INDEPENDENT AUDITOR'S REPORT

Plan Administrator
King's Daughters Medical Center Retirement Plan Brookhaven, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of King's Daughters Medical Center Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) audit.

The financial statements comprise the statements of the net assets available for benefits as of December 31, 2022, and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subjected to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at the end of the year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of King's Daughters Medical Center Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution Plan, covering all employees of King's Daughters Medical Center (the "Hospital"). The Hospital is a nonprofit organization as determined by Section 501(c)(3) of the Internal Revenue Code (the "Code"). Therefore, the Plan is subject to the 403(b) provisions of Employee Retirement Income Security Act of 1974 ("ERISA"). 403(b) Plans require universal availability; therefore, participation is not subject to any hours or years of service requirements.

Contributions

Participating employees may make pre-tax salary deferrals up to the maximum allowable by the Internal Revenue Service ("IRS"). Participating employees may also make Roth contributions up to the maximum allowable by the IRS. Participants are eligible for Hospital matching contributions without regard to age or years of service and are only restricted if the participant is a member of an excluded category. Excluded categories include employees who normally work less than 20 hours per week and employees who are classified as nonbenefiting employees. The Hospital matches a percentage of the participants' contributions based on compensation as follows:

Years of Service	Matching Rate	Matching Employer Contribution Percentage
<1	20%	1%
1	40%	2%
2	60%	3%
3	80%	4%
4 or more	100%	5%

Participant Investment Programs

Contributions in the Plan are invested into any of the investment funds available under the Plan provisions, in such proportions as the participants direct. Participants may change investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Hospital's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The Plan provides benefits based solely upon the amount contributed to the participant's account and any income, expenses, gains and losses on investments, which may be allocated to such participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTES TO FINANCIAL STATEMENTS

Note 1. Continued

Vesting

Participants are immediately vested in their voluntary contributions. A participant's vested percentage in the portion of their account attributable to the Hospital match plus earnings thereon shall be determined under the following schedule:

Years of Service	Vesting Percentage
<1	20%
1	40%
2	60%
3	80%
4 or more	100%

Notes Receivable from Participants

Loans to participants are not allowed by the Plan. However, participants may obtain a loan directly with Corebridge Financial ("Corebridge"), formerly AIG Retirement Services, or Voya Retirement Insurance and Annuity Company ("VOYA") for a portion of the participant's account attributable to employee elective deferrals ("participant loans"). For loans made directly with Corebridge or VOYA, investments are restricted and held as collateral for the loan. The restriction on the funds is released as the loan balance is paid down. All loan repayments are made directly to Corebridge or VOYA by the participant.

Participants may borrow from Corebridge or VOYA using a portion of their Plan account as security for the loan. The minimum loan is \$1,000 and may be up to the lesser of (1) \$50,000, reduced by the participant's current outstanding loan balance, or (2) 50 percent of their vested account balance, reduced by the highest outstanding loan balance during the 12-month period immediately preceding the date of the loan. These loans bear interest at rates, which are commensurate with local prevailing rates as determined periodically by Corebridge or VOYA, that range from 1.0 percent to 4.5 percent as of December 31, 2022 and 2021. Principal and interest is paid ratably through monthly ACH transfers by the participant to Corebridge or VOYA. The Plan Administrator has concluded that these loans are not Plan assets and that such arrangements are exempt transactions.

Participant loans totaled \$463,462 and \$481,277, respectively, as of December 31, 2022 and 2021. Under the borrowing terms, \$306,524 and \$316,433, respectively, of Plan assets serve as collateral to these loans as of December 31, 2022 and 2021.

In the event of default, such loans are reportable to Plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the Plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan. During 2022 and 2021, \$7,287 and \$8,207, respectively, of loans went into default.

As of December 31, 2022 and 2021, loans in default amounted to \$348,081 and \$336,966, respectively. Such amounts include the principal and accumulated interest.

Years Ended December 31, 2022 and 2021

NOTES TO FINANCIAL STATEMENTS

Note 1. Continued

Payment of Benefits

Benefits are generally payable on termination, retirement, death or disability. Benefits may be paid by either lump-sum or installments over a fixed reasonable period of time. Hardship distributions are also available from the participant's account.

