Independent Auditor's Report

Plan Administrator
Carnegie Corporation of New York Tax-Deferred Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Carnegie Corporation of New York Tax-Deferred Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2008. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 3 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2008, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts, and the related income and distributions, are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Carnegie Corporation of New York Tax-Deferred Annuity Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Carnegie Corporation of New York (the Institution or Plan Sponsor) Tax-Deferred Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for the benefit of the employees of the Institution. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was formed on January 1, 1976, and was most recently amended and restated on October 24, 2019, with an effective date of January 1, 2019.

Eligibility: All employees of the Institution are eligible to participate in the Plan pursuant to the Universal Availability Rule (Rule). The Rule states that, if an institution permits one employee to defer salary into a 403(b) plan, the institution must extend this offer to all employees of the institution. Each employee is eligible to participate in the Plan and can elect to have Elective Deferrals and Roth Elective Deferrals made on his or her behalf immediately following his or her date of employment or re-employment, as applicable.

Plan administration: The Plan Sponsor is also the Plan Administrator. The Plan Sponsor's Chief Human Resources Officer is responsible for plan administration functions. Plan assets are held in annuity contracts at Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA and CREF), which acts as agent for a custodial account maintained at TIAA and CREF Trust Company, FSB holding primarily TIAA and CREF mutual funds. TIAA and CREF Trust Company, FSB is the custodian and trustee for the Plan and its assets. The Plan also has custodial accounts with Fidelity Management Trust Company (Fidelity) and Newport Trust Company (Newport).

Contributions: Each year, participants may make contributions on a pre-tax (tax deferred) basis and/or on a post-tax (Roth) basis at any percentage or dollar amount of annual compensation, as defined by the Plan, subject to limitations as defined by Section 415, 403(b) and 40(g) of the IRC. The limit was \$20,500 for the year ended December 31, 2022. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan does not allow employer matching contributions.

Participants may direct the investment of the contributions into various investment options offered by the Plan. Participants may also contribute amounts representing a transfer or rollover from other qualified plans. Contributions are subject to certain limitations imposed by the IRC. Rollover contributions shall be made in the form of cash only.

Participants' accounts: Each participant's account is credited with the employee's contributions and an allocation of the Plan's earnings. Allocations are based upon participants' elective deferrals and Roth elective deferrals and account balance.

Vesting: Participants are fully and immediately vested in the benefits arising from contributions made under the Plan. Such amounts are nonforfeitable. As such, there were no forfeited nonvested accounts at December 31, 2022 and 2021.

Carnegie Corporation of New York Tax-Deferred Annuity Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Plan loans : Participants may borrow from TIAA and CREF using a portion of their Plan accounts as security for the loan. The minimum loan amount is \$1,000 and the maximum loan amount cannot exceed \$50,000. The maximum amount that a participant can borrow is the lesser of: (1) \$50,000, or (2) 45% of the participant's combined TIAA and CREF Group Supplemental Retirement Annuity (GSRA) accumulation attributable to participation under this Plan, or (3) 90% of the participant's TIAA GSRA Traditional Annuity accumulation attributable to participation under this Plan.

The participants have to set aside an amount equal to 110% of their loan in their TIAA GSRA Traditional Annuity accumulation as security for their loan. The security will continue to earn guaranteed interest as well as dividends. The Plan Administrator has concluded that these loans are not Plan assets and that such arrangements are exempt transactions.

The Plan transitioned from plan loans to participant loans effective September 8, 2021, and plan loans are no longer available to participants. There were no effects or changes to terms of outstanding plan loans as of September 8, 2021 as a result of the transition.

Participant loans: Effective September 8, 2021, participants may borrow directly from their account in an amount up to the lesser of 50% of the value of the participant's account or \$50,000. These loans are secured by the balance in the participant account and are generally payable within one to five years. Loans that will be used to acquire a participant's primary residence (determined at the time of the loan is made) are payable up to 10 years. Interest rate is fixed at the time of issuance and is based on Wall Street Journal Prime Rate plus one percent.

Participants loans are reported as Notes receivable from participants in the accompanying financial statements.

Administrative expenses: The administrative expenses are paid by the Institution.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Valuation of investments and income recognition: Except for certain contracts held by the custodian described in Note 4, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded by the issuer and/or custodians on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan Sponsor's management has evaluated subsequent events through September 11, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified by TIAA and CREF, Fidelity and Newport

The Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule were prepared by, or derived from, the information provided by TIAA and CREF as the issuer for certain investments and record keeper and TIAA and CREF Trust Company, FSB, as custodian, of certain other investments (collectively, TIAA and CREF), and by Fidelity and Newport, as custodians and furnished to the Plan Administrator.

The Plan Administrator has obtained certifications from TIAA and CREF, Fidelity and Newport that the information provided and the investments reported at fair value and contract value to the Plan Administrator at December 31, 2022 and 2021, are complete and accurate. TIAA and CREF certified the participant loans on December 31, 2022, complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the certified information that appears throughout the financial statements and supplemental schedule.

