Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of MTX Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section.

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Compilation Report on the 2020 Financial Statement

Management is responsible for the accompanying financial statement of MTX Group 401(k) Plan, which comprises the statement of net assets available for benefits as of December 31, 2020, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America.

(Continued)

We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2020 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any form of assurance on this financial statement.

NOTE 1 – DESCRIPTION OF PLAN

The MTX Group 401(k) Plan (the Plan) is a defined contribution plan adopted by MTX Group, Inc. (the Company) to provide employees with the opportunity to save for retirement on a tax-advantaged basis. The Plan was originally effective on January 1, 2019. The Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan provides only general information. Participants should refer to the legal plan document and trust agreement for a more complete description of the Plan's provisions.

Eligibility: All employees of the Company who have attained age 21 are eligible to participate in the Plan. A participant's entry date will be the date that the participant meets the eligibility requirements. The Plan includes an automatic enrollment feature that will automatically enroll a participant unless an affirmative election to decline enrollment is received.

Contributions: Participants may elect to reduce 90% of their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as an elective deferral, not to exceed a dollar limit set by law. There are two types of elective deferrals: pre-tax 401(k) deferrals and Roth deferrals. The Plan includes an automatic deferral feature. Accordingly, the Company will automatically withhold 6% of a participant's compensation each payroll period and contribute that amount to the Plan as a pre-tax 401(k) deferral unless the participant makes a contrary election. Participants who are at least age 50 or who will attain age 50 before the end of a calendar year may elect to defer an additional amount called catch-up contributions to the Plan. Participants may revoke or make modifications to their salary deferral election at any time during the Plan year.

The Company may, in its sole discretion, make a matching contribution to each participant in an amount determined by the Company. During 2021, the Company did not make a matching contribution to the Plan.

Additionally, the Company may, at its sole discretion, make a profit-sharing contribution to each participant in an amount determined by the Company. Such profit-sharing contributions will be allocated to each participant eligible on a pro rata basis. A participant must be employed by the Company on the last day of the Plan year in order to receive the profit-sharing contribution. During 2021, the Company did not make any profit-sharing during.

Participants are permitted to deposit into the Plan distributions they have received from other plans and certain IRAs. Such a deposit is called a rollover contribution and may result in tax savings.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Investment Options: Participants direct the investment of their entire interest in the Plan into various investment options made available by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants. Participants may redirect the investment of future contributions or reallocate or transfer existing balances among available investment securities at any time.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting: Participants are always 100% vested in their salary deferrals including pre-tax and Roth 401(k) deferrals, catch-up contributions, rollovers, and any earnings thereon. Participants are also 100% vested in employer matching and profit-sharing contributions to the plan.

Payment of Benefits: Participants may receive a distribution of the vested portion of some or all of their accounts in the Plan for termination of employment, normal retirement, disability, or death. If a participant's vested account balance exceeds $5,000, they must consent to any distribution before it may be made, and they may elect to receive a distribution of their vested account balance in a single lump-sum payment, partial withdrawals, or installments. If a participant's vested account balance does not exceed $5,000, then a distribution of their account balance will be made to them in a single lump-sum payment, regardless of whether they consent to receive it. Participants may also rollover all or a portion of their distribution to an IRA or another employer retirement plan willing to accept the rollover.

Participants may be entitled to receive an in-service distribution from the Plan from certain accounts prior to termination of employment provided they have attained age 59½. In addition, a hardship distribution may be made to satisfy certain immediate and heavy financial needs that a participant has.

Notes Receivable From Participants: Participants may borrow from their vested account balance a minimum loan amount of $1,000 up to a maximum of the lesser of 50% of their vested account balance, or $50,000 reduced by the highest outstanding loan balance in the past 12 months. All loans are adequately secured by the balance in the participant's account and charged a reasonable rate of interest based on the prime rate, plus 1%. Principal and interest payments are paid ratably through payroll deductions over a term not to exceed five years.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events: The Plan has evaluated subsequent events through March 30, 2023, the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participant's account balances. Maturities on notes receivable from participants extend through September 2026. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, credit and risks as a result of global events. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Unaudited 2020 Information: Amounts reported as of December 31, 2020, have not been audited by independent accountants.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by LT Trust Company.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

> *Level 1:* Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Money Market Fund: Fair value is estimated to approximate the cost basis of the deposit account balance, based upon the liquidity of the account and the credit quality of the issuer (Level 1 inputs).

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 16,673	$ -	$ -	$ 16,673
Mutual funds	4,720,799	-	-	4,720,799
Total investments at fair value	$ 4,737,472	$ -	$ -	$ 4,737,472

	2020 (Unaudited)			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 10,455	$ -	$ -	$ 10,455
Mutual funds	1,542,565	-	-	1,542,565
Total investments at fair value	$ 1,553,020	$ -	$ -	$ 1,553,020

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Notes receivable from participants reflect parties-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses of the Plan are paid directly by the Company.

(Continued)

NOTE 6 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken b the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 7 – RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020, to Form 5500:

	2021	(Unaudited) 2020
