Firm's annual profit-sharing contribution to the Plan is discretionary, as determined by the Board of Directors. There were no discretionary profit-sharing contributions made to the Plan for the years ended December 31, 2022 or 2021. The Plan allows rollover contributions.

Vesting - Participants are immediately vested in their elective salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant is 100% vested after six years of credited service for any discretionary profit sharing and matching contribution.

Forfeited non-vested accounts - Forfeited non-vested accounts can be used to reduce future employer contributions to the Plan or can be used to pay administrative expenses in accordance with the governing plan document. The Firm used forfeited non-vested accounts of \$88,950 and \$74,948 to reduce firm discretionary contributions for the years ended December 31, 2022 and 2021, respectively. Unused forfeitures amounted to \$13,662 and \$21,866 as of December 31, 2022 and 2021, respectively.

Participant accounts - Each participant's account is credited with the participant's elective salary deferral contribution and an allocation of the Firm's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance. Under the Plan, participants are allowed to borrow funds against the participant's interest in the Plan at interest rates and repayment terms specified by the plan document.

Notes receivable from participants - Participants may borrow from their plan accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to not more than five years except where a loan is for the purchase of a primary residence. The notes are secured by the balance in the participant's account. Notes shall bear a reasonable rate of interest, as determined by the plan administrator, based on prevailing interest rates charged by persons in the business of lending money for loans, which would be made under similar circumstances. The interest rate shall remain fixed throughout the duration of the note. Interest rates ranged from 5.25% to 8.25% as of December 31, 2022. Principal and interest are paid ratably through payroll deductions on at least a quarterly basis. Any notes that are in default as defined by the plan document are reported as deemed distributions.

If a participant defaults on a loan and a distribution from the participant account has been made during the plan year because the participant has left the Plan, the defaulted loan will be reported as benefits paid to participants on the statements of changes in net assets available for benefits and deducted from the loan receivable balance.

Investment options - Upon enrollment in the Plan, a participant may direct contributions to the Plan in numerous investment options. Participants may change their investment options daily through online services offered by Fidelity Investment Institutional Company.

Payment of benefits - Upon termination of service, a participant or beneficiary may receive a cash or lump-sum amount equal to the vested value of his or her account or installment payments over any period that does not exceed the life expectancy of the beneficiary. Rollover distributions of a participant's entire eligible account balance are allowed per the Plan into an eligible IRA or a new employer's eligible plan. In-service withdrawals are allowed per the Plan and are subject to early withdrawal penalties if the participant is under the age of 59½ and does not meet one of the Internal Revenue Code exceptions. Hardship withdrawals are eligible on employee deferral contributions only with a minimum withdrawal of \$500. Participants are required by law to receive a minimum required distribution from the Plan no later than April 1st of the year they turn 72 or terminate employment, whichever is later. If a participant is a 5% owner, they would be required to take distributions no later than April 1st the year after they turn 72.

Plan termination - Although the Firm has not expressed any intent to do so, the Firm has the right, under the plan agreement, to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their account balances.

Note 2 - Summary of accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of plan income and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market risk. Market risks include domestic and global events which could impact the value of investment securities, such economic concerns (inflation) and international conflicts, respectively. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Valuation of investments - Investments are stated at fair value (see Note 5) with the exception of the Fidelity Stable Value Fund, which is a common collective trust fund valued at net asset value (NAV) as a practical expedient as reported by the sponsor of the fund; see below. All fair values have been determined and certified by Fidelity Management Trust Company, the Trustee of the Plan (see Note 4). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Fidelity Stable Value Fund is a common collective trust fund that is made up of various investment and security-backed contracts, which are mainly publicly traded securities. Common collective trust funds are valued at NAV per share, which serves as a practical expedient to estimate its fair value. The NAV of each common collective trust fund is not publicly quoted in the active markets and is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no redemption restrictions or unfunded commitments as of December 31, 2022 or 2021. Investments measured at net asset value per share used as a practical expedient are not required to be classified in the fair value hierarchy.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed forty-five days from the date of the most recent payment and, based on the assessment of credit worthiness, estimates the portion, if any, of the balance that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance, if and when potentially uncollectible participant notes receivable become material.

Payment of benefits - Benefits are recorded when paid.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on participant note receivables for participants who are active in the Plan or have terminated employment and have not continued to make payments on the outstanding notes receivable as required by the plan document. There were no deemed distributions for the years ended December 31, 2022 and 2021.

Administrative costs - Costs of managing the investments and of maintaining participant accounts are paid directly out of the plan assets or paid by the Firm (see Note 7). Other administrative costs, including legal and accounting costs, may be paid directly by the Firm.

Economic dependency and concentration of credit risk - Approximately 52% and 53% of the Plan's investments were invested with Fidelity Investments at December 31, 2022 and 2021, respectively. Approximately 10% and 14% of the Plan's investments were invested with T. Rowe Price as of December 31, 2022 and 2021, respectively. Accordingly, the Plan is dependent upon the financial condition of these companies.

