Report of Independent Auditors

To the Plan Administrator and Participants
Potpourri Group, Inc. 401(k) Retirement and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Potpourri Group, Inc. 401(k) Retirement and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Potpourri Group, Inc. 401(k) Retirement and Savings Plan's financial statements performed in accordance with the ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for Audit of the Financial Statements section of our report. We are required to be independent of Potpourri Group, Inc. 401(k) Retirement and Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Potpourri Group, Inc. 401(k) Retirement and Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Potpourri Group, Inc. 401(k) Retirement and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Potpourri Group, Inc. 401(k) Retirement and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Potpourri Group, Inc. 401(k) Retirement and Savings Plan

Notes to Financial Statements

December 31, 2022

1. Description of Plan

The following description of the Potpourri Group, Inc. 401(k) Retirement and Savings Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description and the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established July 1, 1989, and most recently amended and restated October 1, 2022, is a defined contribution plan covering all eligible employees age 18 and older of Potpourri Group, Inc. and subsidiaries (the Company) who have met the service requirement of at least 1,000 hours of service at the end of their first twelve consecutive months of employment. Employees are eligible to participate in the Plan on January 1, April 1, July 1, or October 1. Effective October 1, 2022, employees are required to have six months of service before being eligible for employee deferrals and employer matching contributions.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective October 1, 2022, the Plan changed custodian and recordkeeper from John Hancock Life Insurance Company (USA) to Fidelity Management Trust Company, the new Plan trustee and Fidelity Workplace Services, LLC, the new Plan recordkeeper.

Contributions and Funding

Each year, participants may contribute up to 100% of their respective pretax annual compensation, subject to limitations established by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan offers three guaranteed investment contracts and various pooled separate accounts as investment options for participants.

The Company matching contribution is discretionary. The Company quarterly discretionary matching contribution is 50% of the first 6% of eligible compensation that a participant contributes to the Plan.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, Plan earnings (losses), and charged with applicable loan and/or withdrawal charges. Allocations are based on participant salary deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution and discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 20% vested after one year of credited service, 40% after two years, 60% after three years, 80% after four years, and is 100% vested after the completion of five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. One loan per participant can be outstanding at any time, unless more than one loan is rolled over from another qualified plan. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate equal to 2% above the prime rate. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, or upon death, disability or retirement, a participant may receive a lump-sum amount equal to the vested value of his or her account.

Forfeited Accounts

Participants who leave the employment of the Company forfeit the nonvested portion of their accounts. Forfeitures are used to offset future Company contributions to the Plan. At December 31, 2022 and 2021, forfeitures available totaled \$3,690 and \$10,547, respectively. Forfeitures used to reduce employer contributions during the years ended December 31, 2022 and 2021 amounted to \$11,193 and \$10,475, respectively.

1. Description of Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the guaranteed interest accounts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for the management of investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, certain management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

2. Summary of Accounting Policies (continued)

Administrative Expenses/Revenue Credit

Effective October 1, 2022, the Plan entered into a fixed pricing with Fidelity Workplace Services, LLC. The fee is fixed at \$21.25 per participant per quarter for all active participant accounts greater than \$1,000. In addition, excess revenue generated from the various mutual fund investments above this amount is credited to participant accounts. This account can be used to cover plan expenses, such as auditing, legal and consultant fees or amounts unused for expenses may be allocated to participant accounts, as outlined in the amendment. These amounts are not available to reduce Company contributions.

Administrative expenses are generally paid by the Plan. Certain expenses such as recordkeeping fees, participant loan processing fees and investment advisor expenses are deducted directly from participant accounts. The fees paid to John Hancock (18 basis points), related to recordkeeping services, were \$43,812 and \$60,637, respectively, and were charged to participant accounts for the years ended December 31, 2022 and 2021, respectively.

In addition, an amount is deducted from participant accounts pro rata for expenses associated with the Plan investment advisor and third-party administrator. Fees of \$29,688 and \$40,232, respectively, were charged to participant accounts for the years ended December 31, 2022 and 2021, respectively.

Certain other administrative expenses such as participant loan processing fees and other participant specific fees are deducted directly from participant accounts. Participant specific fees of \$1,710 and \$1,915, respectively, were charged to participant accounts for the years ended December 31, 2022 and 2021, respectively.

The total of amounts deducted from participant accounts in 2022 and 2021 amounted to \$75,210 and \$102,784, respectively.

Return of Excess Contribution

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability. The Plan distributed the excess contribution from the applicable participants' accounts prior to March 15, 2023 and 2022, respectively.

Potpourri Group, Inc. 401(k) Retirement and Savings Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Investments

All investment information and notes receivables from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of pooled separate accounts, interest and dividend income for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company and the John Hancock Life Insurance Company (USA), the trustee and custodian of the plans assets.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)

Potpourri Group, Inc. 401(k) Retirement and Savings Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation methodologies used by the Plan. There have been no changes in the valuation methodologies at December 31, 2022 and 2021.

Mutual funds are valued daily at the closing price per share, as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts are valued based upon the net asset values of shares held by the Plan at year end, as valued by the John Hancock Life Insurance (USA) and published on a daily basis. The net asset value, as provided by the custodian, is used as a practical expedient to estimate fair value.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All mutual fund investments held at December 31, 2022 are Level 1 within the fair value hierarchy.

Potpourri Group, Inc. 401(k) Retirement and Savings Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The Plan held no investments that were required to be leveled within the fair value hierarchy as of December 31, 2021.

