To the Plan Administrator
Black Forest 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Black Forest 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Black Forest 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Black Forest 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Black Forest 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Black Forest 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held at Year End is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**BLACK FOREST 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Note 1. Description of the Plan

Effective January 1, 2013, Black Forest Ventures, LLC (the “Sponsor”) adopted the Black Forest 401(k) Plan (the “Plan”) to provide retirement benefits for all eligible employees. Other employers electing to become a participating employer in the Plan include Galaxy FBO Holdings, LLC; Hubbell & Hudson Management, LLC; Wing Aviation Charter Services, LLC; and QA Group, LLC dba Quantum Analytics (collectively with the Sponsor, referred to as the “Company”). The Plan was amended and restated effective June 18, 2021. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all individuals who are employed by the Company and who are at least 21 years old. Prior to January 14, 2021, upon satisfying the eligibility requirements, an employee could enter the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year. Effective January 14, 2021, an employee may enter the Plan on the first day of the month upon meeting the eligibility requirements. Also prior to January 14, 2021, eligible employees who were at least 21 years old and who had met a one year service requirement were eligible for Company matching contributions. Effective January 14, 2021, the service requirement for Company matching contributions changed from one year to three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Trustee and administration: The Plan’s assets are held by Fidelity Management Trust Company (“Fidelity”), the trustee of the Plan and are invested through participant-directed accounts in various mutual funds or other investments offered by the trustee. Duties of the trustee include, among others, recordkeeping, receiving and investing cash contributions and investment income and making payments from the Plan funds as directed by the participants and the Plan administrator.

Administrative functions are performed by officers or employees of the Company. Certain administrative services and costs are incurred by the Company without cost to the Plan. No officer or employee of the Company receives compensation from the Plan.

Contributions: Participants may make contributions to the Plan under a 401(k) salary deferral arrangement up to the maximum percentage (100%) of annual W-2 compensation, as defined by the Plan, and the dollar amount permitted under section 402(g) of the Internal Revenue Code (“IRC”) not to exceed \$20,500 in 2022. Additionally, participants who are at least 50 years of age as of December 31, 2022, are permitted to make catch-up contributions of up to an additional \$6,500 for 2022. Participants are also allowed to contribute amounts representing distributions from other qualified defined benefit or contribution plans as rollover contributions.

During 2022 and 2021, the Company made a safe harbor matching contribution equal to the employee’s elective salary deferral up to a maximum of 4%. The Company may also make a discretionary matching contribution and a discretionary profit sharing contribution. No discretionary matching or discretionary profit sharing contributions were made for 2022.

Participant Accounts: Each participant’s account is valued on a daily basis and is credited with the participant’s contribution, his or her portion of the Company’s matching and profit sharing contributions and account earnings and is charged with applicable withdrawals, account losses, and an allocation of certain administrative expenses as determined by the different investment options he or she directs the Plan trustee to make on his or her behalf. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

BLACK FOREST 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 1. Description of the Plan - Continued

Vesting: Participants are immediately fully vested in their contributions and Company safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing portions of their accounts plus actual earnings thereon is based on continuous service. Participants are vested in the Company discretionary matching and profit sharing contributions based on the following table:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

The Plan provides for a participant to be fully vested upon death, permanent disability, or the participant's normal retirement date if the participant is an active employee at the time of the event.

Investments: Upon enrollment in the Plan, a participant may direct the allocation of their contributions and Company contributions among various investment funds offered by the Plan's trustee. Each participant can choose to deposit all contributions in one fund or allocate the investment among several funds in any whole percentages. The funds are invested in a broad range of stocks and bonds with varying risks. The allocation of investment income for each of the investment options is based on the ratio that each participant's account balance bears to the total account balance of all eligible participants.

Notes Receivable from Participants: Under provisions of the Plan, participants may borrow from their fund accounts up to a maximum of the lesser of \$50,000 or 50% from the vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Generally, loan terms may not exceed five years unless the loan is for the purchase of a primary residence, in which case the Plan administrator may permit a longer repayment term. The loans are collateralized by the vested balance in the participants' accounts and bear interest at rates comparable to the rate a lending institution would charge on a similar loan. Interest rates on participant loans outstanding as of December 31, 2022 and 2021 ranged from 4.25% to 6.50%. Principal and interest are repaid ratably through periodic payroll deductions.

Payment of Benefits: On termination of service, a participant who has a vested interest in their account which is less than or equal to \$5,000 shall receive a lump sum equal to the vested interest of their account. Participants who have a vested interest in their account which exceeds \$5,000 may elect to leave their account balance in the Plan or receive a single or partial lump sum payment equal to the vested interest of their account.

