## Independent Auditor's Report

To the Employee Benefits Administration Committee of the  
McGohan Brabender Agency, Inc. Employee Stock Ownership Plan  
Dayton, Ohio

### **Opinion**

We have audited the financial statements of the McGohan Brabender Agency, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

### *Basis for Opinion*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

YOUR SUCCESS IS OUR PASSION

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

#### *Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

YOUR SUCCESS IS OUR PASSION

*Supplemental Schedule Required by ERISA*

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Trustee also administers the payment of interest and principal on the loan. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

The Plan purchased common shares of McGohan Brabender Agency, Inc. using the proceeds of a secured borrowing with the Company on June 1, 2021 (See Note 4). Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year equals the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. There were 26,140 shares released and allocated by the Plan for the year ended December 31, 2022.

The Company has no rights against the shares once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the accompanying financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to:

- (a) the accounts of participants with vested and non-vested rights in allocated shares of Company common stock (allocated); and
- (b) shares of Company common stock not yet allocated to participants (unallocated).

Shares are released and allocated based upon payment of principal and interest made during the year, plus dividends received from the Company related to the plan year.

### 1. Description of Plan (continued)

#### *Eligibility*

Employees of the Company are generally eligible to participate in the Plan on the first day of the first month of the plan year or the first day of the seventh month of the plan year following the attainment of one (1) year of service, providing they are 21 years old and worked at least 1,000 hours and are during the plan year. A participant who fails to work at least 1,000 hours during a plan year or is not employed on the last working day of a plan year is generally not eligible for an allocation of the Company contributions for that year.

#### *Contributions*

Company contributions are determined annually at the discretion of the Company's Board of Directors and may be in the form of cash, shares of Company common stock, or by means of the forgiveness of any amounts due under the outstanding ESOP loan. The contributions are allocated among eligible participants of the Plan in the ratio that the compensation of each eligible participant bears to the total of all such compensation of all eligible participants.

In addition, for any year during which the ESOP loan is outstanding, the Company shall pay over to the Trustee as contributions to the Plan for that year, no less than the amounts necessary to enable the Trustee to pay any maturing obligations under the outstanding ESOP loan.

#### *Participant Accounts*

The Plan is a defined contribution plan under which a separate individual account is established for each participant.

Any Company contributions and the forfeitures arising under the Plan during the year shall be allocated among participants who are credited with a year of service for such fiscal year and who are employed by the Company on the last day of such fiscal year, or who die, incur a disability or retire on a normal retirement date during such fiscal year, in the proportion that such participant's compensation for that year bears to all such participants' compensation for that year.

Dividends on the Company's common stock and all other income, losses and expenses earned or incurred on Plan investments are allocated pro rata among the accounts of the participants in proportion to their account balances. The Company declared dividends totaling \$850,030 for the year ended December 31, 2022.

#### *Vesting*

A participant's vesting percentage increases 20% per year, commencing on the second year of completed service, until becoming fully vested after six years of service. An individual becomes automatically 100% vested upon death, disability or normal retirement age, which is defined as age 60.

### 1. Description of Plan (continued)

#### *Forfeitures*

Forfeitures are allocated in the same manner as Company contributions as described above. At December 31, 2022 forfeitures were \$24,704.

#### *Payment of Benefits*

Generally, participants are entitled to receive distributions of their account balance following retirement, death, disability or other termination of employment. For so long as either the Company is a "C- corporation" for federal income tax purposes or the articles of incorporation or the by-laws of the Company restrict the ownership of substantially all outstanding shares of common stock of the Company to current employees of the Company and to the Trust, then distribution of the balance credited to a Participant's Company Common Stock Account shall be made in the form cash payments made as either: a) for participant balances less than \$1,000, distributions will be paid as a lump sum distribution or b) for participant balances greater than \$1,000 the plan will provide distributions in equal annual installments over a period of 5 year, in an amount equal to the greater of \$10,000 or one-fifth of the participant's plan account. During 2022, the Company repurchased 1,731 shares from terminated participants.

#### *Put Option*

If a participant receives a distribution of Company stock free of any requirement that he or she sell the stock back to the Company or to the Trustee, then the Company shall provide a put option to that participant. Pursuant to this option, the participant shall have the right to sell his or her Company stock to the Company at any time during two option periods, at a price equal to the fair market value of the stock as of the most recent valuation date. The first put option period shall be for at least 60 days, beginning on the date of the distribution of the stock. The second put option period shall be for at least 60 days beginning after the new determination of the fair market value of the stock in the following fiscal year (and after the delivery of notice of the value to the participant or beneficiary). The Company may allow the Trustee to purchase shares of Company stock tendered to the Company under a put option. The purchase price for any Company stock sold under a put option shall be paid within 30 days of the exercise of the option if the shares are distributed as part of an installment distribution. Payment shall be made within 30 days after the put option is exercised and may be made in accordance with the payment provisions as described above.

