Independent Auditor's Report

To the Participants and Administrator of
American Cancer Society, Inc. 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We were engaged to perform audits of the financial statements of American Cancer Society, Inc. 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Disclaimer of Opinion
We do not express an opinion on the accompanying financial statements of the Plan referred to in the first paragraph. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion
The Plan does not have sufficient accounting records and supporting documents relating to certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Further, as discussed in Note C to the financial statements, the Plan has excluded investments in the accompanying statements of net assets available for benefits, certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans.* The investment income and distributions related to such accounts have been excluded in the statement of changes in net assets available for benefits. The amount of these excluded contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America (GAAP) require that these accounts and the related income and distributions be included in the financial statements.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion on these financial statements.

We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis of Disclaimer of Opinion section of our report it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

NOTE A – DESCRIPTION OF THE PLAN

The following description of the American Cancer Society, Inc. 403(b) Plan (the Plan) provides only general information. For further description of the Plan, reference should be made to the Plan document.

1. General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan covers all employees of the American Cancer Society, Inc. (the Society or the Plan Sponsor) who are employed in eligible employment categories covered by the Plan as defined in the Plan document.

2. Eligibility

All active regular and temporary employees, excluding leased employees, non-resident aliens, and employees in the Puerto Rico division, of the Society, who provide 1,000 hours of service or more during a 12-month consecutive period are eligible to participate in the Plan immediately upon hire.

3. Plan Administration

The Society, as Plan administrator, has appointed Transamerica Retirement Solutions (Transamerica) to provide recordkeeping and other administrative services for the Plan effective January 1, 2009. State Street Bank and Trust Company (State Street) is the custodian and Transamerica Life Insurance Company (TLIC), is the insurance company of all Plan assets under Transamerica's recordkeeping. Prior to 2009, other vendors, including Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF) and Fidelity Management Trust Company (Fidelity), provided such services for the Plan. Participants who have 403(b) plan assets with the other vendors may elect to transfer their balance to Transamerica. The other vendors continue to provide recordkeeping and custodial services for the Plan's assets that remain under their management.

4. Contributions

Participants may contribute up to 100% of their compensation on a pre-tax basis to the Plan, subject to certain regulatory limitations. A participant may also elect to defer a portion of his or her compensation as Roth deferrals. Employees hired or who otherwise first become eligible to participate in the Plan on or after January 1, 2017, are deemed to have elected to become a participant and to have 6% of his or her compensation deferred as an automatic enrollment in the Plan. Such automatic salary deferrals shall be made as of the first pay period beginning on or after 45 days after hire date. The Society makes matching contributions equal to 100% of the first 4% plus 50% of the next 4% of compensation contributed by each participant. Participants may also contribute amounts representing rollovers from other qualified retirement plans. Contributions are subject to certain limitations.

NOTE A – DESCRIPTION OF THE PLAN – CONTINUED

5. Participant Accounts

Participant accounts may be invested in one or more of the investment funds available under the Plan at the direction of the participant. Each participant's account is credited with (a) participant contributions, (b) an allocation of the Society's contributions and (c) an allocation of investment earnings, and charged with (a) withdrawals, (b) an allocation of investment losses and (c) an allocation of Plan expenses.

6. Vesting and Unallocated Accounts

Participants vest immediately in their contributions, rollovers, and related earnings thereon. Participants vest 100% in the Society contributions and related earnings thereon upon completing three years of vesting services as defined in the Plan document.

Forfeited non-vested employer contributions and related earnings may be used to reduce the Society's matching contributions or may be used to pay administrative expenses of the Plan. Unused forfeitures totaled $28,110 and $17,960 as of December 31, 2022 and 2021, respectively. During 2022, the Plan administrator used forfeitures of $749,783 to reduce Society matching contributions.

The Plan holds an Expense Budget Account (EB Account) and an Advanced Employer Account (AE Account) which are credited by Transamerica with the return of certain excess revenue generated by certain investments. The EB Account and the AE Account may be used to pay reasonable Plan expenses or be allocated to participants. As of December 31, 2022 and 2021, the Plan had $58,854 and $70,765 in these accounts, respectively. The Plan Sponsor paid administrative expenses of $95,175 out of these accounts during the year ended December 31, 2022.