Forfeitures

Forfeitures of \$9,403 and \$7,106 occurred at December 31, 2022 and 2021, respectively. Forfeitures can be applied to reduce the Hospital's contributions to the Plan or pay administrative expenses if directed by the Hospital. In 2022 and 2021, no forfeitures were used to fund employer's contributions or pay administrative expenses.

Note 2. Summary of Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Realized and unrealized gains and losses on the Plan's investments are included in net appreciation (depreciation) in the fair value of investments at year end in the statement of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses incurred by the Plan are paid by the Plan to the extent not paid by the Hospital.

**KING'S DAUGHTERS MEDICAL CENTER
RETIREMENT PLAN**
Years Ended December 31, 2022 and 2021

NOTES TO FINANCIAL STATEMENTS

Note 3. Investments Certified and Provided by Trustees

Information related to investments disclosed in the accompanying financial statements and supplemental schedules held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Corebridge or VOYA, the trustees of the Plan. The contract value of the guaranteed investment contract was certified by the trustee.

Note 4. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

- *Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- *Level 2* – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- *Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- *Pooled separate accounts/collective trusts* – Valued based on market value of its underlying investments (Level 2).
- *Not fully benefit-responsive guaranteed investment contracts and restricted investments held for collateral* – Valued at the accumulated unit value of units held by the Plan at year end, which is included as measured at NAV practical expedient. There are no unfunded commitments. The redemption frequency is daily, and no redemption notice is required.
- *Annuity funds and Mutual funds* – Valued at the closing price reported on the active market on which the individual securities are traded (Level 1).

**KING'S DAUGHTERS MEDICAL CENTER
RETIREMENT PLAN**
Years Ended December 31, 2022 and 2021

NOTES TO FINANCIAL STATEMENTS

Note 4. Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Annuity funds	\$ 3,854,176	\$ -	\$ -	\$ 3,854,176
Mutual funds	24,342,262	-	-	24,342,262

Investments measured at fair value hierarchy	28,196,438	361,759	-	28,558,197
Investments measured at NAV practical expedient	-	-	-	1,022,205
Total investments at fair value	\$ 28,196,438	\$ 361,759	\$ -	\$ 29,580,402

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Annuity funds	\$ 6,065,050	\$ -	\$ -	\$ 6,065,050
Mutual funds	29,041,445	-	-	29,041,445
Pooled separate accounts	-	486,693	-	486,693

Total investments at fair value	\$ 35,106,495	\$ 486,693	\$ -	\$ 36,681,143

Note 5. Guaranteed Investment Contracts

The Plan invests in fully benefit-responsive guaranteed investment funds with Corebridge. Corebridge maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

**KING'S DAUGHTERS MEDICAL CENTER
RETIREMENT PLAN**
Years Ended December 31, 2022 and 2021

NOTES TO FINANCIAL STATEMENTS

Note 5. Continued

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by Corebridge, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletions of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition to the fully benefit-responsive investments, the Plan invests in guaranteed investment contracts with VOYA that are not fully benefit-responsive. As such these investment contracts are presented in the statements of assets available for benefits at the fair value of the investment contracts.

Note 6. Related Party

At December 31, 2022 and 2021 and during the years then ended, certain Plan investments were guaranteed investment contracts, shares of annuity funds managed by Corebridge or shares of pooled separate accounts and investment contracts managed by VOYA. Corebridge and VOYA are the trustees of the Plan assets as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Administrative expenses paid to Corebridge and VOYA by the Plan during 2022 and 2021 totaled \$237,110 and \$268,733, respectively.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If terminated, the net assets of the Plan are to be set aside for the participants' benefits.

Note 8. Income Tax Status

The Plan has been designed to qualify pursuant to the appropriate section of Code and, accordingly, the Plan's net investment income is exempt from income taxes. Although the Plan has not obtained a determination letter from the IRS, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

Note 9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation to Form 5500

The following is a reconciliation of net increase (decrease) in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Net decrease in net assets available for benefits per the financial statements	\$	(7,397,828)
Add: Activity on policy loans		(4,643)
Net loss per Form 5500		<u>\$ (7,402,471)</u>

Note 11. Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure through August 1, 2023, which is the date the financial statements were available to be issued.

Effective January 1, 2023, the Plan changed its trustee from Corebridge to Milliman. The first contribution to Milliman was made on March 10, 2023.
