Plan Administrator
Adapt of America 401(k) Plan
Ballwin, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Adapt of America 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required By ERISA

The supplemental schedule of assets held at end of year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ADAPT OF AMERICA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 And 2021

1. Description Of The Plan

The following description of the Adapt of America 401(k) Plan, (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, which is sponsored by Adapt of America, Inc. (the Company or Plan Sponsor) was restated effective May 11, 2022. The Plan is a defined contribution 401(k) retirement savings plan. Adapt of Missouri, Inc., HarrisLogic, LLC, Adapt of Illinois, Inc. and Adapt Community Solutions, LLC, all related parties under common ownership, are participating in the Plan. Adapt of Missouri, Inc. was sold to an unrelated third party in February 2022, at which point it ceased to be a related party under common ownership participating in the Plan.

The Plan covers all full-time and part-time employees, who are not nonresident aliens, employees covered by a collective bargaining agreement, leased employees, or independent contractors. Employees are eligible to begin to make salary deferral contributions after completing 30 days of service. Employees are eligible for safe harbor contributions upon a year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may make salary deferral contributions from 1% to 80% of compensation, not to exceed the Internal Revenue Code (IRC) limits. Participants attaining the age of 50 during the Plan year may make additional catch-up contributions, as defined by the Plan. The Plan also allows for a Roth 401(k) contribution option. Participants may also contribute amounts representing distributions from other qualified benefit plans (rollovers).

The Company implemented a safe harbor matching provision. The Company contributes a matching contribution each year equal to 100% of elective deferral contributions that are not over 3% of compensation, plus 50% of elective deferral contributions that are over 3% but not over 5% of compensation.

The Plan also provides for discretionary Company matching contribution, as determined annually by the Company. There were no discretionary matching contributions in 2022 or 2021.

ADAPT OF AMERICA 401(k) PLAN

Notes To Financial Statements *(Continued)*

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and in Company safe harbor matching and discretionary contributions plus actual earnings thereon.

Participant Accounts

Each participant's account is credited with the participant's salary deferral and rollover contributions, the Company's safe harbor matching and discretionary contributions, and an allocation of Plan earnings (losses) and administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as stated in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their account a minimum of \$1,000, up to a maximum equal to the lesser of (a) \$50,000, reduced by highest outstanding loan balance the day before the new loan is made, (b) \$10,000, reduced by any outstanding loan balance on the date the new loan is made, or (c) 50% of the participant's vested account balance, reduced by any outstanding loan balance on the date the new loan is made. Participants are limited to two loans outstanding at any given time and only two loans can be issued in any 12-month period. Loans are for a period not exceeding five years unless used for the purchase of a principal residence. Loans for a principal residence are for a period less than 15 years or a period consistent with commercial home loan practices. Interest rates on loans are set at the prevailing market rate at the time of the loan and are repaid through payroll withholdings, including principal and interest.

Payment Of Benefits

Upon retirement, termination, or disability, a participant may make withdrawals from his or her vested account. A participant may elect to receive a lump-sum amount equal to the value of his or her vested account. The normal retirement age is defined as 59-1/2.

Participant Hardship Withdrawals

Active participants who experience a qualifying financial hardship may withdraw all or part of their vested account resulting from elective deferral contributions. Hardship withdrawals will be approved only if they conform to the Plan provisions and established Internal Revenue Service (IRS) safe harbors.

ADAPT OF AMERICA 401(k) PLAN

Notes To Financial Statements (*Continued*)

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in any of the variety of investment options available.

Administrative Expenses

During 2022 and 2021, administrative expenses, including investment advisory, loan fees, and disbursement fees, were paid by the Plan.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income (Loss) Recognition

The Plan's investments, other than fully benefit-responsive contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See fair value measurement discussions in Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The net change in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan that are fully benefit-responsive are reported at contract value, rather than fair value, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the Principal Fixed Income Guaranteed Option is a fully benefit-responsive investment contract and is reported at contract value in the statement of net assets available for benefits.