7. Benefit Payments

Upon termination of service due to death or retirement, a participant or beneficiary will receive an amount equal to the value of the vested interest in the participant's account. Participants may request in-service withdrawals if they are at least age 59 ½ or have an immediate financial hardship. Participants receive payments in the form of lump sums or annuities.

8. Notes Receivable from Participants

Participants may borrow from their vested fund accounts an amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25% to 8.50% as of December 31, 2022 and 2021. The loans bear interest at rates that are commensurate with local prevailing rates at the date of issuance, as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Participants are allowed to have one outstanding loan at any time. The maximum term of repayment for a loan is five years, except if the loan is used for the purchase of a principal residence, then the term may be extended to ten years.

NOTE A – DESCRIPTION OF THE PLAN – CONTINUED

9. Investment Options

Participants may direct their contributions and any related earnings into a number of available investment options that vary in degree of risk and investment objective. Participants may change their investment options daily. The Plan administrator may change the investment options available to participants at any time, subject to review by the Plan's Fiduciary Committee.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Except for the Plan's fully benefit-responsive investment contracts (Note E), the Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a description of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Benefit Payments

Benefits are recorded when paid.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

5. Administrative Expenses

Administrative expenses are paid by the Plan as permitted by the Plan's provisions. All other expenses are paid by the Society.

6. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

8. Subsequent Events

Management has evaluated subsequent events through August 11, 2023, which is the date the financial statements were available to be issued, and has determined that there are no subsequent events that require disclosure under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events*.

NOTE C – EXCLUDED AMOUNTS

In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of the ERISA as amended. Prior to the amended regulations, the Plan, established in 1964, was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan Sponsor. Accordingly, various accounting and salary deferral records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not sufficiently maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

NOTE C – EXCLUDED AMOUNTS – CONTINUED

GAAP requires that all accounts and the related income and distributions be included in the accompanying financial statements. However, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts (Excluded Amounts) issued to current and former employees prior to January 1, 2009, as permitted by DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans* (DOL FAB). The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits.

As part of Plan management's efforts to comply with the DOL's amended regulations, Plan management consolidated all previous vendor relationships into one with Transamerica effective January 1, 2009. Accordingly, all new Plan contributions are now directed to Transamerica.

NOTE D – FAIR VALUE MEASUREMENTS

The guidance for fair value measurements establishes the authoritative definition for fair value, sets out a framework for measuring fair value and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Plan uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identified assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds are valued based on quoted market prices traded through domestic and international exchanges.

Variable annuity accounts (registered investment companies held as variable annuity accounts) are valued based on each account's daily net asset value (NAV), which is considered by Plan management to be the best approximation of fair value. CREF accounts are not exchange-traded. Data for NAVs are distributed to plan administrators and client investors on TIAA's website and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of the individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments or redemption restrictions from participants in the Plan who invest in these accounts.

NOTE D – FAIR VALUE MEASUREMENTS – CONTINUED

The Real Estate account is a variable annuity account valued on the fund's daily NAV, which is considered by Plan management to be the best approximation of fair value. The unit value of the fund is calculated daily and available to Plan administrators and client investors on the TIAA website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has monies available to meet participant redemption, transfer or cash withdrawal requests. There are no unfunded commitments or redemption restrictions from participants in the Plan who invest in this account.

The valuation methodologies described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2022 and 2021:

December 31, 2022	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Mutual funds	$ 293,765,519	$ -	$ -	$ 293,765,519
Total investments, at fair value	$ 293,765,519	$ -	$ -	293,765,519
Investments measured at NAV				3,568,340
Total investments, at fair value				$ 297,333,859

December 31, 2021	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Mutual funds	$ 357,230,012	$ -	$ -	$ 357,230,012
Total investments, at fair value	$ 357,230,012	$ -	$ -	357,230,012
Investments measured at NAV				4,583,261
Total investments, at fair value				$ 361,813,273

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

NOTE D – FAIR VALUE MEASUREMENTS – CONTINUED

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of Levels 1, 2 or 3.

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate NAV (or its equivalent) as of December 31, 2022 and 2021:

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

(a) The CREF bond market account seeks a favorable long-term rate of return, primarily through high current income consistent with preserving capital, by investing in various types of debt securities, such as mortgage-backed securities, corporate bonds, and U.S. Treasury securities.