Subsequent events - Effective January 9, 2023, the Plan adopted an amendment which revised the definition of compensation to exclude amounts paid to, or on behalf of, employees to reduce or offset student loan repayment obligations. Management has evaluated subsequent events through July 26, 2023, the date that the financial statements were available for issue.

Note 3 - Tax status of the Plan

The Internal Revenue Service has determined and informed the Firm that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan Trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2022 or 2021. The Plan is no longer subject to regulatory examinations by tax authorities for the closed years before 2019.

Note 4 - Information certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2022 and 2021, and net appreciation in investments, interest and dividend income, and interest received on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the Plan's Trustee. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to the information except to compare such information to the related information included in the financial statements and ERISA required supplemental schedule.

Note 5 - Fair value measurements

The Financial Accounting Standards Board (FASB) has published authoritative guidance on fair value measurements, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets; |

- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies (i.e., Mutual Funds) - Valued at the closing price reported on the active market on which the individual security is traded (Level 1).

Money Market Funds - Managed portfolios, which consist of U.S. Government obligations valued at the closing price reported on the active market on which the individual security is traded (Level 2).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in methodologies used as of December 31, 2022 and 2021.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 49,244,807	\$ -	\$ -	\$ 49,244,807

Note 6 - Life insurance

At the option of individual participants, the Trustees of the Plan are authorized to use a portion of the participant's 401(k) contributions to purchase whole life insurance policies. These policies are owned by the participants and death benefits are payable to the individual participant's account in the Plan. The cash surrender value of these policies was \$58,435 and \$57,104 as of December 31, 2022 and 2021, respectively. Cash surrender value of life insurance policies is not recorded in the financial statements as they are allocated insurance contracts. These amounts are recorded on Form 5500 as plan assets (see Note 8).

Note 7 - Related party transactions and administrative expenses

The Plan's investments are funds managed by Fidelity Management Trust Company, the Trustee of the Plan. Fees paid for these services qualify as party-in-interest transactions and are included in the net appreciation in investments in the accompanying statements of changes in net assets available for benefits.

The Plan pays for certain expenses related to plan operations and investment advisory services to various service providers, which are party-in-interest transactions under ERISA and are included in administrative expenses in the accompanying statements of changes in net assets available for benefits. The Plan contracts with S.E.E.D. Planning Group, LLC for investment advisory services. Fees paid by the Plan for these services amounted to \$55,490 and \$43,423 for the years ended December 31, 2022 and 2021, respectively. The Plan contracts with Fidelity Investments Institutional ("Fidelity") to provide recordkeeping and third-party administrative services. The Plan participates in a revenue sharing program with Fidelity; as a result, refunds from this service provider amounted to \$2,712 and \$3,689 for the years ended December 31, 2022 and 2021, respectively, and are included as a reduction in administrative fees in the accompanying statements of changes in net assets available for benefits.

Note 8 - Reconciliation of the financial statements to Form 5500

As discussed in Note 6, the cash surrender value of life insurance policies is not recorded in the financial statements as they are participant allocated insurance contracts. However, these amounts are recorded on Form 5500 as plan assets. Accordingly, there is a reconciling item between the reporting on Form 5500 and the financial statements for these life insurance policies; see below.

In addition, as explained in Note 2, the Fidelity Advisor Stable Value fund, is a common collective trust and is reported at net asset value in the statements of net assets available for benefits; however, Fidelity has prepared Form 5500 using fair value for this investment. Accordingly, there is a reconciling item between the reporting in Form 5500 and the financial statements for this investment; see below.

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2022	2021
Net assets available for benefits per the financial statements	\$ 50,686,105	\$ 60,595,728
Cash surrender value of life insurance owned by participants (Schedule H, Part I, Line 1c(15))	58,435	57,104
Adjustment from net asset value to fair value for Fidelity Stable Value Portfolio Fund (Schedule H, Part I, Line 1c(9))	<u>(62,871)</u>	<u>9,037</u>
Net assets available for benefits per Form 5500 (Schedule H, Part I, Line 11)	<u>\$ 50,681,669</u>	<u>\$ 60,661,869</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per Form 5500:

	Year ended December 31,	
	2022	2021
Net increase (decrease) per the financial statements	\$ (9,909,623)	\$ 9,779,644
Other income (Schedule H, Part II, Line 2c):		
Change in cash surrender value of life insurance owned by participants	1,331	1,355
Change in adjustment in net asset value to fair value for the Fidelity Stable Value Portfolio Fund	<u>(71,908)</u>	<u>(36,076)</u>
Net income (loss) per Form 5500 (Schedule H, Part II, Line 2k)	<u>\$ (9,980,200)</u>	<u>\$ 9,744,923</u>

Furthermore, the Form 5500 has certain investment balances and income items that differ from amounts shown on the accompanying financial statements. These differences relate to classification and rounding only and have no effect on the net assets available for benefits as of December 31, 2022 and 2021, nor changes in net assets available for benefits for the years then ended.