ADAPT OF AMERICA 401(k) PLAN

Notes To Financial Statements *(Continued)*

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Certified Investment Information

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified by Principal Trust Company (Principal or the Trustee), and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2022</u>	<u>2021</u>
Mutual funds	\$ 6,047,432	\$ 9,164,242
Pooled separate account	73,870	93,399
Fully benefit-responsive investment contract	295,010	62,360
Notes receivable from participants	35,255	55,306

ADAPT OF AMERICA 401(k) PLAN

Notes To Financial Statements (*Continued*)

The Trustee also certified to the completeness and accuracy related to the following investment income (loss) and interest income on notes receivable from participants for years ended December 31:

	<u>2022</u>	<u>2021</u>
Interest and dividend income	\$ 187,502	\$ 1,089,930
Net change in the fair value of investments	(1,619,124)	(9,643)
Interest income on notes receivable from participants	1,973	4,764

The Plan invests in a benefit-responsive annuity contract (the Contract) with Principal, which maintains the contributions in a guaranteed investment contract.

As described in Note 2, because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The crediting interest rate is reset every six months. The average crediting rate for 2022 ranged between 1.55% and 1.75%. The average crediting rate for 2021 ranged between 1.55% and 1.60%.

The Contract permits the Company or Principal to terminate the Contract within 12 months of receiving notification. Principal may make the termination payment immediately for consideration of a 5% surrender charge.

ADAPT OF AMERICA 401(k) PLAN

Notes To Financial Statements (*Continued*)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) the decision by the Plan Sponsor to withdraw all assets from the contract and reinvest in another investment vehicle, (3) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (4) the delivery of any communication to Plan participants designed to influence the participant not to invest in the fund, (5) any change in law, regulation, ruling, administrative or judicial position, or accounting requirement applicable to the Plan. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

4. Fair Value Measurements

The Plan follows current accounting rules that establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical investments in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar investments in active markets;• Quoted prices for identical or similar investments in inactive markets;• Inputs other than quoted prices that are observable for the investment;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the investment has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the investment.

ADAPT OF AMERICA 401(k) PLAN

Notes To Financial Statements (*Continued*)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account

Valued at the NAV of units held by the Plan at year end. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. The NAV, as provided by Principal, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The pooled separate account is comprised primarily of shares of mutual funds that are traded on an active market. The pooled separate account may be redeemed by participants daily at NAV with no advanced redemption notice required. There are no unfunded commitments.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes To Financial Statements (*Continued*)

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of:

	December 31, 2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 6,047,432	\$ —	\$ —	\$ 6,047,432
Investment measured at net asset value (a)				73,870
Total investments at fair value				\$ 6,121,302

	December 31, 2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 9,164,242	\$ —	\$ —	\$ 9,164,242
Investment measured at net asset value (a)				93,399
Total investments at fair value				\$ 9,257,641

- (a) Investment in pooled separate account is measured at fair value using the NAV per share (or its equivalent) as a practical expedient, and therefore is not categorized in the fair value hierarchy. The fair value amounts presented on this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

5. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. Transactions With Parties In Interest

The Plan pays Principal contract administration fees and invests in a pooled separate account and a guaranteed investment contract managed by Principal. Fees for these services are paid from Plan assets and investment transactions represent allowable party in interest transactions under ERISA. Certain Plan participants have outstanding notes receivables with the Plan as of December 31, 2022 and 2021, which are also allowable party in interest transactions under ERISA.

7. Plan Termination

Although the Company has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

8. Income Tax Status

On June 30, 2020, the IRS issued an opinion letter which stated that the pre-approved plan document (the Document) sponsored by Principal and adopted by the Plan, as then designed, qualified under the IRC. The Plan itself has not received a determination letter specific to the Plan; however, the Plan Administrator believes that the Plan is currently being operated in accordance with the applicable requirements of the IRC.

The Plan follows accounting rules for uncertain tax positions. Those rules require financial statement recognition of the impact of a tax position if a position is more likely than not of being sustained on audit, based on the technical merits of the position. The rules also provide guidance on measurement, derecognition, classification, interest and penalties, and disclosure requirements for uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