Under the terms of the Plan, participants who attain retirement age or become totally disabled prior to their retirement date will receive a distribution equal to the value of his or her vested account. Upon the death of the participant while actively employed, the distribution is paid to the participant's designated beneficiary. All participants will receive their account balance in a lump sum equal to the vested interest of their account.

Withdrawals: Participants may make early withdrawals up to the full balance of their elective deferral contributions in their account under the hardship provision of the Plan. A participant may make unrestricted withdrawals of the vested interest of their accounts on or after age 59 1/2. Vested contributions and earnings are automatically distributable under the required minimum distribution rules in the year following the year the participant attains 72 years of age.

Note 1. Description of the Plan - Continued

Forfeited Accounts: Forfeitures consist of the non-vested portion of terminated participant account balances and may be used by the Plan to pay for Plan expenses or reduce any employer matching contributions. As of December 31, 2022 and 2021, the forfeiture account balance totaled \$5,637 and \$5,062, respectively. During 2022, employer contributions of \$4,388 and Plan expenses of \$3,900 were funded from the forfeiture account.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to use estimates that affect certain amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Interest-bearing cash consists of money market funds that are valued at the net asset value of the shares held by the Plan at yearend. Shares of mutual funds are valued based on quoted market prices, which represent the net asset value of shares held by the Plan at year end. Common/collective trust funds are valued at the net asset value practical expedient. The self-directed brokerage account ("BrokerageLink") is primarily held in interest bearing cash, mutual funds and common stock. Common stock is valued at the closing price reported on the active market on which the individual securities are traded. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Loans to participants are reported as notes receivable from participants at the unpaid principal balance plus any accrued but unpaid interest.

Federal income tax

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the Internal Revenue Service ("IRS"). The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. As of December 31, 2022, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2019 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Note 3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net appreciation/depreciation in fair value of investments, interest income on notes receivable from participants, and investment income for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity.

Note 4. Fair Value Measurements

GAAP provides the framework for measuring fair value and expands disclosures about fair value measurement.

Financial assets recorded at fair value in the statements of net assets available for benefits are categorized by the level of objectivity associated with the inputs used to measure their fair value. The Plan categorizes its fair value measurements into a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - o Quoted prices for similar assets and liabilities in active markets;
 - o Quoted prices for identical or similar assets or liabilities in inactive markets;
 - o Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals);
 - o Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measurement in its entirety.

Note 4. Fair Value Measurement - Continued

The following tables set forth, by level within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2022 and 2021:

2022				
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 382	\$ -	\$ -	\$ 382
BrokerageLink account	238,518	-	-	238,518
Mutual funds	13,436,669	-	-	13,436,669
	<u>\$ 13,675,569</u>	<u>\$ -</u>	<u>\$ -</u>	<u>13,675,569</u>
Investments measured at net asset value:				
Common/collective trust fund ^(a)				<u>224,958</u>
Totals				<u>\$ 13,900,527</u>

2021				
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 377	\$ -	\$ -	\$ 377
Mutual funds	15,658,581	-	-	15,658,581
	<u>\$ 15,658,958</u>	<u>\$ -</u>	<u>\$ -</u>	<u>15,658,958</u>
Investments measured at net asset value:				
Common/collective trust fund ^(a)				<u>68,010</u>
Totals				<u>\$ 15,726,968</u>

- (a) This category includes a common/collective trust fund that is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund.

Note 5. Related Party-Transactions

Certain plan investments of the Plan are managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these qualify as party-in-interest transactions. The Plan also has notes receivable from participants. As a result, these investments, the notes receivable from participants and all related transactions qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Fees paid by the Plan to the trustee and the third-party administrator for administrative services amounted to \$27,657 and \$23,116 for the year ended December 31, 2022 and 2021, respectively.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants will have a 100% vested interest in their accounts at the date of termination, and benefits will be distributed in accordance with the provisions of the Plan.

**BLACK FOREST 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Note 7. Tax Status

The Plan was established under a volume submitter profit sharing 401(k) Plan which received its most recent advisory opinion letter dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (the "Code") and, therefore, the related trust is tax-exempt. Although the Plan has been amended since receiving the advisory opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 8. Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Note 9. Subsequent Events

Plan management has evaluated subsequent events through September 12, 2023, the date the financial statements were available to be issued. No subsequent events occurred which would require adjustment or disclosure to the financial statements as of December 31, 2022.