Investments measured at net asset value

	<u>2021</u>
Pooled separate accounts *	<u>\$27,494,142</u>
Investments at fair value	<u>\$27,494,142</u>

* In accordance with Accounting Standards Update 2015-07 of ASC 820-10, certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Accounting standards require disclosure of investment strategies for investments valued using net asset value as a practical expedient to estimate fair value if the investment does not file a Form 5500 with the DOL as a direct filing entity.

The following table discloses investment strategies for such investments:

Investments measured at net asset value	<u>2021</u>
Pooled separate accounts:	
Lifestyle (a)	\$ 13,900,583
Growth (b)	8,562,726
Fixed income (c)	3,559,817
Growth and income (d)	<u>1,471,016</u>
Total pooled separate accounts	<u>\$ 27,494,142</u>

(a) Lifestyle pooled separate accounts seek to invest in a mix of investments that take more risk when the fund has a more aggressive investment strategy versus a conservative investment strategy and adjusts the risk over time.

(b) Growth pooled separate accounts seek to achieve conservation of capital, current income and long-term growth of capital and income.

Potpourri Group, Inc. 401(k) Retirement and Savings Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- (c) Fixed income pooled separate accounts seek long term growth of capital while seeking to both manage the volatility of return and limit the magnitude of portfolio losses.
- (d) Growth and income pooled separate accounts seek capital growth and current income and invest in equity and debt securities of domestic and foreign companies.

5. Guaranteed Interest Accounts

The *Guaranteed interest accounts* (JH Guaranteed Interest Accounts) were valued at contract value through September 30, 2022 and provide investors with a stable, long-term investment growth potential. The JH Guaranteed Interest Accounts are an investment option offered by the Plan and valued at contract value, as reported to the Plan by John Hancock. Contract value represents contributions made to the investment, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

These contributions are maintained in John Hancock's general account. Certain restrictions are placed on participants with respect to transfers in and out of this fund. At the end of the guaranteed period, contributions and interest earned from a guaranteed account may be invested into any of the investment options available under the group annuity contract. However, if written instructions are not received within 30 days before the maturity, the amount will be automatically reinvested in a guaranteed account of the same term at the current new money rate. Interest rates are established on the first day of each calendar month and apply to any regular ongoing contributions made to the guaranteed account in that month. This is called the "new money" regular rate.

The current interest rates at December 31, 2021 are as follows:

	<u>2021</u>
3 Year Account	.80%
5 Year Account	.90%
10 Year Account	1.00%

Potpourri Group, Inc. 401(k) Retirement and Savings Plan

Notes to Financial Statements (continued)

5. Guaranteed Interest Accounts (continued)

The gross average “new money” rates in 2021 are as follows:

	<u>2021</u>
3 Year Account	.15%
5 Year Account	.25%
10 Year Account	.35%

At the end of each reporting year, a “composite rate” of interest is determined for each participant account, depending on the amount contributed and the rate in effect on the day it is allocated under the participant account. The composite rate is the effective annual rate earned by all contributions to that guaranteed account during that reporting year for that participant. Contributions continue to earn the calculated composite interest rate for the duration of the guaranteed term. Investments in the guaranteed interest accounts are included in the accompanying statements of net assets available for benefits at contract value.

6. Investment Contract with Insurance Company

The Plan entered into an unallocated group annuity contract effective October 1, 2022 (contract) with The Lincoln National Life Insurance Company (Lincoln). Lincoln maintains the contributions in a separate account. This contract meets the fully benefit responsive investment contract criteria and therefore is reported at contract value. Contract value is the relative measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the contract. Contract value, as reported by Lincoln to Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than one percent before investment expenses. Such interest rates are reviewed and reset on a quarterly basis. The average interest rate from October 1, 2022 through December 31, 2022 was .56%.

Potpourri Group, Inc. 401(k) Retirement and Savings Plan

Notes to Financial Statements (continued)

6. Investment Contract with Insurance Company (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events, as defined in the contract, include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) participant-initiated withdrawal to a competing fund amongst other restrictions.

In the event of a discontinuance of the contract with Lincoln, the contract may be paid in six annual installments over five years. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Income Tax Status

The Plan has adopted the non-standardized pre-approved profit-sharing plan of Fidelity Management & Research LLC. The non-standardized pre-approved profit-sharing plan sponsor received an advisory letter from the IRS dated June 30, 2020 in which the Internal Revenue Service stated that the form of the non-standardized pre-approved profit sharing plan was in compliance with the applicable requirements of the Internal Revenue Code (Code). The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Potpourri Group, Inc. 401(k) Retirement and Savings Plan

Notes to Financial Statements (continued)

9. Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and the management of investments held by the trustee and custodian are considered party-in-interest transactions.

Certain plan investments are shares of mutual funds managed by an affiliate of Fidelity Management Trust Company, the plan trustee. In addition, Fidelity Workplace Services, LLC is the plan recordkeeper and, therefore, these transactions qualify as party-in-interest transactions. These investments and transactions are considered to be party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

Certain plan investments were pooled separate accounts managed by John Hancock Life Insurance Company (USA). John Hancock was the plan custodian and recordkeeper, and, therefore, these transactions qualified as party-in-interest transactions. These investments and transactions are considered to be party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

10. Differences between the Financial Statements and Form 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements:

	December 31

10. Differences between the Financial Statements and Form 5500 (continued)

The following is a reconciliation of the net change per the Form 5500 to the net change per the financial statements for the year ended December 31, 2022:

Net decrease per the Form 5500	\$ (3,646,096)
Less: return of excess contributions at December 31, 2022	(52,056)
Add: return of excess contributions at December 31, 2021	<u>27,324</u>
Net decrease per the financial statements	<u>\$ (3,670,828)</u>

11. Subsequent Events

The Company has evaluated all subsequent events through September 13, 2023, the date the financial statements were available to be issued. During this period, there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.