TIAA and CREF, Fidelity and Newport certified the completeness and accuracy of the following investment returns for the year ended December 31, 2022:

	TIAA-CREF	Fidelity	Newport	Total
Net depreciation in fair value of investments	\$ (3,505,983)	\$ (23,111)	\$ (79,858)	\$ (3,608,952)
Interest and dividends	364,244	4,424	20,640	389,308
Other income	31,563	-	-	31,563

Plan records prior to January 1, 2008: Prior to the issuance of Internal Revenue Service 2007 Final Regulations, which reflected legislative changes to Code section 403(b), the Third Party Administrator (TIAA and CREF) accounted for the Plan's financial information at the participant level. Thus, certain annuity and custodial accounts that may have been issued to current and former employees prior to January 1, 2008, including any investment income and distributions related to these accounts, may have been excluded from these financial statements, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The amount of these excluded annuity and custodial accounts and the related income and distributions is not determinable.

Carnegie Corporation of New York Tax-Deferred Annuity Plan

Notes to Financial Statements

Note 4. Investment Contract With TIAA

The Plan holds a GSRA contract with TIAA Traditional Annuity, which is benefit-responsive. This contract allows for transfers and withdrawals. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the fixed annuity investment contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited. When a participant transfers out of the TIAA Traditional Annuity and transfers back within 120 days, the amount, up to the original transfer, will be credited with the same interest rates that would have been applied if the transfer out had not taken place. Such interest will be credited from the date the transfer in was made. Interest will not be paid for the period from the date of transfer out to the date of transfer in. The interest crediting rates for the year ended December 31, 2022 were 3.85% (January to April), 5.10% (May to October) and 5.85% (November to December).

For investment contracts that are benefit-responsive, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported to the Plan by TIAA. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer, or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 5. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC 820), Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Carnegie Corporation of New York Tax-Deferred Annuity Plan

Notes to Financial Statements

Note 5. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs, other than quoted prices, that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There were no significant transfers among Levels 1, 2 and 3 during the year.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2022 and 2021.

Mutual funds: These funds invest principally in equity securities, fixed income instruments, other mutual funds and short-term instruments in accordance with each fund's investment objectives. Fund holdings are generally valued using market quotations or prices obtained from independent pricing services, except those held by the TIAA and CREF Money Market Fund, whose holdings are valued at amortized cost. Each fund determines its share price or net asset value daily. These funds are classified as Level 1.

CREF accounts: The accounts invest principally in equity securities, fixed-income instruments and short-term investments, in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources that employ various pricing methods to value the investments, including matrix pricing. CREF Money Market Account holding are generally valued at amortized cost. Each account calculates and publishes its unit value daily. These accounts are classified as Level 1.

TIAA real estate account: This TIAA Real Estate Account (REA) generally invests in real estate properties and real estate-related investments. The REA's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are calculated and published daily. This account is classified as Level 1.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Description	Assets at Fair Value as of December 31, 2022

TIAA real estate account	1,396,243	-	-	1,396,243
Total assets	<u>\$ 22,229,883</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 22,229,883</u>

Note 6. Related-Party and Party-In-Interest Transactions

Certain Plan investments are managed by TIAA and CREF, Fidelity and Newport. TIAA and CREF is the record keeper. TIAA and CREF, Fidelity and Newport are the custodians, as defined by the Plan, and, therefore, the transactions qualify as party-in-interest transactions. Transactions with TIAA and CREF, Fidelity and Newport are not considered prohibited transactions in accordance with appropriate ERISA exceptions.

Excess revenue generated by the Plan, based upon the terms of the recordkeeping services agreement with TIAA and CREF, is deposited to the Plan's revenue credit account and may be used to offset reasonable and necessary plan expenses. For the year ended December 31, 2022, the Plan received \$25,796 of income related to this revenue sharing agreement, which was used to offset \$17,536 of plan service fees. The excess plan servicing credit is included in other income on the statement of changes in net assets available for benefits.

Note 7. Plan Loans

As described in Note 1, participants may borrow from TIAA and CREF. These loans are not reported as Plan assets. The outstanding loan balances on December 31, 2022 and 2021, are \$72,903 and \$137,245, respectively. Under the borrowing terms, \$80,193 and \$150,970, respectively, of Plan assets serve as collateral for these loans as participants must maintain 110% of their loan balance in their TIAA GSRA Traditional Annuity accumulation account.

In the event of default, such loans are reportable to Plan participants as taxable income and continue to accrue interest until repaid by the Plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan. As of December 31, 2022, there were no plan loans in default. As of December 31, 2021, plan loans in default included in loans outstanding amounted to \$23,205, which includes the principal and accumulated interest.

Carnegie Corporation of New York Tax-Deferred Annuity Plan

Notes to Financial Statements

Note 8. Notes Receivable from Participants

At December 31, 2022, the balance of participant loans amounted to \$29,568. The loans accrue interest at rates ranging from 6.5% to 7.25% and maturing from 2023 to 2027.

Note 9. Tax Status

The Plan Sponsor believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and has taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of December 31, 2022 and 2021, and for the year ended December 31, 2022.

Note 10. Plan Termination

Although it has not expressed any intent to do so, the Institution has the right under the Plan to terminate the Plan, subject to the provisions of ERISA.

Note 11. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan holds \$7,323,498 and \$7,630,866 as of December 31, 2022 and 2021, respectively, in a TIAA Traditional Annuity, which represents a concentration of credit risk with TIAA.

In subsequent periods, if market conditions change, such as the insurance credit rating or interest rate environment, the difference between contract value and fair value could become significant.