(b) The CREF equity index account seeks a favorable long-term rate of return from a diversified portfolio selected to track the overall market for common stocks publicly traded in the U.S., as represented by a broad stock market index.

NOTE D – FAIR VALUE MEASUREMENTS – CONTINUED

(c) The CREF global equities account seeks a favorable long-term rate of return through capital appreciation and income from a broadly diversified portfolio that consists primarily of foreign and domestic common stocks.

(d) The CREF growth account seeks a favorable long-term rate of return, mainly through capital appreciation, primarily from a diversified portfolio of common stocks that present the opportunity for exceptional growth.

(e) The CREF inflation-linked bond account seeks a long-term rate of return that outpaces inflation, primarily through investment in inflation-indexed bonds which are fixed-income securities whose returns are designed to track a specified inflation index over the life of the bond.

(f) The CREF money market account seeks high current income consistent with maintaining liquidity and preserving capital by investing heavily in commercial paper, U.S. government and agency securities, and certificates of deposit.

(g) The CREF social choice account seeks a favorable long-term rate of return that reflects the investment performance of the financial markets while giving special consideration to certain social criteria. The account typically invests in a broadly diversified portfolio of domestic stocks, foreign stocks, and fixed-income securities.

(h) The CREF stock account seeks a favorable long-term rate of return through capital appreciation and investment income by investing primarily in a broadly diversified portfolio of common stocks.

(i) If an investment is measured using the NAV per unit (or its equivalent) as practical expedient and that investment is in a fund that files a Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of the investment's strategy is not required.

NOTE E – GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY

TIAA Traditional Annuity

The TIAA Traditional Annuity is a guaranteed fixed annuity offered to Plan participants through a contract with TIAA, an insurance company. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

Plan participants entered into these contractual arrangements with TIAA through the Plan by selecting a TIAA Traditional Annuity Account. The TIAA Traditional Annuity Account is offered through a variety of contract types, including: Retirement Annuity (RA), Supplemental Retirement Annuity (SRA), Group Supplemental Retirement Annuities (GSRA) and Retirement Choice Annuities (RC).

NOTE E – GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY – CONTINUED

As described in Note B, because the SRA and GSRA are fully benefit-responsive guaranteed contracts, contract value is the relevant attribute for the portion of net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

There are certain events that limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any Income Security Act of 1974. The Plan administrator does not believe that the occurrence of such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

All RA contracts require withdrawals in the form of a lifetime pay-out annuity or in periodic installments over a ten-year period. Participant withdrawal from RC contracts must be taken in 84 equal monthly installments, except when a lump sum distribution is available in the 120-day period following termination of employment, subject to a surrender charge. All SRA and GSRA contracts provide for full participant-directed liquidity. When a participant accumulation in the TIAA Traditional Annuity is converted to a lifetime pay-out annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

Transamerica General Account

The Plan offers a stable value investment option issued by TLIC for its general accounts that simulates the performance of a guaranteed investment contract and is measured at contract value. TLIC maintains the cash contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting. Certain events may limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include: (1) transfer of assets from the fund into a competing investment option, and (2) when total distributions and transfers in the fund exceed certain levels. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

NOTE F – INFORMATION CERTIFIED BY CERTIFYING ENTITIES

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held totaling $304,096,952 and $366,553,274 as of December 31, 2022 and 2021, respectively, and net depreciation in fair value of investments and interest and dividend income totaling ($62,776,322) for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by State Street and TLIC, the Certifying Entities of the Plan.

NOTE G – TERMINATION OF THE PLAN

Although it has not expressed any intention to do so, the Society has the right to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants become fully vested in their account balances.

NOTE H – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include variable annuity accounts, fixed annuity contracts and mutual funds managed by the Certifying Entities. Therefore, transactions in these investments qualify as party-in-interest transactions. The Plan paid administrative fees to Transamerica indirectly through the EB Account for recordkeeping services. Fees paid by the Plan for investment management services are included in net depreciation in fair value of investments.

NOTE I – TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the Code and therefore believes the Plan is qualified and the related custodial accounts are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress.
