INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Coatue Management, LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Coatue Management, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Coatue Management, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Coatue Management, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Coatue Management, LLC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Coatue Management, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Coatue Management, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

General

Coatue Management, LLC 401(k) Plan (the "Plan") is a defined contribution plan, established in accordance with the provisions of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA"). The purpose of the Plan is to enable eligible employees of Coatue Management, LLC and its wholly owned subsidiary, Tuckernuck Management, LLC (collectively, the "Company") to save for retirement. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Administration of the Plan

Coatue Management, LLC is the Plan Administrator and is responsible for providing the participants and their beneficiaries with information about their rights and benefits under the Plan.

Eligibility

Employees of the Company are eligible to participate in the Plan, except for union employees, certain non-resident aliens with no U.S. earned income, leased employees, independent contractors, and interns. Eligible employees may participate in the Plan upon commencement of employment with the Company.

Contributions

Eligible employees may contribute up to 100% of their eligible compensation, as defined by the Plan, up to the IRC maximum allowance of $20,500 in 2022. Catch-up contributions are permitted for those participants over age 50 up to $6,500, increasing the maximum deferral allowance to $27,000 for 2022. Participants may also contribute amounts representing distributions from other qualified plans. Roth contributions are also permitted. Employer matching and profit-sharing contributions may be contributed to the Plan at the discretion of the Company's management, subject to certain limitations. For the year ended December 31, 2022, the Company elected not to make a matching or profit-sharing contribution.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching, and profit-sharing contributions, if any, and their respective share of Plan earnings, and is charged with withdrawals, Plan losses, and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their own contributions, employer matching and profit-sharing contributions, if any, and actual earnings thereon.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 and up to a maximum of the lesser of 50% of their vested balance or $50,000. The loans bear interest at rates which are commensurate with similar types of loans by other lenders as determined by the Plan document. Principal and interest are paid ratably through payroll deductions. The maximum repayment period is five years with the exception of loans to purchase a primary residence which can have a longer repayment period. Interest rates on the outstanding loans range from 4.25% to 6.50% on December 31, 2022. Participants may only have one loan outstanding at a time.

Payment of Benefits

Upon termination of employment, death, retirement, or disability, a participant or his or her beneficiary is entitled to receive the vested amount allocated to the participant's account as either a lump sum or a partial distribution. If the value of a participant's vested benefit is $5,000 or less, the balance will be distributed automatically to the participant in a single lump-sum payment. In-service withdrawals are permitted for participants who have attained the age of 59½ years.

Administrative Expenses

Administrative expenses of the Plan can be paid by the Company or by the Plan. Administrative expenses paid by the Plan were $76,373 for the year ended December 31, 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities, and additions and deductions to net assets available for benefits as of the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments in registered investment companies, common collective investment trusts, and in the pooled separate account are recorded at fair value. See Note 4 for further discussion of fair value measurements. The Plan's investment in the guaranteed investment contract is a fully benefit-responsive investment contract and is valued at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for further information on the investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. Net depreciation/appreciation in fair value includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Realized gains and losses are calculated as the difference between the proceeds from sales and the related investment's fair market value at the beginning of the Plan year, or acquisition cost if acquired during the year. Unrealized appreciation and depreciation are calculated as the difference between the fair value of investments at the end of the year less their fair values at the beginning of the year, or acquisition cost, if acquired during the year.

Certain investment related expenses have been included in net depreciation in fair value of investments and are not readily determinable.

Notes Receivable from Participants
Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income from notes receivable is recorded when earned. No allowance for losses is deemed necessary by the Plan's management. A note receivable is considered to be in default if any scheduled loan repayment is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due, at which point the defaulted note receivable is considered to be a distribution to the participant, and the note would be removed from the Plan's assets.

Payment of Benefits
Benefits paid to Plan participants are recorded when paid.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Custodians of the Plan, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("PTC"), a member of Principal Financial Group, and Principal Life Insurance Company ("PLIC"), (the "Custodians"), have certified the completeness and accuracy of all investments, notes receivable from participants, related investment activity, and interest earned from notes receivable in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022 and the accompanying supplementary schedule of assets (held at end of year) as of December 31, 2022.

No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Custodians, except for comparing such information with information reported in the financial statements.

4. FAIR VALUE MEASUREMENTS

The Plan's investments are recorded in accordance with the accounting guidance on fair value, which established a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used by the Plan maximized the use of observable inputs and minimized the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies: Shares of Registered Investment Companies are valued at quoted market prices in active markets at year end.

Common Collective Trusts ("CCT"): Fair value is determined by the respective fund manager using net asset value "NAV" as a practical expedient. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There were no significant unfunded commitments or restrictions on redemptions related to the CCT as of December 31, 2022 and 2021.

Pooled Separate Account ("PSA"): Unit value is calculated on a daily basis by PLIC for the separate account investment based on its underlying assets. The unit value reflects the NAV of the shares held in the underlying investment. There were no significant unfunded commitments or restrictions on redemptions related to the pooled separate account as of December 31, 2022 and 2021.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 10,726,195	$ -	$ -	$ 10,726,195
Investments measured at net asset value				
Pooled separate account *				103,824
Common collective trusts *				8,156,325
Total investments, at fair value	$ 10,726,195	$ -	$ -	$ 18,986,344

	2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 12,493,141	$ -	$ -	$ 12,493,141
Investments measured at net asset value				
Pooled separate account *				118,691
Common collective trusts *				8,880,262
Total investments, at fair value	$ 12,493,141	$ -	$ -	$ 21,492,094

* Certain investments that are measured at fair value using the net asset per share (or its equivalent) practival expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

5. INVESTMENT CONTRACT

The Plan holds a fully benefit-responsive investment contract (guaranteed investment contract) with PTC. The contract is a fixed annuity contract that is backed by the general account of PTC and guarantees a minimum rate of interest. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon formula with PTC. The contract guarantees interest rates between 1% and 3%.

Certain events limit the ability of the Plan to transact at contract value with the issuer including employer-initiated transfers or liquidation of the contract or employee transfers to competing Plan investment options, if any. Such events require twelve months advance notice or a surrender fee of 5% would apply. However, the Plan Administrator does not believe that the occurrence of any such event is probable.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are issued and/or managed by PTC and PLIC, the Custodians to the Plan. Transactions related to such investments as well as those related to notes receivable from participants represent party-in-interest transactions that are exempt from the prohibited transaction rules under ERISA.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan to terminate the Plan subject to the provisions of ERISA.

8. TAX STATUS

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax period in progress. There are no tax related penalties or interest reflected in these financial statements.

The Plan adopted a volume submitter profit sharing 401(k) plan. By letter dated June 30, 2020, the IRS has determined that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since that time. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the IRS requirements. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. RISKS AND UNCERTAINTIES

The Plan invests in investment securities which are exposed to various risks such as interest rate, overall market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events occurring after December 31, 2022 through September 1, 2023, the date the financial statements were available to be issued. Based on this evaluation, the Plan Administrator has determined that no subsequent events have occurred which would require an adjustment to or disclosure in the financial statements.