#### *Voting Rights*

Each participant is entitled to direct the Trustee as to how to vote the shares allocated to his or her account with respect to any proposed merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or any similar transactions that are specified in regulations interpreting Section 409(e)(3) of the IRC. Participants are notified by the Trustee prior to the time such rights are to be exercised. The Trustee shall vote the shares of Company common stock which are not allocated to any participant, and the shares with respect to which no direction is received from the participant, in the manner determined by the Committee.

### 2. Summary of Significant Accounting Policies

#### *Diversification*

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution. The election to diversify is made subsequent to year end based upon shares of Company common stock in the participant's account at year end.

#### *Plan Termination*

The Company reserves the right to terminate the Plan at any time by action of its Board of Directors, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the Trust will become 100% vested and distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

#### *Basis of Accounting*

The Plan's financial statements are prepared under the accrual basis of accounting.

#### *Investment Valuation and Income Recognition*

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Investments held in McGohan Brabender Agency, Inc. common stock are valued at the fair market value as of December 31, 2022, as determined by an annual independent appraisal.

The aggregate of (a) the net unrealized appreciation or depreciation in the fair value of investments for the year ended December 31 and (b) the net gains or losses on dispositions of investments during the year are reflected as net appreciation or depreciation in the net changes in the fair value of the investments. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

#### *Use of Estimates*

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

A significant estimate used in the preparation of these financial statements is the valuation of the McGohan Brabender Agency, Inc. common stock recorded at its fair value for which the ultimate realization of the investment is based upon future economic factors related to the investment.

### 5. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, "*Fair Value Measurements and Disclosures*," establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

### 5. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value:

*Common stock* – Investments in McGohan Brabender Agency, Inc. common stock are valued by an annual independent appraisal. In approaching the valuation, a variety of factors are taken into consideration, including:

- a. the nature and history of the business, its current position, and its outlook;
- b. the general and relevant economic conditions prevailing at the time of the appraisal; and
- c. the current conditions and outlook in the market in which the subject company competes.

The approach in determining fair value of the common stock involved the following:

- a. Determine estimated fair value of shares of common stock using the Guideline Company Method. This valuation analysis is a technique that determines a value based on a direct comparison of the subject company to publicly traded companies.
- b. Determine estimated fair value of shares of common stock using the Transaction Method. The primary focus of this method is to examine the terms, prices, and conditions found in either actual sales of the Company's common stock or sales of companies in the industry and as a result estimate an implied value.
- c. Determine estimated fair value of shares of common stock using the Discounted Cash Flow Method. Discounted cash flow method values a company based on projected cash flows.
- d. Determine estimated fair value of shares of common stocks using the Asset Approach. The Asset Approach is typically used in the valuation of holding companies and in operating companies where the value of the underlying assets exceeds the value of the business as a going concern. Although this method was considered, this method was not utilized in the analysis of the Company.

The valuation process involves plan management's selection of an independent appraiser under contract for a certain term with the right to cancel such contract at any time. Plan management accumulates the data for the appraiser from the audited financial statements of the Company and other internal management resources, such as management forecasts and projections. The appraiser prepares a preliminary report which plan management reviews in detail, discusses and approves. The result of this process is documented by plan management.

Policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The investment in the Company's common stock is considered a Level 3 measure as a number of the inputs to the valuation methodology are unobservable.

The Plan held 159,630 shares of McGohan Brabender Agency, Inc. common stock at December 31, 2022, valued at \$10,310,502. The investment qualifies as a party-in-interest transaction which is exempt from the prohibited transaction rules of ERISA. Diversification payments also qualify as party-in-interest transactions. No diversification payments were made in 2022.

Prudent Fiduciary Services is the Trustee as defined by the Plan, and Crowe provides certain recordkeeping and administrative services to the Plan. These organizations are considered to be parties-in-interest under ERISA.

### 7. Tax Status

The Plan sponsor obtained its latest determination letter on April 22, 2022, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan sponsor believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**8. Risks and Uncertainties**

The Plan invests in the Company's common stock. The Company's common stock is exposed to various risks such as market volatility as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the Company's common stock, and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the Company's common stock will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**9. Subsequent Events**

In connection with the preparation of the Plan's financial statements for the year ended December 31, 2022, events and transactions subsequent to December 31, 2022 through September 5, 2023 have been evaluated by the plan administrator for possible adjustment and/or disclosure. No subsequent events requiring financial statement adjustment and/or disclosure have been identified.
