REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
Baptist Health Enterprises, Inc. 401(k) Employee Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Baptist Health Enterprises, Inc. 401(k) Employee Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is the U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:
- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Baptist Health Enterprises, Inc. 401(k) Employee Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for the Plan's information.

General

The Plan is a defined contribution plan covering the employees of Baptist Health Enterprises, Inc. (the "Plan Sponsor" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan became effective April 1, 1993.

Eligibility and Enrollment

Employees of the Employer are eligible to participate in the Plan as of the date their employment begins. An employee is automatically enrolled at 6 percent of eligible compensation, on a pre-tax basis, upon completing 30 days of service. An employee becomes eligible to participate in the allocation of Employer Contributions after the employee completes ninety (90) days of continuous employment. Participants must work at least 1,000 hours during the payroll calendar year and be employed on the last day of the Plan year to receive Employer contributions.

Plan Administration

Transamerica Retirement Solutions ("Transamerica" or the "Recordkeeper") is the recordkeeper for the Plan's assets, and State Street Bank and Trust Company is the Plan's custodian (the "Custodian"). Transamerica Life Insurance Company ("TLIC") is the custodian of the Transamerica Guaranteed Investment Option investment ("GIO"), and Transamerica Financial Life Insurance Company ("TFLIC") is the custodian of the Insurance Company General Account investment ("ICGA").

Contributions

Each year, participants may contribute pre-tax annual compensation, as defined by the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Employees may also elect to make Roth after-tax deferrals. In addition to a participant's voluntary contributions, the Employer, at its discretion, may make both a basic and a matching contribution to the Employer contribution account of each participant, as defined by the Plan. During 2022, the Employer matched 50% of up to 4% of eligible compensation that a participant contributed to the plan. During 2022, the Employer provided a non-elective contribution of 3% of eligible compensation.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Employer's contributions, and Plan earnings, and charged with withdrawals, an allocation of Plan losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions, plus actual earnings thereon, to be invested in any of the investment options offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Employer's basic and matching contributions, plus actual earnings thereon, is based on three years of service, at which time the participant becomes 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, net of any outstanding loans. The number of outstanding loans that a participant can have at any time is two; provided that loans that are transferred to this Plan as a result of a merger or acquisition shall be grandfathered. If, as a result of such grandfathered loans, the total number of outstanding loans for a participant exceeds the two, the participant will be prohibited from initiating a new loan until the total number of outstanding loans (including the transferred loans) is less than two; provided, however, that for the period from June 1, 2020 through August 18, 2020, participants with transferred loans were permitted to take up to one additional loan. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate as published in the Wall Street Journal on the day the participant applies for the loan. Generally, principal and interest are paid ratably over the term of the loan through payroll deductions.

Payment of Benefits

Upon a participant's retirement, death, or disability, or as required by law, the participant's vested interest in his or her account can be distributed by the following:

- If the participant's account balance is less than or equal to $1,000 and the participant does not elect either to receive payment directly or to roll it over to an individual retirement account or other employer's tax-qualified retirement plan, an automatic lump-sum distribution will be made.

- If the participant's account balance is greater than $1,000 but not more than $5,000, and the participant does not elect either to receive payment directly or to roll it over to an individual retirement account or other employer's tax-qualified retirement plan, then the participant's funds will automatically be transferred to an individual retirement account in their name.

- If the participant's account balance is more than $5,000, a distribution will be made at the election designated by the participant, in a lump-sum in cash, or through an annuity over the life expectancy of the participant, or in annual, semiannual, quarterly, or monthly installments over a specified period not exceeding the life expectancy of the participant and designated beneficiary, or any other payment method to which Transamerica agrees.

The Plan was amended effective January 1, 2021 to adjust the provisions of any Qualified Domestic Relations Order to redefine a spouse to include any person to whom a participant is legally married. The Plan was also amended such that the entire interest of a participant must be distributed, or begin to be distributed, generally no later than April 1st of the calendar year in which the participant attains age 72 or the calendar year in which the participant retires, whichever is later.

Forfeited Accounts

As of December 31, 2022 and 2021, forfeited nonvested accounts totaled $99,995 and $68,396, respectively. These accounts will be used to reduce future Employer contributions. During the year ended December 31, 2022, Employer contributions were reduced by $72,000 from forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits or the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for the TLIC GIO, a fully benefit-responsive investment contract, which is stated at contract value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation (depreciation) of investments is recorded in the accompanying statement of changes in net assets available for benefits as net depreciation in fair value of investments and includes gains and losses on investments bought and sold as well as held during the period.

Investment management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Administration of the Plan

Certain administrative functions are performed by employees of the Employer. No such officers or employees receive compensation from the Plan. Certain administration expenses, such as professional fees, are paid directly by the Employer. Expenses that are paid by the Employer are excluded from these financial statements.

Benefit Payments

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid, at December 31, 2022 and 2021.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds, including CS&Co Personal Choice Accounts - Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Insurance Company General Account - Primarily consist of cash and short-term money market funds. Valued at cost plus accrued interest, which approximates fair value. The funds have no restrictions from redemption.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 108,516,105	$ -	$ -	$ 108,516,105
CS&Co personal choice accounts	535,160	-	-	535,160
Insurance company general account	-	154,291	-	154,291
Total investments at fair value	$ 109,051,265	$ 154,291	$ -	$ 109,205,556

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 136,944,510	$ -	$ -	$ 136,944,510
CS&Co personal choice accounts	687,025	-	-	687,025
Insurance company general account	-	112,427	-	112,427
Total investments at fair value	$ 137,631,535	$ 112,427	$ -	$ 137,743,962

NOTE 4 - GROUP ANNUITY CONTRACT

During 2021, the Plan entered into a fully benefit-responsive investment contract with TLIC. TLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. TLIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by TLIC, represents contributions made under the contract, plus applicable interest credited, less previous withdrawals or transfers and administrative charges. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. There are no unfunded commitments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 5 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by TLIC and TFLIC; therefore, these transactions qualify as party-in-interest transactions. Certain administrative expenses of the Plan are paid by the Employer. Notes receivable from participants are considered party-in-interest transactions, because they are transacted with plan participants.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - FEDERAL INCOME TAX STATUS

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") dated November 2, 2021, stating that the Plan is designed in accordance with the applicable provision of the IRC. The Plan Sponsor and Plan management believe that the Plan is currently designed in compliance with applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the supplemental schedule of assets (held at end of year), including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivables from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by State Street Bank and Trust Company, Transamerica Life Insurance Company, and Transamerica Financial Life Insurance Company.

The Custodian certifies the mutual funds, CS&Co personal choice accounts and notes receivable from participants held at December 31, 2022 and 2021, and the related net depreciation in fair value of investments, interest and dividends, and interest income on notes receivables for the year ended December 31, 2022. TLIC certifies the GIO as of December 31, 2022 and 2021 and the related interest income for the year ended December 31, 2022. TFLIC certifies the ICGA and the interest income for the year ended December 31, 2022.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
